Separate ownership will be restricted to the six (6) major buildings with the balance of the land becoming common property managed by a body corporate. All thirty-one lots will be connected to reticulated sewerage.

It is also proposed to exempt any future planning permit application for subdivision on this land from the notice requirements of Section 52(1)(a), (b) and (d), the decision requirements of Section 64(1), (2) and (3) and the review rights of Section 82(1) of the **Planning and Environment Act 1987**.

EXEMPTION

Application No. A96/2004

The Victorian Civil and Administrative Tribunal has considered an application pursuant to Section 83 of the **Equal Opportunity Act 1995** (the Act) for an exemption by the

Brotherhood of St Laurence (the applicant). The application for exemption is to enable the applicant to advertise for and employ an indigenous woman in a Breaking Cycles, Building Futures project funded by the Drug Prevention Council of Victoria, promoting maternal and child health services to indigenous mothers in the Shire of Whittlesea.

Upon reading the material submitted in support of the application, the Tribunal is satisfied that it is appropriate to grant the exemption from Sections 13, 100 and 195 of the Act.

In granting this exemption, the Tribunal noted that the indigenous community in Whittlesea experiences above average levels of disadvantage and the applicant has been funded by the State as part of the Breaking Cycles Building Futures project to promote maternal and child health services to indigenous mothers in the Shire of Whittlesea as a step towards redressing that disadvantage. The Tribunal notes the applicant's contention as a result of consultation with health professionals at the Northern Hospital and indigenous elders that the project will have little prospect of success without an indigenous woman in the role of project worker.

The Tribunal hereby grants an exemption to the applicant from the operation of Sections 13, 100 and 195 of the Act to enable the applicant to advertise for and employ an indigenous woman in the role of project worker in its Breaking Cycles, Building Futures project in the city of Whittlesea.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 17 June 2007.

Accident Compensation Act 1985

NOTICE OF INDEXED BENEFIT LEVELS AND OTHER AMOUNTS IN ACCORDANCE WITH SECTION 100 OF THE **ACCIDENT COMPENSATION ACT 1985** AND REGULATION 20 OF THE ACCIDENT COMPENSATION REGULATIONS 2001

Section 100(1) of the **Accident Compensation Act 1985** stipulates that certain amounts in Part IV and in Section 5A of the Act are varied on 1 July each year in line with the movement in the average weekly earnings for all employees in Victoria between the two previous December quarters, using the latest figures published by the Australian Statistician as at 30 May following the previous December quarter. Weekly payments are indexed on the anniversary of the entitlement to weekly payments as detailed in Section 100(2) of the Act.

The average weekly earnings for all employees in Victoria between the December quarter of 2002 and the December quarter 2003 increased from \$710.90 to \$767.10 which is an increase of 7.9%.

Following legislative changes in December 1997 some amounts are indexed by the rise in Consumer Price Index. The Consumer Price Index between the December quarter of 2002 and the December quarter of 2003 increased from 139.0 to 142.1 which is an increase of 2.2%.

Following legislative changes in December 2003, the formulas for calculating non-economic loss in respect of permanent impairment have been amended. Some amounts of compensation for non-economic loss have been increased in certain circumstances.
