Notice of Invitation of Application for Onshore Otway Basin Petroleum Exploration Permits

Applications are invited for the grant of Petroleum Exploration Permits under section 19 of the **Petroleum Act 1998** in respect of the three (3) onshore areas in the Otway Basin, in the State of Victoria, designated as VIC/O-06(1), VIC/O-06(2) and VIC/O-06(3) in the map.

APPLICATIONS

CONDITIONS OF APPLICATION

The Minister proposes to issue Petroleum Exploration Permits under the **Petroleum Act 1998** (the Act) to the successful applicant.

Applications shall be submitted in accordance with the provisions of Part 3, Exploration Permits, and Part 7, Provisions Applying to Authorities Generally of the Act.

Full details of the proposed Exploration Program being offered and covering a period of tenure of five (5) years with listings of the key objectives of the first three (3) years of the work program, for the purpose of section 27 of the Act, must be provided.

The areas are offered without implementation of the 'right to negotiate' provisions contained in Part 2, Division 3, Subdivision B of the **Native Title Act 1993** (Cwlth). The offer contained in this Notice does not constitute a representation by the Crown or any of its officers or employees that the offer does not affect Native Title. The offer is invalid if it impacts on Native Title. The successful applicant will be required, where appropriate, to comply with Native Title processes. Information regarding Petroleum titles and Native Title can be found at www.dpi.vic.gov.au/minpet/ then go to 'Policy and Legislation' then 'Native Title'.

If Native Title processes are applicable, the applicant will be required to resolve Native Title issues. The Department will also require periodic progress reports with respect to these processes.

Preliminary consultation with representatives of Aboriginal people has not identified any particular Native Title interests. However, advice has been received that Native Title Claims have been registered over these advertised areas. The Claims boundaries can be viewed on the National Native Title Tribunal (NNTT) website: www.nntt.gov.au. Successful applicants will be required to consult closely with the relevant Aboriginal groups/agencies and local Aboriginal organisations.

Potential permit holders should also note that:

- before conducting any exploration activities they must make themselves familiar with (and refer to) the Victorian **Petroleum Act 1998**, the **National Parks Act 1975**, **Wildlife Act 1975** and **Flora and Fauna Guarantee Act 1988**;
- they are to contact Parks Victoria, the Department of Sustainability and Environment (DSE) to obtain their views on proposed fieldwork to alleviate possible adverse impact on wetlands, native grasslands, threatened plant communities, rare and threatened flora and fauna species;
- they are to contact Heritage Services of the Department for Victorian Communities for consultation with Regional Cultural Heritage Program managers. Information on relevant Aboriginal Regional Cultural Heritage Program can be viewed on Aboriginal Affairs Victoria website: www.dvc.vic.gov.au; and
- they are to contact local Aboriginal Communities responsible for cultural heritage matters within their particular community boundaries before commencing operations in accordance with section 146 of the Act.

SELECTION CRITERIA

Full details of the proposed exploration program being offered and covering a period of tenure of five (5) years must be provided. The factors that will be considered in assessing applications will be the key objects of the work program for the first three (3) years of the five-year term, and the financial and technical resources available to the applicant. Applicants should note, in particular, sections 18–27 and 96–99 of the Act.

Further details of the work program bidding system, mentioned above, including the criteria for assessment of applications and the conditions to apply following the award of the permit are available by visiting the Department's website: <http://www.dpi.vic.gov.au/minpet/acreagerelease> or from the Director Minerals and Petroleum Regulation.
