Recreational Vehicles Local Law 2003

Notice is hereby given that at the Ordinary Council Meeting of the Moorabool Shire Council held on 23 July 2003, the Council resolved to commence the process for the making of Recreational Vehicles Local Law 2003.

The purpose of the Recreational Vehicles Local Law 2003 is to amend the Recreational Vehicles Local Law 2001 by:

- including a definition for "urban area";
- including a provision that prohibits the use or the allowing of the use of recreational vehicles in urban areas;
- including a provision that landowners must apply for a permit to use a recreational vehicle on land not in an urban area, including rural land abutting an urban area;
- including a provision that permits are not required for rural areas that do not abut an urban area;
- fixing of an increased application fee of \$50;
- including conditions that may be applied to permits in respect to distance from property boundaries, the number of recreational vehicles allowed to be used on properties relative to the size of the properties, a requirement for a non-riding period and

specification of hours outside which the riding of recreational vehicles is prohibited;

- including a provision that substantiated complaints from other parties may result in the suspension or cancellation of any permit.

A copy of this proposed Local Law may be obtained free of charge from Council's offices, 15 Stead Street, Ballan, and 197 Main Street, Bacchus Marsh.

Any person affected by the proposed Local Law may make a submission under Section 223 of the **Local Government Act 1989**. Submissions should be addressed to the Chief Executive Officer, Moorabool Shire Council, PO Box 18, Ballan, Vic. 3342.

Any persons who have made a written submission to the Council within fourteen days of the publication of this public notice and who inform the Council at any time prior to the hearing of submissions that they wish to be heard in support of that written submission, shall be entitled to appear in person, or by a person acting on their behalf, before a meeting of Council arranged to hear submissions.

BALLARAT PLANNING SCHEME

Notice of Amendment to a Planning Scheme

Amendment No. C66

The City of Ballarat has prepared Amendment No. C66 to the Ballarat Planning Scheme.

A review of land which is included within a public zone under the planning scheme has identified a number of instances where private land has been included within the public zone in error and where public land has been included in the public zone unnecessarily. The Amendment therefore proposes to address those issues.

EXEMPTION

Application No. A209 of 2003

The Victorian Civil and Administrative Tribunal has considered an application, pursuant to Section 83 of the **Equal Opportunity Act 1995**, by the University of Melbourne. The application for exemption is to enable the applicant to advertise for and appoint 3 women to the positions of Post Doctoral Research within the Faculty of Engineering.

Upon reading the material submitted in support of the application and upon hearing submissions from Professor Van de Venter, Dean of the Faculty of Engineering, Associate Professor Thomas, Doctor Jayasuriya, Doctor Gladwin and Ms Chia-Eng Chen on behalf of Melbourne University, the Tribunal is satisfied that it is appropriate to grant an exemption from Sections 13, 100 and 195 of the Act to enable the applicant to advertise for and appoint 3 women to the positions of Post Doctoral Research within the Faculty of Engineering.

In granting this exemption the Tribunal noted:

- the University of Melbourne has a clear commitment to affirmative action to increase the number of female staff in academic disciplines that traditionally have been male dominated;
- as part of the applicant's 'Equal Opportunity for Women 2000–2005 Plan' (EOWW) the application aims to increase the number and status of women academics and in so doing provide role models for undergraduate and other female students;
- whilst progress towards gender balance has been made historic and current barriers continue to affect the advancement of women to higher academic positions in the Faculty of Engineering;
- currently there are no female professors in the Faculty of Engineering;
- the EOWW Strategic Plan has identified the development of a fellowship fund to attract 3 post doctoral women into teaching and research positions;
- increasing the representation of women engineers will continue to address gender imbalance and afford women engineers the opportunity to pursue academic careers at a high level.

The Tribunal hereby grants an exemption to the applicant from the operation of Sections 13, 100 and 195 of the **Equal Opportunity Act 1995** to enable the applicant to advertise for and appoint 3 women to the positions of Post Doctoral Research within the Faculty of Engineering.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 7 August 2006.

**CONTROL OF WEAPONS (AMENDMENT)
REGULATIONS 2003
FIREARMS (SEARCH POWERS)
REGULATIONS 2003**

Notice is given of the availability of the proposed Control of Weapons (Amendment) Regulations 2003, the proposed Firearms (Search Powers) Regulations 2003 and Regulatory Impact Statement (RIS) for public comment.

The objectives of the proposed Control of Weapons (Amendment) Regulations 2003 (“the Control of Weapons Regulations”) are to:

- adjust the application fee for an Approval from the Chief Commissioner of Police to possess, carry or use a prohibited weapon;
- set a lower application fee for an Approval from the Chief Commissioner of Police to possess, carry or use a prohibited weapon when the applicant already holds a firearms licence;
- set the application fee for varying an existing Approval from the Chief Commissioner of Police to possess, carry or use a prohibited weapon;
- reduce risks posed to public safety by classifying swords and crossbows as “prohibited weapons”, thereby reducing their general availability to the public;
- reduce risks posed to public safety by classifying inert and imitation explosives as a controlled weapon, thereby making their lawful possession and use contingent on a lawful excuse;
- prescribe the manner in which searches without warrant of persons suspected of unlawfully possessing a weapon in a public place shall be undertaken; and
- prescribe the details to be included in records of such searches.

The objectives of the proposed Firearms (Search Powers) Regulations 2003 (“the Firearms Regulations”) are to:

- prescribe the manner in which searches without warrant of persons suspected of unlawfully possessing a firearm or ammunition in a public place shall be undertaken; and
- prescribe the details to be included in records of such searches.

The proposed Regulations will have several major benefits:

- owners of prohibited weapons will not pay the full cost of processing approvals for weapons;
- more resources for other Government activities as applicants will meet part of the costs of the process;
- applicants who have a firearms licence and thus have already completed part of the approvals process will pay reduced fees;
- reduced risk of injury involving swords and crossbows;

- reduced risk of crimes involving swords and crossbows;
- improved information collected about swords and crossbows to assist in law enforcement;
- reduced risk of public disorder or panic caused by inappropriate use of inert or imitation explosives;
- reduced risk of crimes involving inert or imitation explosives; and
- the manner in which searches without warrant of persons suspected of unlawfully possessing a weapon, firearm or ammunition in a public place are to be undertaken, and the details to be included in records of such searches, shall be prescribed.

The RIS examines alternatives to the proposed Regulations on fee levels, swords, crossbows and inert and imitation explosives. The RIS concludes that the proposed Regulations will generate the greatest benefits for the Victorian community.

Public submissions on the proposed Regulations and RIS are invited. Copies of both documents can be obtained from: Mr Chris Shea, Justice Policy, Department of Justice, GPO Box 4356QQ, Melbourne, Vic. 3001. Tel: (03) 9651 6988. Fax: (03) 9651 6922.

Copies can also be accessed on the Department of Justice's internet site, at: <http://www.justice.vic.gov.au>

The closing date for receipt of written submissions is Monday 8 September 2003. All submissions received will be treated as public documents.
