A number of submissions were received in response to the consultation process. A working group of Councillors has reviewed these submissions and made the following decisions:

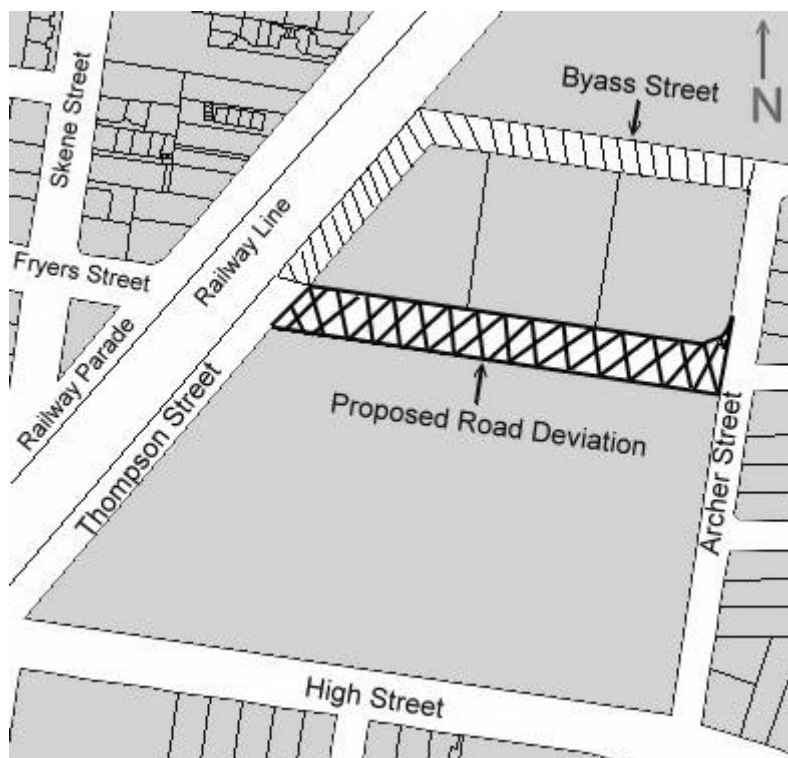

<i><b>Road</b></i>	<i><b>Name</b></i>
Unnamed Government Road off Keegans Road, Lauriston diagonally opposite Donnoley Road	To be named Henderson Track as it has been locally known for a number of years according to local residents who made submissions to the working group, after Charles Leslie Henderson who purchased the adjacent land in the 1920s.
Unnamed Government Road off Lauriston Road, Lauriston	To be named Miners Way named for both the rich historical mining history in Lauriston, and after James Miners. James Miners, one of the original owners of the land abutting this road, was a controversial member of the Local Common School Committee, and Mine Manager of the Brandenburg Quartz and Gold Mining Company, Lauriston. Miners Way also celebrates the rich mining history that the Lauriston was known for, and the many miners that worked the area. Submission by Kyneton Historical Society in conjunction with John Dunham.
Unnamed Government road off Ashbourne Road, Fern Hill	To be named Retort Road after the coal retort that was situated there. Charcoal was an important industry and was carried out on this site for over seventy years and produced hundreds of tonnes for industry which was used in place of coal, especially during World War II. This road has been locally known as Retort Road according to the Trentham Historical Society.
Unnamed road off Kinsellas Lane, Woodend just north of Kinsellas Lane and Bawden Road Intersection	To be named Wheeler Lane, after James Wheeler, Original Guarantor of the land this lane is situated on, also for his son Les Wheeler, local builder responsible for a lot of construction in the local area. Submission by the Woodend and District Heritage Society.

**EXEMPTION**

Application No. A327/2005

The Victorian Civil and Administrative Tribunal has considered an application pursuant to Section 83 of the **Equal Opportunity Act 1995** by Greater Shepparton City Council for exemption from Sections 13, 14, 42, 100 and 195 of that Act. The application for exemption is to enable the applicant to engage in the specified conduct.

In this exemption the specified conduct means – to operate the Aquamoves complex at Tom Collins Drive, Shepparton on any evening, from 5:30 pm onwards for men only, to advertise that service, and to advertise and employ in relation to that service men only. This term does not authorise the exclusion of men from the service on grounds such as ethnicity or religious belief. It does not authorise the charging to men for use of that service, of fees lower than those charged to users of the service during ordinary operating hours.

Upon reading the material submitted in support of the application and upon hearing submissions from Ms Mulcahy of the Aquamoves program and for the Reasons for Decision given by the Tribunal on 7 November 2005, the Tribunal is satisfied that it is appropriate to grant an exemption from Sections

13, 14, 42, 100 and 195 of the Act to engage in the specified conduct.

The Tribunal hereby grants an exemption to the applicant from the operation of Sections 13, 14, 42, 100 and 195 of the **Equal Opportunity Act 1995** to enable the applicant to engage in the specified conduct.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 9 November 2008.

Dated 7 November 2005

C. McKENZIE  
Deputy President

#### EXEMPTION

Application No. A364 of 2005

The Victorian Civil and Administrative Tribunal has considered an application pursuant to Section 83 of the **Equal Opportunity Act 1995** (the Act) by Deakin University Student Association Inc (the applicant). The application for exemption is to enable the applicant to employ women, elected in accordance with the applicant's Constitution and Regulations by women members of the applicant, to staff women-only spaces (known as 'Women's Rooms') on each campus of Deakin University and to limit entry to those Women's Rooms to women only ("the specified conduct").

Upon reading the material filed in support of this application including an affidavit sworn by Mr Philip John Hunt, General Manager, Deakin University Student Association, the Tribunal is satisfied that it is appropriate to grant an exemption from Sections 13, 42, 59, 60, 100 and 195 of the Act to enable the applicant to engage in the specified conduct.

In granting this exemption the Tribunal noted:

- An exemption in similar terms was granted in August 2001.
- There are a number of women enrolled at the University who suffer sexual harassment at the hands of men and who find attendance in mixed gender settings undesirable. As a result, it is necessary that these women can go to a place where they can discuss their problems or concerns in a women only

environment and, where required, access the services that the University offers these women.

- There are a number of women students who come from cultural or religious backgrounds where certain issues cannot be discussed in front of men and/or who are not allowed to mix socially with men. As such it is important to have a women only space where such issues can be discussed together.

The Tribunal hereby grants an exemption from the operation of Sections 13, 42, 59, 60, 100 and 195 of the **Equal Opportunity Act 1995** to enable the applicant to engage in the specified conduct.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 10 November 2008.

### Water Act 1989

#### PROPOSED PERMANENT WATER SAVINGS MEASURES CONSULTATION

East Gippsland Water is proposing to introduce permanent water savings measures for all water supply systems across the region from 1 December 2005.

Water shortages across the state led to the development of the Permanent Water Savings Plan and it is important that these new water savings measures, which will be imposed by water authorities, are easily understood and readily adopted by customers.

Key elements of the draft Water Savings Plan include:

- changes in the use of both automatic and manual watering systems for residential and commercial residential gardens, public gardens, sports grounds and recreational areas;
- fountains may only operate if they recirculate water;
- wholesale, retail and municipal garden nurseries are not subject to restriction or prohibited from watering plants of any description (including vegetables);
- any hand held hose used to clean vehicles must be fitted with a trigger nozzle. If used to flush a boat motor must be fitted with an appropriate flushing device designed for the purpose;
- restrictions on the hosing down of paved surfaces;
- in the construction industry hoses must not be used unless in good condition, leak free and fitted with trigger nozzles;
- swimming pools and spas with capacity greater than 2000 litres must not be filled for the first time unless the provision of water savings offsets are submitted and approved by EGW.

Copies of the draft EGW Permanent Water Savings Plan are publicly available via the EGW website [www.egwater.vic.gov.au](http://www.egwater.vic.gov.au) and in hard

copy over the counter from the Bairnsdale office.

Comment is invited. EGW will consider all comments or submissions before finalising its Water Savings Plan. Comments/submissions should be marked Water Savings Plan Submission and be directed to: The CEO, East Gippsland Water, Les Mathieson, 133 Macleod Street, Bairnsdale 3875.

Any general enquiries relating to submissions should be directed to Mr Greg Baud at EGW's Bairnsdale office, (03) 5150 4444.

**Freedom of Information Act 1982**

## STATEMENT OF REASONS FOR SEEKING LEAVE TO APPEAL

**Introduction**

1. On 6 October 2005, the Victorian Civil and Administrative Tribunal (“VCAT”) constituted by Her Honour Judge Davis, Vice President of VCAT, made a decision in the matter of *Richard Dalla-Riva v Department of Treasury and Finance* [2005] VCAT 2083.
2. The VCAT ordered the release to the applicant of one of five documents in respect of which exemption had been claimed under s 28(1)(b), (ba) and (d) of the **Freedom of Information Act 1982** (“the FOI Act”). Her Honour also found that two of the other documents were not exempt under s 28(1) of the **Freedom of Information Act 1982** (although they were exempt under s 30(1) of the **Freedom of Information Act 1982**).
3. Section 28(1)(b), (ba) and (d) respectively exempt a document from disclosure if it was prepared by an agency for the purpose of submission for consideration by the Cabinet, if it was prepared for the purpose of briefing a Minister in relation to issues to be considered by the Cabinet, or if its disclosure would involve the disclosure of any deliberation of the Cabinet. A copy of a document that was prepared by an agency for the purpose of submission for consideration by the Cabinet, or that was prepared for the purpose of briefing a Minister in relation to issues to be considered by the Cabinet, is exempt under s 28(1)(c) of the **Freedom of Information Act 1982**.
4. For the reasons set out in this statement the public interest is served by the Department appealing from the order of the VCAT.
5. As the decision was made by the Vice President of the VCAT, section 148(1) of the **Victorian Civil and Administrative Act 1998** limits any appeal to questions of law and requires that an appeal be made to the Court of Appeal of the Supreme Court of Victoria with the leave of that Court.
6. On this 2 November 2005, I have caused to be lodged with the Court of Appeal a summons seeking leave to appeal from the order of the VCAT.
7. This notice sets out a brief statement of reasons for seeking leave to appeal and is provided in accordance with section 65AB(1) of the **Freedom of Information Act 1982**.

**Statement of Reasons for Seeking Leave to Appeal**

8. Leave to appeal against the order of the VCAT has been sought because the Tribunal made errors of law regarding the proper construction of sections 28(1)(b), (ba), (c) and (d) of the **Freedom of Information Act 1982**.
  - 8.1 Her Honour wrongly construed section 28(1)(b) of the **Freedom of Information Act 1982** by focussing on the use ultimately made of the final version of a document rather than on the purpose for which the document was prepared.
  - 8.2 Her Honour wrongly construed section 28(1)(b) and (c) of the **Freedom of Information Act 1982** as operating to preclude the draft of a document for which exemption was claimed under section 28(1)(b), from being exempt if the draft was prepared for the purpose of review by Departmental officers before finalisation and submission to Cabinet for consideration.
  - 8.3 Her Honour wrongly construed section 28(1)(ba) of the **Freedom of Information Act 1982** as, among other things, requiring that a document be of a particular character and that a document must have been prepared for the purpose of briefing a Minister “on the matters to be considered by Cabinet” rather than “in relation to the issues to be considered by Cabinet”.
  - 8.4 Her Honour wrongly construed section 28(1)(d) of the **Freedom of Information Act 1982** as requiring that the disclosure of a document “disclose” rather than “involve the disclosure of” a deliberation or decision of Cabinet.

9. On the proper construction of sections 28(1)(b), (ba), (c) and (d) of the **Freedom of Information Act 1982**, a finding that documents 1, 2 and 3 were not exempt under those provisions was not open on the evidence before the VCAT. In coming to the finding that the exemptions under s 28(1) were not made in respect of documents 1, 2 and 3, the Tribunal also failed to take into account logically probative evidence.
10. Further, the Tribunal's conclusions that documents 1, 2 and 3 were not exempt under section 28(1) of the **Freedom of Information Act 1982** were so unreasonable that no reasonable tribunal could have come to those conclusions on the evidence before it.
11. The questions of law raised by the decision of the VCAT are of wide importance. The public interest in maintaining the confidentiality of Cabinet deliberations is recognised by the common law and reflected in section 28(1) of the **Freedom of Information Act 1982**. In this matter, officers could not have given evidence of the kind required by the Tribunal to make out the claim for exemption under s 28(1)(d) without infringing the privilege which attaches to the deliberations of Cabinet.
12. It is in the interest of good government that the VCAT apply the correct legal tests in relation to the exemption for Cabinet documents under section 28(1) of the **Freedom of Information Act 1982**.
