SPECIAL

2012 FARES AMENDING CONDITIONS – MYKI

The conditions under section 220D of the **Transport (Compliance and Miscellaneous) Act 1983** contained in the Victorian Fares and Ticketing Manual (myki) (effective 7 September 2010) published in the Victoria Government Gazette No. S 364 dated Tuesday 7 September 2010 as amended by the conditions under section 220D of the **Transport (Compliance and Miscellaneous) Act 1983** published in the Victoria Government Gazette No. S 521 dated Thursday 30 December 2010, the Victoria Government Gazette No. S 78 dated Thursday 10 March 2011, the Victoria Government Gazette No. S 132 dated Wednesday 20 April 2011, the Victoria Government Gazette No. S 211 dated Thursday 30 June 2011 and the Victoria Government Gazette No. S 243 dated Monday 25 July 2011 (respectively the First Amending Conditions, the Second Amending Conditions, the Third Amending Conditions, the Fourth Amending Conditions and the Fifth Amending Conditions), are amended as follows.

In these amending conditions, after this paragraph, a reference to the Myki Manual is a reference to the conditions contained in the Myki Manual as amended by the First Amending Conditions, the Second Amending conditions, the Third Amending Conditions, the Fourth Amending Conditions and the Fifth Amending Conditions.

The amendments made by these amending conditions apply in respect of entitlements to use a public transport service that are subject to the conditions contained in the Myki Manual and that are able to be exercised on or after the commencement of these amending conditions, including, except in relation to fares that that were paid or payable before that commencement, entitlements that existed, but had not been exercised, before these amending conditions were published in the Government Gazette.

The amendments made by these amending conditions cease to have effect on 31 December 2012.

In Chapter Four of the Myki Manual, under the heading ‘Calculating myki money fares’, in the second paragraph under the heading ‘*Single trip and 2 hour products*’, for ‘\$5.10’ substitute ‘\$5.54’.

In Chapter Four of the Myki Manual, under the heading ‘Calculating myki money fares’, in the paragraph under the heading ‘*Weekend Daily Cap and Public Holiday Cap*’, for ‘\$3.00’ substitute ‘\$3.30’.

In Chapter Four of the Myki Manual, under the heading ‘Calculating myki money fares’, in the paragraph under the heading ‘*Seniors Daily Cap*’, for ‘\$3.30’ substitute ‘\$3.60’.

In Chapter Four of the Myki Manual, under the heading ‘Calculating myki money fares’, in the second paragraph under the heading ‘*Existing products*’ –

- (a) for ‘\$3.02’ (where twice occurring) substitute ‘\$3.28’; and
- (b) for ‘\$5.10’ substitute ‘\$5.54’; and
- (c) for ‘\$2.08’ substitute ‘\$2.26’.

In Chapter Four of the Myki Manual, under the heading ‘Calculating myki money fares’ –

- (a) in the first paragraph under the heading ‘*Full fare example*’, for ‘\$5.10’ substitute ‘\$5.54’; and
- (b) in the second paragraph under the heading ‘*Full fare example*’, for ‘\$3.02’ substitute ‘\$3.28’; and
- (c) for the fourth paragraph under the heading ‘*Full fare example*’ substitute –

‘The 2 hour fare for this journey is \$5.54; however, the Daily cap for zone 1–2 travel is \$11.08. The customer has already paid \$8.82 (\$5.54 + \$3.28), so only \$2.26 is deducted for the final journey. No further charges would apply for any further journeys that the customer makes that day within zones 1 and 2.’

In Chapter Four of the Myki Manual, under the heading ‘[Calculating myki money fares](#)’, for the four paragraphs under the heading ‘**Concession example**’ substitute –

‘A concession customer takes a Bellarine Transit bus from Geelong (Zone 4) to Queenscliff (Zone 5). When they complete their bus trip (touching on and off) a 2 hour zone 4 & 5 product is created and \$1.63 concession fare is deducted from the myki money balance. They connect to the Torquay coach a short time later (while the 4 + 5 zone product is still valid). When they touch off at the end of the coach trip in Torquay, the myki product remains the same as Torquay is also in Zone 5. When they return to Geelong at the end of the day a 2 hour zone 4 & 5 product is created and \$1.63 concession fare is deducted from the myki money balance. A total of \$3.26 myki money has been deducted for travel that day. Therefore the Daily cap has been reached.’
