Water Act 1989**PROPOSED PERMANENT
WATER SAVING RULES**

GWMWater proposes the introduction of Permanent Water Saving Rules similar to those recently introduced in Melbourne. Permanent Water Saving Rules aim to provide long-term water savings for the benefit of the entire community and apply when staged water restrictions are not in place. GWMWater would like your comments on the five proposed Permanent Water Saving Rules below:

- (1) Manual Watering Systems (that are turned on and off by hand) may only be used to water gardens and lawns between 8.00 pm and 10.00 am, any day of the week. This applies to all private and public gardens and sporting and recreation areas.
- (2) Automatic Watering Systems (that are set to turn on and off automatically or are set to turn off automatically after a set period of time) may only be used to water gardens and lawns between 10.00 pm and 10.00 am, any day of the week. This applies to all private and public gardens and sporting and recreation areas.
- (3) A hand held hose must be fitted with a trigger nozzle and may be used to clean your car and water your gardens and lawns any time.
- (4) Hosing down driveways, paths, concrete, timber decking or any other paved area is

not permitted. There are exceptions to this rule in the case of an accident, fire or identifiable health or safety hazard.

- (5) Before filling a new pool or spa with a capacity of 2,000 litres or more, you must contact GWMWater for an application form and submit a Water Conservation Plan that identifies water saving measures as a trade off to cover the volume of the pool or spa.

A full copy of the proposed Water Saving Rules is available on the GWMWater website at www.gwmwater.org.au or by contacting GWMWater on 1300 659 961.

Written submissions commenting on the Permanent Water Saving Rules are welcome and should be addressed to The Manager, Legal and Property, GWMWater, PO Box 481, Horsham 3402 or via email to info@gwmwater.org.au. Submissions will be accepted until Friday 7 October 2005.
