### **EXEMPTION**

### Application No. A57/2009

The Victorian Civil and Administrative Tribunal (the Tribunal) has considered an application, pursuant to section 83 of the **Equal Opportunity Act 1995** (the Act), by Kingston City Council – Don Tatnell Leisure Centre (the applicant). The application for exemption is to enable the applicant to conduct women-only swimming sessions at its Don Tatnell Leisure Centre, Mordialloc, out of normal operating hours and to advertise for and employ women only to staff the centre during those swimming sessions.

Upon reading the material submitted in support of the application, the Tribunal is satisfied that it is appropriate to grant an exemption from sections 13, 14, 42, 100 and 195 of the Act to

enable the applicant to conduct women-only swimming sessions at its Don Tatnell Leisure Centre, Mordialloc, out of normal operating hours and to advertise for and employ women only to staff the centre during those swimming sessions.

In granting this exemption, the Tribunal noted:

• The Tribunal considers it appropriate to grant a further exemption for a short period. During this period, the application for an exemption for a three year period will be advertised and considered by the Tribunal.

The Tribunal hereby grants an exemption to the applicant from the operation of sections 13, 14, 42, 100 and 195 of the Act to enable the applicant to conduct women-only swimming sessions at its Don Tatnell Leisure Centre, Mordialloc, out of normal operating hours and to advertise for and employ women only to staff the centre during those swimming sessions.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 24 June 2009.

Dated 25 March 2009

C. McKENZIE Deputy President

### EXEMPTION

### Application No. A58/2009

The Victorian Civil and Administrative Tribunal has considered an application, pursuant to section 83 of the **Equal Opportunity Act 1995**, by City of Yarra. The application for exemption is to enable the applicant to employ an Aboriginal or Torres Strait Islander to the position of Community Planner Aboriginal Partnerships Officer (the exempt conduct).

Upon reading the material submitted in support of the application the Tribunal is satisfied that it is appropriate to grant an exemption from sections 13, 14, 100 and 195 of the Act to enable the applicant to engage in the exempt conduct.

In granting this exemption, the Tribunal noted:

• A previous exemption has been granted for this position (A409/2004).

- The applicant has adopted the Yarra Aboriginal Partnerships Plan. The purpose of the Plan is to develop a strategic framework for the applicant's commitment to Reconciliation and Aboriginal social justice.
- The applicant has worked with Aboriginal people and organisations within the city to develop and enhance the Yarra Aboriginal Partnership Plan. The Plan aims to make a real and tangible difference to Aboriginal people in the areas of vocation, health, housing and social justice. The Plan also aims to increase awareness and understanding of Aboriginal heritage and to advance Reconciliation.
- A key action of the Plan is to employ an Aboriginal Officer.
- The Aboriginal Officer will be responsible for a number of initiatives outlined in the Yarra Aboriginal Partnership Plan and including the critical tasks of addressing disadvantage and empowering Aboriginal people in Yarra, increasing access by Aboriginal people to services, developing an Aboriginal Communications Plan, supporting Yarra's involvement in Sorry Day and Reconciliation Week, building understanding and celebration of Aboriginal culture in Yarra.
- The council requires the exemption to ensure the integrity and success of the implementation of the Council's Aboriginal Partnerships Plan. The officer should be an Aboriginal person for reasons of cultural appropriateness and to demonstrate respect and understanding.

The Tribunal hereby grants an exemption to the applicant from the operation of sections 13, 14, 100 and 195 of the **Equal Opportunity Act 1995** to enable the applicant to engage in the exempt conduct.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 1 March 2012.

### Water Act 1989

# BULK ENTITLEMENT (WIMMERA AND GLENELG RIVERS – WIMMERA MALLEE WATER) CONVERSION AMENDMENT ORDER 2009

I, Tim Holding, as Minister administering the Water Act 1989, make the following Order -

# 1. Title

This Order is called the Bulk Entitlement (Wimmera and Glenelg Rivers – Wimmera Mallee Water) Conversion Amendment Order 2009.

# 2. Preliminary

The Bulk Entitlement (Wimmera and Glenelg Rivers – Wimmera Mallee Water) Conversion Order 2004 (the Bulk Entitlement Order) was made by the Minister on 10 June 2004 to convert existing poorly defined rights to water in the Wimmera–Mallee system to a bulk water entitlement for the Wimmera Mallee Rural Water Authority.

The storage operator of the Wimmera–Mallee system, the Wimmera Mallee Rural Water Authority, and the Grampians Region Water Authority were amalgamated in 2004 to form the Grampians Wimmera Mallee Water Rural Water Authority (the Authority).

The Bulk Entitlement (Ararat, Stawell, Great Western, & Halls Gap) Conversion Order 2005 was gazetted on 3 October 2005 to convert existing rights to water in the Ararat, Stawell, Great Western, and Halls Gap water supply systems to a bulk entitlement for the Authority.

The Bulk Entitlement (Wimmera and Glenelg Rivers – Wimmera Mallee Water) Conversion Amendment Order 2005 allocated 9,100 ML of water saved from the Speed–Patchewollock and Cannie Ridge component of the Wimmera–Mallee Pipeline Project to the environment and 2,000 ML to the development reserve account, as well as several other minor changes.

# 3. Purpose

The purpose of this amendment is to share the water savings from the first stage of the Wimmera–Mallee Pipeline Project between water authorities, the environment and regional growth and to extend the flow sharing rules to include extreme water shortages.

The first stage of the Wimmera–Mallee Pipeline Project refers to the completion of Supply Systems 1, 2, 5, and 7. After meeting the water supply needs of existing customers now supplied by the pipeline, the first stage savings will provide a volume of 31,000 ML per year on average to the environment and the development reserve (regional growth) will increase to 7,720 ML at 95% reliability assuming historical inflows.

# 4. Authorising provisions

The Amendment Order is made in accordance with section 44(1) of the **Water Act 1989**. The Minister makes the Amendment Order on the application of the Authority.

# 5. Commencement

The Amendment Order comes into operation on the day it is published in the Government Gazette.

# 6. Amendment of the Bulk Entitlement Order

# 1. In clause 4, **insert**:

'Business Case means the Wimmera–Mallee Pipeline Project Confirmed Interim WMPP Business Case (August 2004).' and

<sup>6</sup>Wimmera-Glenelg bulk entitlement orders include the Bulk Entitlement (Wimmera and Glenelg Rivers – Wimmera Mallee Water) Conversion Order 2004, the Bulk Entitlement (Wimmera and Glenelg Rivers – Grampians Water) Conversion Order 2004, the Bulk Entitlement (Wimmera and Glenelg Rivers – Glenelg Water) Conversion Order 2004, the Bulk Entitlement (Wimmera and Glenelg Rivers – Flora and Fauna) Conversion Order 2004 and the Bulk Entitlement (Wimmera and Glenelg Rivers – Coliban Water) Conversion Order 2004.'

- 2. In clause 16 of the Bulk Entitlement Order, after sub-clause 16.3 insert
  - '16.6 The Wimmera–Glenelg bulk entitlement orders will be amended as further savings from the Wimmera–Mallee Pipeline Project are made, so that at the completion of the project, all entitlements for the project's savings are consistent with the following principles –
    - (a) The savings are to be shared between consumptive and environmental uses in accordance with the proportions defined by the Business Case and volumes determined by REALM modelling assuming historical climatic conditions.
    - (b) The consumptive and environmental entitlements derived from water savings are to have reliabilities consistent with the Business Case, and formulated so that they would have the equivalent reliability under future climate change.
    - (c) The above principles can be modified to accommodate extreme dry conditions, when essential human needs have the highest priority for supply.'

### BULK ENTITLEMENT (WIMMERA AND GLENELG RIVERS – COLIBAN WATER) CONVERSION AMENDMENT ORDER 2009

I, Tim Holding, as Minister administering the Water Act 1989, make the following Order -

### 1. Title

This Order is called the Bulk Entitlement (Wimmera and Glenelg Rivers – Coliban Water) Conversion Amendment Order 2009.

### 2. Preliminary

The Bulk Entitlement (Wimmera and Glenelg Rivers – Coliban Water) Conversion Order 2004 (the Bulk Entitlement Order) was made by the Minister on 10 June 2004 to convert existing poorly defined rights to water in the Wimmera–Mallee system to a bulk water entitlement for the Coliban Region Water Authority (the Authority).

The storage operator of the Wimmera–Mallee system, the Wimmera Mallee Rural Water Authority, and the Grampians Region Water Authority were amalgamated in 2004 to form the Grampians Wimmera Mallee Water Rural Water Authority.

The Bulk Entitlement (Ararat, Stawell, Great Western, & Halls Gap) Conversion Order 2005 was gazetted on 3 October 2005 to convert existing rights to water in the Ararat, Stawell, Great Western, and Halls Gap water supply systems to a bulk entitlement for the Grampians Wimmera Mallee Water Rural Water Authority.

TIM HOLDING Minister for Water

### Water Act 1989

### BULK ENTITLEMENT (WIMMERA AND GLENELG RIVERS – FLORA AND FAUNA) CONVERSION AMENDMENT ORDER 2009

I, Tim Holding, as Minister administering the Water Act 1989, make the following Order -

### 1. Title

This Order is called the Bulk Entitlement (Wimmera and Glenelg Rivers – Flora and Fauna) Conversion Amendment Order 2009.

### 2. Preliminary

The Bulk Entitlement (Wimmera and Glenelg Rivers – Flora and Fauna) Conversion Order 2004 (the Bulk Entitlement Order) was made by the Minister on 10 June 2004 to convert existing poorly defined rights to water in the Wimmera–Mallee system to a bulk water entitlement for the Minister for Environment.

The storage operator of the Wimmera–Mallee system, the Wimmera Mallee Rural Water Authority, and the Grampians Region Water Authority were amalgamated in 2004 to form the Grampians Wimmera Mallee Water Rural Water Authority (the Authority).

The Bulk Entitlement (Ararat, Stawell, Great Western, & Halls Gap) Conversion Order 2005 was gazetted on 3 October 2005 to convert existing rights to water in the Ararat, Stawell, Great Western, and Halls Gap water supply systems to a bulk entitlement for the Authority.

The Bulk Entitlement (Wimmera and Glenelg Rivers – Flora and Fauna) Conversion Amendment Order 2005 allocated 9,100 ML of water saved from the Speed–Patchewollock and Cannie Ridge component of the Wimmera–Mallee Pipeline Project to the environment and 2,000 ML to the development reserve account, as well as several other minor changes.

### 3. Purpose

The purpose of this amendment is to share the water savings from the first stage of the Wimmera–Mallee Pipeline Project between water authorities, the environment and regional growth and to extend the flow sharing rules to include extreme water shortages.

The first stage of the Wimmera–Mallee Pipeline Project refers to the completion of Supply Systems 1, 2, 5, and 7. After meeting the water supply needs of existing customers now supplied by the pipeline, the first stage savings will provide a volume of 31,000 ML per year on average to the environment and the development reserve (regional growth) will increase to 7,720 ML at 95% reliability assuming historical inflows.

### 4. Authorising provisions

The Amendment Order is made in accordance with section 44(1) of the **Water Act 1989**. The Minister makes the Amendment Order on the application of the Minister for Environment and Climate Change.

### 5. Commencement

The Amendment Order comes into operation on the day it is published in the Government Gazette.

### 6. Amendment of the Bulk Entitlement Order

1. In clause 4, **insert**:

'Business Case means the Wimmera–Mallee Pipeline Project Confirmed Interim WMPP Business Case (August 2004).' and

<sup>6</sup>Wimmera–Glenelg bulk entitlement orders include the Bulk Entitlement (Wimmera and Glenelg Rivers – Wimmera Mallee Water) Conversion Order 2004, the Bulk Entitlement (Wimmera and Glenelg Rivers – Grampians Water) Conversion Order 2004, the Bulk Entitlement (Wimmera and Glenelg Rivers – Glenelg Water) Conversion Order 2004, the Bulk Entitlement (Wimmera and Glenelg Rivers – Flora and Fauna) Conversion Order 2004 and the Bulk Entitlement (Wimmera and Glenelg Rivers – Coliban Water) Conversion Order 2004.'

- 2. In paragraph (aa), clause 6.1 of the Bulk Entitlement Order, after 'Table 2' insert 'Table 3 and Table 4'.
- 3. Delete clause 10 of the Bulk Entitlement Order and insert
  - '10.1 The Minister for Environment must direct the Storage Operator to release water to which the Minister for Environment is entitled under this Order at
    - (a) the offtake points, and at the rates and times specified in Table 1 of Schedule 5; or
    - (b) such other off-take points, rates and times as are, at the request of the Minister for Environment, agreed to in writing by the storage operator or the distributor as the case may be, after taking the interests of all entitlement holders into account.
  - 10.2 For the purpose of clause 6, the water released by the Minister for Environment is the total volume of water taken at the off-take points referred to in sub-clause 10.1.
  - 10.3 For the purposes of the passing flows specified in Table 3 and Table 4 of Schedule 5, the Storage Operator must release the passing flows within the tolerances specified in the Operating Plan under clause 12.'
- 4. In clause 14 of the Bulk Entitlement Order, after sub-clause 14.1 insert
  - '14.2 The Wimmera–Glenelg bulk entitlement orders will be amended as further savings from the Wimmera–Mallee Pipeline Project are made, so that at the completion of the project, all entitlements for the project's savings are consistent with the following principles –
    - (a) The savings are to be shared between consumptive and environmental uses in accordance with the proportions defined by the Business Case and volumes determined by REALM modelling assuming historical climatic conditions.
    - (b) The consumptive and environmental entitlements derived from water savings are to have reliabilities consistent with the Business Case, and formulated so that they would have the equivalent reliability under future climate change.
    - (c) The above principles can be modified to accommodate extreme dry conditions, when essential human needs have the highest priority for supply.'

TIM HOLDING Minister for Water

### Water Act 1989

### BULK ENTITLEMENT (WIMMERA AND GLENELG RIVERS – GLENELG WATER) CONVERSION AMENDMENT ORDER 2009

I, Tim Holding, as Minister administering the Water Act 1989, make the following Order -

### 1. Title

This Order is called the Bulk Entitlement (Wimmera and Glenelg Rivers – Glenelg Water) Conversion Amendment Order 2009.

### 2. Preliminary

The Bulk Entitlement (Wimmera and Glenelg Rivers – Glenelg Water) Conversion Order 2004 (the Bulk Entitlement Order) was made by the Minister on 10 June 2004 to convert existing poorly defined rights to water in the Wimmera–Mallee system to a bulk water entitlement for the Glenelg Region Water Authority.

The storage operator of the Wimmera–Mallee system, the Wimmera Mallee Rural Water Authority, and the Grampians Region Water Authority were amalgamated in 2004 to form the Grampians Wimmera Mallee Water Rural Water Authority.

The Glenelg Region Water Authority, the Portland Coast Region Water Authority, and the South West Water Region Water Authority were amalgamated in 2005 to form the Wannon Region Water Authority (the Authority).

The Bulk Entitlement (Ararat, Stawell, Great Western, & Halls Gap) Conversion Order 2005 was gazetted on 3 October 2005 to convert existing rights to water in the Ararat, Stawell, Great Western, and Halls Gap water supply systems to a bulk entitlement for the Grampians Wimmera Mallee Water Rural Water Authority.

The Bulk Entitlement (Wimmera and Glenelg Rivers – Glenelg Water) Conversion Amendment Order 2005 allocated 9,100 ML of water saved from the Speed–Patchewollock and Cannie Ridge component of the Wimmera–Mallee Pipeline Project to the environment and 2,000 ML to the development reserve account, as well as several other minor changes.

### 3. Purpose

The purpose of this amendment is to share the water savings from the first stage of the Wimmera–Mallee Pipeline Project between water authorities, the environment and regional growth and to extend the flow sharing rules to include extreme water shortages.

The first stage of the Wimmera–Mallee Pipeline Project refers to the completion of Supply Systems 1, 2, 5, and 7. After meeting the water supply needs of existing customers now supplied by the pipeline, the first stage savings will provide a volume of 31,000 ML per year on average to the environment and the development reserve (regional growth) will increase to 7,720 ML at 95% reliability assuming historical inflows.

### 4. Authorising provisions

The Amendment Order is made in accordance with section 44(1) of the **Water Act 1989**. The Minister makes the Amendment Order on the application of the Authority.

### 5. Commencement

The Amendment Order comes into operation on the day it is published in the Government Gazette.

### 6. Amendment of the Bulk Entitlement Order

1. In clause 4, **insert**:

**'Business Case** means the Wimmera–Mallee Pipeline Project Confirmed Interim WMPP Business Case (August 2004).' and

**Wimmera–Glenelg bulk entitlement orders** include the Bulk Entitlement (Wimmera and Glenelg Rivers – Wimmera Mallee Water) Conversion Order 2004, the Bulk Entitlement (Wimmera and Glenelg Rivers – Grampians Water) Conversion

- 2. In clause 14 of the Bulk Entitlement Order, after sub-clause 14.1 insert
  - '14.2 The Wimmera–Glenelg bulk entitlement orders will be amended as further savings from the Wimmera–Mallee Pipeline Project are made, so that at the completion of the project, all entitlements for the project's savings are consistent with the following principles –
    - (a) The savings are to be shared between consumptive and environmental uses in accordance with the proportions defined by the Business Case and volumes determined by REALM modelling assuming historical climatic conditions.
    - (b) The consumptive and environmental entitlements derived from water savings are to have reliabilities consistent with the Business Case, and formulated so that they would have the equivalent reliability under future climate change.
    - (c) The above principles can be modified to accommodate extreme dry conditions, when essential human needs have the highest priority for supply.'

Dated 16 January 2009

TIM HOLDING Minister for Water

### Water Act 1989

### BULK ENTITLEMENT (WIMMERA AND GLENELG RIVERS – GRAMPIANS WATER) CONVERSION AMENDMENT ORDER 2009

I, Tim Holding, as Minister administering the Water Act 1989, make the following Order -

### 1. Title

This Order is called the Bulk Entitlement (Wimmera and Glenelg Rivers – Grampians Water) Conversion Amendment Order 2009.

### 2. Preliminary

The Bulk Entitlement (Wimmera and Glenelg Rivers – Grampians Water) Conversion Order 2004 (the Bulk Entitlement Order) was made by the Minister on 10 June 2004 to convert existing poorly defined rights to water in the Wimmera–Mallee system to a bulk water entitlement for the Grampians Region Water Authority.

The storage operator of the Wimmera–Mallee system, the Wimmera Mallee Rural Water Authority, and the Grampians Region Water Authority were amalgamated in 2004 to form the Grampians Wimmera Mallee Water Rural Water Authority (the Authority).

The Bulk Entitlement (Ararat, Stawell, Great Western, & Halls Gap) Conversion Order 2005 was gazetted on 3 October 2005 to convert existing rights to water in the Ararat, Stawell, Great Western, and Halls Gap water supply systems to a bulk entitlement for the Authority.

The Bulk Entitlement (Wimmera and Glenelg Rivers – Grampians Water) Conversion Amendment Order 2005 allocated 9,100 ML of water saved from the Speed–Patchewollock and Cannie Ridge component of the Wimmera–Mallee Pipeline Project to the environment and 2,000 ML to the development reserve account, as well as several other minor changes.

### 3. Purpose

The purpose of this amendment is to share the water savings from the first stage of the Wimmera–Mallee Pipeline Project between water authorities, the environment and regional growth and to extend the flow sharing rules to include extreme water shortages.

The first stage of the Wimmera–Mallee Pipeline Project refers to the completion of Supply Systems 1, 2, 5, and 7. After meeting the water supply needs of existing customers now supplied by the pipeline, the first stage savings will provide a volume of 31,000 ML per year on average to the environment and the development reserve (regional growth) will increase to 7,720 ML at 95% reliability assuming historical inflows.

### 4. Authorising provisions

The Amendment Order is made in accordance with section 44(1) of the **Water Act 1989**. The Minister makes the Amendment Order on the application of the Authority.

### 5. Commencement

The Amendment Order comes into operation on the day it is published in the Government Gazette.

### 6. Amendment of the Bulk Entitlement Order

1. In clause 4, **insert**:

'Business Case means the Wimmera–Mallee Pipeline Project Confirmed Interim WMPP Business Case (August 2004).' and

**'Wimmera-Glenelg bulk entitlement orders** include the Bulk Entitlement (Wimmera and Glenelg Rivers – Wimmera Mallee Water) Conversion Order 2004, the Bulk Entitlement (Wimmera and Glenelg Rivers – Grampians Water) Conversion Order 2004, the Bulk Entitlement (Wimmera and Glenelg Rivers – Glenelg Water) Conversion Order 2004, the Bulk Entitlement (Wimmera and Glenelg Rivers – Flora and Fauna) Conversion Order 2004 and the Bulk Entitlement (Wimmera and Glenelg Rivers – Coliban Water) Conversion Order 2004.'

- 2. In clause 14 of the Bulk Entitlement Order, after sub-clause 14.3 insert -
  - '14.4 The Wimmera–Glenelg bulk entitlement orders will be amended as further savings from the Wimmera–Mallee Pipeline Project are made, so that at the completion of the project, all entitlements for the project's savings are consistent with the following principles
    - (a) The savings are to be shared between consumptive and environmental uses in accordance with the proportions defined by the Business Case and volumes determined by REALM modelling assuming historical climatic conditions.
    - (b) The consumptive and environmental entitlements derived from water savings are to have reliabilities consistent with the Business Case, and formulated so that they would have the equivalent reliability under future climate change.
    - (c) The above principles can be modified to accommodate extreme dry conditions, when essential human needs have the highest priority for supply.'

### GREATER DANDENONG PLANNING SCHEME

### Notice of Approval of Amendment

### Amendment C74

The Minister for Planning has approved Amendment C74 to the Greater Dandenong Planning Scheme.

The Amendment comes into operation on the date this notice is published in the Government Gazette.

The Amendment applies to the land known as 48 Wedge Street, Dandenong. The Amendment rezones that part of the subject land included within a Public Park and Recreation Zone (PPRZ) to a Residential 2 Zone (R2Z), consistent with the zoning of the balance of the site and the surrounding residential area.

Planning Application No. PLN05/0894 has been considered concurrently with the Amendment, under section 96A of the **Planning and Environment Act 1987**. The application allows:

- buildings and works comprising alterations and additions to the existing restricted place of assembly, with a reduction in the car parking requirements;
- alterations to the existing use of the restricted place of assembly;
- the construction of 20 dwellings;
- the removal of native vegetation; and
- the variation of easement E-2 and E-3.

The Minister has granted the following permit under Division 5 Part 4 of the Act:

### Permit No. PLN05/0894

Description of land: 48 Wedge Street, Dandenong (Certificate of Title: Volume 10172 Folio 668 as Crown Allotment 28B on Title Plan No. 74769C).

A copy of the Amendment and permit can be inspected, free of charge, at the Department of Planning and Community Development website at www.dpcd.vic.gov.au/planning/ publicinspection and free of charge, during office hours, at the offices of the Greater Dandenong City Council: Dandenong Office, 39 Clow Street, Dandenong; Springvale Office, 397–405 Springvale Road, Springvale; and Keysborough Customer Service Centre, Shop A7, Parkmore Shopping Centre, Keysborough.

### Planning and Environment Act 1987 NORTHERN GRAMPIANS

PLANNING SCHEME

Notice of Approval of Amendment

### Amendment C14

The Northern Grampians Shire Council approved Amendment C14 to the Planning Scheme on 20 March 2009.

### The Amendment affects land described as:

18 Melbourne Road, St Arnaud, which is more particularly described as being Lot 1 on Title Plan 323310, Parish of St Arnaud (C/T Vol. 8177 Fol. 084) having an area of 0.49 ha;

5963 Sunraysia Highway, St Arnaud, which is more particularly described as being Lot 1 on Title Plan 547806P, Parish of St Arnaud (Vol. 01616 Fol. 043) having an area of 0.4 ha;

5961 Sunraysia Highway, St Arnaud, which is more particularly described as being Lot 1 on Title Plan 515563U, Parish of St Arnaud (Vol. 02811 Fol. 194) having an area of 1.99 ha;

Part of 74 Reservoir Road, St Arnaud, which is more particularly described as being Part Lot 1 on Title Plan 671088, Parish of St Arnaud having an area of approximately 0.48 ha; and

St Arnaud-Dunolly Railway Reserve (Part).

The Amendment proposes to rezone the abovementioned parcels of land in the following ways:

### 18 Melbourne Road, St Arnaud

To rezone the land from a Low Density Residential Zone (LDRZ) to an Industrial 1 Zone (IN1Z) in order to properly reflect the industrial land use context of the land, which has an abuttal to the St Arnaud–Dunolly railway reserve, the Sunraysia Highway and an adjoining Industrial 1 Zone.

### 5963 Sunraysia Highway, St Arnaud

To rezone the land from a Rural Living 2 Zone (RLZ2) to an Industrial 1 Zone (IN1Z) to more accurately reflect the current use and development of the land. The rezoning would also provide certainty in respect of facilitating any additional or alternative industrial/ commercial use and/or development of the land in the future.

### 5961 Sunraysia Highway, St Arnaud

To rezone the land from a Rural Living 2 Zone (RLZ2) to an Industrial 1 Zone (IN1Z) to more accurately reflect the current use and development of the land. The rezoning would also provide certainty to facilitate any additional or alternative industrial/commercial use and/or development of the land in the future.

### 74 Reservoir Road, St Arnaud

To rezone approximately 0.48 ha of vacant land that adjoins and has a substantial frontage to the Sunraysia Highway from the Rural Living 2 Zone (RLZ2) to an Industrial 1 Zone (IN1Z) to facilitate additional industrial/commercial use and/or development of the land in the future. St Arnaud–Dunolly Railway Reserve (Part)

To correct a mapping error by rezoning part of the railway reserve from a Low Density Residential Zone (LDRZ) to the Public Use Zone 4 – Transport (PUZ4).

The Amendment was approved by the Northern Grampians Shire Council in accordance with authorisation (A01205) given by the Minister under section 11(1) of the **Planning and Environment Act 1987** on 24 November 2008. The authorisation has not been withdrawn.

A copy of the Amendment can be inspected, free of charge, during office hours, at the offices of the Northern Grampians Shire Council, Town Hall, Main Street, Stawell, and free of charge at the Department of Planning and Community Development website at www.dpcd.vic.gov.au/ planning/publicinspection
