**STYLE REQUIREMENTS.**

To ensure that material received can be reproduced, and that errors are minimised, the following guidelines are to be observed when submitting material by fax.

**Fax resolution:**

Material sent by fax should be transmitted using Fine Resolution (200 dots per inch by 200 dpi).

**Font size:**

Use 12 point (10 pitch) or larger.

**Font Style:**

Clear plain font styles, such as Helvetica, should be used.

**Graphics:**

Line drawings should be transmitted as large as possible to ensure clarity. Drawings up to A4 size sent by fax using Fine Resolution provide a good quality for reproduction.

**Avoid:**

Italics, underlining and full justification.

Ensure document is square when sending as documents that are sent skewed are difficult to read and process.
