Health Services Act 1988
HEALTH PURCHASING VICTORIA
Notice of making a Purchasing Policy
Purchasing Policy (Section 134)

Overview

On 11 July 2005 Health Purchasing Victoria ('HPV') issued a purchasing policy in relation its tendering activities in accordance with section 134 of the **Health Services Act 1988** (Vic) ('the July 2005 Purchasing Policy').

Pursuant to section 134 of the **Health Services Act 1988** (Vic) HPV, having proposed to revoke the July 2005 Purchasing Policy and make a new purchasing policy, and having considered the comments received, now makes a purchasing policy to govern the future tendering activities of HPV.

For the avoidance of doubt, nothing in this policy affects the contracts which were entered into in accordance with the July 2005 Purchasing Policy. Those contracts continue to have legal force in accordance with their terms and the July 2005 Purchasing Policy.

This policy becomes effective from the date of publication in the Government Gazette.

To whom does this policy apply?

1. This policy applies to all public hospitals listed in Schedule 1 of the **Health Services Act 1988** (Vic) ('the Act') and all public health services listed in Schedule 5 of the Act, unless specifically exempted in accordance with the Act or otherwise pursuant to this policy.
 - 1.1 In this policy –
 - 1.1.1 the definitions contained in the Act apply to this policy; and
 - 1.1.2 'supplier' means a person or body supplying goods or services under a contract entered pursuant to this policy.

Key requirements of the policy

2. All hospitals and health services are required to abide by the results of the tenders which HPV (or its appointed agent) calls in accordance with this policy.
3. All hospitals and health services are required to only purchase goods and/or services which are the subject of HPV contracts awarded pursuant to the policy to supply those classes of goods and services.
4. The role of hospitals and health services is to:
 - 4.1 assist HPV in identifying potential tendering opportunities, including working with HPV to collect procurement data to assist that identification process, and developing the tender program;
 - 4.2 provide input into the development of business cases as requested;
 - 4.3 nominate participants in product reference groups that will contribute towards:
 - 4.3.1 the development of tender specifications; and
 - 4.3.2 the evaluation of bid responses and/or other negotiations with suppliers;
 - 4.4 report contract and associated details as requested by HPV from time to time; and
 - 4.5 act as HPV agent in the conduct of tenders and contract (such appointment only to be made if mutually acceptable).
5. Hospitals and health services are encouraged to consider whether planned procurement activities are advantaged through HPV involvement and the potential for further value for other HPV clients.

3 Year Prospective Tender Schedule

6. HPV shall in consultation with stakeholders develop a schedule of prospective tender requirements covering at least three years, which will include:
 - 6.1 'greenfield' tendering activity; and
 - 6.2 replacement or renewal tenders that replace (and may expand) existing contracts.
7. The prospective tender schedule may be amended by HPV from year to year to reflect the developing needs of the public health system.

Confirmed Annual Tender Program

8. HPV will publish the finalised prospective tender schedule at least annually, but having regard to the needs of both stakeholders and the market publishing may occur more often as may be desirable or necessary at the discretion of HPV. The published schedule for the next year following will be then known as the Confirmed Annual Tender Program.
9. The Confirmed Annual Tender Program may be amended by HPV (after consultation with hospitals and health services), provided that at least three months' notice of the proposed amendment is given. The amendments may include:
 - 9.1 the addition of other tender(s);
 - 9.2 the deferment of a scheduled tender to a subsequent year; and/or
 - 9.3 the removal of a scheduled tender.

Ability to contract or renew contracts once Confirmed Annual Tender Program publicized

10. Hospitals and health services may only enter into a contract or renew any current contract with suppliers for goods or services which are the subject of the Confirmed Annual Tender Program (as may be amended in accordance with clause 9) after that Program has been published, where there is a contractual capacity to terminate any such contract when a relevant HPV contract is entered.
11. For the avoidance of doubt, the obligation in clause 10 of this policy does not apply to goods or services which have been removed from the Confirmed Annual Tender Program, from the time of that removal.

When does the policy not apply?

12. This policy does not apply in relation to the purchase of, or payment for, particular goods or services by a hospital or health service to the extent provided for in clauses 13 to 21 of this policy, provided that the hospital or health service complies with any requirements of those clauses and is granted appropriate exemption. Such hospitals and health services are required to comply with this policy in all other respects.

Existing contracts

13. This policy does not apply to:
 - 13.1 the extent that a hospital or health service has a current contract in force in respect of the supply of particular goods and/or services at the time notification occurs that those goods and/or services are part of a Confirmed Annual Tender Program in accordance with clause 8 of this policy; or
 - 13.2 an HPV contract entered in accordance with a previous direction or purchasing policy issued by HPV; or
 - 13.3 an HPV contract entered outside the Confirmed Annual Tender Program in circumstances where on behalf of various stakeholders HPV is requested to act to represent their special interests and HPV does so in the exercise of its discretion accordingly.

Any HPV contract let in accordance with a previous direction or purchasing policy will continue to be subject to the conditions of the said direction or purchasing policy.

Health service or hospital opts out or seeks exemption

14. If at any time more than 5 days prior to the release of a tender by HPV (or its appointed agent) regarding particular goods or services named in the relevant Confirmed Annual Tender Program the Chief Executive Officer of a health service or hospital –
 - 14.1 notifies HPV in writing that it seeks exemption from participation in the particular tender (either in whole or part) on clinical or operational grounds; and
 - 14.2 advises HPV in writing the reasons for that belief; and
 - 14.3 HPV considers in its absolute discretion that the reasons advanced support a grant of exemption, and so decides accordingly,

this policy does not apply to that hospital or health service in relation to that tender, or those goods or services for which the hospital or health service has received exemption (as applicable).

In assessing the reasons provided in support of exemption HPV may ask for supporting documentation or other identifying material which it believes is required to assist the making of a decision, and the hospital or health service shall comply to the best of its ability.

A health service or hospital, having sought and received exemption from a specific tender, is permitted to rejoin that tender prior to the release of the tender at the absolute discretion of HPV and is conditional upon the health service or hospital supplying HPV with data or other material regarding its current arrangements (if any) in relation to the procurement of the good or service (including data about volume and price of those goods or services).

15. If a Chief Executive Officer of a hospital or health service provides a notice to HPV pursuant to clause 14 of this policy, it must also provide HPV with evidence of any tender, standing offer, contract or other arrangement the hospital or health service may have under consideration relating to such goods or services in lieu of the proposed HPV tender, or otherwise any reasons effectively preventing it at law from so doing.
16. For the purposes of clause 14 of this policy ‘clinical or operational grounds’ refers to the reasons why the exemption from participation and/or purchase or use of a particular good or service by a health service or hospital (other than in accordance with this policy) is necessary to ensure –
 - 16.1 that patients of the health service or hospital receive or will receive clinically appropriate treatment or care; or
 - 16.2 the effective administration of the hospital or health service.

In establishing clinical or operational grounds it is not sufficient to rely upon the fact that a particular good or service has been used at the health service or hospital in the past or is preferred by employees of, or contractors to, the health service or hospital. The health service or hospital must be able to give objectively verifiable reasons as to why the use of that particular good or service is required in the future or why a contract should be re-entered upon expiry or a new contract entered into which does not align with HPV’s Confirmed Annual Tender Program.

For example, a specialist service provided at the health service or hospital may necessitate the use of a unique product that is not available under the relevant tender, or operational reasons may dictate a need to enter into or renew a contract prior to the commencement of an HPV tender and the term of that contract may not be negotiable.

17. HPV shall endeavor to consider and determine the issues contained in a notice seeking exemption as soon as possible prior to formally sanctioning any withdrawal.
18. Hospitals and health services must maintain absolute confidentiality of draft tender specifications, and may not discuss the same or any related detail with any party not representing the same interests as HPV without the express written consent of HPV.

HPV grants exemption based on impact on local or small businesses

19. At any time prior to the release of a tender HPV may exempt a health service or hospital, or class of health service or hospital, from that tender (either in whole or to the extent specified by notice to that effect) if satisfied that this is appropriate taking into account the effect of the tender and proposed contract with regard to potential impact on:
- 19.1 the viability of small or medium sized businesses; or
 - 19.2 local employment growth or retention.

Post contract negotiations

20. HPV reserves the exclusive right to conduct post contract negotiations with a supplier (or a range of suppliers) if HPV believes, based on verifiable evidence from hospitals and health services or research HPV has conducted on its own account, that the prevailing market conditions are conducive to additional value for money outcomes than offered by the current contractual arrangements. HPV will endeavour to ensure that its contracts are based on the principle that supply at all times is based on best value in the market for all HPV stakeholders. HPV terms, conditions of tender, and contract documentation reflect this position.

Exemption from contract entered into by HPV with suppliers

21. After a supplier has been selected or contracted by HPV for particular goods or services, HPV may exempt in writing a health service or hospital from the requirement to pay for or purchase those particular goods or services in accordance with those arrangements if satisfied that –
- 21.1 there are clinical, or operational grounds or other special circumstances which, in the absolute discretion of HPV, justify exempting the hospital or health service from compliance with this policy at this stage of the purchasing process; and
 - 21.1 there are no other relevant considerations (such as those relating to probity and effective purchasing practice) which would make the granting of such an exemption inappropriate.

In making this decision HPV will have regard to the matters specified in section 133 of the Act.

This policy shall not apply to the hospital or health service in relation to goods or services the subject of the exemption.

Compliance reports

22. Each Chief Executive of a hospital or health service is required to report their organisation's compliance with this policy by means of an annual statement of compliance in a form advised to them by HPV.

Assignment of Contract Rights

23. HPV may, at its absolute discretion, assign right of access to any or all contracts established by HPV pursuant to this policy, an earlier purchasing policy or direction to a registered funded agency of the Victorian Department of Human Services.
- 23.1 Such agencies may include (but are not necessarily limited to):
 - 23.1.1 multipurpose services;
 - 23.1.2 denominational public hospitals;
 - 23.1.3 privately run public hospitals;
 - 23.1.4 ambulance services;
 - 23.1.5 bush nursing hospitals;
 - 23.1.6 not-for-profit nursing homes; and/or
 - 23.1.7 other entities who receive program funding from the Department of Human Services.

- 23.2 Where a 'health or related service' (as defined) also seeks to participate in an HPV contract and HPV determines in its absolute discretion that benefit would accrue to public hospitals and health services such health or related service may be included on such terms as may be mutually agreed.

Supply, Logistic or Procurement Services

24. Hospitals and health services which provide supply, logistic and/or procurement services to other entities may purchase goods which are the subject of a HPV contract under the terms of that contract for the purposes of re-supply in specie or otherwise to other hospitals, health services and/or those entities referred to in clause 23 of this policy.
- 24.1 The entities referred to in clause 23 of this policy are not permitted to re-supply goods which are the subject of a HPV contract to any other entity in the absence of authorization by HPV which may be provided in special circumstances which HPV in the exercise of its absolute discretion determines to be of sufficient community merit.
25. Any hospital or health service that provides a supply, logistic or procurement service pursuant to clause 24 must advise HPV in writing of the entities benefiting from HPV contracts and provide any further information reasonably required by HPV.

Further information, including contact details, may be found at www.hpv.org.au or by phoning 03 9947 3700.
