1.1 In these rules—

“**Blackjack**” means an ace and any card having a value of 10 dealt as the initial two cards to a player or a Dealer.

“**Casino Supervisor**” means a person other than a Game Supervisor who is responsible for the supervision and management of gaming operations.

“**Dealer**” means the person responsible for dealing the cards at a Blackjack table.

“**Dealing Shoe**” means a device from which cards are dealt.

“**Distinctive Marker**” means a marker button labelled with, but not limited to, the words personal limit or higher limit.

“**Void**” means an invalid hand with no result.

1.2 Unless contrary intention appears, a Game Supervisor or a Casino Supervisor may perform any function or exercise any power of the Dealer.

1.3 A reference in these rules to the game is a reference to the game of Blackjack played at a particular gaming table.

1.4 A reference in these rules —

1.4.1 To a bet is a reference to the contingency or outcome on which a player may place a wager; and

1.4.2 To a wager is to the money appropriated to such a bet in a particular case.

**2 EQUIPMENT**

2.1 Blackjack will be played on a table having places for nine or less seated players.

2.2 The table cloth (layout) will be marked in a manner similar to that shown in Diagram A with:—

2.2.1 Areas for wagers, the number of areas being nine or less; and

2.2.2 The name and/or logo of the casino imprinted thereon.

2.3 A dealing shoe from which all cards will be dealt.

**3 THE CARDS**

3.1 Blackjack will be played with four to eight decks, each deck having 52 cards without jokers, with backs of the same colour and design and one cutting card.

3.1.1 Where an Automatic Shuffling/Dealing Shoe is in use no cutting card will be used.

3.2 The value of cards is as follows;

3.2.1 An ace has the value of 11 except when that would give a player or the Dealer a score of more than 21, in which case it will have a value of 1.

(a) The Dealer may announce the separate cumulative total of each hand as it progresses, counting the ace as 1 or 11 until such time

as the player stands or has reached a total where to count the ace as 11 the hand would exceed a score of 21. The cumulative result of any further cards drawn to that hand will then be announced.

- (b) The first ace dealt to the Dealer's hand must count as 11 if this gives the Dealer a total between 17 and 21, inclusive, in which case the Dealer must stand.

3.2.2 Cards from 2 to 10 inclusive have the value that appears on the face of the card.

3.2.3 Jacks, queens and kings will have a value of 10.

3.2.4 Each player wagering at the table will be responsible for correctly computing the total of his/her hand and no player will be entitled to rely on the total announced by the Dealer.

3.2.5 The cards will be checked prior to the commencement of gaming and counted for completeness at the conclusion of gaming.

#### **4 SHUFFLING, CUTTING, BURNING AND CARD REPLACEMENT**

##### **4.1 The Shuffle**

4.1.1 The cards will be shuffled so that they are randomly intermixed:-

- (a) Immediately prior to the start of play;
- (b) When the cut card is exposed or drawn as the first card of a new round;
- (c) At the completion of the round of play in which the cutting card is exposed;

- (e) At other times when in the opinion of a Casino Supervisor there is reasonable cause to believe that a shuffle is warranted; and
- (f) Continuously where an approved automatic shuffling/dealing shoe is in use on the table.

4.1.2 Cards may be pre-shuffled and secured in a designated area until such time as they are required for use in play.

##### **4.2 The Cut**

- (c) The player furthestmost to the right of the Dealer if the cutting card was dealt to the Dealer's hand during the last round of play; or
- (d) The player furthestmost to the right of the Dealer if the cards are replaced in accordance with these rules.

4.2.2 If the player designated in rule 4.2.1 of these rules refuses the cut, the cards will be offered to each player moving clockwise around the table until a player accepts the cut. If no player accepts the cut, a Game Supervisor or Casino Supervisor will cut the cards.

- 4.2.3 The person designated in rule 4.2.1 of these rules will cut the cards by placing the cutting card in the stack at least one deck in from either end of the stack.

  - (c) Insert the cards into the dealing shoe ready for the commencement of play.
- 4.3 Burning a Card
  - 4.3.1 Before the start of play following each shuffle and cut of the cards the Dealer will remove the first card from the Dealing Shoe and burn the card face-down by placing it into the discard holder. The card will not be shown unless the player requests to see it.
- 4.4 Card Replacement
  - 4.4.1 At the discretion of the Game Supervisor or Casino Supervisor at the completion of the final round of play and prior to a shuffle, the cards may be removed from the table and checked and replaced by new cards.
  - 4.4.2 Where a Casino Supervisor forms the opinion that any or all of the cards have become unfit for further use and provided no hand is in progress, the Casino Supervisor will direct that the cards be replaced.

#### 7.5.7 Conclusion of a Round of Play
