EXEMPTION

Application No. A435/2003

The Victorian Civil and Administrative Tribunal (the Tribunal) has considered an application pursuant to Section 83 of the **Equal Opportunity Act 1995** (the Act), by Brian Boyce trading as Tablemates (the applicant) for renewal of Exemption A466 of 2000 which granted the applicant exemption from Sections 42, 100 and 195 of that Act. That exemption enabled the applicant to—

- (a) refuse to provide its service to a person who is married and not separated from their spouse;
- (b) obtain information from clients and potential clients of its service for the purpose of matching those clients and potential clients, including information about the attributes (within the meaning of the Act) of those clients and potential clients;
- (c) advise potential clients that, because of their attributes and the attributes preferred by the clients of the service, it will be difficult to find a match for them, where this advice is based on information in the possession of the service;
- (d) to charge no membership fee or a discounted membership fee for prospective clients of a particular sex or age group;
- (e) to advertise for potential clients from a particular sex or age group;
- (f) to state in advertisements for potential clients that an application from a person who is married and not separated from their spouse will not be accepted.

This conduct is called the exempt conduct.

Upon reading the material submitted in support of the application, including the affidavit of Brian Boyce, the Tribunal is satisfied that whilst it cannot renew the exemption because it expired on 22 November 2003, it is appropriate to grant a new exemption from Sections 42, 100

and 195 of the Act to enable the applicant to engage in the exempt conduct. In granting this exemption the Tribunal noted that the grounds upon which Exemption A466 of 2000 was granted are substantially unchanged.

The Tribunal hereby grants an exemption to the applicant from the operation of Sections 42, 100 and 195 of the Act to enable the applicant to engage in the exempt conduct.

Paragraph (c) of the definition of exempt conduct does not permit the applicant to refuse to provide the service of its agency to any person unless it would be an offence for the introduction agent to enter into an introduction agreement with that person under section 33 of the **Introduction Agents Act 1997**.

Paragraphs (d) and (e) of the definition of exempt conduct only permit the applicant to charge no fees or discounted fees or to advertise in respect of people of a particular sex or age group if the applicant considers that this is necessary to encourage people in those groups to join its service to correct an imbalance in the representation of those groups among the applicant's existing clients.

This exemption does not limit sections 33 and 34 of the **Introduction Agents Act 1997**.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 4 December 2006.

Dated 26 November 2003

EXEMPTION

Application No. A438/2003

The Victorian Civil and Administrative Tribunal (the Tribunal) has considered an application pursuant to Section 83 of the **Equal Opportunity Act 1995** (the Act), by Darebin City Council (the applicant). The application for exemption is to enable the applicant to advertise for and employ Aboriginal and Torres Strait Island (Indigenous) trainees under the Structured Training and Employment Program funded by the Department of Employment and Workplace Relations.

Upon reading the material submitted in support of the application, including the

affidavit of Melissa Creedon, the Tribunal is satisfied that it is appropriate to grant an exemption from Sections 13, 100 and 195 of the Act to enable the applicant to advertise for and employ Aboriginal and Torres Strait Island (Indigenous) trainees under the Structured Training and Employment Program funded by the Department of Employment and Workplace Relations.

In granting this exemption the Tribunal noted:

- Council wishes to provide employment opportunities for Indigenous people and in turn demonstrate to other employers ways to meaningfully engage local Indigenous Australian communities in the workforce.
- The rate of Indigenous unemployment in the northwest metropolitan area is a lot higher than the rate for non-Indigenous people. Council, as a 'model employer' has been successful in receiving a wage subsidy and other assistance to create new positions for Indigenous trainees.
- There are three positions that have been identified within Council that have been researched as areas of interest in the Indigenous community and they have been specifically allocated for Indigenous people.
- Funding for these positions will be provided by Council and the Federal Government (Department of Employment and Workplace Relations) under the Structured Training and Employment Program (STEP).

The Tribunal hereby grants an exemption to the applicant from the operation of Sections 13, 100 and 195 of the Act to enable the applicant to advertise for and employ Aboriginal and Torres Strait Island (Indigenous) trainees under the Structured Training and Employment Program funded by the Department of Employment and Workplace Relations.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 4 December 2006.

## EXEMPTION

Application No. A436/2003

The Victorian Civil and Administrative Tribunal (the Tribunal) has considered an application pursuant to Section 83 of the **Equal Opportunity Act 1995** (the Act), by Moreland City Council (the applicant). The application for exemption is to enable the applicant to advertise for and employ Aboriginal and Torres Strait Island (Indigenous) trainees under the Structured Training and Employment Program funded by the Department of Employment and Workplace Relations.

Upon reading the material submitted in support of the application, including the affidavit of John McGrath, the Tribunal is satisfied that it is appropriate to grant an exemption from Sections 13, 100 and 195 of the Act to enable the applicant to advertise for and employ Aboriginal and Torres Strait Island (Indigenous) trainees under the Structured Training and Employment Program funded by the Department of Employment and Workplace Relations.

In granting this exemption the Tribunal noted:

- Council wishes to provide employment opportunities for Indigenous residents.
- The rate of Indigenous unemployment in the northwest metropolitan area is a lot higher than the rate for non-Indigenous people.
- Council, as a 'model employer' has been successful in receiving a wage subsidy and other assistance so new positions can be created for Indigenous trainees.
- Three positions that have been created within Council have been specifically allocated for Indigenous residents.
- Funding for these positions will be provided by Council and the Federal Government (Department of Employment and Workplace Relations) under the Structured Training and Employment Program (STEP).

The Tribunal hereby grants an exemption to the applicant from the operation of Sections 13, 100 and 195 of the Act to enable the applicant to advertise for and employ Aboriginal and Torres Strait Island (Indigenous) trainees under the Structured Training and Employment Program funded by the Department of Employment and Workplace Relations.

#### EXEMPTION

Application No. A437/2003

The Victorian Civil and Administrative Tribunal (the Tribunal) has considered an application pursuant to Section 83 of the **Equal Opportunity Act 1995** (the Act), by Box Hill City Archers Inc (the applicant), to renew the exemption it was granted on 9 November 2000, being Exemption A417 of 2000. The application for renewal of the exemption is to enable the applicant to continue to engage in the conduct specified in A417 of 2000, that is, to enable the applicant to continue to have its rules providing that junior members (aged under 18 years) have a vote at meetings of the Association equivalent in value or voting power to 0.5 of a senior member of the Association (aged 18 or over).

Upon reading the material submitted in support of the application including the affidavit of Robert Nicholls filed in the proceeding, the Tribunal is satisfied that whilst it cannot renew an exemption which has already expired, it is appropriate to grant a new exemption from Sections 59, 60, 100 and 195 of the Act to enable the applicant to continue to have its rules providing that junior members (aged under 18 years) have a vote at meetings of the Association equivalent in value or voting power to 0.5 of a vote of a senior member of the Association (aged 18 or over).

In granting this exemption the Tribunal noted that the grounds upon which Exemption A417 of 2000 was granted are substantially unchanged.

The Tribunal hereby grants the exemption to the applicant from the operation of Sections 59, 60, 100 and 195 of the Act to enable the applicant to continue to have its rules providing that junior members (aged under 18 years) have a vote at meetings of the Association equivalent in value or voting power to 0.5 of a vote of a senior member of the Association (aged 18 or over).

This exemption is subject to the following conditions:

1. This exemption does not relieve the applicant from compliance with the provisions of the **Associations Incorporation Act 1981** or its rules in respect of alteration to its rules.
2. The applicant must ensure that the votes of junior and senior members have equal value if the members of the Association vote on a proposal to exclude or restrict participation by junior members in the archery activities of the Association.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 4 December 2006.

NOTICE OF PREPARATION OF  
REGULATORY IMPACT STATEMENT  
Livestock Disease Control (Further  
Amendment) Regulations 2003

Notice is given that, in accordance with section 11 of the **Subordinate Legislation Act 1994**, a Regulatory Impact Statement (RIS) has been prepared in relation to the Livestock Disease Control (Further Amendment) Regulations 2003.

The reasons for and primary objectives of the proposed Regulations are to:

- prescribe information required for records of sale and purchase of livestock; and
- make provision for the recording of information about the identification of livestock.

The proposed Regulations will affect auctioneers and saleyards involved in the sale and purchase of cattle.

The RIS assesses the impacts, costs and benefits of the proposed Regulations. Costs identified are outweighed by the benefits, including support for market access, and quick and accurate tracking of cattle in the event of a disease or residue incident.

The RIS also discusses possible alternatives to the proposed Regulations. Because of the nature of most of the issues covered by the Regulations, feasible alternatives have been difficult to identify and are not considered to achieve the objectives.

Copies of the RIS and the proposed Regulations may be obtained by contacting the Chief Veterinary Officer's Unit on 9217 4248 (hilary.pope@dpi.vic.gov.au) or on the internet at www.dpi.vic.gov.au/RIS

Public comments are invited on the RIS and accompanying Regulations. All comments must be in writing and be sent to Miss Hilary Pope, Project Officer, Chief Veterinary Officer's Unit, Department of Primary Industries, 475 Mickleham Road, Attwood, Victoria 3049 (hilary.pope@dpi.vic.gov.au or fax (03) 9217 4322) by no later than 5.00 pm, Monday 5 January 2004.
