EXEMPTION

Application No. A149/2005

The Victorian Civil and Administrative Tribunal has considered an application pursuant to Section 83 of the **Equal Opportunity Act 1995** by Chaise Lounge Pty Ltd and Famous Four Pty Ltd for exemption from Sections 42, 100 and 195 of that Act. The application for exemption is to enable the applicants to engage in the specified conduct.

In this exemption "specified conduct" means to conduct nights at the Chaise Lounge Nightclub or the F4 Nightclub to be attended by approximately equal numbers of men and women and for that purpose to defer entry of a person to any such nightclub where entry would mean that the number of men and women patrons inside the nightclub would not be approximately equal, such entry to be deferred until, if that person is admitted to that nightclub, the number of men and women patrons are inside the nightclub would be approximately equal; and to advertise these club nights.

Upon reading the material submitted in support of the application and upon hearing submissions from Mr Rice and Ms Barber of the Equal Opportunity Commission and Mr Lococo on behalf of the Applicants and for the Reasons for Decision given by the Tribunal on 14 July 2005, the Tribunal is satisfied that it is appropriate to grant an exemption from Sections 42, 100 and 195 of the Act to enable the Applicants to engage in the specified conduct.

The Tribunal hereby grants an exemption to the applicants from the operation of Sections 42, 100 and 195 of the **Equal Opportunity Act 1995** to enable the applicants to engage in the specified conduct.

This exemption is subject to the following conditions –

1. The applicants must not refuse entry outright to a person whose entry would create a gender imbalance in the numbers of men and women patrons inside one of these nightclubs. The applicants can only defer entry as described in the exemption.
2. This exemption does not authorise the applicants to refuse entry to these nightclubs to people who identify as a couple, whether they are a man and a woman or of the same sex, or to a person who identifies as a homosexual or a lesbian.

3. This exemption does not authorise the applicants to discriminate in a way prohibited by the **Equal Opportunity Act 1995**, on the basis of lawful sexual activity, sexual orientation or gender identity (as defined in that Act).

4. The applicants must, before engaging in the specified conduct, ensure that existing management and staff of the Chaise Lounge Nightclub and the F4 Nightclub undertake education and training in relation to the provisions of the **Equal Opportunity Act 1995** and the scope and content of this exemption. The applicants must also ensure that this education and training are provided to each new member of the management or staff of those nightclubs, before they commence to work at that club.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 21 January 2006.

EXEMPTION

Application No. A200/2005

The Victorian Civil and Administrative Tribunal (the Tribunal) has considered an application, pursuant to Section 83 of the **Equal Opportunity Act 1995** (the Act), by Melbourne Citymission (the applicant). The application for exemption is to enable the applicant to advertise for and employ female caseworkers/social workers who from time to time may also need to be of Indigenous (Koori) background.

Upon reading the material submitted in support of the application, including the affidavit of Mark Chaffers, the Tribunal is satisfied that it is appropriate to grant an exemption from Sections 13, 14, 100 and 195 of the Act to enable the applicant to advertise for and employ female caseworkers/social workers who from time to time may also need to be of Indigenous (Koori) background.

In granting this exemption the Tribunal noted:

- Melbourne Citymission is a large not-for-profit welfare and community services organisation providing a wide variety of programs to the community. It has recently been granted a contract by the Department of Human Services to operate a Young Women's Crisis Service. This service will operate in conjunction with a refuge and will target young homeless women in the 15–25 year age bracket. In particular it will aim to case manage and assist young women escaping domestic violence or with a history of being abused. The service will also specifically target young Koori women.
- The aim of the service is to assist clients in a crisis and on a medium term basis and to provide support to assist clients in moving towards independence. Assistance with parenting issues will also be provided to clients with children of their own.
- This service is only open to women and a proportion of places are targeted towards Indigenous clients. Due to the issues these women have encountered it is considered necessary for the support workers to be of the same gender in order to overcome any issues of trust, fear etc which may otherwise present as significant obstacles to obtaining effective outcomes. Similarly, with a proportion of Koori clients in the service, it would be essential to have a proportion of support staff from a similar cultural background in order to provide a better understanding of the issues clients may be facing and to overcome any cultural barriers to obtaining effective outcomes.

The Tribunal hereby grants an exemption to the applicant from the operation of Sections 13, 14, 100 and 195 of the Act to enable the applicant to advertise for and employ female caseworkers/social workers who from time to time may also need to be of Indigenous (Koori) background.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 14 July 2008.

Health Services Act 1988

PURCHASING POLICY (SECTION 134)

2004–2006 Tender Schedule

Health Purchasing Victoria ('HPV'), having given notice that it intended to make a purchasing policy in accordance with Section 134 of the **Health Services Act 1988** (Vic.) (referred to hereafter as 'the Act'), and after having taken into account comments and submissions made pursuant to Section 134B of the Act hereby makes the following purchasing policy:

To whom does this policy apply?

1. This policy applies to all public hospitals listed in Schedule 1 of the Act and all public health services listed in Schedule 5 of the Act, unless specifically exempted in accordance with Section 134A of the Act or paragraphs 9.7 and/or 11.
 - 1.1. In this policy—
 - 1.1.1. "hospital" means "public hospital";
 - 1.1.2. "health service" means "public health service";
 - 1.1.3. "supplier" includes a person or body on a panel of suppliers.

Key requirements of the policy

2. All hospitals and health services are required to abide by the outcomes of the planned HPV tenders listed in the 2004–2006 timetable which is a Schedule to this policy.
3. All hospitals and health services are required to only purchase goods and/or services which will be the subject of those tenders from the successful tenderers with whom HPV enters into a contractual relationship to supply those goods and services.

4. Hospitals and health services may only enter into a contract or renew any current contract with suppliers for goods or services as per the attached tender program where there is an ability to terminate agreements when the relevant HPV tender is awarded.
5. The role of hospitals and health services, as applicable, is to:
 - 5.1. assist HPV in identifying potential tendering opportunities, including working with HPV to collect procurement data to assist in that identification process, and developing the tendering program;
 - 5.2. provide input into the development of business cases as requested;
 - 5.3. nominate staff to participate in product reference groups that will contribute towards:
 - 5.3.1. the development of tender specifications;
 - 5.3.2. the evaluation of bid responses and/or other negotiations with suppliers;and
 - 5.4. report their usage level of and/or management of HPV contracts.
6. Hospitals and health services, when planning future procurement activities, are to consider whether these procurement activities may suit the establishment of a new HPV contract that may potentially lead to improved value for other HPV clients. Such an opportunity should be discussed with HPV.

When does the policy not apply?

7. This policy does not apply in relation to the purchase of, or payment for, particular goods or services named in the attached Schedule by a hospital or health service to the extent provided for in paragraphs 8 to 11 of this policy, provided that the hospital or health service complies with any requirements of those paragraphs. Such hospitals and health services are required to comply with this policy in all other respects.

Existing contracts

8. This policy does not apply to:
 - 8.1. the extent that a hospital or health service has a current contract (i.e. established prior to 1 July 2004) in respect of the supply of particular goods and/or services that are named in the Schedule; or
 - 8.2. an HPV contract let in accordance with a previous direction or purchasing policy.Any HPV contract let in accordance with a previous direction or purchasing policy will continue to be subject to the conditions defined by said direction or purchasing policy.

Health service or hospital opts out

9. Opting out or exemption prior to the end of the tender development period
 - 9.1. In paragraphs 9.2 and 9.7 “tender development period” in relation to a proposed contract in respect of the particular goods or services means the period –
 - 9.1.1. from the date of commencement of this purchasing policy; and
 - 9.1.2. ending at the time which is 5 working days after HPV has provided to the health service or hospital a document entitled “final draft tender brief and specification” in relation to a proposed contract in respect of the supply of the particular goods or services.
 - 9.2. If at any time prior to the end of the tender development period regarding particular goods or services named in the schedule the chief executive officer of a health service or hospital –
 - 9.2.1. notifies HPV in writing that it opts out of the particular tender (either in whole or part) on clinical or operational grounds; and

9.2.2. advises HPV in writing as to the reasons for that belief – this policy does not apply to that hospital or health service in relation to that tender, or those goods or services for which the hospital or health service has opted out (as applicable).

A health service or hospital having opted out of a specific tender is permitted to opt back into that tender, during the tender development period at the absolute discretion of HPV and is conditional upon the health service or hospital supplying HPV with data regarding its current arrangements in relation to the procurement of the good or service (including data about volume and price of those goods or services).

9.3. If a chief executive officer of a hospital or health service provides a notice to HPV pursuant to clause 9.2, it must also provide HPV with a copy of any tender, standing offer contract or other arrangement the hospital or health service proposes to establish relating to such goods or services in lieu of the proposed HPV tender.

9.4. For the purposes of paragraph 9.2 “clinical or operational grounds” refers to the reasons why the purchase or use of a particular good or service by a health service or hospital (other than in accordance with the tender schedule to this policy) is necessary to ensure –

9.4.1. that patients of the health service or hospital receive clinically appropriate treatment or care; or

9.4.2. the effective administration of the hospital or health service.

In establishing clinical or operational grounds it is not sufficient to rely upon the fact that a particular good or service has been used at the health service or hospital in the past or is preferred by employees of, or contractors to, the health service or hospital. The health service or hospital must be able to give objectively verifiable reasons as to why the use of that particular good or service is required in the future or why a contract should be entered into which does not align with the tender program.

For example, a specialist service provided at the health service or hospital may necessitate the use of a unique product that is not available under the relevant tender or a hospital may for operational reasons need to enter into or renew a contract prior to the commencement of an HPV tender and the term of that contract may not be negotiable.

9.5. HPV shall endeavor to meet the perceived restrictions as defined in the notice of request to withdraw prior to sanctioning the withdrawal.

9.6. Hospitals and health services shall maintain absolute confidentiality of the draft tender specifications, and may not discuss the contents with any third party without the express written consent of HPV.

HPV grants exemption based on impact on local or small businesses

9.7. At any time within the tender development period the chief executive officer of HPV, or the person for the time being acting in that position, may exempt a health service or hospital, or class of health service or hospital, from the tender (either in whole or to the extent specified) if he or she is satisfied that this is appropriate taking into account the effect of the tender and proposed contract with regard to:

9.7.1. the viability of small or medium sized businesses; or

9.7.2. local employment growth or retention.

Post contract negotiations

10. HPV reserves the exclusive right to conduct post contract negotiations with a supplier (or a range of suppliers) if HPV believes, based on verifiable evidence from hospitals and

health services or research HPV has conducted on its own account, that the prevailing market conditions are conducive to additional value for money outcomes than offered by the current contractual arrangements. HPV will endeavor to ensure that its contracts are based on the principle that supply at all times is based on best value in the market for all HPV stakeholders.

HPV terms, conditions of tender, and contract documentation reflect this position.

Exemption from contract entered into by HPV with suppliers

11. After a supplier has been selected by HPV for particular goods or services, the chief executive officer of HPV, or the person for the time being acting in that position, may exempt in writing a health service or hospital from the requirement to pay for or purchase those particular goods or services in accordance with the contract entered into by HPV in relation to those goods or services if he or she is satisfied that –
 - 11.1. there are clinical, or operational grounds or other special circumstances which justify exempting the hospital or health service from compliance with this purchasing policy at this stage of the purchasing process; and
 - 11.2. there are no other relevant considerations (such as those relating to probity and effective purchasing practice) which would make the granting of such an exemption inappropriate.

In making this decision HPV will have regard to the matters specified in section 133 of the Act.

This purchasing policy shall not apply to the hospital or health service in relation to goods or services which are so exempt.

Compliance reports

12. Hospitals and health services are required to report their compliance with this policy by means of an annual statement of compliance in a form to be advised by HPV.
