MANNINGHAM CITY COUNCIL

Notice of Intention to Review a Road Management Plan

Manningham City Council is undertaking a review of its Road Management Plan as is required by section 54 of the **Road Management Act 2004**.

Manningham's Road Management Plan establishes a management system for the local road network functions in achieving the necessary 'levels of service' and 'performance targets' outlined in the plan.

The purpose of the review is to ensure that the standards in relation to the inspection, maintenance and repair of the roads to which the Road Management Plan applies are appropriate.

Council is the nominated Road Authority for all local roads within the municipality and is responsible for their care and management. Therefore, the Manningham Road Management Plan applies to the following types of roads in the municipality:

- Link roads provide the main avenue of traffic movements within the municipality to the wider road network.
- Collector roads distribute traffic between and through residential, industrial and commercial areas to the Arterial and Council Link road network.
- Access roads provide predominately direct access for abutting properties.

VicRoads is the designated Co-ordinating Road Authority for Freeways and Declared Arterial Roads and is responsible for the inspection and maintenance of these roadways between outer kerbs in urban areas and fence lines in rural areas. Council is generally responsible for all local components of the road system located on Declared Arterial Roads, outside the areas of VicRoads responsibility.

Council invites the community's comments and suggestions on the current Manningham Road Management Plan to inform the review. Submissions can be made in writing to The Asset Co-ordinator, Manningham City Council, PO Box 1, Doncaster, Vic. 3108 or e-mail to manningham@manningham.vic.gov.au before review 5.00 pm on Friday 31 October 2008.

A copy of the current Road Management Plan may be inspected at the Council Offices at 699 Doncaster Road, Doncaster, during normal offices hours.

Council looks forward to your comments and suggestions.

EXEMPTION

Application No. A221/2008

The Victorian Civil and Administrative Tribunal has considered an application, pursuant to section 83 of the **Equal Opportunity Act 1995**, by Sunraysia District Ladies Bowling Association. The application is for renewal of exemption A201 of 2005 which was due to expire on 28 July 2008. The application for exemption is to enable the applicant to continue the Dot Jenkinson Ladies Pairs Bowling Tournament as a women's only activity (the exempt conduct).

Upon reading the material submitted in support of the application the Tribunal is satisfied that it is appropriate to grant an exemption from Sections 13, 100 and 195 of the Act to enable the applicant to engage in the exempt conduct.

In granting this exemption, the Tribunal noted:

- A previous exemption was granted A201/2005 on 20 July 2005.
- The Dot Jenkinson Ladies Pairs is a prestigious event for women only in Ladies Bowling Tournaments in Victoria and South Australia and commemorates the achievements of champion bowler Dot Jenkinson, an 'icon' amongst women bowlers.
- As a women only event it encourages greater participation of women. To have men participating in the competition may deter many women from travelling many kilometres to compete in the activity.

The Tribunal hereby grants an exemption to the applicant from the operation of Sections 13, 100 and 195 of the **Equal Opportunity Act 1995** to enable the applicant to engage in the exempt conduct.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 1 September 2011.

Dated 4 September 2008.

Flora and Fauna Guarantee Act 1988NOTICE OF DECISION UNDER
SECTION 16

In accordance with section 16 of the **Flora and Fauna Guarantee Act 1988**, I have considered the final recommendations of the Scientific Advisory Committee as advertised in 'The Age' newspaper and 'The Weekly Times' newspaper and various local newspapers on 16 January 2008 and 22–23 April 2008, and in the Government Gazette on 17 January 2008 and 24 April 2008.

I have decided, after considering the comments of the Victorian Catchment Management Council, to recommend to the Governor in Council that the taxon of flora recommended for listing by the Scientific Advisory Committee be added to the list of taxa and communities of flora and fauna which are threatened and that the process recommended for listing by the Scientific Advisory Committee be added to the list of potentially threatening processes. The taxon to be added is Chariot Wheels *Maireana cheelii*. The process to be added is 'Loss of biodiversity in native ant populations and potential ecosystem integrity following invasion by Argentine Ants (*Linepithema humile*)'.

My reasons for this decision are the same as those advertised in the final recommendations of the Scientific Advisory Committee.
