EXEMPTION

Application No. A209/2008

The Victorian Civil and Administrative Tribunal has considered an application, pursuant to Section 83 of the **Equal Opportunity Act 1995**, by the Victorian Electoral Commission. The application for exemption is to enable the applicant to advertise for and employ persons for State and Municipal Council Elections in respect of the positions set out in the attached Schedule 1 ('Electoral Officials') (the exempt conduct).

Upon reading the material submitted in support of the application the Tribunal is satisfied that it is appropriate to grant an exemption from Sections 13, 100 and 195 of the Act to enable the applicant to engage in the exempt conduct.

In granting this exemption, the Tribunal noted:

- Previous exemptions have been granted by the Tribunal for this purpose (in 1998, 2001 and most recently renewed in 2005 – A45/2005).
- It is of the utmost importance that electoral officials be truly independent and impartial in the conduct of their official duties, and that they be seen to be so. Given this, it remains the case that the Electoral Commission would not want to appoint as an electoral officer someone who, whilst otherwise qualified, had demonstrated through word or deed a political allegiance.
- Impartiality is at the centre of the conduct of elections. It is appropriate that this exemption is granted.

The Tribunal hereby grants an exemption to the applicant from the operation of Sections 13, 100 and 195 of the **Equal Opportunity Act 1995** to enable the applicant to engage in the exempt conduct.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 1 September 2011.

LATE NOTICES

Subordinate Legislation Act 1994

NOTICE OF PREPARATION OF REGULATORY IMPACT STATEMENT

Victorian Energy Efficiency
Target Regulations 2008

Notice is given in accordance with section 11 of the **Subordinate Legislation Act 1994**, that a Regulatory Impact Statement (RIS) has been prepared in relation to the Victorian Energy Efficiency Target Regulations 2008.

The proposed regulations are to be made under the **Victorian Energy Efficiency Target Act 2007** and need to be re-made every three years to enable the Victorian Energy Efficiency Target (VEET) scheme to operate.

Key objectives of the VEET regulations include prescribing:

- which energy efficiency activities may serve as the basis for creating tradeable energy efficiency certificates under the VEET scheme;
- the number of certificates which may be created with respect to these activities, and the circumstances in which certificates cannot be created; and
- civil penalties for non-compliance with the obligations of the scheme.

The RIS describes the need for regulations and concludes that the proposed regulations are the preferred option for achieving the objectives of the VEET scheme. The regulations affect, in particular, energy retailers, households, and businesses which choose to create tradeable energy efficiency certificates under the VEET scheme.

Copies of the RIS and the proposed regulations may be obtained from the Information Centre, Department of Primary Industries, Level 16, 1 Spring St, Melbourne or by phoning 03 9658 4440 between 9.00 am and 5.00 pm Monday to Friday or via the Internet at www.dpi.vic.gov.au/veet

Public comment is invited on the RIS and the accompanying draft regulations. All comments must be in writing and sent to VEET Submissions, Department of Primary Industries, GPO Box 4440, Melbourne, Vic. 3001, or via email to VEET.Submissions@dpi.vic.gov.au by 5.00 pm Friday 3 October 2008.
