Road Management Act 2004

VARIATION OF SECTION 110 THRESHOLD AMOUNT FOR 2005–06

I, Peter Batchelor, Minister for Transport and Minister administering the **Road Management Act 2004**, publish this notice in accordance with section 111(5) of that Act.

Background

Section 110 of the **Road Management Act 2004** (“the Act”) provides that a road authority is not liable for property damages (as defined in that section) where the value of the damage is equal to or less than the “threshold amount”. It further provides that the amount which may be recovered against a road authority in a claim for property damages which exceeds the threshold amount is to be reduced by the threshold amount.

“Threshold amount” is defined by section 110(1) as the amount of \$1,000 as varied under section 111. Section 111(1) of the Act provides a formula for the variation of the original \$1,000 threshold amount in respect of the 2005–06 financial year and each subsequent financial year:

$$A \times \frac{B}{C}$$

where—

‘A’ is the amount referred to in section 110.

‘B’ is the all groups consumer price index for Melbourne as at 15 June in the preceding financial year last published by the Australian Statistician in respect of the December quarter of that financial year.

‘C’ is the all groups consumer price index for Melbourne as at 15 June in the year preceding the preceding financial year published by the Australian Statistician in respect of the December quarter preceding that 15 June.

Section 111(2) requires rounding to the nearest whole \$10 for amounts of \$1,000 or more.

Section 111(5) requires the Minister to cause a notice to be published in the Government Gazette specifying the amount as varied for the purposes of section 110 in respect of the relevant financial year.

Calculation of varied threshold amount for 2005–06

For the purposes of the calculation of the threshold amount in respect of the 2005–06 financial year, the actual values are as follows:

A = \$1,000 being the amount referred to in section 110 – see definition of “threshold amount” in section 110(1);

B = 145.3 being the all groups consumer price index for Melbourne as at 15 June 2005 last published by the Australian Statistician in respect of the December quarter of the 2004–05 financial year;

C = 142.1 being the all groups consumer price index for Melbourne as at 15 June 2004 published by the Australian Statistician in respect of the December quarter of the 2003–04 financial year.

The calculation of the threshold amount in respect of the 2005–06 financial year is therefore as follows:

$$\$1,000 \times \frac{145.3}{142.1} = \$1,022.52$$

This figure must be rounded down to \$1,020 in accordance with section 111(2)(b) of the Act.

Specification of varied threshold amount for 2005–2006

In accordance with section 111(5) of the **Road Management Act 2004**, I specify \$1,020 to be the threshold amount for the purposes of section 110 (as varied in accordance with section 111) of that Act, in respect of the financial year beginning on 1 July 2005.

Dated 22 June 2005

PETER BATCHELOR
Minister for Transport

Note: The threshold amount specified in this notice applies to property damages claims (as defined in section 110) which arise out of incidents that occur during the 2005–06 financial year.
