**Water Act 1989**

PROPOSED PERMANENT
WATER SAVING PLAN

Lower Murray Water (LMW) is proposing to introduce permanent water saving rules for all urban and rural garden water supply systems across the LMW region from 1 January 2006, as required and outlined in Action 5.4 of the government's White Paper for Water.

Water shortages across the State led to the development of the Permanent Water Saving Plan and it is important that these new water saving rules, which will be imposed by all water authorities, are easily understood and readily adopted by our customers.

Key elements of the draft Permanent Water Saving Plan include:

- Changes in the time-of-use for both automatic and manual watering systems. These include private/public gardens and lawns, and public sports and recreational grounds.
- Fountains may only be used if they recirculate water.
- A hand held hose must not be used at any time to clean a vehicle unless it is fitted with a trigger nozzle.
- Hard surfaces must not be cleaned with water from a hose unless cleaning is required as a result of an accident, fire, emergency or a health hazard has developed.
- No restrictions apply to watering of plants at wholesale, retail and municipal garden nurseries.
- Hoses used in the construction industry must be fitted with a trigger nozzle.

Copies of the Permanent Water Saving Plan are publicly available via the LMW web site, www.lmw.vic.gov.au and in hard copy over the counter from any LMW office.

Comment is invited from all interested parties. LMW will consider all comments or submissions before finalising its Permanent Water Saving Plan. Comments/submissions should be marked "Permanent Water Saving Plan Submission" and be directed to: Mr Ron Leamon, Chief Executive Officer, Lower Murray Water, PO Box 1438, Mildura 3502.

General enquiries related to the Permanent Water Saving Plan should be directed to Mr Keith Thomson on (03) 5051 3420.

BY-LAW NO. 2

WATER RESTRICTIONS FOR
DROUGHT RESPONSE

Lower Murray Water (LMW) is proposing to introduce a revised By-Law No. 2, Water Restrictions for Drought Response, for all urban and rural garden water supply systems across the LMW region from 1 January 2006, as

required and outlined in Action 5.8 of the government's White Paper for Water.

Water shortages across the State led to the development of By-Law No. 2 Restrictions for Drought Response and the intent of the By-Law is to ensure greater uniformity by introducing a four stage uniform restriction schedule across the State of Victoria.

Key elements of By-Law No. 2 Water Restrictions for Drought Response:

- Replacing the five stage restriction schedule with a state wide uniform four stage restriction schedule.
- Increase in the number of restriction categories from fourteen to twenty-four.
- Improvement and an increase in the number of definitions.
- A listing of "Trigger Points" for all four restriction stages.
- The provision of a key word index for ease of restriction schedule access.

Copies of By-Law No. 2 Water Restrictions for Drought Response are publicly available via the LMW web site, www.lmw.vic.gov.au and in hard copy over the counter from any LMW office.

Comment is invited from all interested parties. LMW will consider all comments or submissions before finalising its By-Law No. 2 Water Restrictions for Drought Response. Comments/submissions should be marked "By-Law No. 2 Water Restrictions for Drought Response" and be directed to: Mr Ron Leamon, Chief Executive Officer, Lower Murray Water, PO Box 1438, Mildura 3502.
