

Victoria Government Gazette

No. S 428 Thursday 22 December 2011
By Authority of Victorian Government Printer

Road Safety Act 1986

ROAD SAFETY (VEHICLES) REGULATIONS 2009

Declaration of Routes for B-doubles and Exemption of Longer B-doubles from Length Limit

1. Purpose

The purpose of this notice is to specify the routes that a B-double may travel on, and to exempt longer B-doubles from a dimension limit on certain conditions.

2. Authorising provisions

This notice is made under clause 11 of Schedule 8 to, and regulation 188 of, the Road Safety (Vehicles) Regulations 2009 (in this notice referred to as the 'Vehicles Regulations').

Clause 11 of Schedule 8 to the Vehicle Regulations provides that a B-double may only be used on a highway that is in an area, or on a route, specified by the Roads Corporation by notice published in the Government Gazette or by a class 2 permit.

Regulation 188 of the Vehicles Regulations provides that the Roads Corporation may exempt a category of class 2 vehicles from certain mass or dimensions limits set out in Schedule 8. Regulation 187(1)(a) provides that B-doubles are class 2 vehicles.

3. Commencement

This notice comes into operation on the date it is published in the Government Gazette.

4. Revocation

The notice published in Government Gazette No. S 406 on 9 November 2009 entitled 'Declaration of Routes for B-doubles and Exemption of Longer B-doubles from Dimension Limits' is revoked.

5. Expiry

This notice expires on 1 November 2016.

6. Definitions

In this notice –

approval plate means a decal, label or plate issued by a competent entity that is made of a material and fixed in such a way that it cannot be removed without being damaged or destroyed and that contains at least the following information –

- (a) the manufacturer, trade name or mark of the front underrun protection vehicle, front underrun protection device, prime mover (in the case of cabin strength) or protrusion; and
- (b) in the case of a front underrun protection device or protrusion, the make and model of any vehicle which the device or protrusion has been designed and certified to fit; and
- (c) the competent entity's unique identification number which is –
 - (i) allocated by the Australian Road authority; or
 - (ii) in the case of a heavy vehicle manufacturer, its Road Vehicle Certification System licensee number; and
- (d) in the case of a front underrun protection device or protrusion, the approval number issued by the competent entity; and
- (e) the purpose of the approval, such as whether the approval is for a front underrun protection device, a front underrun protection vehicle, cabin strength or that the protrusion, if fitted, is compatible with the prime mover's compliance as a front underrun protection vehicle;

SPECIAL

competent entity means the relevant heavy vehicle manufacturer or another person or organisation that has been empowered by an Australian road authority to certify heavy vehicle modifications;

E-mark means an approval mark arranged and issued in accordance with Annex 4 of UNECE Regulation No. 93 or Annex 2 of UNECE Regulation No. 29;

front underrun protection device (FUPD) means a device fitted to a prime mover –

- (a) that complies with the requirements of UNECE Regulation No. 93 including the requirements of sections 6 and 8 of that Regulation; and
- (b) that was tested in accordance with the test conditions set out in Annex 5 of UNECE Regulation No. 93; and
- (c) whose compliance with the performance requirements of UNECE Regulation No. 93 was established by laboratory testing carried out in accordance with the procedures set out in Annex 5 of that Regulation;

front underrun protection vehicle means a vehicle that complies with UNECE Regulation No. 93;

Mel means the latest edition of the ‘Greater Melbourne Street Directory’ as published by Melway Publishing Pty Ltd;

protrusion means a fitting such as a bull-bar, roo-bar, nudge-bar or cow catcher but does not include driving lights, fog lights, running lights, aerials or similar equipment;

UNECE Regulation No. 29 means the ‘Uniform provisions concerning the approval of vehicles with regard to the protection of the occupants of the cab of a commercial vehicle’ as published in the ‘Agreement concerning the adoption of uniform technical prescriptions for wheeled vehicles, equipment and parts which can be fitted and/or be used on wheeled vehicles and the conditions for reciprocal recognition of approvals granted on the basis of these prescriptions’ by the United Nations Economic Commission for Europe (UNECE) on 27 February 1999;

UNECE Regulation No. 93 means the ‘Uniform provisions concerning the approval of:

- I. front underrun protective devices (FUPDs);
- II. vehicles with regard to the installation of an FUPD of an approved type;
- III. vehicles with regard to their front underrun protection (FUP)’ –

as published in the ‘Agreement concerning the adoption of uniform conditions of approval and reciprocal recognition of approval for motor vehicle equipment and parts’ by the UNECE on 27 February 1994;

VCSE means the latest edition of the ‘VicRoads Country Street Directory of Victoria’ as published by RACV Tourism & Travel, Royal Automobile Club of Victoria (RACV) Ltd.

7. Specified routes

For the purposes of clause 11 of Schedule 8 to the Vehicles Regulations, I, David Shelton, delegate of the Roads Corporation, specify the following as routes on which B-doubles may travel –

- (a) all freeways within the meaning of the **Road Management Act 2004**; and
- (b) all arterial roads within the meaning of the **Road Management Act 2004**, except for –
 - (i) any road listed in column 1 of Table A within a municipality listed in column 2; or
 - (ii) any bridge, culvert or other structure specified in column 4 of Table B on a road specified in column 1 of that Table; and

- (c) all roads declared under sections 61 or 93H of the **Melbourne City Link Act 1995**; and
- (d) all roads declared under section 143 or 144 of the **EastLink Project Act 2004**; and
- (e) the municipal roads listed in column 2 of Table C, subject to the prohibited roads and conditions in column 3 of that Table; and
- (f) the municipal roads listed in Table D.

8. Exemption

For the purposes of regulation 188 of the Vehicles Regulations, I, David Shelton, delegate of the Roads Corporation, exempt B-doubles from the maximum length limit of 25 metres (in clause 8 of Schedule 8 to the Vehicles Regulations) if –

- (a) the distance from the centerline of the king-pin of the first trailer to the rear of the combination does not exceed 20.6 metres; and
- (b) an approval plate is fitted, in a way that is legible, easily accessible and clearly visible to a police officer or authorised officer –
 - (i) to the prime mover's cabin or near the prime mover's identification plate or label where the prime mover is a front underrun protection vehicle; and
 - (ii) to any front underrun protection device that has been fitted to the prime mover; and
 - (iii) to any protrusion that has been fitted to the front of the prime mover, indicating that the protrusion is compatible with the prime mover's compliance with subparagraph (i); and
- (c) the prime mover, if manufactured after 31 December 2005, complies with the UNECE Regulation No.29 in relation to cabin strength, and is fitted with an approval plate that is affixed on its cabin or its identification plate or label in a way that is clearly visible to a police officer or authorised officer; and
- (d) the prime move does not have a load carrying area.

Note: The routes in this notice apply only to B-doubles operating at the mass limits in the Vehicles Regulations. B-doubles operating at Higher Mass Limits can only travel under a separate gazette notice exempting them from regulatory mass limits, with further route restrictions.
