PLANNING SCHEMENotice of the Preparation of an Amendment
to a Planning Scheme

Amendment C51

Mornington Peninsula Shire Council has prepared Amendment C51 to the Mornington Peninsula Planning Scheme. The Amendment proposes to rezone the land known as the former Mount Martha Quarry, the Esplanade Mount Martha, from a Public Use Zone 6 (Local Government) to in part a Residential 1 Zone and in part a Public Park and Recreation Zone (PPRZ). The Amendment additionally proposes the introduction of an Environmental Audit Overlay and Development Plan Overlay over the area proposed to be Residential 1 Zone.

The Amendment proposes to provide for the predominantly residential redevelopment of

the excavated or works area of the disused quarry, with the balance of the site to be used for public open space. The rezoning facilitates the redevelopment of the former municipal quarry, which has been inoperative for over 10 years. The rezoning of the site to a Residential 1 Zone will ensure consistency with the existing zoning of the four separate land titles situated at the top of the quarry escarpment currently in ownership of the Shire, and the zoning of the immediately abutting residential area further north, east and south. The vegetated areas around the perimeter of the quarry escarpment and the parcel of land between Stanley Crescent and The Esplanade are proposed to be rezoned to PPRZ. This will ensure that these areas which include all identified areas of flora and fauna significance are isolated from residential redevelopment and are able to be maintained, and provide opportunity for areas of open space for public use.

The Amendment also proposes the introduction of a new Development Plan Overlay Schedule, namely Schedule 10 – Mount Martha Quarry Development Plan. This requires the preparation of a development plan for the site before any development on the site commences. A Design Guideline document for the site is to be included in the Planning Scheme as an incorporated document. These measures will ensure an appropriate and environmentally responsive development is achieved having regard to the site conditions. In light of this, the Amendment additionally proposes the removal of the Design and Development Overlay (DDO3) which currently affects the site.

The proposed inclusion of the Environmental Audit Overlay ensures appropriate environmental standards are met prior to the commencement of a sensitive use on the site.

Amendment C51 can be inspected during office hours at: Department of Sustainability and Environment, Planning Information Centre, Upper Plaza, Nauru House, 80 Collins Street, Melbourne; and Mornington Peninsula Shire Council, Mornington Office – Queen Street, Mornington; Hastings Office – Marine Parade, Hastings; Rosebud Office – Besgrove Street, Rosebud.

Written submissions should be sent to: The Manager – Strategic Planning, Mornington Peninsula Shire Council, Private Bag 1000, Rosebud, Vic. 3939 by the close of business on 19 March 2003.

SURF COAST PLANNING SCHEME

Notice of Amendment

Amendment C7

Surf Coast Shire has prepared Amendment C7 to the Surf Coast Planning Scheme. The Amendment proposes to apply the Floodway Overlay and vary the application of the Land Subject to Inundation Overlay throughout the Surf Coast Shire. Council has recently received more accurate information on flooding for the municipality, obtained under the Flood Data Transfer Project managed by the former Department of Natural Resources and Environment (NRE) for regional Victoria.

The Floodway Overlay has been applied to areas that have the greatest risk and frequency of being affected by flooding. The areas included in the Land Subject to Inundation Overlay are likely to be affected by a 1 in a 100-year flood. Flooding in these areas is less severe. The Overlay seeks to ensure that development maintains the free passage of floodwaters, minimises flood damage, is compatible with flood hazard and local drainage conditions and will not cause any significant rise in flood level or flow velocity.

The areas covered by these overlays are based on the most accurate available information. The Amendment will assist local government and catchment management authorities in carrying out more effective planning and management of land affected by flooding.

The Amendment, including explanatory statement, can be inspected at: Surf Coast Shire Planning Office, Level 1, 16 Gilbert Street, Torquay; Department of Sustainability and Environment, South Western Region Office, 180 Fyans Street, South Geelong; or Department of Sustainability and Environment, Level 3 Plaza, Nauru House, 80 Collins Street, Melbourne. (Website doi.vic.gov.au/planning)

Any person may make a submission on the Amendment. Submissions should clearly state all of the grounds on which the Amendment is supported or opposed and indicate whether the submitter wishes to be heard in respect of the submission at any subsequent panel hearing.

Submissions about the Amendment must be sent to Ms Sally Hooper, Planning and Environment Unit, Surf Coast Shire, PO Box 350, Torquay 3228, by Monday 24 March 2003.

PERMANENT BAN ORDER PROHIBITING
 THE SUPPLY OF DANGEROUS GOODS

I, John Lenders, Minister for Consumer Affairs, pursuant to the powers conferred on me by Part 3 Division 1 of the **Fair Trading Act 1999** hereby make a permanent ban order (the "order") prohibiting the supply in Victoria of the following goods:

Any folding chair (including a chair known as the "York" folding chair) with hinged or pivoting sections which permit the chair to be folded, and where the distance between components forming a trapping space is less than 5 millimetres and the seat is not permanently connected to the back of the chair.

In this permanent ban order "trapping space" means a space formed during the operation of folding or unfolding the chair, between any components of the chair which are not of circular cross-section in which it would be possible for one or more fingers to become trapped, pinched or squeezed.

I make this permanent ban order on the recommendation of Dr David Cousins, Director of Consumer Affairs Victoria, in accordance with section 40(2)(a) of the **Fair Trading Act 1999**.

Dated 1 February 2003

JOHN LENDERS
 Minister for Consumer Affairs

Explanatory Note

This permanent ban order prohibits the supply of any folding chair that falls within the description in the order. The object is to avoid the risk of serious finger injury if such a folding chair collapses while in use.

Subordinate Legislation Act 1994**PRIVATE AGENTS REGULATIONS 2003**

The proposed Private Agents Regulations 2003 and Regulatory Impact Statement (RIS) are now available for public comment. The proposed Regulations will replace the current Private Agents (Interim) Regulations 2002, which expire on 30 March 2003.

The overarching objective of the regulatory regime for the security and debt collection industries, as enshrined in the **Private Agents Act 1966** and Regulations, is to reduce the risks to public safety and security of property by:

- excluding from practice certain categories of persons likely to raise those risks;

- proscribing certain types of conduct in the industry; and
- prescribing various accountability requirements in relation to business practices.

The objective of the proposed Regulations is to make continued provision for exemptions, forms, fees, records, procedures and other matters relating to the issuing of security licences and commercial agents' licences, as required under the **Private Agents Act 1966**.

The RIS examines alternatives to the proposed Regulations, and concludes that the proposed Regulations will generate the greatest benefits for the Victorian community.

Public submissions on the proposed Regulations and the RIS are invited. Copies of both documents can be obtained from: Sue Koschade, Justice Policy, Department of Justice, GPO Box 4356QQ, Melbourne Vic. 3001. Tel: (03) 9651 6225. Fax: (03) 9651 6922.

Copies can also be accessed on the Department of Justice's internet site at: <http://www.justice.vic.gov.au>

8 Jackpot System

- 8.1 The casino operator may operate one or more approved “jackpot systems” with respect to the game of Rapid Roulette and utilise a variety of jackpot styles, including, by way of example and not limitation, Mystery Jackpots, Stand Alone Progressive Jackpots, Linked Progressive Jackpots and Bonus Jackpots. For the purposes of this document the generic term “Jackpot” will be used for all Jackpot styles.
- 8.2 A jackpot system consists of:
- 8.2.1 A jackpot server;
 - 8.2.2 A jackpot terminal or back of house monitoring system; and
 - 8.2.3 A jackpot meter display;
 - 8.2.4 A jackpot client viewer; and
 - 8.2.5 An image content server and is integrated with the SGC.
- 8.3 The following provisions apply to the operation of a jackpot system:
- 8.3.1 One or more particular tables may constitute a jackpot group.
 - 8.3.2 A jackpot system must operate in respect of one or more jackpot groups;
 - 8.3.3 A jackpot group may have one or more jackpots operate in respect of it;
 - 8.3.4 A jackpot group may be added to or removed from a jackpot or transferred between one jackpot and another provided that prior to the change a sign giving notice of the addition, removal or transfer is displayed;
 - 8.3.5 A jackpot may be closed at any time provided that a sign giving notice of the closure is displayed at every table in respect of which system is operating;
 - 8.3.6 If a jackpot is closed, an amount equal to the value recorded on the jackpot meter must be transferred to the jackpot meter of one or more other jackpots;
 - 8.3.7 Each table in respect of which a jackpot operates must be fitted with a jackpot meter display designed to show the value of the jackpot prize amount recorded from time to time on the jackpot meter and/or any goods or services constituting a jackpot prize.
 - 8.3.8 The value of the prize recorded on the meter of a jackpot may be displayed on one or more electronic promotional displays in the casino.
- 8.4 **Jackpot Configuration**
- 8.4.1 The following formula will be used to determine all jackpot configurations:

$$IR = ((\text{Min. Jackpot Value} + \text{Max. Jackpot Value})/2) - \text{Min. Jackpot Value} / ((\text{Min. Jackpot Value} + \text{Max. Jackpot Value})/2) \times \text{RTP}$$
 Where: RTP = House Edge X % Reduction in Edge; and
 IR is the Increment Rate
- 8.5 The casino operator must ensure that the jackpot meter for a jackpot from time to time records a monetary value no less than—
- 8.5.1 the base, seed or reset value as described in rule 8.3; plus
 - 8.5.2 the amount wagered at all Rapid Roulette tables at the specified increment rate as described in rule 8.3 from time to time, in the group of tables in respect of which the jackpot operates, since the jackpot meter was last reset under rule 8.3.

- 8.6 If, in respect of a round of play, the value recorded on the jackpot meter of a jackpot would fall below the base, seed or reset value as described in rule 8.3, the casino operator must cause the jackpot meter for the jackpot system to be reset to an amount no less than this amount.
- 8.7 The electronic equipment for a Jackpot is operating properly if—
- 8.7.1 the jackpot server of the system is capable of posting contributions from patron wagers at the specified increment rate, calculating random jackpot seed values and recording winning jackpot records; and
- 8.7.3 the Casino Supervisor can read the value of the jackpot prize at the time for settlement.
- 8.8 If at any time it is deemed that the jackpot is not operating properly, the jackpot prize/s offered with respect of that particular jackpot will not be offered to patrons and a regular Rapid Roulette game will be conducted.
- 8.9 If a round of play in which a jackpot prize has been won is void, the amount of the jackpot prize as displayed on the meter of the jackpot must be re-credited to the meter of that particular jackpot or must be transferred to the meter of one or more other jackpots.

9. Irregularities

- 9.1 The Dealer must call “no spin” if—
- (a) the wheel is not rotating at the time the ball is spun; or
- (b) the ball is spun in the same direction as the wheel is rotating; or
- (c) he or she reasonably forms the opinion that the ball will not, before it comes to rest in a compartment, complete four revolutions around the track of the wheel; or
- (d) a foreign object enters the wheel prior to the ball coming to rest; or
- (e) the ball is propelled or falls out of the wheel; or
- (f) the ball comes to rest before the end of the wagering period; or
- (g) a person interferes with the ball or the rotation of the wheel; or
- (h) the Dealer reasonably forms the opinion that a disruption or similar event, which would compromise the integrity of the game, has occurred or is occurring.
- 9.2 If the Dealer calls “no spin”, he or she may attempt to prevent the ball from coming to rest in one of the compartments.
- 9.3 If the Dealer calls “no spin”, that spin is of no effect, regardless of whether the ball comes to rest in one of the compartments.
- 9.4 If the Dealer reasonably forms the view that he or she has entered an incorrect outcome into the SGC, the Dealer must freeze all ATS chip accounts and cause the results to be recalculated based on the actual outcome.
- 9.5 If a player claims to the Dealer that an incorrect outcome has been entered into the SGC or that any part of the game system has malfunctioned, the Dealer must consider the claim and take whatever reasonable action is permitted by this rule.
- 9.6 The WND must be disregarded if the WND displays a number other than the actual outcome.
- 9.7 If an ATS experiences a malfunction—
- (a) prior to the expiry of the wagering period, the Dealer must treat as void all wagers placed on the ATS for the relevant spin; and
- (b) on or after the expiry of the wagering period, the Dealer must seek to confirm what wagers were placed through the analysis of available records and cause the appropriate adjustments to be made.

- 9.8 If the game system (other than an ATS) experiences a malfunction (including by reason of physical damage)—
- (a) prior to the expiry of the wagering period, the Dealer must treat as void all wagers placed by all players for the relevant spin; and
 - (b) on or after the expiry of the wagering period, the Dealer must seek to confirm what wagers were placed through the analysis of available records and cause the appropriate adjustments to be made.
- 9.9 If the Dealer is unable, for the purposes of rules 9.7(b) and 9.8(b), to confirm the relevant wagers placed through the analysis of available records, the Dealer must void those wagers.
- 9.10 Once a Jackpot has been confirmed it cannot be voided. In the event that a spin is declared a no spin after a Jackpot has been confirmed, payment of that Jackpot stands and the declaration of a “no spin” will have no effect on the result/s of any prior or subsequent rounds of play.

Judicial Remuneration Tribunal Act 1995
JUDICIAL REMUNERATION TRIBUNAL
Report No. 2 of 2002

Introduction

This report contains the Tribunal's determination regarding the annual salaries of non-judicial members of the Victorian Civil and Administrative Tribunal (VCAT). The determination and report follow on from the Tribunal's previous report on judicial salaries in 2002.

In that report the Tribunal confined its review of judicial salaries to addressing the issue of a 'catch up' increase whilst noting the need to address other matters in a future review.

The Tribunal's Consideration

Following the report of the Tribunal in January 2001, the Government commissioned an external remuneration review for non judicial members of VCAT.

The Government accepted the recommendations of that review, and increases in salaries were accorded from 8 July 2002, based on alterations in an external relativity with the County Court and internal relativities within VCAT.

The Tribunal received a written submission on 3 December 2002 and also held an informal discussion with representatives from VCAT on 12 December 2002. Because of the legislative requirement that the Tribunal delivers its report by 17 January 2003, it was agreed that the Tribunal would address the issue of salary only, with the intention of addressing non salary issues at a later date. This is consistent with the approach taken with the review of judicial salaries.

The Tribunal followed the same methodology in relation to this review as in relation to judicial salaries. Details of this methodology can be found in the Tribunal's Report No. 1 of 2002.

The Government's response to the earlier submission of the Judges and Magistrates covered the non judicial members of VCAT in a general fashion and stated the relativity established in July 2002 between VCAT and the County Court and the internal relativities should not be altered.

In view of this, and because of time constraints, the Tribunal did not seek a further Government response, but decided to accord the same measures of increase as determined for judicial officers, which will maintain the relativities at this time.

In determining retrospectivity, the Tribunal has taken into account that the previous salary increase for non judicial members of VCAT operated with effect from 8 July 2002.

The Determination

The Tribunal determined that non judicial members of VCAT should receive the following increases in annual salary:

5% effective from 8 July 2002

3% effective from 12 December 2002.

Determination No. 2 of 2002**DETERMINATION OF THE JUDICIAL REMUNERATION TRIBUNAL**

The Judicial Remuneration Tribunal has made the following determination pursuant to section 11(1) **Judicial Remuneration Tribunal Act 1995**:

1. SCOPE OF DETERMINATION

The determination applies to the annual salaries of the undermentioned non judicial members of the Victorian Civil and Administrative Tribunal (VCAT).

2. TERMS OF DETERMINATION

The following members of VCAT will receive the annual salary as stated.

	<u>With effect from</u> 8 July 2002	<u>With effect from</u> 12 December 2002
Deputy Presidents	\$174,300	\$179,500
Senior Members	\$139,400	\$143,600
Ordinary Members	\$122,000	\$125,700
Senior Sessional Members	\$593 (per day)	\$611 (per day)
Ordinary Sessional Members (Presiding)	\$573 (per day)	\$590 (per day)
Ordinary Sessional Members (non Presiding)	\$519 (per day)	\$534 (per day)

3. EFFECT OF DETERMINATION

Salaries prescribed in Clause 2 take effect from 8 July 2002 and 12 December 2002 respectively.

In accordance with section 14A of the **Judicial Remuneration Tribunal Act 1995**, this determination is subject to disallowance by resolution of a House of Parliament within fifteen sitting days of tabling, and if not disallowed, will take effect in accordance with the terms of the determination at the end of the period specified for disallowance.
