NOTICE OF INDEXED BENEFIT LEVELS
AND OTHER AMOUNTS IN
ACCORDANCE WITH SECTION 100 OF
THE **ACCIDENT COMPENSATION ACT**
1985 AND REGULATION 20 OF THE
ACCIDENT COMPENSATION
REGULATIONS 2001

Errata

Section 100(1) of the **Accident Compensation Act 1985** ("the Act") stipulates that certain amounts in Part IV and section 5A of the Act are varied on 1 July each year in line with the movement in the average weekly earnings for all employees in Victoria between the two previous December quarters, using the latest figures published by the Australian Statistician as at 30 May following the previous December quarter.

Section 92A of the Act provides compensation amounts for the death of a worker to dependants of the worker and commenced operation on 12 November 1997. Section 92A(6)(a) provides compensation amounts for a dependent partner or dependent partners where there is one dependent child.

The indexed compensation amounts under section 92A have been notified in the Victoria Government Gazette annually since 25 June 1998.

The notice gazetted in 1998 showed the compensation amount under section 92A(6)(a) applicable both before 1 July 1998 and from 1 July 1998 to 30 June 1999 as \$157,000. This amount was incorrect and should have been shown as \$157,500. Subsequent amounts have been calculated based on this incorrect figure.

The following corrections to the indexed amounts under section 92A(6)(a) from 1998 should therefore apply:

Amount before 1 July 1998	\$157,500
Amount from 1 July 1998	\$157,500

A similar notice was advertised 12 months ago advising of the proposed sewerage district boundary following which a number of submissions were received identifying that the district should be extended slightly. This notice applies to the slightly larger sewerage district now proposed and the associated extension to the water district. The formal establishment of a Sewerage District for the town is an essential step in the process of proceeding with a sewerage scheme for Peterborough which is programmed to occur over the next 3 years. A district declares and defines the area of likely planning and system installation but does not necessarily coincide with the boundary of a future sewerage scheme.

Members of the public are invited to make submissions on the proposal. Any person making an objection to the proposal should set out the grounds for any objections raised in the submission.

All submissions received will be considered and assessed by South West Water Authority and the Minister for Environment & Sustainability.

Details of the proposal and a copy of a plan showing the extent of the proposed new Sewerage District are available for inspection at the following places:

- South West Water Authority Offices, 99 Fairy Street, Warrnambool. Phone 5564 7600;
- General Store-Post Office, 15 Mac Street, Peterborough.

Submissions on the proposal should be submitted in writing to the Chief Executive Officer, South West Water Authority, PO Box 1158, Warrnambool 3280 and received by the Authority before Monday 4 August 2003.

Tertiary Education Act 1993**MINISTERIAL ORDER**

The Minister for Education and Training (referred to herein as the Minister) makes the following Order:

1. Authorising provision

This Order is made under section 10 of the **Tertiary Education Act 1993**.

2. Commencement

This Order comes into operation on 15 July 2003.

3. Object

The object of this Order is to approve an institution to operate as a university, and to apply conditions to that approval.

4. Approval

Melbourne University Private Limited (A.C.N. 081 1582 685; ABN 53 081 182 685), referred to herein as the institution, is hereby approved to operate as a university subject to the following conditions:—

- (i) The approval is for a period of five years (subject to the provisions of section 10 (5) and (7) of the **Tertiary Education Act 1993**), and commencing on 15 July 2003.
- (ii) There be by July 2004 from each of the three Schools evidence of at least one peer-reviewed externally-published research output per equivalent full-time (EFT) of academic staff, and that this level of research productivity constitutes the minimum for each of the subsequent four years. Such research outputs should meet the specifications required by the Commonwealth Department of Education, Science and Training for its higher education research data collection.
- (iii) The institution move progressively towards increasing the overall percentage of total enrolments in higher education award courses (as defined in the Australian Qualifications Framework) relative to total enrolments, while also maintaining the Institution's own growth targets for actual numbers of students in those courses (766 in July 2005), such that by 2008 at least 10% of total (headcount) enrolments are in higher education award courses. Movement towards this percentage is to be reported explicitly in the Institution's Annual Report. By July 2004 at least 3% of total (headcount) enrolments should be in higher education award courses, rising to 5% in July 2005, 6% in July 2006, and 8% in July 2007.
- (iv) The Institution appoint within the first year of approval a Chief Academic Officer (initially on a fractional basis) to whom Academic Heads of School shall report, this position to be full-time by July 2006; that Academic Heads of School be at least three-quarter time with the Institution by 2006 and full-time by 2008; and that the proportion of full-time academic staff increase. Accordingly, by 31 December 2003, a one-quarter time Chief Academic Officer should be appointed, with this position being half time by July 2004, and three quarter time by July 2005. Similarly, Academic Heads of School should be at least half time by July 2004. Twenty per cent of the MUP academic staff should be employed full-time by July 2006.
- (v) The Institution is to retain an academic organisational structure comprising at least three Schools during the approval period, with each School to have a core of academic staffing resources to support its research and teaching activities. Conjoint Melbourne University Private academic appointments with the University of Melbourne are to include a proportion of time for research of not less than quarter of the teaching time.

- (vi) The Institution is to undergo a quality audit (including institutional responses to the audit report) by the Australian Universities Quality Agency (AUQA) before July 2007, and that the outcome of this audit (including the Institution's responses) be deemed to be satisfactory. Provided that the Institution meets the other conditions any decision as to whether the Institution should receive further approval to operate as a university after July 2008 will be largely based upon this audit, and upon the AUQA view of the Institution response to its recommendations.
- (vii) The Institution provide information in its Annual Reports for 2005 and 2007 on client and student satisfaction with higher education award courses designed and delivered for corporate and government clients. This information should be based on appropriately structured surveys and interviews undertaken with a statistically relevant cohort of students enrolled in and graduates of award courses, as well as with a relevant sample of the corporate and government clients for whom the award courses were designed and delivered.
- (viii) The Institution should obtain from its shareholder (The University of Melbourne) an undertaking that it will not allow its equity position in the Institution to fall below 51% in the five year period to July 2008. The University of Melbourne is to give an undertaking to allow students to complete higher education award courses in which they are enrolled should the Institution be unable to continue to operate, and
- (ix) The Institution is required to table an Annual Report in Parliament at the same time as other Victorian universities, covering issues specifically identified by the Office of Higher Education and according to a template they provide. These Annual Reports will be expected to address the conditions outlined above.
