The road is to be sold subject to the right, power or interest held by Whitehorse City Council and Yarra Valley Water Limited in the road in connection with any sewers, drains or pipes under the control of those authorities in or near the road.

EXEMPTION

Application No. A478/2004

The Victorian Civil and Administrative Tribunal (the Tribunal) has considered an application, pursuant to Section 83 of the **Equal Opportunity Act 1995** (the Act), by the Thornbury Women's Neighbourhood House Inc (the applicant). The application for exemption is to enable the applicant to offer courses held at the applicant's premises during normal operating hours to women only; advertise for and employ women only as instructors for those courses; and to restrict membership of the applicant and its management committee to women only.

Upon reading the material submitted in support of the application, including the affidavit of Ms Dorothy Benjamin, and upon hearing Mr Amendola, the Tribunal is satisfied that it is appropriate to grant an exemption from Sections 13, 15, 42, 100 and 195 of the Act to enable the applicant to offer courses held at the applicant's premises during normal operating hours to women only; advertise for and employ women only as instructors for those courses; and to restrict membership of the applicant and its management committee to women only.

In granting this exemption the Tribunal noted that:

- it accepted the cultural, social and health barriers adverted to in Ms Benjamin's affidavit that some women in the Thornbury community face in their attempts to participate in recreational and/or educational activities which the granting of the exemption would help to redress, because the applicant would be providing those women with opportunities to participate in a nurturing environment;
- the applicant has a policy of referring any male applicants wishing to participate in the applicant's women-only classes, to another neighbourhood house with a suitable alternative course, ensuring that any disadvantage suffered by such individuals is kept to a minimum;
- the City of Darebin is serviced by five other neighbourhood houses, so that any potential disadvantage to men in the Thornbury community is further reduced;
- to ensure a friendly, non-threatening and culturally appropriate environment for a wide range of women from different cultural backgrounds, it is desirable that membership of the applicant and its management committee be restricted to women, which will also allow representative members from the community to develop management experience and skills in a suitable environment;
- similarly it is desirable that women only be employed as instructors for the courses proposed;
- notice of the application for this exemption was placed in the Northcote Leader from 16 February 2005 until the hearing inviting any interested person to write to the Tribunal if they wished to be heard. The Tribunal did not receive any requests to be heard.

The Tribunal hereby grants an exemption to the applicant from the operation of Sections 13, 15, 42, 100 and 195 of the Act to enable the applicant to offer courses held at the applicant's premises during normal operating hours to women only; advertise for and employ women only as instructors for those courses; and to restrict membership of the applicant and its management committee to women only.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 17 March 2008.

EXEMPTION

Application No. A80/2005

The Victorian Civil and Administrative Tribunal (the Tribunal) has considered an application, pursuant to Section 83 of the **Equal Opportunity Act 1995** (the Act), by Darebin City Council (the applicant). The application for exemption is to enable the applicant to advertise for and employ an Aboriginal or Torres Strait islander artist to undertake the design of public art work on an Aboriginal or islander theme.

Upon reading the material submitted in support of the application, including the affidavit of Mark Wilkinson, the Tribunal is satisfied that it is appropriate to grant an exemption from Sections 13, 100 and 195 of the Act to enable the applicant to advertise for and employ an Aboriginal or Torres Strait islander artist to undertake the design of public art work on an Aboriginal or islander theme.

In granting this exemption the Tribunal noted:

- Council is seeking a design on an Indigenous theme for the new civic square adjacent to the old Northcote Town Hall. In order to show respect to the Council's large Aboriginal and islander community (the largest in Melbourne) the Council would like to engage an Aboriginal or islander artist to undertake the design for this work;
- Council policy is to avoid commissioning artworks where there may be an inappropriate use of cultural symbols or misappropriation of cultural symbols by an artist/s not of that culture. The engagement of an Indigenous artist would avoid this;
- Selection of the artist is to be made under the auspices of the Darebin Aboriginal and Torres Strait Islander Community Council.

The Tribunal hereby grants an exemption to the applicant from the operation of Sections 13, 100 and 195 of the Act to enable the applicant to advertise for and employ an Aboriginal or Torres Strait islander artist to undertake the design of public art work on an Aboriginal or islander theme.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 17 March 2008.

EXEMPTION

Application No. A81/2005

The Victorian Civil and Administrative Tribunal (the Tribunal) has considered an application pursuant to Section 83 of the **Equal Opportunity Act 1995** (the Act), by Women's Housing Ltd (the applicant). The application for exemption is to enable the applicant to advertise for and employ female staff only.

Upon reading the material submitted in support of the application, including the affidavit of Yvonne De Vries, the Tribunal is satisfied that it is appropriate to grant an exemption from Sections 13, 100 and 195 of the Act to enable the applicant to advertise for and employ female staff only.

In granting this exemption the Tribunal noted:

- the applicant is a gender specific housing service, funded by the Department of Human Services, providing housing support and related services for women by women, as stipulated in the service funding agreement;
- the applicant was formerly known as Statewide Women's Community Housing Service;
- an exemption in similar terms was granted in June 2000 and has since expired.

The Tribunal hereby grants an exemption to the applicant from the operation of Sections 13, 100 and 195 of the Act to enable the applicant to advertise for and employ female staff only.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 24 March 2008.

WODONGA PLANNING SCHEME

Notice of Approval of Amendment

Amendment C43

The Minister for Planning has approved Amendment C43 to the Wodonga Planning Scheme.

The Amendment comes into operation on the date this notice is published in the Government Gazette.

The Amendment rezones 21.4 hectares of undeveloped land known as Part of Lot 17 on Plan of Subdivision No. 502127, Kenneth Watson Drive, Bandiana; Parts of Lot 18 on Plan of Subdivision No. 502127, being the Huon Hill Regional Park; from a Low Density Residential Zone to a Residential 1 Zone and amends the schedule to the Design and Development Overlay. It also rezones Lot 13 on Plan of Subdivision No. 502127, being land owned by North East Water, from Residential 1 Zone to Public Use Zone.

The Amendment also undertakes a number of corrections to the zones and overlays in the general area around the base of Huon Hill to ensure the zone and overlay boundaries appropriately correspond with title boundaries. The specific changes proposed in the Amendment are:

- the zone boundary between the Environmental Rural Zone and the Residential 1 Zone is corrected to ensure the zone boundary is the same as the property boundary in private ownership;
- the zone boundary between the Road Zone1 and Residential 1 Zone is corrected to ensure the sections of land no longer required by VicRoads for the Bandiana Link Road are available for residential development;
- the Design and Development Overlay (DDO) and Environmental Significance Overlay 2 (ESO2) are amended to ensure they correspond with property boundaries, with the DDO relating to land zoned Residential 1 and the ESO2 applying to land zoned Environmental Rural;
- the Public Acquisition Overlay is removed from land on Huon Hill and adjoining Wodonga Creek, as the land is now in Council ownership.

A copy of the Amendment can be inspected, free of charge, during office hours, at the Department of Sustainability and Environment, Planning Information Centre, Upper Plaza, Nauru House, 80 Collins Street, Melbourne; the North East Regional office, 35 Sydney Road,

CODE OF PRACTICE FOR THE WELFARE OF ANIMALS IN HUNTING
(REVISION NUMBER 1)

PREFACE

The **Prevention of Cruelty to Animals Act 1986**, administered by the Department of Primary Industries, has the purpose of protecting animals, encouraging the considerate treatment of animals and improving the level of community awareness about the prevention of cruelty to animals. It establishes fundamental obligations relating to the care of animals in general terms. Details of obligations are found in codes of practice that are made under the provisions of the Act. These set out minimum standards and recommendations relating to important aspects of the care of animals. They are developed following a process of consultation with stakeholders and the community.

They reflect the views and values held by Victorians with respect to the care and use of animals. It is recommended that all those who care for or use animals become familiar with the relevant codes.

Codes are issued after review by the Animal Welfare Advisory Committee. This committee is comprised of members who have knowledge and expertise in particular areas such as animal welfare, veterinary science, animal uses in research, agriculture, the commercial use of animals and the standards and conduct of ethical use of animals.

This particular code has also been reviewed by the Hunting Advisory Committee.

The purpose of the code is to prevent cruelty and encourage the considerate treatment of animals that are hunted or used for hunting.

This *Code of Practice for the Welfare of Animals in Hunting (Revision Number 1)* was issued by a notice published in the Government Gazette on 17 March 2005 under Section 7 of the **Prevention of Cruelty to Animals Act 1986**.

1 Introduction

- 1.1 This Code aims to prevent cruelty and encourage the considerate treatment of animals that are hunted or used for hunting.
- 1.2 This Code recommends membership by recreational hunters of approved hunting organisations.
- 1.3 To protect the welfare of hunted animals, this Code clearly defines the only type of animals that may be used to assist hunters and the acceptable method in which these animals can be used.
- 1.4 This Code does not approve of hunting where one animal is permitted to inflict an injury that causes another animal to suffer.
- 1.5 In this Code, hunting includes the use of any legal firearm or bow capable of humanely killing the animal hunted.

2 Definitions

- **Domestic (Feral and Nuisance) Animals Act 1994** and associated regulations.

‘**The Wild**’ in relation to any animal means the natural habitat of the animal, or independent, unpossessed or natural state and not an intentionally domesticated or capture state regardless of the location.

3 Hunter conduct**Minimum standards**

- 3.1 Hunted animals must at all times be free and unrestricted in the wild.
- 3.2 Firearms and ammunition or bows and arrows must be used that will humanely kill the species being hunted.
- 3.3 An animal must only be shot at when:
- it can be clearly seen and recognised;
 - it is within the effective range of the firearm, ammunition, or bow and arrow and the skills of the hunter; and
 - a humane kill is likely.
- 3.4 Shooting an animal in the wild for the purpose of testing the proficiency of hunters, or hunting equipment, is not permitted.
- 3.5 A hunter must shoot to cause a quick and painless death.
- 3.6 Every animal which is shot must be immediately examined to ensure that it is dead. Every animal which isn't dead on retrieval must be humanely destroyed immediately.
- 3.7 If an animal is wounded and escapes, all reasonable attempts must be made to locate it so it can be killed quickly and humanely before hunting another animal.
- 3.8 Hunters must be aware of and observe all regulations and legislation that relates to hunting and the use of firearms.
- 3.9 The hunting of game birds released from captivity must only occur at establishments licensed under the **Wildlife Act 1975** for hunting of game birds.

Recommended best practice

- 3.10 Nets may be used to catch foxes that have gone to ground or rabbits forced from burrows by ferrets. No other devices should be used to restrict animals to an area.
- 3.11 To produce a quick and painless death a hunter should:
- shoot to hit the area occupied by the brain or heart of an animal when using a rifle;
 - shoot to have the animal in the centre of the pattern at the point of impact when using a shotgun;
 - shoot to hit the heart/lung area when using a bow and arrow.

Guideline

- 3.12 A trained dog, scent-trailing hound or gundog may help to quickly locate an injured animal.

4 Use of dogs in hunting

Minimum standards

- 4.1 Dogs must not be used in hunts under conditions where there is an unacceptable risk to them of heat exhaustion or a serious accident.
- 4.2 Dogs used for hunting must not be permitted to worry, maim or injure animals.
- 4.3 Scent-trailing hounds that bite deer, or any gundog used to point, flush or retrieve that makes an unprovoked attack or maims another animal, must not be used for hunting.
- 4.4 Dogs must not be used to attack or hold pigs.
- 4.5 Any dog used to point or flush pigs that makes an unprovoked attack or maims another animal must not be used for hunting.
- 4.6 Scent-trailing hounds used for hunting deer must be registered with the Department of Sustainability and Environment. These hounds must be identified in accordance with the provisions of the **Wildlife Act 1975** and the associated regulations.
- 4.7 Scent-trailing hounds must not be allowed to wander unchecked or out of control of a hunter.
- 4.8 Juvenile scent trailing hounds must be accompanied by at least one trained hound when hunting.
- 4.9 If one scent-trailing hound team fails to locate a Sambar Deer, or loses the trail of a deer, use of another team of scent-trailing hounds on that trail is not permitted. A coordinated hunt by two or more teams is not permitted.

Recommended best practice

- 4.10 Dogs used to assist hunters should be healthy and in good physical condition. If these animals are injured, they should receive prompt first aid or professional treatment.
- 4.11 **Gundogs** used to assist hunters should be bred from stock that instinctively hunt in the manner prescribed in this Code. They should be selected for behavioural characteristics such as a non-aggressive temperament, obedience, be trained to obey commands from the hunter to only hunt certain types of wild animals and to ignore distractions in the field.
Gundogs may be used to point or flush sambar deer, ducks, quail, foxes, hare, or rabbits or to retrieve duck, quail, hare or rabbits. A gundog should retrieve without causing physical injury so that the animal retrieved can be killed humanely by the hunter.
- 4.12 **Scent-trailing hounds** may be used to locate hunted animals by scent trailing subject to the conditions of this Code.
Scent-trailing hounds should only be released from the leash on a Sambar Deer mark. Scent-trailing hounds should not be started on any female known or suspected to have a small calf.
A maximum of two juvenile scent-trailing hounds in training may be used in any hound team.

Guideline

- 4.4 Dogs may be used to point or flush pigs.

5 General provisions**Minimum standards**

- 5.1 When hunting deer, a female with a calf too young to survive alone should not be shot. If a female in milk is killed, every effort should be made to locate the calf. If the calf is too young to survive alone, it must be killed humanely.
- 5.2 Fox hunters who use hounds and horses must be members of an approved hunting organisation who use horses and hounds for hunting foxes. The only hounds permitted to be used for this purpose are 'foxhounds' identified by a legible ear tattoo and registered with the approved organisation.
- 5.3 A means of humane killing must be available to kill a fox if required during a hunt using horses and hounds.
- 5.4 Live animals must not be used to feed or train ferrets in captivity.
- 5.5 Ferrets that savage rabbits must not be used in hunting.

Recommended best practice

- 5.6 **Duck hunting.** When hunting ducks a hunter should not fire into flocks of flying ducks but should single out a duck and fire when that duck is within range. A hunter may only fire at a duck on water if it is wounded and after ensuring it is safe to do so.
- 5.7 **Fox hunting with horses and hounds.** Foxes hunted using foxhounds and horses should not be headed or deliberately diverted for the purpose of prolonging the hunt. A fox that has gone to ground should not be pursued again on that hunt.
- 5.8 **Rabbit hunters** may use ferrets to drive rabbits from burrows. Ferrets used to hunt rabbits should be healthy and in good physical condition. Hunters should have digging equipment and every effort should be made to regain a ferret lost in hunting.
