Accident Compensation Act 1985**NOTICE OF INDEXED BENEFIT LEVELS AND OTHER AMOUNTS IN ACCORDANCE WITH SECTION 100 OF THE ACCIDENT COMPENSATION ACT 1985 AND REGULATION 20 OF THE ACCIDENT COMPENSATION REGULATIONS 2001**

Section 100 (1) of the **Accident Compensation Act 1985** stipulates that certain amounts in Part IV and in Section 5A of the Act are varied on 1 July each year in line with the movement in the average weekly earnings for all employees in Victoria between the two previous December quarters, using the latest figures published by the Australian Statistician as at 30 May following the previous December quarter. Weekly payments are indexed on the anniversary of the entitlement to weekly payments as detailed in Section 100(2) of the Act.

The average weekly earnings for all employees in Victoria between the December quarter of 2001 and the December quarter 2002 increased from \$663.20 to \$710.90 which is an increase of 7.2%.

Following legislative changes in December 1997 some amounts are indexed by the rise in Consumer Price Index. The Consumer Price Index between the December quarter of 2001 and the December quarter of 2002 increased from 134.8 to 139.0 which is an increase of 3.1%.

The proponent, Woodside Energy Ltd (Woodside), proposes to develop gas resources in the Thylacine and Geographe gas fields located in the offshore Otway Basin approximately 70km and 55km respectively south of Port Campbell, off the Victorian Coast. The proposed Otway Gas Project will involve:

- construction and operation of a buried high pressure onshore pipeline from the shore crossing point to a gas plant;
- construction and operation of a gas processing plant and associated infrastructure located in Waarre Road, Waarre, approximately 6km from Port Campbell.

The project will require separate planning, environmental, pipeline and other approvals under Commonwealth and Victorian legislation. The two governments have agreed to a coordinated environmental assessment process for the project including the preparation of an integrated environment assessment document (Environment Effects Statement/Environmental Impact Statement or EES/EIS) to satisfy the requirements of each jurisdiction.
