

Victoria Government Gazette

No. S 406 Monday 9 November 2009
By Authority of Victorian Government Printer

Road Safety Act 1986

ROAD SAFETY (VEHICLES) REGULATIONS 2009

Declaration of Route for B-doubles and Exemption of Longer B-doubles from Dimension Limits

1. Purpose

The purpose of this notice is to specify the areas, highways and routes that a B-double may travel in or on, and to specify a conditional exemption for longer B-doubles from certain dimension limits, for the purposes of the Road Safety (Vehicles) Regulations 2009 (in this notice to be referred to as the Vehicles Regulations).

2. Authorising provision

This notice is made under clause 11 of Schedule 8 to, and regulations 187(2) and 188 of, the Vehicles Regulations.

Clause 11 of Schedule 8 to the Vehicles Regulations provides that a B-double may only be used on a highway that is an area, or on a route, specified by the Roads Corporation by notice published in the Government Gazette or by a class 2 permit.

Regulation 187(2) provides that Schedule 8 has effect. Regulation 188 of the Vehicles Regulations provides that the Roads Corporation may exempt a category of class 2 vehicles from certain mass or dimension limits set out in Schedule 8.

3. Commencement

This notice comes into operation on 9 November 2009.

4. Revocation

The notice published in Government Gazette No. S 371 on 15 December 2008 entitled 'Class 2 Notice – Specification of Routes for B-doubles and Conditional Exemption of Longer B-doubles from Certain Dimension Limits' is revoked.

5. Expiry

This notice expires on 9 November 2019.

6. Definitions

In this notice –

approval plate means a decal, label or plate issued by a **competent entity** that is made of a material and fixed in such a way that it cannot be removed without being damaged or destroyed and that contains at least the following information –

- (a) manufacturer or trade name or mark of the **front underrun protection vehicle**, **front underrun protection device** or prime mover in the case of cabin strength or protrusion, as appropriate; and
- (b) in the case of a **front underrun protection device** or protrusion, the make of the vehicle or vehicles and the model or models of vehicle the component or device has been designed and certified to fit; and
- (c) the competent entity's unique identification number; and
- (d) in the case of a **front underrun protection device** or protrusion, the approval number issued by a competent entity; and
- (e) the purpose of the approval including, but not limited to, an approval for a **front underrun protection device** or for a **front underrun protection vehicle**, a cabin strength or that the protrusion, if fitted, is compatible with the prime mover's compliance as a **front underrun protection vehicle** or other words or markings with a clearly equivalent meaning;

SPECIAL

competent entity means a person or organisation appointed by an Australian road authority who –

- (a) is certified and issued with a unique identification number empowering it to certify that the requirements for front underrun protection and cabin strength set out in the agreement published by the United Nations Economic Commission for Europe (UNECE) entitled ‘Agreement Concerning the Adoption of Uniform Conditions of Approval and Reciprocal Recognition of Approval for Motor Vehicle Equipment and Parts’ (UNECE Regulation No. 93) have been met and continue to be met and who may authorise the fixing of appropriate **approval plates** to a **front underrun protection device** and a vehicle; and
- (b) a compliance plate approval (CPA) holding that heavy vehicle manufacturer is deemed to be a **competent entity**. For example, in the case of the prime mover original manufacturer, the unique identification number may be the Department of Infrastructure, Transport, Regional Development and Local Government’s Road Vehicle Certification System (RVCS) licensee number;

front underrun protection device (FUPD) means a device fitted to a prime mover –

- (a) that complies with the requirements of the agreement published by the United Nations Economic Commission for Europe (UNECE) entitled ‘Agreement Concerning the Adoption of Uniform Conditions of Approval and Reciprocal Recognition of Approval for Motor Vehicle Equipment and Parts’ (UNECE Regulation No. 93) including the requirements of sections 6 and 8 of that Regulation; and
- (b) where compliance with the performance requirements of the UNECE Regulation No. 93 was established by laboratory testing carried out in accordance with the procedures set out in Annex 5 of that Regulation; and
- (c) that was tested in accordance with the test conditions and procedures set out in Annex 5 of the UNECE Regulation No. 93. (Simulation of the test procedure by calculation or other such method as provided for in section 1.3 of Annex 5 of the UNECE Regulation No. 93 is not available under the guidelines, except with the specific approval of the authority or when approval has been granted using an E-mark issued under Annex 4 of that Regulation);

front underrun protection vehicle means a vehicle that complies with UNECE Regulation No. 93 because it is designed and constructed so that it meets all of the requirements for a vehicle with front underrun protection set out in section 10 of that Regulation;

E-mark means an approval mark arranged and issued in accordance with the requirements set out in Annex 4 of UNECE Regulation No. 93 or Annex 2 of UNECE Regulation No. 29;

protrusions means any fittings including bull-bars, roo-bars, nudge-bars and cow-catchers. However, it does not include driving lights, fog lights, running lights, aerials and similar equipment.

7. Specification

For the purposes of clause 11 of Schedule 8 to the Vehicles Regulations, I, George Mavroyeni, delegate of the Roads Corporation, specify the following roads or parts of roads as B-double routes –

- (a) all freeways within the meaning of the **Road Management Act 2004**; and
- (b) all arterial roads within the meaning of the **Road Management Act 2004**, except for the –
 - (i) roads or parts of roads listed in column 1 of Table A in Annexure 1 which are within the municipality or municipalities listed in column 2; and
 - (ii) bridges, culverts or other structures specified in column 4 of Table B in Annexure 1 on the road specified in column 1 of that Table; and

- (c) all roads declared under section 61 or 93H of the **Melbourne City Link Act 1995**; and
- (d) all roads declared under section 143 of the **EastLink Project Act 2004**; and
- (e) the municipal roads listed in Annexure 2 of this notice.

8. Exemption

For the purposes of regulation 188 of the Vehicles Regulations, I, George Mavroyeni, delegate of the Roads Corporation exempt B-doubles from maximum length limits of 25 metres if –

- (a) the distance from the centreline of the king-pin of the first trailer to the rear of the combination does not exceed 20.6 metres; and
- (b) the prime mover is a **front underrun protection vehicle** which is fitted with an **approval plate** that is affixed on the prime mover cabin or in the proximity of the prime mover compliance plate/label in a position that is legible and clearly visible to a police officer or authorised officer; and
- (c) the prime mover is fitted with a **front underrun protection device**, which is fitted with an **approval plate** that is legible and clearly visible to a police officer or authorised officer; and
- (d) any protrusion fitted to the front of a prime mover, is fitted with an **approval plate** that is legible and clearly visible to a police officer or authorised officer and which indicates that the fitted protrusion is compatible with the prime mover's compliance under clause 8(b) of this notice; and
- (e) if the prime mover is manufactured after 31 December 2005, it complies with the UNECE Regulation No. 29 in relation to cabin strength; and
- (f) where a vehicle complies with clause 8(e) of this notice, it is fitted with an approval plate that is affixed on the prime mover cabin or in the proximity of the prime mover compliance plate/label in a position that is legible and clearly visible to a police officer or authorised officer; and
- (g) the prime mover does not have a load carrying area.

A B-double complying with the above conditions, including clause 8 of Schedule 8 to the Vehicles Regulations, is treated as if the reference to the maximum length of 25 metres of that clause were a reference to a maximum length of 26 metres.

Note: Words and phrases in this notice have the same meanings as in the **Road Safety Act 1986** and the Regulations under the Act.
