## GOVERNMENT AND OUTER BUDGET SECTOR AGENCIES NOTICES

### Notice of Road Deviation – Maloney Lane, Stanley

This notice is published to comply with section 223 of the **Local Government Act 1989**

Notice is hereby given that the Indigo Shire Council, at its Ordinary Meeting of 10 August 2010, resolved to give public notice of the road deviation of an unused government road in the vicinity of Maloney Lane, Stanley, approximately 360 m from the Stanley Road. Council has resolved that the unused government road shown as cross-hatched in the following plan is not reasonably required as a road and to deviate the road over the land, being part of PC363433, shown as hatched on the following plan.

In accordance with section 223 of the Act, any person can make a submission on the proposed road deviation. A person making a submission may request to be heard in person in support of their submission.

Submissions must be in writing, addressed to the Chief Executive Officer, PO Box 28, Beechworth, Victoria 3747, and must be received by close of business on 1 November 2010.

Further details on the road deviation can be obtained by contacting Robert Uebergang, Assets Manager, phone (02) 6028 1100.

## CAMPASPE PLANNING SCHEME

## Notice of Preparation of Amendment

## Amendment C78

## Authorisation A01606

The Campaspe Shire Council has prepared Amendment C78 to the Campaspe Planning Scheme.

In accordance with section 8A(3) of the **Planning and Environment Act 1987**, the Minister for Planning authorised the Campaspe Shire Council as planning authority to prepare the Amendment.

The Amendment applies to various parcels of Business 1, 2 and 4 zoned land adjacent to the Northern and Murray Valley Highways, Echuca, as indicated in Figure 1 of the attached explanatory report.

In addition, the Amendment applies to Business, Industrial, Residential, Urban Floodway and Public Use zoned land within the vicinity of Echuca Moama River crossing as indicated within Figure 2 of the attached explanatory report.

The Amendment proposes to:

- introduce two new Design and Development Overlays (DDO3) and (DDO4);
- introduce a new schedule to the DDO3 and DDO4; and
- amend the area and schedule applying to DDO1 and the corresponding schedule.

DDO 3 applies to the Northern and Murray Valley Highways Precinct, while DDO4 applies to the Echuca Moama bridge town entrance gateway.

You may inspect the Amendment, any documents that support the Amendment and the explanatory report about the Amendment, free of charge, at the following locations: during office hours, at the office of the planning authority, Shire of Campaspe, Echuca Headquarters, corner Hare and Heygarth Streets, Echuca 3564; and at the Department of Planning and Community Development website [www.dpcd.vic.gov.au/planning/publicinspection](http://www.dpcd.vic.gov.au/planning/publicinspection)

Any person who may be affected by the Amendment may make a submission to the planning authority.

The closing date for submissions is 1 November 2010. A submission must be sent to Mr Andrew Cowin, Strategic Planner at the Shire of Campaspe, PO Box 35, Echuca 3564.

Chief Executive Officer

**Planning and Environment Act 1987**

## CAMPASPE PLANNING SCHEME

## Notice of Preparation of Amendment

## Amendment C83

## Authorisation A01654

The Campaspe Shire Council has prepared Amendment C83 to the Campaspe Planning Scheme.

In accordance with section 8A(3) of the **Planning and Environment Act 1987**, the Minister for Planning authorised the Campaspe Shire Council as planning authority to prepare the Amendment.

The Amendment relates to the following areas:

- Historic Port Precinct, bounded by Heygarth Street to the south, Law Court Place and Warren Street to the north, the Campaspe River to the west and the Murray River and railway line to the east; and
- Echuca CBD precinct, bounded by Heygarth Street to the north, McKinlay Street to the south, the railway line to the east and High Street to the west.

The Amendment proposes to:

- amend the MSS at Clause 21.04 – Commerce to include reference to the ‘Parking Strategy for Echuca CBD and Historic Port Precinct’;
- amend the Schedule to Clause 52.06-6 to provide for new car parking rates, off-site parking provisions, and payments-in-lieu of car parking as recommended by the ‘Parking Strategy for Echuca CBD and Historic Port Precinct’; and
- amend the Schedule to Clause 81 to include the ‘Parking Strategy for Echuca CBD and Historic Port Precinct’ as an Incorporated Document.

You may inspect the Amendment, any documents that support the Amendment and the explanatory report about the Amendment, free of charge, at the following locations: during office hours, at the office of the planning authority, Shire of Campaspe, Echuca Headquarters, corner Hare and Heygarth Streets, Echuca 3564; and at the Department of Planning and Community Development website, [www.dpcd.vic.gov.au/planning/publicinspection](http://www.dpcd.vic.gov.au/planning/publicinspection)

Any person who may be affected by the Amendment may make a submission to the planning authority.

The closing date for submissions is 8 November 2010. A submission must be sent to Mr Andrew Cowin, Strategic Planner at the Shire of Campaspe, PO Box 35, Echuca 3564.

#### EXEMPTION

Application No. A278/2010

The Victorian Civil and Administrative Tribunal has considered an application, pursuant to section 83 of the **Equal Opportunity Act 1995**, by St Vincent's Hospital. The application for exemption is to enable the applicant to advertise for and employ an Aboriginal or Torres Island person (AXIS person) as Aboriginal Liaison officer (the exempt conduct).

Upon reading the material submitted in support of the application the Tribunal is satisfied that it is appropriate to grant an exemption from sections 13, 14, 100 and 195 of the Act to enable the applicant to engage in the exempt conduct.

In granting this exemption, the Tribunal noted:

- The hospital wishes to be able to provide culturally appropriate care for its Aboriginal patients, to liaise in a culturally appropriate way with their families, and to provide a contact point between the hospital, the Aboriginal community, and organisations in that community, which is both culturally appropriate and effective from the point of view of Aboriginal people.
- The office will work primarily in the acute care, but will also play a pivotal role in establishing links between Aboriginal patients and their families and health workers at the hospital and between the hospital and Aboriginal community. The Officer will help health workers at the hospital to understand how to treat and communicate with Aboriginal patients in the culturally appropriate way. The Officer will help in planning for health care and health services in the hospital.
- To be able to perform this work, the Officer must have a deep knowledge of ATSI culture, communities, history, and kinships. This deep knowledge is most likely to be possessed by a person of ATSI descent. A person of ATSI descent will be able most effectively and quickly to deal with culturally related issues that might arise in the care of services provided by the hospital to its Aboriginal patients or their families.

The Tribunal hereby grants an exemption to the applicant from the operation of sections 13, 14, 100 and 195 of the **Equal Opportunity Act 1995** to enable the applicant to engage in the exempt conduct.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 29 September 2013.

**Subordinate Legislation Act 1994**

NOTICE OF PREPARATION OF  
REGULATORY IMPACT STATEMENT

Proposed Petroleum Regulations 2011

Notice is given that, in accordance with section 11 of the **Subordinate Legislation Act 1994**, a Regulatory Impact Statement (RIS) has been prepared for the Petroleum Regulations 2011 (proposed Regulations).

The proposed Regulations are to be made under the **Petroleum Act 1998** ('the Act'). The primary objectives of the proposed Regulations are to:

- eliminate and minimise as far as practicable, risks to the environment, public health and safety associated with petroleum operations;
- prescribe the requirements for operation plans; and
- prescribe various administrative matters, fees and other matters authorised by the Act.

The proposed Regulations will give operational effect to key aspects of the Act, principally the requirements for operation plans, petroleum production development plans and storage development plans.

The proposed Regulations will provide detailed requirements to ensure that the content of these plans appropriately manage the hazards and risks associated with petroleum operations.

The proposed Regulations will alter the fee structure to better align the cost recovery regime with the costs of administering the Act and proposed Regulations, in accordance with the Victorian Department of Treasury and Finance Cost Recovery Guidelines.

The RIS discusses a number of regulatory and non-regulatory options, including remaking the existing Petroleum Regulations 2000 without amendment, making new regulations or removing regulations altogether and preparing guidelines in their place. The proposed Regulations are considered the most appropriate and efficient means of achieving the objectives of the Act.

Copies of the RIS and the proposed Regulations may be obtained from the Department of Primary Industries by contacting Caitlin Ryan, Senior Policy Analyst, Earth Resources Policy on 9658 4816, via email on [petroleum.regulations@dpi.vic.gov.au](mailto:petroleum.regulations@dpi.vic.gov.au) or via the internet at [www.dpi.vic.gov.au](http://www.dpi.vic.gov.au) (click on 'Earth Resources' > 'What's new').

Public comments are invited on the RIS and the accompanying proposed Regulations. All comments must be in writing and should be sent to Caitlin Ryan, Senior Policy Analyst, Earth Resources Policy, Level 17, 1 Spring Street, Melbourne, Vic. 3000 or emailed to [petroleum.regulations@dpi.vic.gov.au](mailto:petroleum.regulations@dpi.vic.gov.au) by no later than 5 pm on 29 October 2010.

### Water Act 1989

#### PROPOSED PERMANENT WATER SAVING MEASURES – NON-RESIDENTIAL WATER EFFICIENCY

Victoria's water corporations currently have in place a Permanent Water Saving Plan, which is developed at the local level and suitable for local conditions. This plan outlines a set of commonsense rules that target outdoor water usage that are designed to achieve long-term water efficiencies.

Currently the plan outlines a key Permanent Water Saving Rule that all industrial, commercial and institutional water customers that consume 10 million litres or more of drinking water per annum must prepare, submit and report against a water management action plan (waterMAP) each year.

The Victorian Government now intends to further increase water efficiency in Victoria's non-residential sector by expanding the waterMAP program to include all industrial, commercial and institutional water customers that consume five million litres or more of drinking water per annum.

This key policy change will require the amendment of each water corporation's current Permanent Water Saving Plan. Pursuant to section 170B(3) of the **Water Act 1989**, the Victorian Minister for Water has directed each of Victoria's urban water corporations to review and submit their revised Permanent Water Saving Plan to the Minister for approval to reflect this policy change.

You are invited to submit your views on the proposed revisions to the Permanent Water Saving Plans, which are fully explained in the Permanent Water Saving Plans of each water corporation.

A copy of the Permanent Water Saving Plan and Feedback Form can be obtained at [www.chw.net.au](http://www.chw.net.au) or by phoning (03) 5320 3264. Completed submissions should be mailed to Coordinator Demand Management at PO Box 152, Ballarat 3353 by 29 October 2010.

The above urban areas will move to Permanent Water Saving Rules (PWSR) from Friday 1 October 2010 until a date to be notified. PWSR are rules that apply at all times when water restrictions are not in place.

During this period, water supplied by Coliban Water from a water main (other than recycled water) shall be used in accordance with the following:

#### **‘Odds and Evens’ Water Calendar**

- Odd numbered properties water on odd numbered days.
- Even and un-numbered water on even numbered days.
- No watering on the 31st day of the month.

All hoses used must be fitted with a trigger mechanism or flow shut-off device.

#### **Gardens and Lawns**

Applies to private gardens, public gardens, sports grounds/recreational areas:

- Use a hand-held hose with a trigger nozzle, watering can or bucket to water gardens or lawns at any time.
- A sprinkler, micro spray, drip system or any other watering system can only be used on alternate days before 10 am and after 5 pm – use the Odds and Evens watering system.
- All automatic watering systems installed from 1 July 2006 must have a rain sensor or soil moisture sensor as part of their control system.

#### **Vehicles**

Hoses used to clean a vehicle by hand must be fitted with a flow shut-off device.

#### **Paved Areas**

Paved areas can only be cleaned using water from a hose in the event:

- of an accident, fire, health or safety hazard, or other emergency; or
- the paved area is under construction or renovation.

#### **Construction Industry**

Hoses must be fitted with flow shut-off devices.

#### **Fountains**

Fountains not recirculating water must not operate.

#### **Definitions**

A few important definitions for Permanent Water Saving Rules words and terms:

**Paved area** – any hard surface such as a footpath, driveway, pation, path, wall, roadway and any other paved (concrete, asphalt, brick, tile, bitumen or similar) surface;

**Vehicle** – includes motorbike, motor vehicle, trailer, tram, air cushion vehicle, train, bus, boat (excluding the motor) or aircraft;

**Flow shut-off device** – means a device that enables the flow of water to be totally shut off;

**Trigger nozzle** – a nozzle attached to a hand-held hose that:

- must be depressed continuously, held in the ‘on’ position by hand for water to flow; or
- has a discrete switch which can be turned on and off by hand, with a single movement;

**Construction** – includes erecting, altering, demolishing or removing any building, structure or civil engineering or other work, and any associated on-site or off-site activity;

**Fountain** – includes any indoor or outdoor ornamental fountain or water feature;

**Automatic watering system** – means a watering system capable of being set to turn on and off automatically, at pre-determined times, without human intervention.

### **Water Industry Act 1994 and Water Act 1989**

#### **REVISED PERMANENT WATER SAVING PLANS – PROPOSED PERMANENT WATER SAVING MEASURES FOR NON-RESIDENTIAL WATER EFFICIENCY**

Each of Melbourne's water retailers – City West Water, South East Water and Yarra Valley Water (collectively the metropolitan retailers) – and Western Water currently have in place a Permanent Water Saving Plan (Plan). Each plan contains a set of commonsense rules that restrict outdoor water usage and a set of principles for considering applications for exemptions from particular restrictions. The Plans are designed to achieve long-term water efficiencies.

At the direction of the Minister for Water pursuant to section 78K(3) of the **Water Industry Act 1994** (in the case of the metropolitan retailers) and section 170B(3) of the **Water Act 1989** (in the case of Western Water), each of the metropolitan retailers and Western Water has prepared a Revised Plan, incorporating changes to their current Plans.

#### **Summary of Plans**

Each Plan imposes restrictions\* on:

- the usage of automatic and manual watering systems for watering residential gardens, commercial gardens, public gardens and sportsgrounds/recreational areas;
- fountains that do not re-circulate water;
- the cleaning of vehicles by a hand-held hose that is not fitted with a trigger nozzle;
- the cleaning of paved areas with a hose, other than in certain circumstances (such as in the event of an emergency or safety hazard);
- the use in the construction industry of a hose that is not in good condition and fitted with a trigger nozzle;
- filling a spa or pool with a capacity of 2,000 litres or greater (unless an application detailing water savings to offset that water use is made and approved).

The above restrictions are all imposed under current Plans and these will not change when the Revised Plans come into effect.

The Revised Plans incorporate a proposed change to the existing key Permanent Water Saving Rule that all industrial, commercial and institutional water customers that consume 10 million litres or more of drinking water per annum must prepare, submit and report against a water management action plan (waterMAP) each year.

The Victorian Government now intends to further increase water efficiency in Victoria's non-residential sector by expanding the waterMAP program to include all industrial, commercial and institutional water customers that consume five million litres or more of drinking water\*\* per annum.

This proposed change is reflected in the Revised Plans, on which public comments and submissions are now invited. Completed submissions should be mailed to Permanent Rules, PO Box 8520, Heatherton 3202; or via email, [permanentrules@smartwater.com.au](mailto:permanentrules@smartwater.com.au), by close of business 29 October 2010.

A copy of the Revised and Current rules can be obtained from the relevant water authority at its website:

City West Water	131 691	<a href="http://www.citywestwater.com.au">www.citywestwater.com.au</a>
South East Water	131 694	<a href="http://www.sew1.com.au">www.sew1.com.au</a>
Yarra Valley Water	131 721	<a href="http://www.yvw.com.au">www.yvw.com.au</a>
Western Water	1300 653 126	<a href="http://www.westernwater.com.au">www.westernwater.com.au</a>

\*These restrictions do not apply in certain circumstances as specified in each Plan. Each Plan also allows for the publication of general exemptions from those restrictions and entitles persons to apply for specific exemptions in certain circumstances. Each Plan notes that it is an offence to contravene the restrictions imposed under a Plan and that substantial penalties apply.

\*\* The proposal to include a new definition of 'drinking water' is also reflected in the Revised Plans.

### **Veterinary Practice Act 1997**

#### **ENDORSEMENT OF REGISTRATION AS A SPECIALIST PRACTITIONER**

Under section 8 of the **Veterinary Practice Act 1997**, the following veterinary practitioners have been granted endorsement of registration as specialist practitioners by the Veterinary Practitioners Registration Board of Victoria.

<b>SPEC NO.</b>	<b>NAME</b>	<b>SPECIALISATION</b>

**Liquor Control Reform Act 1998**

## LIQUOR LICENSING POLL

## Camberwell Neighbourhood

The Director of Liquor Licensing has received an application for an on-premises licence for Degani Bakery Cafe, 536 Riversdale Road, Camberwell. As the application for a licence is in a 'dry area', the Director of Liquor Licensing, pursuant to clause 17 of Schedule 3 of the **Liquor Control Reform Act 1998**, has ordered a poll of electors in the neighbourhood surrounding the above premises. The Director of Liquor Licensing determines this neighbourhood. The Victorian Electoral Commission (VEC) will conduct the poll entirely by post.

1. The neighbourhood indicated by the Director of Liquor Licensing for the Degani Bakery Cafe licensing poll comprises the neighbourhood on the map below:

2. The resolution to be submitted to the electors  
Electors in the Camberwell neighbourhood for the Degani Bakery Cafe licensing poll will be asked to vote 'yes' or 'no' with respect to the following resolution:  
'That an on-premises licence be granted in the neighbourhood of the premises situated at 536 Riversdale Road, Camberwell.'
3. Persons entitled to vote at the poll  
All electors who reside within the neighbourhood indicated, and who were enrolled on the electoral roll used for State elections as of 5.00 pm on Thursday 2 September 2010, must vote in the poll. Copies of the official roll for the poll may now be inspected at the Victorian Electoral Commission, Level 8, 505 Little Collins Street, Melbourne.
4. Voting is compulsory  
Electors enrolled in the licensing poll neighbourhood as of 5.00 pm on Thursday, 2 September 2010 are obliged to vote. The penalty for failing to vote without a valid and sufficient reason is currently \$60.00.
5. Postal voting  
The poll will be conducted entirely by post. Ballot papers will be mailed to all eligible electors from Wednesday 13 October 2010. To be included in the count, ballot papers must be received by the VEC by 5.00 pm on Monday 1 November 2010.

**Reserve** means the land shown as hatched on Plan LEGL./09-208 lodged in the Office of Titles;

**restricted access area** means an area set aside under regulation 11(1)(b) as an area to which access is restricted;

**take** includes –

- (a) in relation to flora, to kill, injure or disturb any live flora, or to remove or collect all or part of any flora, whether dead or alive; and
- (b) in relation to fauna and other animals, to kill, injure or disturb any fauna or other animal or remove any dead fauna or other animal;

**the Act** means the **Crown Land (Reserves) Act 1978**;

**vessel** has the same meaning as in the **Marine Act 1988**;

**wreck** means the vessel that was formerly the HMAS Canberra sited on the seabed in the Reserve.

## 7 Application of certain regulations

These regulations do not apply to –

- (a) an employee of the Committee who is acting in the course of his or her duties; and
- (b) an authorised officer who is acting in the course of his or her duties; and
- (c) a contractor, agent, volunteer or other person carrying out any work for or acting on the authority or instruction of the Committee or an employee of the Committee; and
- (d) a person acting in accordance with a lease or licence granted or issued under the Act or another Act relating to Crown land, over land and water in the Reserve, to the extent that the lease or licence authorises that person's entry to and activity in the Reserve.

## PART 2 – ADMINISTRATION OF THE RESERVE BY THE COMMITTEE

## 8 Determination of the Committee setting an area aside

- (1) In a determination of the Committee under these Regulations setting aside an area, the Committee may specify conditions under which the use of the area to which the determination relates may or may not be carried out.
- (2) If the Committee has made a determination setting aside an area under these Regulations in which a particular use of an area is restricted or prohibited, the Committee must publish information on the Committee's website indicating –
  - (a) the area that has been set aside under the determination; and
  - (b) in the case of a use that is restricted, the conditions under which a particular use that is restricted may be carried out in the area so set aside.
- (3) The Committee may revoke or amend a determination made under these Regulations.
- (4) If the Committee revokes or amends a determination under subregulation (3), it must –
  - (a) in the case of revocation, ensure that any information published on the Committee's website under subregulation (2) relating to that determination is removed.
  - (b) in the case of amendment, ensure that the details of the amendment are published on the Committee's website under subregulation (2).

## 9 Permits

- (1) A permit issued under these regulations authorises the holder of the permit to enter and use an improvement, service, facility or area of the Reserve –
  - (a) for the purpose specified in the permit; and
  - (b) for the period specified in the permit –subject to any terms and conditions specified in the permit.
- (2) A permit issued by the Committee under these Regulations must be in writing.
- (3) The holder of a permit must comply with any terms and conditions of that permit.
- (4) The Committee may cancel a permit at any time –
  - (a) if the holder of the permit has –
    - (i) breached the conditions of the permit; or
    - (ii) breached these Regulations; or

- (b) if the continuation of the permit is likely to be detrimental to, or interfere with, the management and protection of the natural environment, the wreck, other features of or visitors to the Reserve; or
  - (c) for the purposes of Reserve management.
- (5) Upon cancellation of a permit under subregulation (4), the Committee must cause the holder of the permit to be notified, in writing, of the cancellation of the permit within 28 days after the cancellation.
  - (6) The cancellation of a permit under subregulation (4) comes into effect when the holder of the permit receives notification of that cancellation in accordance with subregulation (5).
  - (7) A person must not interfere with or obstruct the entry or use –
    - (a) by the holder of a permit; and
    - (b) his or her invitees –of any improvement, service, facility or area of the Reserve that is the subject of the permit.
  - (8) The holder of a permit issued under these Regulations must produce the permit upon request of a member of the Committee or an authorised officer.

#### **10 Fees and charges**

- (1) The Committee may impose a fee for the use of improvements, services or facilities in the Reserve, provided that such fees do not exceed the maximum amount specified in the schedule.
- (2) If the Committee imposes a fee for the use of improvements, services or facilities in the Reserve under subregulation (1), the Committee must publish the fee payable on the Committee's website.
- (3) A person must not use an improvement, service or facility within the Reserve without paying the appropriate fee, if any, imposed by the Committee under subregulation (1).
- (4) Subregulation (3) does not apply to a person who is engaging in –
  - (a) an organised event under regulation 19; or
