### Health Services Act 1988

#### NOTICE OF INTENTION TO MAKE A PURCHASING POLICY

##### Purchasing Policy (Section 134)

Health Purchasing Victoria ('HPV') gives notice that it proposes the following purchasing policy under section 134 of the **Health Services Act 1988** (Vic) (referred to hereafter as 'the Act'):

To whom does this policy apply?

1. This policy applies to all public hospitals listed in Schedule 1 of the Act and all public health services listed in Schedule 5 of the Act, unless specifically exempted in accordance with section 134A of the Act.
  - 1.1. In this policy—
    - 1.1.1. "hospital" means "public hospital";
    - 1.1.2. "health service" means "public health service";
    - 1.1.3. "supplier" includes a person or body on a panel of suppliers.

Key requirements of the policy

2. All hospitals and health services are required to abide by the outcomes of the planned HPV Tenders listed in the 2004–2006 Timetable, which is a Schedule to this policy.
3. All hospitals and health services are required to only purchase goods and/or services which will be the subject of those tenders from the successful tenderers with whom HPV enters into a contractual relationship to supply those goods and services.
4. Hospitals and health services may only enter into a contract or renew any current contract with suppliers for goods or services as per the attached tender program where there is an ability to terminate agreements when the relevant HPV tender is awarded.

When does the policy not apply?

5. This policy does not apply in relation to the purchase of, or payment for, particular goods or services named in the attached tender program by a hospital or health service to the extent provided for in paragraphs 6 to 9 of this policy, provided that the hospital or health service complies with any requirements of those paragraphs. Such hospitals and health services are required to comply with this policy in all other respects.

Current contracts

6. This policy does not apply to the extent that a hospital or health service has a current contract in respect of the supply of particular goods and/or services that are named in the Schedule.
7. Opting out or exemption prior to the end of the tender development period
  - 7.1. In paragraphs 7.2 and 7.5 "tender development period" in relation to a proposed contract in respect of the particular goods or services means the period—
    - 7.1.1. from the date of commencement of this purchasing policy; and
    - 7.1.2. ending at the time which is 5 working days after HPV has provided to the health service or hospital a document entitled "final draft tender brief and specification" in relation to a proposed contract in respect of the supply of the particular goods or services.

**Health service or hospital opts out**

7.2. If at any time prior to the end of the tender development period regarding particular goods or services named in the schedule the chief executive officer of a health service or hospital—

7.2.1. notifies HPV in writing that it opts out of the particular tender (either in whole or part) on clinical or operational grounds; and

7.2.2. advises HPV in writing as to the reasons for that belief—

this policy does not apply to that hospital or health service in relation to that tender, or those goods or services for which the hospital or health service has opted out (as applicable).

A health service or hospital which opts out of a particular tender may only opt back into the tender at any time up to the stage of tender development period for that particular good or service for which HPV proposes to tender at which the health service or hospital has supplied HPV with data regarding its current arrangements in relation to the procurement of the good or service (including data about volume and price of those goods or services).

7.3. If a chief executive officer of a hospital or health service provides a notice to HPV pursuant to clause 7.2, it must also provide HPV with a copy of any contracts of the hospital or health service relating to such goods or services.

7.4. For the purposes of paragraph 7.2 “clinical or operational grounds” refers to the reasons why the purchase or use of a particular good or service by a health service or hospital (other than in accordance with the tender schedule to this policy) is necessary to ensure—

7.4.1. that patients of the health service or hospital receive clinically appropriate treatment or care; or

7.4.2. the effective administration of the hospital or health service.

In establishing clinical or operational grounds it is not sufficient to rely upon the fact that a particular good or service has been used at the health service or hospital in the past or is preferred by employees of, or contractors to, the health service or hospital. The health service or hospital must be able to give objectively verifiable reasons as to why the use of that particular good or service is required in the future or why a contract should be entered into which does not align with the tender program.

For example, a specialist service provided at the health service or hospital may necessitate the use of a unique product that is not available under the relevant tender, or a hospital may for operational reasons need to enter into or renew a contract prior to the commencement of an HPV tender and the term of that contract may not be negotiable.

**HPV grants exemption based on impact on local or small businesses**

7.5. At any time within the tender development period the chief executive officer of HPV, or the person for the time being acting in that position, may exempt a health service or hospital, or class of health service or hospital, from the tender (either in whole or to the extent specified) if he or she is satisfied that this is appropriate taking into account the effect of the tender and proposed contract on:

7.5.1. the viability of small or medium sized businesses; or

7.5.2. local employment growth or retention.

## Post contract negotiations and variations by a health service or hospital regarding price

8. After a supplier has been selected by HPV for the supply of particular goods or services, a health service or hospital may pay for or purchase those particular goods or services at a price other than the price agreed with the supplier by HPV. The health service or hospital must subsequently notify HPV and inform HPV of that price and the terms and conditions agreed by the supplier. This purchasing policy will not apply to the hospital or health services to that extent.

## Exemption from contract entered into by HPV with suppliers

9. After a supplier has been selected by HPV for particular goods or services, the chief executive officer of HPV, or the person for the time being acting in that position, may exempt a health service or hospital from the requirement to pay for or purchase those particular goods or services in accordance with the contract entered into by HPV in relation to those goods or services if he or she is satisfied that—
- 9.1. there are clinical or operational grounds or other special circumstances which justify exempting the hospital or health service from compliance with this purchasing policy at this stage of the purchasing process; and
  - 9.2. there are no other relevant considerations (such as those relating to probity and effective purchasing practice) which would make the granting of such an exemption inappropriate.

In making this decision HPV will have regard to the matters specified in section 133 of the Act.

This purchasing policy will not apply to the hospital or health service in relation to goods or services which are so exempt.

## Compliance reports

10. Hospitals and health services are required to report their compliance with this policy by means of an annual statement of compliance in a form to be advised by HPV.

In accordance with section 134B of the Act, HPV invites comments or submissions from hospitals and a health services in relation to this proposed policy, which should be returned to HPV no later than 23 December 2004.

The obligations contained in the Purchasing Policy dated 1 July 2004 will apply until such time as the said policy is amended or revoked under the Act.

Dated 18 October 2004

DENNIS O'KEEFE  
Chief Executive Officer  
On the Authority of the Members of HPV

  9. The release of the 50 Metropolitan Taxi-cab Peak Service Licences may be staged over a 12 month period.

The remainder of the body will be painted "Victorian Taxi Yellow" and fitted with standard taxi livery decals;
  - any vehicle presented for licensing as a peak time taxi cab must be less than 2.5 years old when first licensed as a taxi. The vehicle must not be operated as a taxi if it is more than 6.5 years of age. Age limits are calculated from the manufacturers' build date as shown on the vehicle compliance plate; and
  - Peak Service taxi-cab licences must not be transferred or assigned to another person at any time. This does not prevent the licence holder from employing a driver or engaging a driver under a Driver Bailment Agreement. At any time, the licence holder may cease operating the licence by surrendering the licence and taxi-cab registration plates to the Victorian Taxi Directorate. In the event of the surrender of a licence at any time, any remaining portion of the licence fee paid for that year of operation will be forfeited by the licence holder.
- h) All applications for taxi-cab licences within the proclaimed zone lodged prior to 21 October 2004 are deemed to have lapsed.

A new plan, the Municipal Framework Plan, is added to the LPPF;
- includes the Mernda Strategy Plan in the Whittlesea Planning Scheme as an incorporated document;
- rezones land in the Mernda development area (that is required to support the town centre and employment precinct) from Residential 1 Zone to Comprehensive Development Zone. Inserts Schedule 1 to the Comprehensive Development Zone (CDZ) into the Scheme;
- modifies the schedule to the Development Plan Overlay (DPO5) to include updated requirements for the approval of subdivision and development, and applies DPO5 to areas rezoned to Residential 1 as part of this Amendment;
- deletes the existing Development Plan Overlay (DPO5) from the land designated as the Mernda town centre in Precincts 3, 4 and 5;
- applies a new Development Plan Overlay (DPO15) to the Mernda Town Centre that is included in the Comprehensive Development Zone;
- applies a new Development Plan Overlay (DPO16) to the Mernda Township area outside the Comprehensive Development Zone;
- applies the Heritage Overlay to significant heritage places in Mernda that presently do not have planning scheme protection. The affected heritage places are generally those that have a C-rating in the Whittlesea Heritage Study (1991);
- modifies the extent of the Development Plan Overlay so that it mirrors the coverage of the Incorporated Plan Overlay across the entire Mernda development area;
- rezones a strip of land (approximately 9 hectares) on the eastern side of Cravens Road from Environmental Rural Zone to Residential 1 Zone. The Significant Landscape Overlay (SLO) is deleted from this land and the Development Plan Overlay (DPO), Incorporated Plan Overlay (IPO), and Design and Development Overlay (DDO) are applied to the land;
- applies the Road Zone – Category 2 to the length of Bridge Inn Road to recognise the status of this road as a secondary road under the Whittlesea Planning Scheme;
- rezones a narrow strip of land (approximately 3 hectares) on the eastern edge of the Plenty River corridor (south of Bridge Inn Road) from Environmental Rural Zone to Residential 1 Zone. The rezoning is accompanied by the application of the Development Plan Overlay (DPO), Incorporated Plan Overlay (IPO), and Design and Development Overlay (DDO) to the land. The Public Acquisition Overlay – Parks Victoria (PAO) is removed from this land;
- rezones two small parcels of land on the Melbourne Water Pipe Track (water main reservation from the Yan Yean Reservoir) to Public Use Zone (PUZ);

- creates minor amendments to the zoning of land used for roads and open space to ensure compatibility with surrounding zones. The Environment Significance Overlay is removed from the areas rezoned Residential 1 where applicable;
- applies the Vegetation Protection Overlay (VPO) to the segments of the Yan Yean pipe track reservation that run through, or abut, the Mernda Strategy Plan area;
- applies the Design and Development Overlay (DDO) to the entire Mernda Strategy Plan area;
- applies the Incorporated Plan Overlay to all relevant areas covered by the Mernda Strategy Plan;
- applies the Public Acquisition Overlay (PAO1) to a small portion of land proposed for inclusion in the Plenty Gorge Parklands; and
- introduces a Development Contributions Plan Overlay and relevant schedules for the area covered by the Mernda Strategy Plan.
