EXEMPTION

Application No. A3/2010

The Victorian Civil and Administrative Tribunal has considered an application pursuant to section 83 of the **Equal Opportunity Act 1995**, by Sacred Heart Mission St.Kilda Inc. The application for exemption is to enable the applicant to provide support services for women who are homeless, involved in street-based sex work, living with or escaping from domestic violence and women who are victims/survivors of sexual assault, and to employ women only for this purpose (the exempt conduct).

Upon reading the material submitted in support of the application the Tribunal is satisfied that it is appropriate to grant an exemption from sections 13, 100 and 195 of the Act to enable the applicant to Engage in the exempt conduct.

In granting this exemption the Tribunal noted:

- A previous exemption was granted in Proceeding No. A29/2007.
- It is likely that women will access this service more effectively and communicate more openly with its workers if those workers are female.

The Tribunal hereby grants an exemption to the applicant from the operation of sections 13, 100 and 195 of the **Equal Opportunity Act 1995** to enable the applicant to engage in the exempt conduct.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 20 January 2013.

EXEMPTION

Application No. A1/2010

The Victorian Civil and Administrative Tribunal has considered an application pursuant to section 83 of the **Equal Opportunity Act 1995** (the Act) by Inner South Community Health Service (the applicant). The application for exemption is to enable the applicant to –

- advertise for and employ a male only as a Health Education and Support Worker to provide services to male street sex workers, male escort and private male sex workers and transgender sex industry workers;
- advertise for and employ four female only as a Health Education and Support Worker to provide services to brothels, female street sex workers, escorts and private female sex workers and transgender sex industry workers;
- advertise for and employ a female only as Young Women’s Support Worker to females aged 15 to 25 who are homeless, at risk of homelessness and/or involved in work in the sex industry.

In this exemption the conduct referred to in paragraphs (a) to (c) is called the ‘exempt conduct’.

Upon reading the material filed in support of this application, including an affidavit by Ms Virginia Alexander of Inner South Community Health Service, the Tribunal is satisfied that it is appropriate to grant an exemption from sections 13, 100 and 195 of the Act to enable the applicant to engage in the exempt conduct.

In granting this exemption the Tribunal noted:

- An exemption in similar terms was granted in August 2006.
- These initiatives are funded by the Department of Human Services.

- The aim of the exemption is to permit services to be provided to male, female and transgender workers in the sex industry, and homeless young women in a way that will enable those for whom these services are intended to access those services most effectively.
- Many of those for whom these services are provided have suffered violence or sexual abuse at the hands of men and are unlikely to communicate freely with male support workers.

The Tribunal hereby grants an exemption from the operation of sections 13, 100 and 195 of the Act to enable the applicant to engage in the specified conduct.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 20 January 2013.

General Solar Feed-In Tariff Terms and Conditions

1 ABOUT THIS AGREEMENT

- 1.1** You agree to sell to us and we agree to purchase from you Solar Electricity during the Term of this Agreement.
- 1.2** You are eligible to enter into this Agreement with us if:
- (a) you have a Supply Agreement for the address at which your Generator is installed;
 - (b) you are a Relevant Generator; and
 - (c) you are able to supply us with Solar Electricity.

2 INTERPRETATION

- 2.1** In this Agreement:
- (a) a reference to an Act, Regulation, Order, Code or Guideline shall be read as a reference to that document as amended, re-enacted, replaced or varied from time to time;
 - (b) a singular word should be understood to include the plural and vice versa;
 - (c) a year should be read as commencing on the start date of this Agreement;
 - (d) a reference to a month means a calendar month.

3 CONNECTION TO THE DISTRIBUTOR'S DISTRIBUTION SYSTEM

- 3.1** If you make a request to us to connect your Generator to a Distributor's distribution system we will make a request that your Distributor arrange the connection as soon as practicable after you have satisfied us that you comply with clause 1.2 of this Agreement. We will make the request of your Distributor by no later than the next business day after you have satisfied us that you comply with clause 1.2 of this Agreement and have supplied us with all of the information that we need under the **Electricity Safety Act 1998** (Vic.) which must include details of any necessary agreed network tariff reassignment.
- 3.2** You are responsible for and must reimburse us for all reasonable costs and expenses which we incur in carrying out your request for connection to your Distributor's distribution system.

4 COMMENCEMENT AND DURATION

- 4.1** This Agreement commences when:
- (a) all of the eligibility criteria set out in clause 1.2 are met;
 - (b) your Distributor confirms with us that you are connected to their network and that you have complied with all of their requirements;
 - (c) your Generator has been connected to the Distributor's distribution system and the Distributor has advised us that your NMI has been assigned the relevant network tariff code; and
 - (d) you have provided us with your explicit informed consent to enter into this Agreement.
- 4.2** This Agreement will continue until:
- (a) your Supply Agreement with us comes to an end;
 - (b) you or we otherwise terminate this Agreement in accordance with clause 6.

5 CHANGE OF SUPPLY TARIFF

- 5.1** If under your Supply Agreement you currently purchase electricity from us at a tariff that is an Excluded Tariff you will be required to change the tariff under which you are supplied electricity to an alternative tariff.
- 5.2** If clause 5.1 applies you may select any supply tariff that is otherwise available to you and is not an Excluded Tariff.

6 TERMINATION

- 6.1 If the Supply Agreement is terminated by either party this Agreement will automatically terminate.
- 6.2 This Agreement automatically terminates if:
- you cease to be a Relevant Generator; and/or
 - the Generator ceases to be a 'small renewable energy generation facility' as that term is defined in section 40F of the **Electricity Industry Act 2000**.
- 6.3 You may terminate this Agreement without notice but we may charge you a termination fee of \$20 if you terminate this Agreement under this clause within 12 months of the commencement date.

7 PREMIUM SOLAR FEED-IN CREDITS

- 7.1 We will credit your Solar Electricity Credits for the relevant period against charges payable by you under your Supply Agreement for the relevant Billing Period.
- 7.2 The extent of the Solar Electricity Credit that you receive for any given Billing Period will be calculated in accordance with the following formula:

$$\text{Solar Electricity Credit} = \text{GSF Rate} \times \text{Solar Electricity Supplied}$$

Where:

GSF Rate means an amount equivalent to the amount per kilowatt-hour (including GST) that you purchase electricity from us under your Supply Agreement, which amount may vary from time to time.

Solar Electricity Supplied means the amount (measured in kilowatt hours) of Solar Electricity supplied to the Distributor's distribution system by you in the relevant Billing Period, as recorded by the Meter or as may be determined under clause 7.3.

- 7.3 If we have been unable to calculate your Solar Electricity Supplied for a relevant period based on a reading of your Meter your Solar Electricity Supplied for that period will be zero unless your Distributor estimates the generation in accordance with the Applicable Regulations.
- 7.4 If the amount you owe us for a Billing Period is less than the amount of your Solar Electricity Credits the balance of the Solar Electricity Credits will remain as a credit on your next bill.
- 7.5 For the avoidance of doubt, no interest may be charged by you in relation to any Solar Electricity Credits that you may have accumulated from time to time under the terms of this Agreement.
- 7.6 If at any time you wish us to review your account you may request us to do so and we will review it in accordance with the provisions of the Energy Retail Code.
- 7.7 Any excess Solar Electricity Credit (as referred to in clause 7.3) is extinguished either 12 months after that excess credit amount is first accrued or the day on which this Agreement expires or terminates (whichever comes first).
- 7.8 A Solar Electricity Credit has no value other than as prescribed in this Agreement, it is not transferable and we are not under any circumstances required to pay you any amount of money under the terms of this Agreement.
- 7.9 If at any time we have applied:
- fewer Solar Electricity Credits to your account than we should have done under the terms of this Agreement we will credit those amounts to your account.
 - more Solar Electricity Credit to your account than we were obliged to do under the terms of this Agreement we may recover the over-credited amount and in doing so we will follow the procedures set out in clause 7.2 of the Energy Retail Code.

8 METERING

- 8.1** You must install a Meter at the Supply Address that complies with all Applicable Regulations and any reasonable requirements imposed by us or by your Distributor.
- 8.2** You agree to take whatever steps may be necessary to provide us with access to any information that is generated by your Meter.
- 8.3** It is your obligation to ensure that any data produced by the Meter complies with the Applicable Regulations.
- 8.4** Subject to you providing us with reasonable and safe access to the Supply Address, we aim to ensure that your Meter is read at least once every 6 months. We will not be in breach of this requirement if we have been unable to comply because you have failed to provide us or our representative with safe, convenient and unhindered access to the Supply Address and to the Meter for the purpose of reading the Meter and for connection, disconnection, reconnection, maintenance and repair.
- 8.5** Where we have been unable to read your Meter for a period of 6 months or more we may elect to suspend the operation of this Agreement until such time as a reliable reading of your Meter can be obtained.
- 8.6** You must not tamper with your Meter.

9 ADDITIONAL COSTS

- 9.1** You acknowledge that you may be required to pay the following costs to us as a result of entering into this Agreement:
- (a) costs associated with the installation, maintenance or other technical support required by us or by your Distributor under this Agreement.
 - (b) any charges imposed on us by the Distributor as a result of the metering services supplied by the Distributor.
- 9.2** If work needs to be undertaken that may lead to costs of the type described in clause 9.1 being incurred you may ask us to specify what those costs are before the work is undertaken.

10 YOUR BILL

- 10.1** You will not receive a separate bill or statement as a result of entering into this Agreement. Any Solar Electricity Credits accumulated by you during the Term of this Agreement will be set off against the bill that you receive pursuant to your Supply Agreement.
- 10.2** Your bill will clearly itemise:
- (a) the amount of Solar Electricity supplied by you to us during the relevant period;
 - (b) the amount of Solar Electricity Credits accumulated by you;
 - (c) the amount (if any) of excess Solar Electricity Credits remaining on your account;
 - (d) the amount (if any) of excess Solar Electricity Credits that have expired during the relevant period;
 - (e) any charges that we have applied to your account or other adjustments that we have made.

11 OWNERSHIP OF RECs and GPRs

- 11.1** You agree that:
- (a) you must assign to us the entitlement to create RECs or GPRs for the Solar Electricity that you supply to us and that if it is not possible to assign it to us you will, at our request, create those RECs and GPRs and transfer them to us. You will take all steps that we may reasonably require in order to comply with this clause.
 - (b) you warrant to us that you have not entered into and will not enter into any agreement with any third party regarding the RECs and GPRs or other rights described in this clause.

12 INTERRUPTION, REDUCTION OR DISCONNECTION

- 12.1** All of the terms under the Supply Agreement that relate to the interruption, disruption, reduction or disconnection of the supply of electricity to you also apply to this Agreement.
- 12.2** You agree that the connection of your Generator, and your ability to supply us with Solar Electricity may be interrupted, discontinued or restricted for the same reasons set out in your Supply Agreement.

13 GST

- 13.1** Any consideration or amount payable under this Agreement including any non-monetary consideration, is inclusive of GST unless stated otherwise.
- 13.2** Subject to clause 13.3, if we become liable to pay GST in connection with this Agreement you agree to:
- (a) pay to us in addition to any other amounts that may be due to us under this Agreement or under the Supply Agreement, an additional amount equal to the amount of that GST;
 - (b) you must pay such an amount to us within 14 days of being provided with a valid tax invoice by us.
- 13.3** If any GST payable in relation to a supply made under this Agreement varies from the additional amount that is paid by you under clause 13.2 so that a further amount of GST is payable in relation to the supply or a refund credit of GST is obtained in relation to the supply, then we will provide a corresponding refund or credit to, or will be entitled to receive a corresponding amount from you.
- 13.4** Subject to the foregoing provisions of this clause, you are solely liable for payment of all taxes which may be incurred as a result of this Agreement and you agree to indemnify for any such liabilities that we may incur.
- 13.5** If you are a business customer you must supply us with a valid ABN in respect of this Agreement.
- 13.6** Unless you supply us with a valid ABN under clause 13.5 you warrant to us that your generation of electricity by your Generator is for private and domestic purposes and is not related in any way to any business purposes carried on by you or any other person. You undertake to indemnify us for all loss, damage, cost and expense that may arise from any breach of the foregoing warranty.

14 YOUR RIGHTS

- 14.1** You may ask us to review your bills or provide you with information on any premium solar feed-in tariff offers that we may from time to time make and we will process your request and provide the information to you within a reasonable period of time.
- 14.2** You may request historical data relating to this Agreement for a period of up to 2 years and we will process such a request within a reasonable period of time.
- 14.3** You must pay our reasonable costs of providing any information that you have sought from us under this clause.

15 YOUR OBLIGATIONS

- 15.1** You must comply with all applicable laws. In particular you must supply us with Solar Electricity in accordance with the Supply Requirements.
- 15.2** You must ensure that any variations in the voltage and/or frequency do not exceed the levels prescribed by the Applicable Regulations.
- 15.3** You must ensure that you supply Solar Electricity at the point where the Distributor's distribution system connects to the Supply Address.
- 15.4** You must not modify the Generator without first obtaining the written consent of the Distributor.

- 15.5 You must notify us as soon as is reasonably practicable about any changes in your contact details or other relevant circumstances.
- 15.6 If the Supply Address was but is no longer your principal place of residence you must notify within 14 days of the date when the Supply Address ceased to be your principal place of residence.
- 15.7 If the installed or name-plate generating capacity of your Generator exceeds 100 Kilowatts.
- 16 FORCE MAJEURE**
- 16.1 If, but for this clause, either party would commit a breach of this Agreement and that breach is caused by a Force Majeure Event:
- (a) the obligations of the defaulting party under this Agreement are suspended to the extent to which they are affected by the Force Majeure Event as long as that event continues; and
 - (b) the defaulting party must give the other party notice of that fact including full particulars of the Force Majeure Event, an estimate of its likely duration, the obligations affected by it and the extent of its effect on those obligations and the steps taken to remove, overcome or minimise its effects.
- 16.2 For the purposes of clause 16.1(a), if the effects of a Force Majeure Event are widespread the defaulting party will be deemed to have given the other party prompt notice if it makes the necessary information available to the other party as soon as is reasonably practicable.
- 16.3 The parties may agree with one another that a defaulting party is not to have the benefit of clause 16.1(a) in respect of any Force Majeure Event.
- 16.4 A party that seeks to rely upon clause 16.1(a) must use its best endeavours to remove, overcome or minimise the effects of the Force Majeure Event as quickly as possible. However, this does not require either party to settle any dispute (that may be related to the Force Majeure Event) on terms that it would not otherwise agree to.
- 16.5 Nothing in this clause 16 varies or excludes the operation of section 117 of the **Electricity Industry Act 2000** (Vic.) or section 78 of the *National Electricity Law*.

17 MISCELLANEOUS

Liability

- 17.1 We do not accept any responsibility for any risks or liabilities associated with the operation of your Generator including its control, use, maintenance or connection to the Distributor's distribution system.

Assignment

- 17.2 You must not novate this Agreement or assign, transfer or deal with the rights created under this Agreement without our written consent.
- 17.3 We may only assign our rights and obligations under this Agreement with your consent if the assignment forms part of the transfer to a third party of all or substantially all of our retail business.

- (b) the parties may vary this Agreement by agreement in writing.

17.8 By entering into this Agreement you provide us with explicit informed consent to any such variations.

Severance

17.9 If the whole or any part of a provision of this Agreement is void, unenforceable or illegal that provision shall, so far as is possible, be severable. The remainder of this Agreement shall continue to operate with full force and effect and the validity and enforceability of the remainder shall be unaffected.

Entire Agreement

17.10 This Agreement sets out the entirety of the agreement between us for the supply of Solar Electricity by you to us and you acknowledge that you have not relied on any representation, inducement, warranty or promise which is not contained in this document.

17.11 You acknowledge that the Supply Agreement deals exclusively with the sale of electricity by us to you and that the Supply Agreement is separate from this Agreement.

17.12 If and to the extent that any matter is required to form part of this Agreement that is not included expressly in these terms and conditions the relevant provisions shall be implied into this Agreement as if they were expressly incorporated.

Changes in the Laws

17.13 It is acknowledged that there may be changes in the laws that govern the sale and supply of electricity (including Solar Electricity) which may affect the operation of this Agreement. It is agreed that if in our reasonable view the changes to the laws materially alter the rights that subsist under this Agreement we may amend this Agreement to take those changes into account.
