## Road Safety Act 1986

### ROAD SAFETY (VEHICLES) REGULATIONS 1999

#### Class 3 Notice for Log Trucks

Regulation 516 of the Road Safety (Vehicles) Regulations 1999 provides that the Roads Corporation may, by notice published in the Government Gazette, exempt a category of class 3 vehicles from a mass or dimension limit set out in Schedule 3 to the Regulations.

Under the above regulation, I, Ted Vincent, delegate of the Roads Corporation, exempt a 3 axle truck connected to a 4 axle dog trailer, transporting logs, from the dimension limits prescribed in clause 11 of Schedule 3 to those Regulations to the extent that that clause requires compliance with the length of 19 metres prescribed by regulation 411 of those Regulations.

This Notice is subject to the following conditions:

- (a) that the combination consisting of the truck and dog trailer does not exceed 22.0 metres in length; and
- (b) that the registered operator of the truck ensures that the combination can be safely operated on its intended routes.

In this Notice, unless the contrary intention appears, expressions used have the same meaning as in the **Road Safety Act 1986** and the Road Safety (Vehicles) Regulations 1999.

Nothing in this Notice authorises the driving of a class 3 log truck in a manner or in a condition or place that is otherwise prohibited by the Regulations.

This Notice operates from the date of its publication in the Victoria Government Gazette until 1 December 2009.

Dated 21 December 2004

TED VINCENT  
General Manager  
Traffic and Transport Integration  
Roads Corporation
