MANNINGHAM PLANNING SCHEME

Notice of Preparation of Amendment

Amendment C30

The Manningham City Council has prepared Amendment C30 to the Manningham Planning Scheme.

The Amendment applies to a 58–hectare area of land, located in Doncaster stretching along the major corridors of Doncaster Road, Williamsons Road and Tram Road, identified as the Doncaster Hill Activity Centre. The Amendment also applies to a small number of properties in the vicinity of this area. The area is located approximately 12 kilometres from the Melbourne Central Business District and is one of the highest points in Melbourne.

The Amendment introduces Schedule 1 to Clause 45.06, Doncaster Hill Development Contributions Plan Overlay (DCPO1) that sets out infrastructure items and amounts to be paid through development levies. The Schedule includes an additional total figure taking into account that the Development Contributions Plan reforms that are soon to be implemented.

At present, whilst no cap exists for levies to be applied for ‘Development’ infrastructure, a \$450 cap is in place for the ‘Community’ infrastructure levy. If this is not lifted prior to the incorporation of the Development Contributions Plan into the Manningham Planning Scheme, Council’s apportionment will need to increase substantially for the social infrastructure items under the ‘Community’ infrastructure. The approved reforms to the development contributions system in Victoria provide for:

- the removal of the \$450 cap on community infrastructure levies so that a wider range of

necessary community services and facilities can be funded.

The area to be affected by the overlay will be shown on Planning Scheme Map No. 7DCPO.

The Amendment lists the Doncaster Hill Development Contributions Plan (June 2003) as an incorporated document in the schedule to Clause 81 of the Manningham Planning Scheme.

The Amendment will make changes to Clause 21.05 Urban Design of the Municipal Strategic Statement. These changes specifically relate to the introduction of a new Key Issue 6 — Infrastructure requirements in the Doncaster Hill Activity Centre.

The Amendment updates the existing schedule to Clause 52.01 Public Open Space with a new schedule that specifies a mandatory public open space contribution rate of 5% for subdivision applications within the Doncaster Hill Activity Centre.

Lastly, the Amendment updates the existing Schedule to Clause 45.01 to introduce a Public Acquisition Overlay (PAO7) — Road. Planning Scheme Map No. 7PAO is updated to identify land to be acquired to enable the delivery of appropriate infrastructure in the form of open space (PAO1) and road works (PAO7). You may inspect the Amendment, any documents that support the Amendment and the explanatory report about the Amendment at the following locations: at the office of the planning authority, Manningham City Council Municipal Offices, 699 Doncaster Road, Doncaster; and at the Department of Sustainability and Environment, Planning Information Centre, Upper Plaza, Nauru House, 80 Collins Street, Melbourne.

Any person who may be affected by the Amendment may make a submission to the planning authority.

EXEMPTION

Application No. A205 of 2003

The Victorian Civil and Administrative Tribunal has considered an application pursuant to Section 83 of the **Equal Opportunity Act 1995** by Carey Baptist Grammar School Ltd. The application for exemption is to enable the

applicant to advertise for prospective female students to enter the school, and to structure its waiting lists, allocate student placements and offer bursaries and enrolments targeted at prospective female students, so as to promote a gender balance of the students at the school.

Upon reading the material submitted in support of the application, the Tribunal is satisfied that it is appropriate to grant an exemption from Sections 37, 42, 100 and 195 of the Act to enable the applicant to advertise for prospective female students to enter the school, and to structure its waiting lists, allocate student placements and offer bursaries and enrolments targeted at prospective female students, so as to promote a gender balance of the students at the school.

In granting this exemption, the Tribunal noted —

- Carey Baptist Grammar School was established on 13 February 1923 as an independent church boys' school and in 1979 the school became coeducational;
- the decision to become coeducational was based on a strongly held belief in the philosophical importance of coeducation and a determination to offer the best educational opportunities for the students of the school;
- the school currently comprises a Donvale Campus, which conducts classes from Kindergarten to Grade 6, and a Kew Campus, which conducts classes from Kindergarten to Year 12;
- in order to enhance the ability of the school to implement the philosophy of equal opportunity and to maximize the advantages of coeducation, the school seeks to establish a 50/50 student balance;
- the school was granted previous exemptions from Sections 37, 42, 100 and 195 of the **Equal Opportunity Act 1995** on 25 September 1997, operative from 2 October 1997, which was to remain in force until 1 October 2000 and on 14 July 2000, which was to remain in force until 26 July 2003;
- since the original exemption was granted, the percentage of female students attending the school has grown from 34% in 1997 to 42% in 2003. While this is a significant increase the school is still to reach its goal of an equal gender ratio;

- the school believes that the mix of genders in a wide range of educational activities is valuable for young people in testing their aspirations, imaginations and relationships, in building self confidence and presentation skills, and raising self esteem; and in confirming their developing personalities and interpersonal interaction patterns;
- the school believes that gender mix enhances students' individual learning styles and techniques and believes that students benefit from being exposed to the different thinking and processing styles generally considered peculiar to each sex;
- an equal gender ratio is yet to be achieved and it is considered that the full benefits of coeducation are not yet available to all students attending the school.

The Tribunal grants an exemption from the operation of Sections 37, 42, 100 and 195 of the **Equal Opportunity Act 1995** to enable the applicant to advertise for prospective female students to enter the school, and to structure its waiting lists, allocate student placements and offer bursaries and enrolments targeted at prospective female students, so as to promote a gender balance of the students at the school.

The exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 24 July 2006.

The Victorian Civil and Administrative Tribunal has considered an application pursuant to Section 83 of the **Equal Opportunity Act 1995** by Women's Health in the South East Inc. for exemption from Sections 13, 59, 60, 100 and 195 of that Act. The application for exemption is to enable the applicant to engage in the exempt conduct.

In this exemption "exempt conduct" means —

- advertising for and employing women only to work in the applicant's health service;
- advertising for and employing women of a specified race or ethnic origin, or whose first

language is a specified language other than English, to work in the health service on specific projects targeted at groups of women of that race or ethnic origin or whose first language is that language;

- to restrict individual membership of the service to women only;
- to require that organizations that are members of the service be represented at meetings (whether they come to attend, speak or vote) by women only.

The Tribunal notes the applicant was granted a previous exemption A251 of 2000 from Sections 13, 59, 60, 100 and 195 of the **Equal Opportunity Act 1995** on 19 July 2000 which was to remain in force until 26 July 2003.

Upon reading the material submitted by Susan Glasgow in support of the application the Tribunal is satisfied that it is appropriate to grant an exemption from Sections 13, 59, 60, 100 and 195 of the Act to enable the applicant to engage in the exempt conduct.

The Tribunal hereby grants an exemption to the applicant from the operation of Sections 13, 59, 60, 100 and 195 of the **Equal Opportunity Act 1995** to enable the applicant to engage in the exempt conduct.

EXEMPTION

Application No. A261 of 2003

The Victorian Civil and Administrative Tribunal has considered an application, pursuant to Section 83 of the **Equal Opportunity Act 1995**, by Good Shepherd Youth and Family Service Inc. for exemption from Sections 13, 100 and 195 of that Act. The application for exemption is to enable the applicant to advertise for and employ a female for the position of Generalist Worker in its Valerie House Programme.

Upon reading the material submitted in support of the application by Angela Palmer,

co-ordinator of the Valerie House Programme, the Tribunal is satisfied that it is appropriate to grant the exemption from Sections 13, 100 and 195 of the Act.

In granting this exemption, the Tribunal noted—

- the Valerie House Programme provides services in the Southern Metropolitan Region to women and children in the form of crisis support and accommodation, particularly for those who are escaping domestic violence;
- the majority of clients are women who seek an environment where they can be supported by other women and women only staff;
- it is seen as appropriate that a female provide such services to women so that they can feel comfortable and safe within their accommodation, knowing that there are no males living or working in the same residence.

The Tribunal hereby grants an exemption to the applicant from the operation of Sections 13, 100 and 195 of the **Equal Opportunity Act 1995** to enable the applicant to advertise for and employ a female for the position of Generalist Worker in its Valerie House Programme.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 24 July 2006.
