1. Purpose

To specify the areas, highways and routes that a longer B–double may travel in or on.

2. Authorising provision

This Notice is made under clause 11 of Schedule 2 and regulation 510 of the Road Safety (Vehicles) Regulations 1999.

1. Commencement

This Notice comes into operation on the date of its publication in the Government Gazette.

2. Expiration

This Notice expires on 31 October 2010.

3. Definitions

In this Notice –

“**Regulations**” means the Road Safety (Vehicles) Regulations 1999

“**road friendly suspension**” has the same meaning as in the Interstate Road Transport Regulations 1986 of the Commonwealth.

“**Approval Plate**” means a decal, label or plate issued by a Competent Entity that is made of a material and fixed in such a way that they cannot be removed without being damaged or destroyed and that contains the following information:

- (a) Trade name or mark of the Front Underrun Protection Vehicle or Front Underrun Protection Device;
- (b) Manufacturer of the Front Underrun Protection Vehicle or Front Underrun Protection Device;
- (c) Vehicle Identification Number (VIN);
- (d) Competent Entity unique identification number;
- (e) Date of Approval or issue of the plate;
- (f) Approval Number issued by the Competent Entity; and
- (g) Purpose of the approval i.e. approval for a Front Underrun Protection Device, or for a Front Underrun Protection Vehicle (UN ECE 93), or for Cab Strength (UN ECE 29).

“**Competent Entity**” means a person or organisation appointed by the Road Authority, who are certified under the Victorian Vehicle Assessment Signatory Scheme (VASS) and issued with a unique identification number, with the power to certify that the UN ECE requirements for Front Underrun Protection and Cab Strength have been met, and continue to be met, and who may authorise the fixing of appropriate Approval Plates to a Front Underrun Protection device and a vehicle.

“**Front Underrun Protection Device**” means a device fitted to a prime mover:

- (a) That complies with UN ECE Regulation No. 93 and meets all of the requirements set out in Section 6 “Requirement For FUPDs” of Part I and Section 8 “Requirements for Installation of an Approved FUPD” of Part II of those regulations;
- (b) Where compliance with the performance requirements of UN ECE Regulation No. 93 was established by laboratory testing carried out in accordance with the procedures set out in Annex 5 of UN ECE Regulation No. 93; and

SPECIAL

- (c) That was tested using the Test Conditions set out in Section 1 and the Test Procedure set out in Section 3 of Annex 5. “**Front Underrun Protection Vehicle**” means a vehicle that complies with UN ECE Regulation No.93 (UN ECE R93) because it is designed and constructed so that it meets all of the requirements of Section 10 “Requirements for a vehicle with FUP” of Part III of those regulations.

“**E–mark**” means an approval mark arranged and issued in accordance with Annex 4 “Arrangements of Approval Marks” of UN ECE Regulation No. 93 or Annex 2 “Arrangements of Approval Marks” of UN ECE Regulation No. 29.

4. Interpretation

- (1) In this Notice, unless the contrary intention appears, expressions used have the same meaning as the **Transport Act 1983** and the Regulations.
- (2) For the avoidance of doubt, it is declared that nothing in this Notice is intended to authorise the driving of a B–double in a manner or in a condition or place that is contrary to any law except as specifically provided in this Notice.

Example

The specification of a highway as a B–double route does not permit a B–double to be driven over any bridge in contravention of a posted mass or dimension limit in relation to that bridge.

- (3) Map references to the Melway Greater Melbourne Street Directory (“Mel”) and the VicRoads Country Street Directory of Victoria (“VSD”) are provided to aid the reader and are not part of this Notice.

5. Conditional exemption from dimension limits of certain longer B–doubles

A vehicle is exempt only if all conditions of the exemption set out in Schedule 1 to this Notice are being complied with.

6. Declaration

By this Notice, the Roads Corporation specifies the following roads or parts of roads as B–double routes:

- (1) all declared roads within the meaning of the **Transport Act 1983** other than:
