“**Regulations**” means the Road Safety (Vehicles) Regulations 1999

- (b) Manufacturer of the Front Underrun Protection Vehicle or Front Underrun Protection Device;
- (c) Vehicle Identification Number (VIN);
- (d) Competent Entity unique identification number;
- (e) Date of Approval or issue of the plate;
- (f) Approval Number issued by the Competent Entity; and
- (g) Purpose of the approval i.e. approval for a Front Underrun Protection Device, or for a Front Underrun Protection Vehicle (UN ECE 93), or for Cab Strength (UN ECE 29).

“**Competent Entity**” means a person or organisation appointed by the Road Authority, who are certified under the Victorian Vehicle Assessment Signatory Scheme (VASS) and issued with a unique identification number, with the power to certify that the UN ECE requirements for Front Underrun Protection and Cab Strength have been met, and continue to be met, and who may authorise the fixing of appropriate Approval Plates to a Front Underrun Protection device and a vehicle.

“**Front Underrun Protection Device**” means a device fitted to a prime mover:

- (a) That complies with UN ECE Regulation No. 93 and meets all of the requirements set out in Section 6 “Requirement For FUPDs” of Part I and Section 8 “Requirements for Installation of an Approved FUPD” of Part II of those regulations;

**SPECIAL**

“**Front Underrun Protection Vehicle**” means a vehicle that complies with UN ECE Regulation No.93 (UN ECE R93) because it is designed and constructed so that it meets all of the requirements of Section 10 “Requirements for a vehicle with FUP” of Part III of those regulations.

“**E-mark**” means an approval mark arranged and issued in accordance with Annex 4 “Arrangements of Approval Marks” of UN ECE Regulation No. 93 or Annex 2 “Arrangements of Approval Marks” of UN ECE Regulation No. 29.

#### 6. Interpretation

- (1) In this Notice, unless the contrary intention appears, expressions used have the same meaning as the Transport Act 1983 and the Regulations.
- (2) For the avoidance of doubt, it is declared that nothing in this Notice is intended to authorise the driving of a B-double in a manner or in a condition or place that is contrary to any law except as specifically provided in this Notice.

#### Example

The exemption of certain vehicles with road friendly suspension from mass limits does not permit such a vehicle when used on a particular road to be driven over any bridge on that road in contravention of a posted mass or dimension limit in relation to that bridge.

- (3) Map references to the Melway Greater Melbourne Street Directory (“Mel”) and the VicRoads Country Street Directory of Victoria (“VSD”) are provided to aid the reader and are not part of this Notice.

#### 7. Conditional exemption from mass and dimension limits of certain heavier and longer B-doubles

- (1) By this Notice, the Roads Corporation exempts B-doubles which are fitted with road friendly suspension on –
  - (a) a single axle with 4 tyres, on a motor vehicle or semi-trailer; or
  - (b) a tandem axle group with 6 tyres, on a motor vehicle; or
  - (c) a tandem axle group with 8 tyres, on a motor vehicle or semi-trailer; or
  - (d) a tri-axle group with 12 tyres on a semi-trailer –
 from the requirements of clauses 2, 3, 4 and 8 of Schedule 2 to the Regulations.
- (2) However, a vehicle is exempt only if all conditions of the exemption set out in the Schedule to this Notice are being complied with.
