EXEMPTION

Application No. A130/2005

The Victorian Civil and Administrative Tribunal (the Tribunal) has considered an application pursuant to Section 83 of the **Equal Opportunity Act 1995** (the Act), by the Oaktree Foundation (the applicant). The application for exemption is to enable the applicant to advertise for and employ from time to time persons 25 years of age and under in various employment positions with the applicant.

Upon reading the material submitted in support of the application, and upon hearing Ms Megan Jackson, the Tribunal is satisfied that it is appropriate to grant an exemption from Sections 13, 100 and 195 of the Act to enable the applicant to advertise for and employ from time to time persons 25 years of age and under in various employment positions with the applicant.

In granting this exemption the Tribunal noted:

- Oaktree is an entirely youth run aid and development organisation about young people learning through partnership. All of its volunteers are under the age of 26. Oaktree began with a group of young leaders from the Melbourne community who came together to fight poverty and injustice, recognising that as young people they did not have to wait until they were older in order to make a real difference in the world.
- Oaktree has experienced tremendous support and growth. It now has over 3000 volunteers and supporters world wide with active groups in Melbourne, Sydney, Brisbane and Perth as well as internationally in South Africa. Teams are also being launched in the USA and UK.
- Oaktree's core principles are young people, education and sustainability. Its advocacy and fundraising initiatives, international and local projects and the way it mobilises volunteers, reflect these core principles. Oaktree gives young people the opportunity to respond to issues of injustice and highly valuable experience in a wide variety of skill areas. It has teams in the legal, finance, IT, volunteer coordination, media, marketing and research & development areas and its advocacy and fundraising network operates in schools, universities, churches and the corporate sphere. Each team is headed by a young volunteer.
- In keeping with its ethos of empowering both young people and developing communities through education in ways that are sustainable, it is important its paid staff are young people too. It is expected that the number of paid staff will increase over time such that the exception under s21 of the Act does not apply.
- Oaktree's accountability structures reflect its commitment to providing a vehicle for young people to gain experience in running a non-government organisation. The Board has a majority of young people with the balance made up by key mentors in areas including the development, human rights and corporate sectors.

The Tribunal hereby grants an exemption to the applicant from the operation of Sections 13, 100 and 195 of the Act to enable the applicant to advertise for and employ from time to time persons 25 years of age and under in various employment positions with the applicant.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 2 June 2008.

Applications will not be accepted and licences will not be issued in the name/s of a partnership or an incorporated body. Only one application will be accepted from any one applicant.
3. Applicant character checks will include assessment of disclosable court outcomes based on a National Police Certificate, driving history and any other relevant information available to the Department of Infrastructure.
4. The eligibility of any applicant to be considered for issue of a Peak Service licence will be determined on the basis of verifiable information that the applicant meets all of the specified eligibility criteria and satisfies the Department of Infrastructure that he/she is a fit and proper person to be issued a licence. Fitness to hold a licence will include consideration of:
 - traffic and other offences proven against the applicant;
 - industry-related complaints registered with the Department and/or taxi depots; and
 - compliance with laws and other legal responsibilities the Department may consider relevant to determination of applicant suitability.
5. Applicants without offences recorded against them and who otherwise have the highest degree of service excellence within the industry will be considered in preference over applicants who have a less satisfactory service history.
6. Applicants will initially be ranked on the basis of disclosable court outcomes based on a National Police Certificate and driving history. The highest ranked applicants will be invited to an interview to enable a personal assessment to be undertaken.
7. If, after consideration of all eligibility and selection criteria, including ranking applicants on the basis that applicants with the highest degree of service excellence will be considered in preference over applicants who have a less satisfactory service history, any number of applicants are rated as equal, licence allocation will be determined in the order of the longest verifiable period of holding a Driver's Certificate endorsed to drive metropolitan Melbourne taxi-cabs.
8. Where an application is approved, the licence will be issued on payment of the licence fee, in full, referred to in paragraph b).
9. The release of the 101 metropolitan taxi-cab Peak Service licences may be staged over a 12 month period.
10. All licences issued will be subject to special conditions to ensure efficient and effective provision of taxi services including:
 - Peak Service taxi-cabs will only be permitted to operate for hire during the hours of 3 pm until 7 am the following morning on any day of the week. Peak Service taxis-cabs will also be authorised to operate at other times specified in licence conditions during major events such as the Formula One Grand Prix and Melbourne Cup;
 - a hiring which commences prior to, but not completed by 7 am will be permitted to be completed;
 - Peak Service taxi-cabs must meet Victorian Taxi Directorate specifications for licensing as a taxi and must, at the time of licensing, be registered in the name of the licence holder;
 - Peak Service taxi-cabs will be identified with special registration number plates and will be required to have the roof section, including door pillar sections, painted "Victorian Taxi Green" to Victorian Taxi Directorate specifications. The remainder of the body will be painted "Victorian Taxi Yellow" and fitted with standard taxi livery decals;

- any vehicle presented for licensing as a peak time taxi-cab must be less than 2.5 years old when first licensed as a taxi. The vehicle must not be operated as a taxi if it is more than 6.5 years of age. Age limits are calculated from the manufacturers' build date as shown on the vehicle compliance plate; and
 - Peak Service taxi-cab licences must not be transferred or assigned to another person at any time. This does not prevent the licence holder from employing a driver or engaging a driver under a Driver Bailment Agreement. At any time, the licence holder may cease operating the licence by surrendering the licence and taxi-cab registration plates to the Victorian Taxi Directorate. In the event of the surrender of a licence at any time, any remaining portion of the licence fee paid for that year of operation will be forfeited by the licence holder.
- h) All applications for taxi-cab licences within the proclaimed zone lodged prior to 2 June 2005 are deemed to have lapsed.
