Water Act 1989**BULK ENTITLEMENT (SEYMOUR) CONVERSION AMENDMENT ORDER 2008**

I, Tim Holding, as Minister administering the **Water Act 1989** (the Act), make the following Order –

1. Title

This Order is called the Bulk Entitlement (Seymour) Conversion Amendment Order 2008.

2. Preliminary

The Bulk Entitlement (Seymour) Conversion Order 1995 (the Bulk Entitlement Order) was made by the Minister on 21 August 1995 and published in the Government Gazette G37 on 21 September 1995. The Order converted all of the Mid-Goulburn Regional Water Board's entitlement to take water from the Goulburn River for the supply of the Seymour Water Supply System to a bulk entitlement.

On 1 July 1997, the Goulburn Valley Region Water Authority was appointed by Order of the Minister, to take over the whole of the property, rights, liabilities, obligations, powers and functions of the former Mid-Goulburn Regional Water Board.

Goulburn Valley Region Water Authority is now known as Goulburn Valley Region Water Corporation (the Authority).

The Authority, as part of its long-term strategy, is augmenting the Sunday Creek water supply system by constructing a pumping station on the Goulburn River near Tallarook and a pipeline to Broadford.

3. Purpose

The purpose of this Order is to enable the Authority to supply the Sunday Creek water supply system under the Bulk Entitlement (Seymour) Conversion Order 1995 by inserting an additional specified point on the Goulburn River near Tallarook.

4. Authorising provisions

This Order is made in accordance with section 44 of the **Water Act 1989**.

5. Commencement

This Order comes into operation on the day it is published in the Government Gazette.

6. Amendment of clause 4

In clause 4 of the Bulk Entitlement Order, substitute the definition of 'specified point' with –

“**specified point** means –

- (a) the location on the waterway of the Authority's raw water pumping station at Seymour; and
- (b) the location on the waterway of the Authority's raw water pumping station near Tallarook;”

7. Amendment of sub-clause 6.1

For sub-clause 6.1 of the Bulk Entitlement Order, substitute –

‘Subject to sub-clause 7.3 and clause 8, the Authority may take up to 5,340 ML of water from the waterway at the specified point in any year, at a total rate of extraction not exceeding 30.0 ML/day, with the security of supply specified in sub-clause 7.1.’

Dated 5 December 2008
