## NURSES BOARD OF VICTORIA

Re: Kathryn Anne Rooke  
 Identification Number 1501231  
 Registered in Division 2

Following a formal hearing into the ability to practise of Kathryn Anne Rooke, a Panel appointed by the Nurses Board of Victoria found, on 20 July 2004, that the ability of the nurse to practise is adversely affected because she has an incapacity.

The Panel determined that the suspension of Ms Rooke's registration should be removed pursuant to section 53(1) of the Act. It further determined that the following conditions are to be imposed on Ms Rooke's registration:

- (a) that she undertakes monthly random drug screens according to the standard terms and conditions of the Nurses Board as to be provided to Ms Rooke. The drug screens must include a test result for cannabinoids. The Panel does not wish Ms Rooke to use any illicit substances, including cannabis, which may undermine her resolve to remain drug free. The first monthly drug screen report is to be provided to the Board within thirty days of the date of this decision;
- (b) that Ms Rooke be required to undergo counselling with an organisation approved by the Board. Ms Rooke is required to provide the Board with progress reports from these counselling sessions every six months with the first report to be provided within six months of the date of this determination;
- (c) should Ms Rooke return to practice as a nurse, she is required to provide a professional report from her employer to the Board at intervals of three, six, twelve, eighteen months and two years after she commences that employment;
- (d) the conditions are to remain in place for a period of two years; and
- (e) any contravention of or failure to comply with a condition constitutes "unprofessional conduct" within the definition contained in section 3 of the Act and may, once an investigation has been commenced or the matter referred to hearing, give rise to immediate suspension of registration, pursuant to section 25 of the Act.
