MOONEE VALLEY PLANNING SCHEME

Notice of Amendment to a Planning Scheme

Amendment C43

The City of Moonee Valley has prepared Amendment C43 to the Moonee Valley Planning Scheme.

The Amendment applies to land known as Penleigh and Essendon Grammar School – Essendon Campus, and to 70 Fletcher Street and 80 Fletcher Street in Essendon. The land is located in the block bounded by Raleigh, Nicholson, Fletcher and Napier Streets.

Specifically, the Amendment proposes to:

- amend the zoning of land owned by the School, at No. 70 Fletcher Street, that fronts Fletcher Street. The existing Business 2 Zone will be deleted from part of a commercial property recently purchased by the school that has abuttal to and will be incorporated into the Campus. Similarly, part of the existing Campus that has abuttal to Fletcher Street will be rezoned from Residential 1 to Business 2 Zone. - amend the existing Heritage Overlay Map that applies to HO106. At present HO106 applies to the whole of the school site. The Overlay map will be amended so that the overlay will apply to the heritage building that is described in the Schedule to the Heritage Overlay – the headmasters residence and administration building at 59 Raleigh Street;
- apply an Incorporated Plan Overlay to the land and introduce Schedule 9 to the Incorporated Plan Overlay of the Moonee Valley Planning Scheme;
- incorporate the Penleigh and Essendon Grammar School – Essendon Campus Master Plan, January 2003 into the Moonee Valley Planning Scheme.

The Amendment will facilitate the future use and development of the land for educational purposes.

WHITTLESEA PLANNING SCHEME

Notice of Amendment
Amendment C35

The Whittlesea City Council has prepared Amendment C35 to the Whittlesea Planning Scheme. The Whittlesea City Council is also the planning authority for the Amendment.

The Amendment affects the following land:

- 95 Gordons Road and part of 75 McArthurs Lane, South Morang. This land, comprising approximately 4ha, is part of a surplus Melbourne Water pipeline reservation which extends approximately 2.5km between McArthurs Lane and Williamsons Road.
- Part of 6D and 11D Red Oaks Way; part of the Crabapple Road and Red Oaks Way road reserves; and 601D The Lakes Boulevard, South Morang. This land, which comprises approximately 2,400m², lies adjacent to the Melbourne Water pipeline reservation referred to above.
- Part of Lot 1 TP24062 (proposed Lot 1 PS 448483) Cades Road, Whittlesea. This land consists of approximately 1ha of surplus Melbourne Water land.

The Amendment rezones surplus Melbourne Water land currently zoned Public Use Zone 1 to an appropriate 'underlying zone' consisting of the Residential 1 Zone and Environmental Rural Zone; rezones a small area of other land currently zoned Public Use Zone 1 to the Residential 1 Zone; and applies the Vegetation Protection Overlay 1 and Development Plan Overlay 6 to those areas rezoned to Residential 1 consistent with the surrounding areas.

The Amendment is required as the land has now been declared surplus to the needs of Melbourne Water for water supply or for any other public utility purpose. The rezoning of the surplus land, consistent with the zones currently occupying the surrounding areas, will facilitate the disposal of the land and its appropriate future use and development.

The Amendment can be inspected free of charge during office hours at: Department of Sustainability and Environment, Planning Information Centre, Upper Plaza, Nauru House, 80 Collins Street, Melbourne, Vic. 3000; City of

Whittlesea, Civic Centre, Ferres Boulevard, South Morang, Vic. 3752 or at the City of Whittlesea Website – www.whittlesea.vic.gov.au.

Submissions to the Amendment must be sent to: Chief Executive Officer, City of Whittlesea, Locked Bag 1, Bundoora, Vic. 3083 by Monday 5 May 2003.

Petroleum (Submerged Lands) Act 1967

COMMONWEALTH OF AUSTRALIA

Notice of Invitation of Application for Exploration Permits

I, the Delegate of the Designated Authority for and on behalf of the Commonwealth-Victoria Offshore Petroleum Joint Authority, acting pursuant to Section 20(1) of the **Petroleum (Submerged Lands) Act 1967** of the Commonwealth of Australia, hereby invite applications for the grant of exploration permits in respect of the following blocks within the area as described in the following schedule.

The Commonwealth/State/Territory jurisdictional boundary in coastal waters is determined by the Australian Maritime Boundaries Information System Dataset of 2000, released in January 2001 by the Australian Surveying and Land Information Group (now part of Geoscience Australia). The block description of the areas in the 2003 release is based on this system.

Section 5AAA of the **Petroleum (Submerged Lands) Act 1967** provides that, where a change to the baseline of Australia's territorial sea would impact on the boundary of an existing petroleum title (in Commonwealth or State or Territory waters), there is in fact no such impact. The Commonwealth, State or Territory Act (as the case may be) under which the title has been granted, continues to apply to the title and the whole title area for as long as the title remains in force. Therefore, this Instrument does not apply to any such area that is already under title.
