The land affected by the Amendment is Lots A, B and C PS515078Q.

The Amendment proposes to redefine the boundary of the Heritage Overlay (HO1 – Eynesbury Homestead, Eynesbury Road – Melton South).

The initial boundary of the overlay was based on an aerial photograph. Detailed survey plans of the Heritage Place and Heritage Objects have now been prepared.

Heritage Victoria has resolved to reduce their extent of registration based on this detailed survey. The proposed Amendment seeks to redefine the Heritage Overlay to accord with Heritage Victoria's extent of registration.

You may inspect the Amendment, any documents that support the Amendment and the explanatory report about the Amendment at the following locations: at the office of the planning authority, Melton Shire Council, 232 High Street, Melton; and at the Department of Sustainability and Environment, Planning Information Centre, Ground Floor, 8 Nicholson Street, East Melbourne.

This can be done during office hours and is free of charge.

Any person who may be affected by the Amendment may make a submission to the planning authority.

The closing date for submissions is 6 November 2006. A submission must be sent to the Melton Shire Council, PO Box 21, Melton 3337.

Water Act 1989

BY-LAW No. 2

Water Restrictions

Wannon Region Water Authority under the powers and authorities conferred on it by Section 171 of the **Water Act 1989**, and under any other relevant powers it has under that Act, gives notice that it has made By-Law No. 2 that regulates, restricts or prohibits the use of water in the water district of Wannon Water.

By-Law No. 2 was approved by the Minister for Water on 15 August 2006 and was adopted by Wannon Water on 22 September 2006.

As a result of the dry conditions over the past nine years many water authorities, including Wannon Water, have implemented water restrictions in accordance with Drought Response Plans. It has been recognised by the Victorian water industry and the Victorian Government that the existence of different levels and types of water restriction policies could potentially result in some degree of community confusion, and it would be desirable to have a relatively uniform water restriction policy across the State. This was confirmed in the Government's White Paper for water reform, *Our Water Our Future*.

The purpose of By-Law No. 2 therefore is to enable Uniform Water Restrictions to be implemented in accordance with Drought Response Plans in Wannon Water's region.

The Water Restrictions By-Law No. 2 is based upon four stages and contains some differences to the existing water restrictions By-Laws, specifically in regards to garden watering times and vehicle washing. A new initiative requires the development of Water Conservation Plans to offset certain water uses such as filling swimming pools. Details will be published in newspapers generally circulating in the district prior to water restrictions under By-Law No. 2 being implemented.

The restrictions and prohibitions in By-Law No. 2 apply to water supplied by Wannon Water, but do not apply to recycled or reclaimed water supplied by Wannon Water or to greywater produced and collected by an occupier. Further,

the By-Law does not apply to rainwater collected by an occupier provided the tank is not augmented in any way to water supplied by Wannon Water.

The contents of By-Law No. 2 include:

1. Authorising Provisions.
2. Purposes.
3. Definitions.
4. Stages of Restriction.
5. Suspending Restrictions.
6. Exemption from Restrictions.
7. Lifting a Stage of Restriction.
8. Contravening Restrictions.
9. Repeal.
10. Authorisation by Wannon Water.

This By-Law shall be substituted for By-Laws No. 3, No. 6 and No. 10 Regulating, Restricting or Prohibiting the Use of Water for other than Domestic Purposes.

A copy of By-Law No. 2 can be inspected and is available free of charge from Wannon Water offices at 6 McNicol Street, Camperdown; 66 Gray Street, Hamilton; 15 Townsend Street, Portland; and 99 Fairy Street, Warrnambool; telephone 1300 926 666 during normal business hours; or by visiting our website: www.wannonwater.com.au.
