CASEY PLANNING SCHEME

Notice of the Preparation of an Amendment

Amendment C73

The land affected by the Amendment is located within the Cranbourne East Development Contributions Plan, neighbourhoods A and B.

The Amendment proposes to:

Place a Public Acquisition Overlay over part of the land nominated under the Development Contributions Plan for Local Structure Plan 3 Cranbourne East as LSP3 East West Road and nominated under the Cranbourne East Development Plan as Linsell Boulevard. The Overlay provides for the future development of Linsell Boulevard as a new arterial road with a 34 metre wide road reserve and an additional 12 metre wide tree reserve directly to the north and south of it where no service roads have been provided.

Alter the Development Contributions Plan for Local Structure Plan 3, Cranbourne East 1997 to:

- Update and increase funding provision for land acquisition for the LSP3 East West Road, that is currently known as Linsell Boulevard.
- Increase land acquisition to allow for a road design consistent with Council's design objectives for the area, which requires the provision of 12m wide tree reserves where no service road is provided.
- Allow Council to regularly adjust land acquisition contributions for LSP3 East West Road, that is currently known as Linsell Boulevard, based on land valuations undertaken by an independent land valuer.
- Reduce lot density and a corresponding decrease in the estimated number of lots/households to be developed in Cranbourne East to reflect current development trends.

Alter the Development Contributions Plan for Local Structure Plan 6, Cranbourne 1997 and the Development Contributions Plan for Local Structure Plan 1, Lyndhurst 1997, to reflect the reduction in lot numbers expected within Cranbourne East and the increased land acquisition cost for LSP3 East West Road (Linsell Boulevard).

You may inspect the Amendment, any documents that support the Amendment, and the explanatory report about the Amendment, at the office of the planning authority: Casey City Council, Municipal Offices, Princes Highway, Narre Warren; Casey City Council, Customer Service Centres, Cranbourne Park Shopping Centre (opposite Post Office), Cranbourne, and Shop 8, 101 Seebeck Drive, Narre Warren South; and at Planning Information Centre, Upper Plaza, Nauru House, 80 Collins Street, Melbourne.

This can be done during office hours and is free of charge.

TRANS-TASMAN MUTUAL
RECOGNITION (REVIVAL OF
TEMPORARY EXEMPTION FOR WATER
HEATERS) REGULATIONS 2004

Governor-General

Order in Council

At Wellington this day of 2004

Present:

IN COUNCIL

Pursuant to section 87(1)(a) of the **Trans-Tasman Mutual Recognition Act 1987**, Her Excellency the Governor-General, acting on the advice and with the consent of the Executive Council, and in accordance with the recommendation of the Minister of Commerce (being satisfied as to the matters required by section 87(2) of that Act) makes the following regulations.

REGULATIONS

1. **Title**

These regulations are the Trans-Tasman Mutual Recognition (Revival of Temporary Exemption for Water Heaters) Regulations 2004.

2. **Commencement**

These regulations come into force on gazettal.

3. **Interpretation**

In these regulations, unless the context otherwise requires:

Efficiency Regulations means the Energy Efficiency (Energy Using Products) Regulations 2002

water heaters means goods in the product classes “**Low-pressure copper thermal storage electric water heaters**” or “**Storage water heaters (electrically heated)**” in Schedule 1 of the Efficiency Regulations; but does not include cylinders designed specifically for use with a solar collector or mains pressure cylinders with 3 or more heating elements.

4. **Temporary exemptions**

- (1) Regulations 4 and 5 of the Efficiency Regulations are exempted from the Act to the extent that they apply to water heaters.
- (2) The period of exemption is the period from the making of these regulations to the close of 31 January 2005.

EXPLANATORY NOTE

This note is not part of the regulations, but is intended to indicate their general effect.

These regulations, which come into force on gazettal, exempt, until the close of 31 January 2005, regulations 4 and 5 of the Energy Efficiency (Energy Using Products) Regulations 2002 from the **Trans-Tasman Mutual Recognition Act 1997** to the extent that those regulations apply to certain water heaters.

Under the Act, a product that is produced in, or imported into, Australia and that can be sold in Australia may also be sold in New Zealand, even though it may not comply with a more stringent New Zealand standard or other requirement for that product. From 1 February 2003 (when the relevant New Zealand standards came into force), Australia’s minimum energy performance standards for electric storage water heaters have been less stringent than the New Zealand standards set out in the Energy Efficiency (Energy Using Products) Regulations 2002. This potentially jeopardises the New Zealand Government’s energy efficiency objectives, with potential adverse effects on the environment. Therefore, a temporary 12-month exemption in relation to water heaters was granted under the Trans-Tasman Mutual Recognition (Temporary Exemption) Regulation 2003, with the result that all water heaters sold in New Zealand must meet the New Zealand standards set out in the Energy Efficiency (Energy Using Products) Regulations 2002.

The effect of these regulations is that for a period from the making of these regulations until the close of 31 January 2005, the exemption is revived so that the water heaters to which these regulations apply, whether capable of being sold in Australia or not, must comply with regulations 4 and 5 of the Energy Efficiency (Energy Using Products) Regulations 2002.
