Miscellaneous Amendments Local Law

Boroondara City Council is considering making a local law to be known as the 'Miscellaneous Amendments Local Law' (the proposed Local Law).

The following information about the proposed Local Law is provided in accordance with section 119 of the **Local Government Act 1989** (the Act):

Purpose of the Proposed Local Law

The purpose of the proposed Local Law is to:

- amend Council's Tree Protection Local Law, Amenity Local Law and Street Numbering Local Law;
- facilitate the better administration and enforcement of Council's Tree Protection Local Law, Amenity Local Law and Street Numbering Local Law; and
- provide for the peace, order and good government of the municipal district.

General purport of the Proposed Local Law

The proposed Local Law, if made, will:

- amend Council's Tree Protection Local Law to (No.1F) by
 - amending the definition of 'permit',
 - specifying additional matters that must be included in a Notice to Comply,
 - repositioning one of the headings,
 - amending the provisions relating to permits including by specifying the matters that must be taken into account in determining whether to grant a permit,
 - amending the provisions relating to permits including by specifying the matters that must be taken into account in determining whether to grant a permit,
 - amending the provision relating to the taking of security bonds where works are to be undertaken within the critical root zone of a significant or canopy tree,

- making provision for the issuing and serving of infringement notices and fixing penalties for such notices,
- amending some of the offence provisions.
- amend Council's Amenity Local Law by
 - amending the definition of 'Council-controlled land',
 - amending the provisions relating to penalties, costs incurred by Council in remedying offences, the issue and serving of infringement notices and fixing penalties to such notices.
- amend Council's Street Numbering Local Law by

Road Management Act 2004

Proposed Amendments of Road Management Plan

In accordance with section 54(5) and section 54(6) of the **Road Management Act 2004**, Central Goldfields Shire Council gives notice that it has completed a review of its Road Management Plan, and as a result of the findings of the review, it intends to amend its Road Management Plan.

The purpose and general intention of the proposed amendments is:

- simplifying the inspection, prioritisation and action system;
- inclusion of clause stating that if a person intends to take court proceedings in relation to the condition of the public roads, they must be lodged within 30 days so that Council can inspect the claim and prepare a report;
- updated road hierarchy widths and dimensions, to align with the Infrastructure Design Manual, and current best practice guidelines.
- the addition of a new road hierarchy classification UA2 to reflect current roads classes in urban environments; and
- a simplified and more concise explanation of hazards/defects and the maximum timeframes to inspect and repair/make safe.

The proposed amendments will apply to all of the roads and classes of roads to which the Road Management Plan applies.

A copy of Council's amended Road Management Plan and relevant documents may be inspected during office hours at the Council's Offices located 12-22 Nolan Street, Maryborough, or alternatively the documents can be located on the council's website, <http://www.centralgoldfields.com.au>, under Roads and Streets.

Written submissions marked 'Proposed Amendments of Road Management Plan' must be accompanied by the submission pro forma,

be received by close of business Friday 22 July 2011 and are to be addressed to the Chief Executive Officer, Central Goldfields Shire, PO Box 194, Maryborough 3465.

Any enquiries about the proposed amendments can be directed to the Asset Coordinator on 5461 0610.

HOBSONS BAY CITY COUNCIL

Restrictions Relating to Smoking in the Municipality

Hobsons Bay City Council is intending to make an amendment to its Local Law known as the Hobsons Bay City Council Community Local Law. Public submissions about the proposed amendment are now invited.

Proposed Local Law

The Council proposes to make changes to the Community Local Law. The following information about the proposed amendment is provided in accordance with section 119 of the **Local Government Act 1989**.

Purpose of the Local Law

- to provide a safe and healthy environment in which Hobsons Bay residents enjoy a quality of life and use of municipal properties that meet the general expectations of the community;
- to prohibit, regulate and control activities which may be dangerous or unsafe or detrimental to the quality of life in Hobsons Bay and behaviour which may be a nuisance or detrimental to health and safety or adverse to the enjoyment of municipal properties; and
- to facilitate the provision of general public services, health and other community services, property services, recreational and cultural services, sale of goods and other services in a way which enhances the environment and quality of life in Hobsons Bay.

General Purport of the Local Law

The amendment, if made, will provide for the following:

Clause 84A – Restrictions Relating to Smoking in the Municipality

Council may designate any area or areas within the Municipal District within which a person must not smoke and the times and dates during which such restrictions are to be in place.

In accordance with this amendment, Council proposes to ban smoking on all beaches and children's playgrounds within the municipality. The Council will designate these areas by signposts, so as to reasonably notify a person entering the designated area of the nature of the restrictions.

Copies of the proposed amendment to the Local Law and Community Impact Statement may be inspected at or obtained from the Hobsons Bay Civic Centre at 115 Civic Parade, Altona. Office hours are 8.00 am to 5.00 pm Monday to Friday. They may also be viewed on the Council's website at www.hobsonsbay.vic.gov.au

Any person affected by the proposed Local Law may make a written submission addressed to the Council. Submissions received by Tuesday, 26 July 2011 will be considered in accordance with section 223 of the **Local Government Act 1989**. Submissions should be lodged at the Hobsons Bay Civic Centre or posted to Hobsons Bay City Council, PO Box 21, Altona 3018. Enquiries should be directed to the Council's Health and Regulatory Services Department on 9932 1000.

BASS COAST PLANNING SCHEME

Notice of the Preparation of an Amendment to a Planning Scheme and Notice of an Application for Planning Permit given under Section 96C of the

Planning and Environment Act 1987

Amendment C120

Authorisation A01935

Planning Permit 110028

The Bass Coast Shire Council has prepared Amendment C120 to the Bass Coast Shire Council Planning Scheme.

In accordance with section 8A(3) of the **Planning and Environment Act 1987**, the Minister for Planning authorised the Bass Coast Shire Council as planning authority to prepare the Amendment.

The land affected by the Amendment and planning permit application is 80–96 Powlett Street, Dalyston, otherwise known as Plan of Consolidation PC364602C. The Amendment also affects the abutting road reserves to the east and west.

The Amendment proposes to remove the Restructure Overlay – Schedule 6 to allow for consolidation of urban development within the township boundary. Under Section 96(A) of the **Planning and Environment Act 1987** a planning permit application to subdivide the land into four lots was submitted in conjunction with the planning scheme amendment application.

The Amendment is available for public inspection, free of charge, during office hours at the Bass Coast Shire Council Civic Centre, 76 McBride Avenue, Wonthaggi.

The Amendment is also available for public inspection, online, at the Bass Coast Shire Council website, www.basscoast.vic.gov.au; and Department of Planning and Community Development website, www.dpcd.vic.gov.au/planning/publicinspection

Any person who may be affected by the Amendment may make a submission to the planning authority.

The closing date for submissions is 22 July 2011. A submission must be sent to the Bass Coast Shire Council. Submissions must be sent to: Strategic Planner, Bass Coast Shire Council, PO Box 118, Wonthaggi, Victoria 3995.

EXEMPTION

Application No. A80/2011

The Victorian Civil and Administrative Tribunal has considered an application pursuant to section 83 of the **Equal Opportunity Act 1995** (the Act) by Kangan Institute (the applicant). The application for exemption is to enable the applicant to advertise for and employ only Indigenous persons in ten Indigenous Trainee roles with the applicant (the exempt conduct).

Upon reading the material filed in support of this application, including the affidavit of Louise Parker, the Tribunal is satisfied that it is appropriate to grant an exemption from sections 13, 37, 100 and 195 of the Act to enable the applicant to engage in the exempt conduct.

In granting this exemption the Tribunal noted:

- The applicant provides vocational education and training to 30,000 students each year and is a major training provider in the automotive, transport, corrections and health and community sectors.
- The applicant has established an Indigenous Education Centre which targets Australian Indigenous applicants only as part of its contract with the Department of Education Employment and Workplace Relations. The applicant has received funding for ten Indigenous Trainee positions. The successful applicants are to be placed across the applicant's departments including the Indigenous Education Centre, Human Resources, Corporate Finance, Facilities, Security, Children's Centre and Automotive. The trainees will undertake classroom and workplace training.
- When making decisions about exemptions, the Tribunal is required to give proper consideration to relevant human rights as set out in the **Charter of Human Rights and Responsibilities Act 2006** (Charter). Arguably, this exemption limits the right to equal and effective protection against discrimination of non-Indigenous persons who would wish to be employed in a traineeship role. I am satisfied that the exemption is a measure taken for the purpose of assisting or advancing Indigenous people who are disadvantaged and so it does not amount to discrimination under the Charter. In any event, in the circumstances discussed above, the limit imposed by this exemption is reasonable and justified under the Charter.

The Tribunal hereby grants an exemption from the operation of sections 13, 37, 100 and 195 of the Act to enable the applicant to engage in the exempt conduct.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 22 June 2014.

EXEMPTION

Application No. A147/2011

The Victorian Civil and Administrative Tribunal (the Tribunal) has considered an application pursuant to section 83 of the **Equal Opportunity Act 1995** (the Act) by Department of Sustainability and Environment (the applicant). The application for exemption is to enable the applicant to advertise for and employ only Aboriginal or Torres Strait Islander people in certain designated field positions and certain designated office-based positions (the exempt conduct).

Upon reading the material filed in support of this application, including the affidavit of Gary Atherton, the Tribunal is satisfied that it is appropriate to grant an exemption from sections 13, 100 and 195 of the Act to enable the applicant to engage in the exempt conduct.

In granting this exemption the Tribunal noted:

- The applicant has developed an Indigenous Partnership Framework, the purpose of which is to improve consultation and build effective relationships with Indigenous communities, particularly in the management of Victoria's natural resources. A key facet of that Framework and the Victorian Government's Indigenous Employment Strategy is the employment of Indigenous persons with the aim of improving the diversity and responsiveness of the Victorian public sector to Indigenous issues by increasing Indigenous employment across the whole of the public sector. The Victorian Public Service has a target of 1% Indigenous staff by 2015.
- The designated positions referred to above will total 100, to be filled over a period of three years. That number will represent 3% of the total employees of the applicant.

- The positions include field staff, forest rangers, project fire fighters, administrative and business services officers, technical, scientific and policy officers. The applicant also intends to engage Aboriginal or Torres Strait Islander persons in traineeships, scholarships and cadetships that will serve as a pathway program to employment with the applicant. The applicant intends to employ up to 20 project fire fighters in rural areas in August and September this year.
- Successful position holders will be expected to play important roles in developing, supporting or promoting Indigenous programs including by maintaining networks with local Indigenous communities, providing advice and assistance to non-Indigenous staff on cultural and natural resource management and passing on knowledge about those matters.
- When making decisions about exemptions, the Tribunal is required to give proper consideration to relevant human rights as set out in the **Charter of Human Rights and Responsibilities Act 2006** (Charter). Arguably, this exemption limits the right to equal and effective protection against discrimination of persons who would wish to be employed by the applicant in the designated roles. I am satisfied that the exemption is a measure taken for the purpose of assisting or advancing Aboriginal and Torres Strait Islander people who are disadvantaged and so it does not amount to discrimination under the Charter. In any event, in the circumstances discussed above, the limit imposed by this exemption is reasonable and justified under the Charter.

The Tribunal hereby grants an exemption from the operation of sections 13, 100 and 195 of the Act to enable the applicant to engage in the exempt conduct.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 22 June 2014.

EXEMPTION

Application No. A155/2011

The Victorian Civil and Administrative Tribunal has considered an application pursuant to section 83 of the **Equal Opportunity Act 1995** (the Act) by Moira Healthcare Alliance (the applicant). The application for exemption is to enable the Applicant to advertise for and employ only persons from an Italian cultural background and who speak Italian or an Italian regional language in the role of Community Care Workers (the exempt conduct).

Upon reading the material filed in support of this application, including the affidavit of Colleen May Murray, the Tribunal is satisfied that it is appropriate to grant an exemption from sections 13, 100 and 195 of the Act to enable the Applicant to engage in the exempt conduct.

In granting this exemption the Tribunal noted:

- The Applicant provides home and community services to the frail, aged and disabled in the Cobram area which has a large number of community members with an Italian background. It seeks the exemption to ensure that the Community Care Workers have appropriate cultural knowledge and language skills to provide those services appropriately to members of the community of an Italian background.
- When making decisions about exemptions, the Tribunal is required to give proper consideration to relevant human rights as set out in the **Charter of Human Rights and Responsibilities Act 2006** (Charter). Arguably, this exemption limits the right to equal and effective protection against discrimination of persons who do not have an Italian background or do not have Italian language skills who would wish to be employed by the applicant as Community Care Workers. I am satisfied that, in the circumstances discussed above, the limit imposed by this exemption is reasonable and justified under the Charter.

The Tribunal hereby grants an exemption from the operation of sections 13, 100 and 195 of the Act to enable the applicant to engage in the exempt conduct.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 22 June 2014.

Subordinate Legislation Act 1994

NOTICE OF DECISION

Crown Land (Reserves) (Tour Operator Licence Fee) Regulations 2011
Forests (Tour Operator Licence Fee) Regulations 2011
Land (Tour Operator Licence Fee) Regulations 2011
National Parks (Tour Operator Licence Fee) Regulations 2011
Wildlife (Tour Operator Licence Fee) Regulations 2011

I, Ryan Smith, Minister for Environment and Climate Change and Minister responsible for administering the **Crown Land (Reserves) Act 1978, Forests Act 1958, Land Act 1958, National Parks Act 1975** and **Wildlife Act 1975**, give notice under section 12 of the **Subordinate Legislation Act 1994** as follows:

A Regulatory Impact Statement (RIS) was prepared in relation to the proposed Regulations consisting of the:

- Crown Land (Reserves) (Tour Operator Licence Fee) Regulations 2011;
- Forests (Tour Operator Licence Fee) Regulations 2011;
- Land (Tour Operator Licence Fee) Regulations 2011;
- National Parks (Tour Operator Licence Fee) Regulations 2011; and
- Wildlife (Tour Operator Licence Fee) Regulations 2011.

The objectives of the proposed Regulations are to prescribe fees for a licence to conduct a guided tour or recreational activity on public land for profit and to improve transparency and administrative efficiency with respect to the tour operator licensing system.

The RIS was advertised on 22 March 2011 seeking public comment. The closing date for submissions was Friday 29 April 2011 and 30 submissions were received.

After further considering the proposed Regulations, I have decided that the proposed Regulations should be made with the following amendments:

- To phase in over three years, the fee for a standard tour operator licence applicable to public lands in Victoria, by introducing the fee at:

- \$110 for the financial years ending 30 June 2012 and 30 June 2013
- \$255 for the financial year ending 30 June 2014
- 20.78 fee units for the financial year ending 30 June 2015 and subsequent financial years.
- To phase in over two years, the use fee for standard and competitively allocated tour operator licences applicable to public lands in Victoria, by introducing the use fee at:
 - \$1.10 per adult and \$0.75 per child for the financial years ending 30 June 2012 and 30 June 2013
 - \$2.40 per adult and \$1.60 per child for the financial year ending 30 June 2014 and subsequent financial years.
- To phase in over three years, the use fee cap for a standard tour operator licence applicable to public lands in Victoria, by introducing the use fee cap at:
 - \$5500.00 for the financial years ending 30 June 2012 and 30 June 2013
 - \$12500.00 for the financial year ending 30 June 2014
 - 1018.74 fee units for the financial year ending 30 June 2015 and subsequent financial years.

Dated 16 June 2011

THE HON. RYAN SMITH MP
Minister for Environment
and Climate Change

6. Order making interim appointments to the Council of Victoria University

I hereby order that the following interim appointments to the Council of Victoria University are made to vacancies in the offices of appointed members:

- Mr John O'Rourke
- Dr Ian Gilmour
- Mr Ben Foskett

These appointments are valid only for the duration of this Order as specified in Clause 5 of this Order.

THE HON. PETER HALL, MLC
Minister for Higher Education and Skills

Victoria University Act 2010

2011 VICTORIA UNIVERSITY INTERIM COUNCIL APPOINTMENTS

Ministerial Order No. VU1

1. Purpose

The purpose of this Order is to make interim appointments to the Council of Victoria University.

2. Authority for Order

This Order is given pursuant to section 17 and Clause 9, Schedule 1 of the **Victoria University Act 2010** (the Act).

3. Name of Order

This Order is called '2011 Victoria University Interim Council Appointments Order'.

Accident Compensation Act 1985**NOTICE OF INDEXED BENEFIT LEVELS AND OTHER AMOUNTS IN ACCORDANCE WITH DIVISION 2D OF PART IV OF THE ACCIDENT COMPENSATION ACT 1985**

Division 2D of Part IV of the **Accident Compensation Act 1985** (the Act) provides for the indexation of weekly payments, weekly pensions for dependants and certain other amounts stipulated under the Act. Section 100 stipulates that weekly payments are varied on 1 July each year in line with the movement in the average weekly earnings for all employees in Victoria between the two previous December quarters, using the latest figures published by the Australian Statistician as at 30 May following the previous December quarter. Weekly payments are indexed on the anniversary of the entitlement to weekly payments.

The average weekly earnings for all employees in Victoria between the December quarter of 2009 and the December quarter 2010 increased from \$902.60 to \$963.80 which is an increase of 6.78%.

Following legislative changes in December 1997 some amounts are indexed by the rise in Consumer Price Index. The Consumer Price Index between the December quarter of 2009 and the December quarter of 2010 increased from 166.4 to 171.5 which is an increase of 3.06%.

On 11 November 2008 the Australian Bureau of Statistics (ABS) announced a change to the method of calculating average weekly earnings to exclude all amounts that were salary sacrificed. This change has meant a small adjustment by the ABS to the average weekly earnings for the December 2007 quarter. However section 100 of the **Accident Compensation Act 1985** requires use of the average weekly earnings as published by the ABS in the December quarter of the relevant financial year. Accordingly WorkSafe has utilised this figure.

On 10 December 2009, a number of legislative changes to the Act commenced. The changes included:

- an increase in the no-fault maximum lump sum entitlement for a permanent impairment from \$409,200 to \$503,000;
- an increase in the no-fault lump sum entitlements to workers with a permanent psychiatric impairment assessed at the existing 30% whole person impairment threshold from \$13,650 to \$68,240;
- an increase in the maximum lump sum payment for dependants following a workplace death from \$273,970 to \$503,000.

On 5 April 2010, a number of further legislative changes to the Act commenced. The changes included:

- an increase in the statutory maximum for weekly payments from \$1,300 to twice Victoria's average weekly earnings, currently \$1760;
- the introduction of reimbursement of worker's transport costs to attend a conciliation up to a maximum of \$50 per conference;
- the introduction of compensation for non-dependants (where a worker leaves no dependants) who suffer hardship as a result of a worker's death up to a maximum \$30,000.

The cap on the monetary value of weekly payments for claims made on or after 5 April 2010 under section 93B and pensions for dependants of deceased workers for claims made on or after 5 April 2010 under section 92B has been substituted by an amount representing twice the State average weekly earnings. For claims made under sections 93B and 92B made before 12 November 1997 or on or after 12 November 1997 and before 5 April 2010, the cap on weekly payments and pensions for dependants of deceased workers remains unchanged.

Workers Compensation Act 1958NOTICE OF NEW BENEFIT RATES PAYABLE IN ACCORDANCE WITH
SECTION 9 AND SECTION 11

- (a) Section 9(3) of the **Workers Compensation Act 1958** provides for rates of compensation to be adjusted on 1 July in any year in line with movements in the Australian male average weekly earnings between the December quarter of the two preceeding years as published by the Australian Statistician at 15 June in each respective year.

The Australian male average weekly earnings for the December quarter of 2009 and 2010 were \$1162.70 and \$1210.90 respectively, an increase of 4.15%.

On 11 November 2008 the Australian Bureau of Statistics (ABS) announced a change to the method of calculating average weekly earnings to exclude all amounts that were salary sacrificed. This change has meant a small adjustment by the ABS to the average weekly earnings for the December 2007 quarter. However section 100 of the **Accident Compensation Act 1985** requires use of the average weekly earnings as published by the ABS in the December quarter of the relevant financial year. Accordingly WorkSafe has utilised this figure.

Notice is hereby given that calculations in accordance with the said section produce the following rates of compensation which are payable, on and from 1 July 2005 instead of the amounts specified in Section 9 of the said Act, in the clauses under the heading 'The Clauses Referred To'.

ERRATUM

A clerical error has been identified in relation to the notice of exemption under the **Children's Services Act 1996** and published in Victoria Government Gazette G22 on 2 June 2011 at page 1211. The notice did not include that it replaces the exemption notice published in the Victoria Government Gazette G13 on 31 March 2011 at page 716.

The correct Notice of Exemption is reproduced below, and takes effect 60 days from the date of this Erratum notice.

Children's Services Act 1996

NOTICE OF EXEMPTION

This Notice of Exemption replaces the notice published in Victoria Government Gazette G13 on 31 March 2011 at page 716.

Under section 6 of the **Children's Services Act 1996**, ('the Act') the Minister for Children and Early Childhood Development hereby declares that Jenny's Kindergarten Epsom, Licence ID 11840, is exempt from regulation 60 of the Children's Services Regulations 2009.

This exemption is granted subject to the following conditions:

1. No more than one nominated staff member per room is employed in place of a minimum trained staff member and must be under the direct supervision of a qualified early childhood staff member at all times they are caring for or educating children.
2. The service will advise the region in writing the names of the eight nominated staff members who will operate under this exemption.
3. The nominated staff members are undertaking a course to attain a post-secondary early childhood qualification recognised under the regulation 5(3).
4. The nominated staff members are mentored by a qualified early childhood staff member.
5. The service must advise the regional office of the Department of Education and Early Childhood Development within 48 hours of any changes that will prevent the service from complying with the exemption and its conditions.

This exemption remains in force until 31 December 2011 unless revoked earlier.

Dated 20 May 2011

THE HON. WENDY LOVELL, MLC
Minister for Children and Early Childhood Development

Fisheries Act 1995FURTHER QUOTA ORDER FOR

FISHERIES (EUROPEAN GREEN SHORE CRAB) NOTICE NO. 7/2011

- 1. Title**

This Notice may be cited as the Fisheries (European green shore crab) Notice No. 7/2011.
- 2. Objectives**

The objectives of this Notice are to remove the recreational catch limit on the European green shore crab and to prohibit the use of live European green shore crab as bait and its release live into Victorian waters.
- 3. Authorising provision**

This Notice is made under section 152 of the Act.
- 4. Commencement**

This Notice comes into operation on 24 June 2011.
- 5. Definitions**

In this Notice –
‘**European green shore crab**’ means *Carcinus maenas*.
- 6. Removal of catch limit**

For the purposes of section 68A of the Act, and notwithstanding Regulation 124 of the Fisheries Regulations 2009, there is no catch limit with respect to the taking or possession of European green shore crab.

Note: Regulation 124(1) of the Fisheries Regulations provides a catch limit for crabs. The purpose of this clause is to exempt European green shore crabs from that catch limit.

This Fisheries Notice does not supersede Regulation 96 of the Fisheries Regulations, which states that a person must not take, or attempt to take, marine invertebrates other than marine worms and bass yabby from the intertidal zone of Port Philip Bay.

Section 152(3) of the Act provides that if a provision of a fisheries notice is inconsistent with any regulations the fisheries notice prevails to the extent of the inconsistency.
- 7. Prohibition on the use of live European green shore crab as bait**
 - (1) A person must not use live European green shore crab as bait in or on Victorian waters.
Penalty: 50 penalty units
 - (2) A person must not release live European green shore crab into or next to any body of water.
Penalty: 50 penalty units
 - (3) Sub-clause (2) does not apply to a person who has taken European green shore crab from a body of water if the person immediately returns it to that water.
- 8. Revocation**

Unless sooner revoked, this Fisheries Notice will be automatically revoked 12 months after the day on which it comes into operation.

Health Services Act 1988
HEALTH PURCHASING VICTORIA
 Purchasing Policy (Section 134)
 Final Notice of Making a Purchasing Policy

Overview

On 21 August 2008 Health Purchasing Victoria ('HPV') issued a purchasing policy in relation to its tendering activities in accordance with section 134 of the **Health Services Act 1988** (Vic.) ('the August 2008 Purchasing Policy').

Pursuant to section 134 of the **Health Services Act 1988** (Vic.), HPV, having proposed to revoke the August 2008 Purchasing Policy and make a new purchasing policy, and having published the terms of that Policy in Government Gazette G21 dated 26 May and invited comment and submissions thereon (none having been received by the due date), now issues final notification of that purchasing policy (to be styled 'Principal Purchasing Policy') to govern the future tendering activities of HPV pursuant to the terms of that policy attached to and forming part of this notice.

For the avoidance of doubt, nothing in this policy affects the contracts which were entered into in accordance with the August 2008 Purchasing Policy, or any other earlier dated purchasing policy made by HPV. Those contracts continue to have legal force in accordance with their respective terms.

POLICY		PRINCIPAL PURCHASING POLICY	
Category:	Governance	Ref. No.:	HPV005
Responsibility for Review:	Board	Revision:	001
Date Approved:	April 2011	Review Date:	April 2013

PURPOSE

Pursuant to section 134 **Health Services Act 1988** (Vic.) ('the Act'), this policy is made to establish an effective operational and delivery strategy for HPV's forward Prospective Tender Schedule and Confirmed Annual Tender Program. It is designated as 'Principal' in order to differentiate it from other Purchasing Policies which may be developed from time to time. When gazetted it replaces earlier dated general Purchasing Policies, but in no way affects the efficacy of any contracts entered pursuant to those previous policies.

This policy becomes effective from the date of publication in the Government Gazette.

POLICY**1. Terms**

In this policy –

- 1.1. the definitions contained in the Act apply to this policy
- 1.2. 'supplier' means a person or body supplying goods or services under a contract entered pursuant to this policy
- 1.3. 'hospitals and health services' means those hospitals and health services bound by this policy
- 1.4. 'procurement arrangement' means the tendered request for delivery of goods and/or services and the contractual identification of the terms of that arrangement pursuant to this policy.

2. Application

- 2.1 This policy applies to all public hospitals listed in Schedule 1, and to all public health services listed in Schedule 5 of the Act, unless:
- specifically exempted in accordance with the Act or otherwise pursuant to this policy
 - it is determined that pursuant to the procurement arrangements for specific purposes it is appropriate to secure those arrangements by limiting application to certain hospitals or health services only.
- 2.2 HPV may apply this policy to facilitate collaborative procurement arrangements in conjunction with certain public hospitals and public health services.
- 2.3 Additionally, where the policy allows other health or related entities by agreement to take advantage of HPV contracts entered, such entities may be required to be bound by the policy terms.

3. Policy Requirements

- 3.1 Hospitals and health services where so nominated in a procurement arrangement are required to:
- 3.1.1 abide by the results of the tenders which HPV (or its appointed agent) calls in accordance with this policy and the terms of any resulting contracts entered by HPV.
- 3.1.2 only purchase goods and/or services which are the subject of HPV contracts awarded pursuant to the policy to supply those goods and services.
- 3.1.3 assist HPV in identifying potential tendering opportunities, including working with HPV to collect procurement data to assist that identification process, and developing the tender program.
- 3.1.4 provide input into the development of business cases as requested.
- 3.1.5 nominate participants in consultative and advisory groups, including product reference groups, that will contribute towards:
- 3.1.5.1 the development of tender specifications;
- 3.1.5.2 the evaluation of bid responses and/or other negotiations with suppliers.
- 3.1.6 report compliance with this policy and periodic contract and associated details as requested by HPV.
- 3.1.7 where mutually agreed, act as HPV agent in its own right, or as a contractor in that behalf for HPV, in the conduct of tenders and contract in circumstances and on terms which secure adequate risk management protection for HPV and that agent (such appointment only to be made if mutually acceptable).
- 3.1.8 consider and report whether planned procurement activities are advantaged through HPV involvement and the potential for further value for other HPV clients.
- 3.1.9 refrain from proposing or entering into an agreement, arrangement or understanding which is inconsistent with this Policy or which has or may have the effect of subverting the prescribed legislative powers and/or functions of HPV or all or part of this Policy.

4. Prospective Tender Schedule

- 4.1 HPV will in consultation with stakeholders develop a schedule of prospective tender requirements covering at least three years, which will include:
- 4.1.1 'Greenfield' tendering activity; and

4.1.2 Replacement or renewed tenders the intention of which is to supplant (and perhaps expand upon) existing contracts.

4.2 The prospective tender schedule may be amended by HPV from year to year to reflect the developing needs of the public health system.

5. Confirmed Annual Tender Program

5.1 HPV will publish a finalised prospective tender schedule at least annually, but having regard to the needs of both stakeholders and the market, such publishing may occur more often as may be desirable or necessary at the discretion of HPV. The published schedule for the next year following will be then known as the 'Confirmed Annual Tender Program' (CATP).

5.2 The CATP may be amended by HPV (after consultation with hospitals and health services), provided that adequate notice of the proposed amendment is given. The amendments may include:

5.2.1 the addition of other tender(s), including any tenders which may be required by government to fulfill a particular need, but which are not subject to consultation or notice as above;

5.2.2 the deferment of a scheduled tender to a subsequent year; and/or

5.2.3 the removal of a scheduled tender.

5.3 At the date of publication of the CATP for a relevant period hospitals and health services may only enter into a new contract or renew any current contract with suppliers for goods or services which are the subject of the CATP (as may be amended in accordance with subclause 5.2), where there is a contractual capacity to terminate forthwith any such contract when a relevant HPV contract for the same deliverables is entered.

5.4 For the avoidance of doubt, the obligation in subclause 5.3 does not apply to goods or services which have been removed from the CATP, from the time of that removal.

6. Exemption from Policy Requirements

6.1 Application of this policy in respect of certain matters may be suspended from time to time relative to a hospital or health service to the extent detailed in Parts A to D of this clause, provided that the hospital or health service seeking exemption complies with any requirements of those provisions and is granted appropriate exemption. Such hospitals and health services as may be granted exemption are required to comply with this policy in all other respects.

6.2 HPV will in exercising its discretion pursuant to this clause concerning an application for exemption have regard to the factors referred to in section 133 of the Act.

6.3 Should a hospital or health service be denied exemption, or any exemption having been granted is no longer applicable to the circumstances of the hospital or health service, or it is necessary to vary an exemption, the policy will from that date be applied in accordance with any varied exemption or otherwise in full.

A. Existing contracts

Consideration will be given to an application for exemption where the relevant details are provided to HPV by the Chief Executive Officer of a hospital or health service concerning:

- the extent that a hospital or health service has a current contract in force in respect of the supply of particular goods and/or services at the time notification occurs that those goods and/or services are part of a Confirmed Annual Tender Program in accordance with clause 5 of this policy; or

- an HPV contract entered in accordance with a previous direction or purchasing policy issued by HPV; or
- an HPV contract entered outside the Confirmed Annual Tender Program in circumstances where on behalf of various stakeholders HPV is requested to act to represent their special interests and HPV does so in the exercise of its discretion accordingly, noting that if a health service is not part of the stakeholder group, then no exemption application is required.

Any HPV contract let in accordance with a previous direction or purchasing policy will continue to be subject to the conditions of the said direction or purchasing policy.

B. Exemption Criteria

If at any time no less than 5 days prior to the release of a tender, or within a reasonable period after the HPV has determined to enter a contract with a supplier (but in any event prior to the contract commencement date), and regarding particular goods or services covered in the relevant Confirmed Annual Tender Program, the Chief Executive Officer of a hospital or health service –

- notifies HPV in writing that exemption is sought from participation in the particular tender or contract, as the case may be (either in whole or part) on:
 - clinical or operational grounds (as defined herein); or
 - the effect of the tender and proposed contract with regard to potential impact on the viability of small or medium sized businesses or local employment growth or retention, and
- HPV considers in its absolute discretion that the reasons advanced support a grant of exemption, and determines accordingly:

Then that hospital or health service in relation to that tender or contract as the case may be, and those goods or services for which the hospital or health service seeks exemption may accordingly be exempted from the application of the policy.

Notwithstanding the requirements of this Part B Exemption Criteria, HPV may in the exercise of its absolute discretion at any time grant exemption to a hospital or health service where it is reasonably established special circumstances exist to justify exemption, with or without condition. In making this decision HPV will have regard to the matters specified in section 133 of the Act.

C. Exemption Protocol

Accompanying the notice seeking exemption shall be a statement of the reasons, including reasonable evidence of any tender, standing offer, contract or other arrangement the hospital or health service may have under consideration relating to such goods or services in lieu of the proposed HPV tender or contract, or otherwise any reasons effectively preventing it at law from so doing.

In assessing the reasons provided in support of exemption HPV may ask for supporting documentation or other identifying material which it believes is required to assist the making of a decision, and the hospital or health service shall comply to the best of its ability.

A hospital or health service having sought and received exemption from a specific tender or contract is permitted to be included in that tender prior to its release or the contract, as the case may be, at the absolute discretion of HPV and is conditional upon the hospital or health service supplying HPV with data or other material regarding its current arrangements (if any) in relation to the procurement of the good or service (including data about volume and price of those goods or services).

HPV shall endeavor to consider and determine the issues contained in a notice seeking exemption as soon as possible prior to formally sanctioning any withdrawal.

Hospitals and health services must maintain absolute confidentiality of draft tender specifications, and may not discuss the same or any related detail with any party not representing the same interests as HPV without the express written consent of HPV.

D. Definition of ‘Clinical or Operational Grounds’

For the purposes of this policy ‘clinical or operational grounds’ establishes the continuing reasons why an exemption from participation and/or purchase or use of a particular good or service by a hospital or health service (other than in accordance with this policy) is necessary to ensure –

- that patients of the hospital or health service will receive clinically appropriate treatment or care; or
- the effective administration of the hospital or health service.

In establishing clinical or operational grounds it is not sufficient to rely upon the fact that a particular good or service has been traditionally used at the hospital or health service in the past or is preferred by employees of, or contractors to, the hospital or health service. Objectively verifiable reasons are necessary as to why the use of that particular good or service is required in the future or why a new or re-entered contract is preferred which does not align with the Policy requirements.

For example, a specialist service provided at the health service or hospital may necessitate the use of a unique product that is not available under the relevant tender, or operational reasons may dictate a need to enter into or renew a contract prior to the commencement of an HPV tender and the term of that contract may not be negotiable.

7. Compliance Reports

The Chief Executive of a hospital or health service is required to report at least annually to HPV in relation to compliance by their organisation with this policy. A report shall be in a format and include such details as HPV may require in order to meet its legislative obligations.

8 Assignment of Contract Rights/Novation

8.1 HPV may, at its absolute discretion, assign right of access to contracts entered by HPV pursuant to this policy, or an earlier purchasing policy or direction, in favour of a registered funded agency (as defined).

Such agencies may include (but are not necessarily limited to):

- multipurpose services;
- denominational public hospitals;
- privately run public hospitals;
- ambulance services;
- bush nursing hospitals;
- not-for-profit nursing homes; and/or
- other entities who receive program funding from the Department of Health.

8.2 Additionally, where a ‘health or related service’ (as defined) may seek contract access as above, and HPV determines in its absolute discretion that benefit would accrue to that agency in delivery of services directed to public health, such health or related service may be granted access on such terms and conditions as are appropriate and as may be mutually agreed, including but not limited to the requirement to relinquish other external purchasing arrangements or agreements for any items or services included in those HPV contracts in respect of which access may be sought. The onus of providing evidence of that benefit as may be required by HPV remains with the health or related service seeking access.

9. Supply, Logistic or Procurement Services

- 9.1 Where the deliverables pursuant to an existing or new HPV contract are, or may be intended for supply, *in specie*, for logistic purposes or pursuant to corporate group procurement policy, to another separately identifiable entity referred to in clause 8 which is a member of the same corporate group structure, the public hospital or health service shall identify that outcome to HPV. The prior approval of HPV for contract access, either upon the introduction or continuance of such arrangements shall be required pursuant to clause 8.
- 9.2 Approval by HPV to arrangements by public hospitals or health services for supply, logistic or procurement which may occur in relation to non health entities may be provided, where those arrangements are local and are not pursued with a view to profit and where a community or related benefit is established. The introduction or continuance of such arrangements, if approved, may be subject to conditions.

11. The environment Minister is not permitted to transfer the entitlement to water provided for under clause 7.

PART 3 – OPERATION AND MANAGEMENT**ENVIRONMENTAL OPERATING STRATEGY**

12. The environment Minister must prepare an Environmental Operating Strategy for the use of water under this entitlement within twelve months of the commencement of this Instrument.
13. The Environmental Operating Strategy must –
- (a) include a framework for the development of an Annual Watering Plan;
 - (b) be consistent with the Environmental Water Reserve Objective described in section 4B of the Act; and
 - (c) have regard to environmental, social and economic benefits and costs.
14. The environment Minister must review and update the Environmental Operating Strategy established under clause 12 at least every five years in consultation with the Department.
15. The environment Minister must supply the Department, Parks Victoria, Corangamite Catchment Management Authority and Southern Rural Water with the most up-to-date version of the Environmental Operating Strategy.

ANNUAL WATERING PLAN

16. The environment Minister must develop an Annual Watering Plan in accordance with the framework set out in the Environmental Operating Strategy referred to in clause 13(a) of this Instrument. The Annual Watering Plan must be reviewed and updated annually.
17. The environment Minister must supply the Department, Parks Victoria, Corangamite Catchment Management Authority and Southern Rural Water with the most up-to-date version of the Annual Watering Plan.

OPERATING ARRANGEMENTS

18. The environment Minister, jointly with Corangamite Catchment Management Authority, Southern Rural Water and Parks Victoria must endeavour to agree on operating arrangements for the water taken under this entitlement.
19. The operating arrangements must give reasonable consideration to avoiding potential adverse impacts of taking water under this entitlement on other entitlement holders in the Barwon River downstream of the McIntyre Bridge Gauging Station.
20. If the environment Minister, jointly with Corangamite Catchment Management Authority, Southern Rural Water and Parks Victoria have not reached agreement under clause 18 within twelve months of the date of this Instrument, either party may give written notice to the other party requiring the matter to be determined in accordance with clauses 29 to 37.
21. The environment Minister, jointly with Corangamite Catchment Management Authority, Southern Rural Water and Parks Victoria may vary the operating arrangements from time to time.

METERING PROGRAM

22. The environment Minister must propose to the Minister, within twelve months of the date of this Instrument, a metering program to demonstrate compliance with this entitlement.
23. The Minister may –
 - (a) approve the program proposed under clause 22; or
 - (b) require the environment Minister to amend the proposed program; and
 - (c) require the environment Minister –
 - (i) to review the program approved by the Minister if, in the Minister's opinion, it is, at any time, no longer appropriate; and
 - (ii) to propose an amended program to the Minister.

REPORTING REQUIREMENTS

24. The Minister may require the environment Minister to report on all or any of –
 - (a) the water diverted under this entitlement in any watering event;
 - (b) the annual volume of water diverted under this entitlement;
 - (c) any bulk entitlement, licence or water right, temporarily or permanently transferred to the environment Minister;

 - (e) any failure by the environment Minister to comply with any provision of this Instrument; and
 - (f) any existing or anticipated difficulties experienced by the environment Minister in complying with this Instrument and any remedial action taken or proposed.
25. The Minister may require the environment Minister to report on all or any of the matters set out in clause 24 –
 - (a) in writing, or in such electronic form as may be agreed between the environment Minister and the Minister; and
 - (b) within 14 days of receiving the Minister's written request or such longer period as the Minister may determine.

DATA

26. The Minister will endeavour to ensure that all hydrological and other data required by the environment Minister to comply with this entitlement is made available to the environment Minister.

27. The environment Minister must make available to any person data collected by or on behalf of the environment Minister for the purpose of clause 26 subject to the person paying any fair and reasonable access fee imposed by the environment Minister to cover the costs of making the data available to that person.

COSTS

28. The environment Minister will be responsible for the costs associated with the use of water to which the environment Minister is entitled under clause 7 of this Instrument.

PART 4 – DISPUTE RESOLUTION

DISPUTE RESOLUTION

29. If a difference or dispute arises between the environment Minister and Corangamite Catchment Management Authority, Parks Victoria or Southern Rural Water, concerning the interpretation or application of the Instrument, the environment Minister may give written notice to Corangamite Catchment Management Authority, Parks Victoria or Southern Rural Water requiring the matter to be determined by an independent expert.
30. If a difference or dispute arises between the environment Minister and Corangamite Catchment Management Authority, Parks Victoria or Southern Rural Water, concerning the interpretation or application of the Instrument, and Corangamite Catchment Management Authority, Parks Victoria or Southern Rural Water gives written notice to the environment Minister requiring the matter to be determined by an independent expert, the environment Minister must comply with the notice.
31. The notice requiring that the matter be determined by independent expert may only be given 14 days after the matter has arisen. The independent expert may only commence to determine the matter a further 14 days after the giving of that notice.
32. The independent expert will be either –
- (a) a person agreed to by the parties to the difference or dispute; or
 - (b) if the parties cannot agree, a person nominated by the President of the Institute of Arbitrators, Australia.
33. The independent expert must reach a conclusion on the matter within 30 days of it being referred, but has power to extend the period for reaching a conclusion on the matter by a further 30 days.
34. The independent expert must send a copy of the conclusion and its supporting reasons to each party to the difference or dispute.
35. In any difference or dispute to which the Minister is a party –
- (a) the independent expert must express the conclusion as a recommendation; and
 - (b) the Minister must consider any recommendation made under paragraph (a) before deciding whether there are grounds for giving a direction pursuant to section 48J(2) of the Act.
36. In any difference or dispute to which the Minister is not a party, any conclusion by an independent expert is final and binding on the parties.
37. The environment Minister may request the Minister to determine the apportionment of the costs of and incidental to every reference, including the costs of the independent expert.

Minister for Water

Water Act 1989**BULK ENTITLEMENT (RIVER MURRAY – FLORA & FAUNA)
CONVERSION AMENDMENT ORDER 2011**

I, Peter Walsh, as Minister administering the **Water Act 1989** (the Act), make the following Order –

1 Title

This Order is called the Bulk Entitlement (River Murray – Flora & Fauna) Conversion Amendment Order 2011.

2 Purpose

The purpose of this Order is to amend the Bulk Entitlement (River Murray – Flora & Fauna) Conversion Order 1999 (the Bulk Entitlement Order) to include an unregulated flow entitlement for the environment in the River Murray in recognition of Victoria's historic use of Murray unregulated flows for environmental watering. The development of this entitlement was an outcome of the Northern Region Sustainable Water Strategy (NRSWS) (2009) (Action 4.18).

Unregulated flow in the River Murray is water that cannot be captured in Lake Victoria and which is or will be in excess of the required flow to South Australia, as forecast by MDBA. Under the Murray–Darling Basin Agreement, MDBA may declare a period of unregulated flows in the River Murray when these conditions have been met. In addition to recognising Victoria's historic use of this water for environmental purposes, this amendment Order establishes rules of access for this entitlement.

Amendments in this Order also further clarify the different access arrangements around the entitlements to water under the Living Murray Initiative and the flora and fauna entitlement. While remaining consistent with the basis and intent of the nine original River Murray Bulk Entitlements, this Order establishes more flexible and contemporary arrangements for the taking and returning of water under the Bulk Entitlement Order. This flexibility is necessary as a result of new infrastructure and improved practices for environmental watering in the River Murray. A new clause for return flows provides better clarity around the right to return flows and is consistent with the NRSWS Policy 4.8.

A number of consequential amendments are made to the reporting and metering aspects of this Bulk Entitlement Order as a result of the changes.

There are also a number of minor amendments made under this Order for the purpose of correcting drafting errors in the Bulk Entitlement Order, and consequential changes as a result of amendments to the Act.

3 Authorising provision

This Order is made in accordance with section 44 of the **Water Act 1989**.

4 Commencement

This Order comes into operation on the day it is published in the Government Gazette.

5 Amendment of clause 4 – Definitions

In clause 4 of the Bulk Entitlement Order –

14E.2 Allocation available under the Living Murray entitlement cannot be assigned for a term longer than one year.
14E.3 The environment Minister may assign water allocation held under the Living Murray entitlement in accordance with the Act, provided that –
- (a) the assignment is consistent with any ecological objectives established by MDBA; and
(b) if the assignment is not an assignment under 14E.4, the environment Minister is of the opinion that the assignment will benefit the Environmental Water Reserve Objective.
- 14E.4 In addition to clause 14E.3 of this Order, the environment Minister may assign all or part of the water allocation under the Living Murray entitlement to the –
- (a) South Australian Minister responsible for delivering water to icon sites in South Australia; or
(b) the New South Wales Minister responsible for delivering water to icon sites in New South Wales,
provided that:
- (c) the assignment is consistent with any ecological objectives established by MDBA; or
(d) in the case of an assignment under paragraph (a), after accounting for any losses in accordance with clause 14H.3, the water will be available at the South Australian border.'

12 Amendment of Part 4

- (1) For clause 15 of the Bulk Entitlement Order substitute –

‘15 TAKING WATER

15.1 Subject to clause 15B of this Order, the environment Minister may take the water to which he or she is entitled under sub-clause 6.1(a) of this Order at any nominated delivery point on the River Murray, the distribution system, or, subject to relevant water trading rules, another declared system.

15.2 The environment Minister may take the water to which he or she is entitled under sub-clause 6.1(b) subject to clause 14B.

15.3 The environment Minister may take water under the unregulated flow entitlements specified in sub-clauses 6.1(a)(ii) and 6.1(b)(iv) subject to the following –

- (a) water taken under the unregulated flow entitlements may only be accessed during periods when MDBA has declared the availability of unregulated flows in the River Murray;
- (b) the volume of water taken under each unregulated flow entitlement in any year must not exceed the entitlement volumes specified in Tables 1 and 2 of Schedule 5;
- (c) both unregulated flow entitlements have equal access to available flows, and if less than the maximum entitlement volume is available, the unregulated flow entitlements are to be restricted in equal proportion, unless otherwise agreed by the environment Minister and MDBA; and,
- (d) water taken under the unregulated flow entitlements may only be taken at a location on the River Murray where there are unregulated flows declared in the same reach as that location.

15.4 In addition to the conditions under sub-clause 15.3, water taken under sub-clause 6.1(b)(iv), being the Living Murray unregulated flow entitlement, may only be used downstream of the Goulburn River confluence.

15.5 If MDBA establishes rules whereby a proportion of any water ordered by Victoria but not taken is counted as water taken, the Minister may, after consultation with the River Murray entitlement holders, establish arrangements whereby a proportion, being no greater than the proportion set by MDBA, of any water ordered by the environment Minister but not taken, is counted as water taken for the purpose of clause 6.’

- (2) After clause 15 of the Bulk Entitlement Order insert –

‘15A RETURN FLOWS

15A.1 The environment Minister may apply to re-use or be credited for water used under this entitlement that is returned to the River Murray or another system in accordance with this clause.

15A.2 Before any re-use or credit can be granted, the environment Minister must –

- (a) come to an agreement with the resource manager on the likely volume, timing and location of any return flow for the purposes of adjusting system operations; and
- (b) notify the resource manager if he or she intends to re-use any flows specified under paragraph (a).

15A.3 The resource manager must notify MDBA where an application under sub-clause 15A.1 is relevant to their system operations.

- 15A.4 Subject to clause 15A.5, the resource manager may grant approval of an application under sub-clause 15A.1 for –
- (a) re-use by the environment Minister; or
 - (b) credit to the environment Minister in a nominated storage, where water returned under this entitlement was supplied to any person other than the environment Minister or stored for the resource manager’s purposes during a regulated flow period.
- 15A.5 The resource manager may only grant approval under clause 15A.4 if –
- (a) water supplied to and used by the environment Minister during the current water season has subsequently been returned to the River Murray or another system;
 - (b) the volume of water so returned has either:
 - (i) been measured by a meter that complies with ATS 4747; or,
 - (ii) been calculated by a method that has been agreed under clause 15B;
 - (c) any water re-used by the environment Minister or another person was used downstream of the place where the return flow occurred and within a reasonable time of the return flow;
 - (d) it can re-regulate the return flows downstream, with no material impact on other entitlement holders in the River Murray or another system;
 - (e) the volume of any water credited to the environment Minister under paragraph (b) is equal to that volume of returned water which was able to be used or stored; and
 - (f) approval is consistent with any rules regarding the supply, use and accounting of return flows issued by the Minister from time to time.
- 15A.6 If the environment Minister and the resource manager cannot reach agreement within six months of an application under sub-clause 15A.1, either party may make a written request to the Minister to make a decision on the right to re-use return flows or the granting of water credits.
- 15A.7 Any decision made by the Minister in relation to sub-clause 15A.6 is final and binding on the parties.’
- (3) After clause 15A of the Bulk Entitlement Order, insert –
- ‘15B OPERATING ARRANGEMENTS**
- 15B.1 The environment Minister and the relevant distributors must endeavour to agree on operating arrangements for the supply of water under this entitlement and, within 12 months of 1 July 2011, must –
- (a) review any existing operating arrangements; or
 - (b) develop new operating arrangements.
- 15B.2 The operating arrangements determined under sub-clause 15B.1 must:
- (a) be consistent with the Environmental Water Reserve Objective;
 - (b) be consistent with the ecological objectives for the use of Living Murray water where applicable to the supply of the Living Murray entitlement;

- (c) include arrangements for water delivery:
 - (i) during the irrigation period;
 - (ii) outside the irrigation period; and
 - (iii) during periods of rationing caused by channel capacity constraints; and
- (d) include arrangements for the supply, use and accounting of re-use and water credits for return flows under clause 15A; and
- (e) consider the water quality risks associated with any planned return flows under this entitlement.

15B.3 The environment Minister must review the operating arrangements annually prior to 1 July of each year with the relevant distributors and may make any agreed changes.

15B.4 The environment Minister and the relevant distributors may agree to vary the operating arrangements following a review under sub-clause 15B.3, or at any other time in consultation with any other relevant River Murray entitlement holders.

15B.5 If the environment Minister and the parties have not reached agreement under clause 15B.4 within three months of 1 July, any party may give written notice to the other party requiring the matter to be determined in accordance with clause 18.’.

13 Amendment to clause 19 – Metering program

For sub-clause 19.1 (b) substitute –

‘(b) any flows returned to the River Murray or another system.’.

14 Amendment to clause 20 – Reporting requirements

(1) For sub-clause 20.1 (a) to (d) substitute –

- ‘(a) the daily amount of water taken under this entitlement at any nominated delivery points;
- (b) the annual amount of water taken under this entitlement at any nominated delivery points;
- (c) the amount of water returned at any nominated point;
- (d) the location of any nominated delivery or return points used under this Order;’.

(2) For sub-clause 20.1 (f) substitute –

‘(f) any transfer of this entitlement or assignment of water allocation under this entitlement;’.

15 Amendment to Schedule 4

Schedule 4 is deleted.

16 Amendment to Schedule 5

For Schedule 5 substitute –

Rules for the operation of the Valley Cap

1. The Valley Cap is a maximum limit on the amount of water that can be taken under the Living Murray entitlement in any one year, and only applies to the Living Murray entitlement.
2. The volume of water available under the low-reliability component of the Living Murray entitlement in any one year will be the lesser of :
 - (a) the amount of water allocated under the entitlement in that year (including water in the Extended Use Account); and
 - (b) the amount determined by applying the Valley Cap (including any amounts carried over from the previous years).
3. The Valley Cap is climatically variable, so that the amount available under the Valley Cap in any one year will vary according to the amount of water available to be allocated to low-reliability water shares as specified in Table 2 in that year.
4. Where the water taken under the Living Murray entitlement in any one year is less than the amount of the Valley Cap in that year, the Valley Cap is increased by the unused portion in the subsequent year.
5. The total amount available under the Valley Cap in any one year may be more than the amount specified in Table 2, because amounts accumulated in previous years can be added to the amount available in that one year.

PETER WALSH MLA
Minister for Water

Water Act 1989

BULK ENTITLEMENT (VIOLET TOWN) CONVERSION ORDER 1997

Minor Amendment Notice

I, Peter Walsh, Minister for Water, as Minister administering the **Water Act 1989**, by notice amend the Bulk Entitlement (Violet Town) Conversion Order 1997.

1. Citation

This Notice may be cited as the Bulk Entitlement (Violet Town) Minor Amendment Notice 2011.

2. Preliminary

The Bulk Entitlement (Violet Town) Conversion Order 1997 (the Bulk Entitlement Order) was made by the Minister on 8 July 1997 and published in the Government Gazette G29 on 24 April 1997. The Bulk Entitlement Order converted all of the Goulburn Valley Region Water Authority's entitlement to take water from Honeysuckle Creek waterway to a bulk entitlement.

Goulburn Valley Region Water Authority is now known as Goulburn Valley Region Water Corporation (the Authority).

In 2005, the Authority undertook works to decommission Honeysuckle Creek Reservoir, previously used to supply Violet Town under the Bulk Entitlement Order. Violet Town has been supplied via pipeline since 2002 with water taken under the Bulk Entitlement (Euroa System) Conversion Order 2001.

3. Purpose

The purpose of this Notice is to amend the Bulk Entitlement Order to reflect the decommissioning of Honeysuckle Creek Reservoir in 2005 within the Authority's entitlement to water from Honeysuckle Creek, and make a minor correction to an error in the definition of 'Minister'.

4. Authorising Provisions

This Notice is made under section 45(3) (a) and (b) of the **Water Act 1989**.

5. Commencement

This Notice comes into effect on the day it is published in the Government Gazette.

6. Amendment of Clause 4 – Definitions

For the definitions of 'Minister' and 'system storage' in Clause 4 of the Bulk Entitlement Order substitute –

“**Minister** means in relation to any provision the Minister administering the **Water Act 1989** or, any person authorised by the Minister to act on the Minister's behalf in relation to that provision, or to whom the Minister has delegated the relevant power, discretion, function, authority or duty under section 306 of the Act;

System storage means Railway Reservoir located on the waterway;”

7. Amendment of Clause 6 – Bulk Entitlement

For sub-clause 6.1 of the Bulk Entitlement Order substitute –

“6.1 The Authority make take up to 20 ML of water from the system storage in any year.”

8. Amendment of Clause 9 – Share of capacity

For Clause 9 of the Bulk Entitlement Order substitute –

9. SHARE OF CAPACITY

The Authority is entitled to retain the full capacity of Railway Reservoir, up to 30 ML at full supply level of 230.65 metres Australian Height Datum, but may not use or transfer any more than its annual entitlement in any year.”

Dated 10 June 2011

PETER WALSH MP
Minister for Water

For the avoidance of doubt, a reference in this Notice to the specification of a toll zone by reference to Burnley Street refers to that point on the Link road where Burnley Street would cross the Link road if Burnley Street continued in a straight southerly direction from its southernmost extremity. For the avoidance of doubt, a reference in this Notice to 'eastbound' means in a general easterly direction from the eastern end of the West Gate Freeway towards Glenferrie Road.

Notwithstanding anything to the contrary in Table One, under section 71(1) (b) of the Act and in accordance with the Agreement, the maximum tolls payable in respect of the use of a vehicle on a toll zone on the Link road where that vehicle is a Car, a LCV or a HCV for a Trip are as listed in Table Two:

Table Two				
Trip Cap		Toll		
		Car	LCV	HCV
1.	Where the passage of the vehicle on the last toll zone comprising the Trip before exiting the Full Link road occurs between 6 am and 8 pm on the same day.	\$7.04	\$9.39	\$9.39
2.	Where the passage of the vehicle on the last toll zone comprising the Trip before exiting the Full Link road occurs between 8 pm on the one day and 6 am on the next.	\$7.04	\$7.04	\$7.04

Under section 71(1)(b) of the Act, and in accordance with the Agreement, the tolls listed in Table Three are payable in respect of the use of vehicles on toll zones on the Link road where those vehicles are Taxis:

Table Three	
Taxis	Toll
Each Half Link Taxi Trip	\$4.60
Each Full Link Taxi Trip	\$6.50

For the avoidance of doubt, this Notice does not set Charge Tolls, Maximum Charge Tolls or Taxi Tolls for the purposes of Schedule 3 (the Toll Calculation Schedule) of the Agreement, or Schedule 4 (the Toll Calculation Schedule) of the Integration and Facilitation Agreement.

For the avoidance of doubt, this Notice also:

- (i) revokes or repeals; or, in the alternative
- (ii) amends –

the NOTICE UNDER SECTION 71(1) dated 10 March 2011 and published in the Victoria Government Gazette No. G 11 (pages 604 to 608), dated 17 March 2011 ('the Last Notice').

This notice takes effect on 1 July 2011 and for the avoidance of doubt, the Last Notice ceases to have effect when this Notice takes effect, and the revocation, repeal, amendment or ceasing to have effect of the Last Notice shall not:

- (a) revive anything not in force or existing at the time at which the revocation, repeal, amendment or ceasing to have effect becomes operative;
- (b) affect the previous operation of the Last Notice or anything duly done or suffered under the Last Notice;
- (c) affect any right, privilege, obligation or liability acquired, accrued or incurred under the Last Notice;
- (d) affect any penalty, forfeiture or punishment incurred in respect of any offence committed relating (directly or indirectly) to or in respect of the Last Notice; or
- (e) affect any investigation, legal proceeding or remedy in respect of any such right, privilege, obligation, liability, penalty, forfeiture or punishment as is mentioned in paragraphs (c) and (d) –

and any such investigation, legal proceeding or remedy may be instituted, continued or enforced, and any such penalty, forfeiture or punishment may be imposed, as if the Last Notice had not been revoked or repealed or amended or had not expired, lapsed or otherwise ceased to have effect.

For the avoidance of doubt, the revocation, repeal, amendment or ceasing to have effect of the Last Notice does not in any way affect the direct amendments made in or by the Last Notice to, or the operation or effect of those amendments to, any NOTICE UNDER SECTION 71(1) published in the Victoria Government Gazette prior to the publication of the Last Notice.

Melbourne City Link Act 1995

NOTICE UNDER SECTION 71(1A)

Under section 71(1A) of the **Melbourne City Link Act 1995** ('the Act'), CityLink Melbourne Limited, ABN 65 070 810 678 (the relevant corporation in relation to the Link road and the Extension Road) hereby fixes Toll Administration Fees which are payable to it and specifies the circumstances in which they are payable.

For the purposes of this Notice, the following definitions apply:

Addressee means the person named on a Request for Payment or Further Request for Payment.

Extension road has the same meaning as in the Act.

Further Request for Payment means a further Request for Payment sent to an Addressee following the sending of a Request for Payment to that Addressee in relation to any or all of the Trips the subject of that Request for Payment.

Link road has the same meaning as in the Act.

Request for Payment means, in relation to a Trip or Trips, a request for payment of the tolls in respect of that Trip or Trips (as the case may be) and the Toll Administration Fee, within the meaning of section 77(1)(a) or sections 77(1)(b) and 78(1) of the Act (as the case may be).

National Electricity (Victoria) Act 2005

F-FACTOR SCHEME ORDER 2011

Order in Council

The Governor in Council under section 16C of the **National Electricity (Victoria) Act 2005** makes the following Order:

1. Purpose

The purpose of this Order is to establish an f-factor scheme.

2. Commencement

This Order commences on the day it is published in the Government Gazette.

3. Interpretation

(1) In this Order and unless the context otherwise requires –

distribution system n means a distribution system in respect of which Distribution Network Service Provider *n* is the owner, operator or controller;

f-factor scheme means an incentive scheme that provides incentives for Distribution Network Service Providers to reduce the risk of fire starts and reduce the risk of loss or damage caused by fire starts;

fire start – see clause 4;

fire start target – see clause 8; and

fire start report – see clause 5.

(2) Unless the context otherwise requires, words and expressions used in this Order and the National Electricity (Victoria) Law or the National Electricity Rules have the same meaning in this Order as they have in that Law or those Rules.

*Note: Used in this Order are **distribution system, framework and approach paper, publish, regulatory control period and regulatory year** which are all defined in either the National Electricity (Victoria) Law or the National Electricity Rules.*

4. What is a fire start?

(1) The fire starts that are to be covered by an f-factor scheme determination are any fire –

(a) that starts in or originates from a distribution system;

(b) started by any tree, or part of a tree, falling upon or coming into contact with a distribution system;

(c) started by any person, bird, reptile or other animal coming into contact with a distribution system;

- (d) started by lightning striking a distribution system or a part of a distribution system; and
 - (e) started by any other thing forming part of or coming into contact with a distribution system; or
 - (f) otherwise started by a distribution system.
- (2) For the purposes of clause 4(1)(b), it is irrelevant whether the tree or part of the tree that fell upon or came into contact with the distribution system is or was, before the fire start, inside or outside a required clearance space.

- (3) In this clause –

Code of Practice for Electric Line Clearance means the Code prescribed pursuant to Part 8 of the **Electricity Safety Act 1998**;

Note: See regulation 7 and the Schedule to the Electricity Safety (Electric Line Clearance) Regulations 2010.

required clearance space means a clearance space required under the Code of Practice for Electric Line Clearance; and

tree has the same meaning as it has in the **Electricity Safety Act 1998** and includes (without limitation) a hazard tree within the meaning of section 86B of that Act.

Note: tree, as defined in section 3 of the Electricity Safety Act 1998, includes vegetation.

5. Fire start reports

- (1) The AER may request from a Distribution Network Service Provider a report of fire starts for the previous regulatory year (a **fire start report**).
- (2) The AER's request must be in writing and must specify when the fire start report is to be provided which shall be no later than 31 March in each year.
- (3) A fire start report must –
- (a) be in the form that the AER from time to time specifies;
 - (b) if the Distribution Network Service Provider is the service provider in relation to more than one distribution system, distinguish between distribution systems;
 - (c) list all fire starts for the previous regulatory year, stating in each case and where known what kind of fire start it was and the date, time and location of the fire;
 - (d) state whether the fire was reported to a relevant entity; and
 - (e) include such other information as the AER may from time to time specify.

Note: Clause 4(1) specifies the various kinds of fire starts.

- (4) The AER may develop and publish guidelines as to the form of and information to be included in a fire start report.
- (5) The AER must publish a fire start report.
- (6) This clause does not prevent or limit the AER serving a regulatory information notice or making a regulatory information order.

Note: See also section 16E(1)(d) of the National Electricity (Victoria) Act 2005.

6. F-factor scheme determination

- (1) The AER must make an f-factor scheme determination in accordance with this Order.

Note: Pursuant to section 16E(1)(a) and (b) of the National Electricity (Victoria) Act 2005, the AER must perform or exercise its functions and powers under this Order in a manner that will or is likely to contribute to the achievement of the national electricity objective.

- (2) The AER must make, no later than 31 December 2011, an f-factor scheme determination to take effect in the first distribution determination period.
- (3) F-factor scheme determinations that take effect for a regulatory control period subsequent to the first distribution determination period must be made by the AER so as to take effect at the commencement of each such subsequent regulatory control period.
- (4) The AER must publish an f-factor scheme determination. An f-factor scheme determination for a regulatory control period subsequent to the first distribution determination period may be published as part of a distribution determination for that regulatory control period.

7. Nature and effect of an f-factor scheme determination

- (1) An f-factor scheme determination must establish an f-factor scheme that complies with this Order and under which there is a revenue adjustment for a Distribution Network Service Provider.
- (2) That revenue adjustment must be determined by the AER as follows –

$$\text{Revenue adjustment}_{t,n} = \sum_{m=1}^q \text{Incentive rate}_{t-2,n,m} \times (\text{Target no. of fires}_{t-2,n,m} - \text{Number of fires}_{t-2,n,m})$$

where the distribution system is made up of q parts and –

- (a) **Revenue adjustment_{t,n}** is the adjustment to the revenue for Distribution Network Service Provider n for regulatory year t ;
- (b) **Incentive rate_{t-2,n,m}** is the incentive rate for part m of distribution system n for regulatory year $t-2$, determined in accordance with clause 10 or 11 as the case may be;
- (c) **Target no. of fires_{t-2,n,m}** is the fire start target for regulatory year $t-2$ for part m of distribution system n , determined in accordance with clause 8; and
- (d) **Number of fires_{t-2,n,m}** is the number of fire starts in relation to part m of distribution system n that occurred in regulatory year $t-2$, determined in accordance with clause 9.

Note: For the first two regulatory years of a regulatory control period, regulatory year $t-2$ will be a regulatory year in the immediately preceding regulatory control period. Thus, for the regulatory year commencing 1 January 2016, regulatory year $t-2$ will be a regulatory year in the first distribution determination period.

- (3) An f-factor scheme determination that takes effect for a regulatory control period subsequent to the first distribution determination period may specify how the revenue adjustment is to occur. For the avoidance of doubt and without limitation, the revenue adjustment may –
 - (a) be by way of a pass through;
 - (b) be expressed as a percentage adjustment to revenue; or
 - (c) take effect over more than one regulatory control period.
- (4) For the purposes of a distribution determination, a revenue adjustment under an f-factor scheme is not revenue of, expenditure by or a cost of a Distribution Network Service Provider unless the AER determines otherwise.

8. Determination of fire start target

- (1) A fire start target for a regulatory control period shall be determined by the AER as follows –

$$\text{Target no. of fires}_{rcp(T),n,m} = \text{Number of fires}_{n,m} / \text{Number of years}$$

where –

- (a) **Target no. of fires_{rcp(T),n,m}** is the fire start target for part m of distribution system n for regulatory control period T ;

- (b) **Number of fires_{n,m}** is the number of fire starts in relation to part *m* of distribution system *n* that occurred in the 5 complete contiguous regulatory years prior to the making of an f-factor scheme determination for regulatory control period *T*, determined in accordance with clause 9; and
 - (c) **Number of years** is 5.
- (2) In the first distribution determination period, there must be only one fire start target for a distribution system.
- Note: This has the effect that in the first distribution determination period each part of a distribution system will have the same fire start target.*
- (3) Notwithstanding subclause (1), for the purposes of its determination of the fire start target for the first distribution determination period –
- (a) the AER may, if it considers it appropriate in the circumstances, use a period of less than 5 complete contiguous regulatory years for the purposes of determining **Number of fires_{n,m}**,
- in which case –
- (b) **Number of years** must also be reduced to the number of complete contiguous regulatory years that the AER uses in determining **Number of fires_{n,m}**.
- (4) For regulatory control periods subsequent to the first distribution determination period, there may be different fire start targets for different parts of a distribution system.

Example:

A distribution system may be partly rural and partly urban. There might be two different fire start targets with one applying to the rural part of the distribution system and the other applying to the urban part of the distribution system.

- (5) A fire start target for a regulatory control period applies with respect to each regulatory year in that regulatory control period.

9. Number of fire starts

- (1) In determining the number of fire starts that occurred in relation to a distribution system or a part of that system, the AER may use, but is not bound by –
- (a) the list of fire starts contained in a fire start report provided by the relevant Distribution Network Service Provider;
 - (b) any information obtained pursuant to a regulatory information instrument; and
 - (c) any information relating to fire starts the AER receives from a relevant entity pursuant to a request made under section 16G of the **National Electricity (Victoria) Act 2005**.
- (2) If there is no or incomplete data for fire starts for any regulatory year, or the AER considers the data or any part thereof inadequate for any reason, the AER may use –
- (a) the number of fire starts that occurred in relation to that distribution system in other regulatory years;
 - (b) the number of fire starts that occurred in relation to a reasonably comparable distribution system; and
 - (c) estimates.
- (3) Subclause (2) does not prevent the AER using all or any part of the incomplete or inadequate data.
- (4) The AER must consult with the relevant entities when determining the number of fire starts.

10. Incentive rate for first distribution determination period

- (1) The incentive rate for the first distribution determination period is \$25,000.
- (2) The incentive rate of \$25,000 applies to –
 - (a) all distribution systems; and
 - (b) all parts of a distribution system.

11. Incentive rate for subsequent regulatory control periods

- (1) The incentive rate for each regulatory control period subsequent to the first distribution determination period –
 - (a) is \$25,000; and
 - (b) applies to –
 - (i) all distribution systems; and
 - (ii) all parts of a distribution system,unless the AER determines otherwise.
- (2) Subclauses (3) to (7) apply if the AER determines an incentive rate or the application of an incentive rate.
- (3) An incentive rate must be a dollar amount determined ex ante.
- (4) An incentive rate may –
 - (a) vary from regulatory year to regulatory year;
 - (b) vary from regulatory control period to regulatory control period;
 - (c) differ as between Distribution Network Service Providers;
 - (d) differ as between parts of a distribution system;
 - (e) differ according to the environments or areas that a distribution system passes through;
 - (f) vary according to weather conditions or fire risk;
 - (g) vary by time or day;
 - (h) vary according to whether there is or is not a fire danger period declared under the **Country Fire Authority Act 1958**; and
 - (i) vary or differ according to any other factor that the AER considers relevant in the circumstances.
- (5) When making a determination under this clause the AER must have regard to the following factors –
 - (a) the willingness of end users to pay for enhanced fire safety;
 - (b) a distribution system's history of fire starts; and
 - (c) the need to ensure that the benefits to consumers likely to result from the making of an f-factor scheme determination are sufficient to warrant the incentive rate.
- (6) Subclause (5) does not limit the matters that the AER may have regard to when making its determination.
- (7) For the purposes of making a determination under this clause, the AER may rely upon or use such surveys or reports as the AER considers appropriate in the circumstances. Any reports or surveys that the AER relies upon or uses must be published by the AER.

12. F-factor amount determination

- (1) The AER must make an f-factor amount determination in accordance with this Order and the applicable f-factor scheme determination made pursuant to clause 6.

Note: Pursuant to section 16E(1)(a) and (b) of the National Electricity (Victoria) Act 2005, the AER must perform or exercise its functions and powers under this Order in a manner that will or is likely to contribute to the achievement of the national electricity objective.

- (2) The AER is only required to make an f-factor amount determination with respect to amounts proposed to be passed through in the regulatory years that commence 1 January 2014 and 1 January 2015.

Note: For regulatory years commencing from 1 January 2016, see clause 7(3).

- (3) The AER must make an f-factor amount determination no later than 30 September in the regulatory year prior to the regulatory year in which the amount is proposed to be passed through.

*Note: Pursuant to section 16E(2)(b) of the National Electricity (Victoria) Act 2005, the definition of **pass through event** in Chapter 10 of the National Electricity Rules is amended so as to include an f-factor amount determination.*

- (4) The AER must publish an f-factor amount determination which may be published at the same time as the AER –
- (a) determines to grant approval, pursuant to rule 6.6.1 of the National Electricity Rules, to pass through of a positive pass through amount;
 - (b) determines to require, pursuant to rule 6.6.1 of those rules, pass through of a negative pass through amount.

13. Nature of an f-factor amount determination

- (1) An f-factor amount determination must specify an amount that complies with this Order and the applicable f-factor scheme determination made pursuant to clause 6 and which is to be treated as a positive pass through amount or a negative pass through amount for the purposes of the National Electricity Rules.

Note: Pursuant to section 16C(1)(b), an f-factor amount determination has the effect of treating the amount specified as a positive pass through amount or a negative pass through amount for the purposes of the National Electricity Rules.

- (2) The amount must be determined by the AER as follows –

$Pass\ through\ amount_{t,n} = Incentive\ rate_{t-2} \times (Target\ no.\ of\ fires_{t-2,n} - Number\ of\ fires_{t-2,n})$

where –

- (a) **$Pass\ through\ amount_{t,n}$** is the amount for Distribution Network Service Provider n for regulatory year t which may (but does not have to) be expressed as a percentage adjustment to the revenue of the Distribution Network Service Provider;
- (b) **$Incentive\ rate_{t-2}$** is \$25,000;
- (c) **$Target\ no.\ of\ fires_{t-2,n}$** is the fire start target for regulatory year $t-2$ for distribution system n , determined in accordance with clause 8; and
- (d) **$Number\ of\ fires_{t-2,n}$** is the number of fire starts in relation to distribution system n that occurred in regulatory year $t-2$, determined in accordance with clause 9.

14. Consultation procedures

- (1) The distribution consultation procedures set out in rule 6.16 of the National Electricity Rules (as amended by this clause) are taken to apply and must be followed by the AER when it makes –
- (a) an f-factor scheme determination for the first distribution determination period;
 - (b) an f-factor amount determination; or
 - (c) a decision to vary a distribution determination pursuant to rule 6.13A of the National Electricity Rules.

Note: Rule 6.13A is inserted in the National Electricity Rules by section 16E(2)(a) of the National Electricity (Victoria) Act 2005.

- (2) For the purposes of subclause (1), rule 6.16 of the National Electricity Rules is taken to be amended as follows –
- (a) Rule 6.16(b) is replaced with –

“The AER must *publish*:

 - (1) its proposal for the f-factor scheme determination, the f-factor amount determination and variation of a distribution determination as the case may be;
 - (2) an explanatory statement that sets out the provisions of the **F- factor Scheme Order in Council 2011** and the *Rules* under or for the purposes of which the f-factor scheme determination, f-factor amount determination or variation of the distribution determination, as the case may be, is required and the reasons for the determination or variation; and
 - (3) an invitation for written submissions on the proposal.”;
 - (b) The invitation for written submissions referred to in rule 6.16(b)(3) must be sent to –
 - (i) relevant Distribution Network Service Providers;
 - (ii) the Minister; and
 - (iii) the relevant entities;
 - (c) The references to “final decision” in rules 6.16(e), 6.16(f) and 6.16(g) are to be read as references to an f-factor scheme determination, an f-factor amount determination or a decision to vary a distribution determination as the case may be; and
 - (d) All further amendments necessary or consequential on the amendments in paragraphs (a) to (c) of this subclause are made.
- (3) Subclause (2)(a) does not limit the documents or information that the AER may publish.
- (4) Subclause (2)(b) does not limit who the AER may invite submissions from or consult with.
- (5) When the AER makes an f-factor scheme determination for a regulatory control period subsequent to the first distribution determination period, the AER may follow –
- (a) the distribution consultation procedures set out in rule 6.16 of the National Electricity Rules as amended by this clause; or
 - (b) the procedures for making a distribution determination set out in rules 6.8 to 6.11 inclusive and rule 6.12.2 of the National Electricity Rules, as amended by this clause.

- (6) For the purposes of subclause (5)(b), rules 6.8 to 6.11 and rule 6.12.2 of the National Electricity Rules are taken to apply and to be amended as follows –
- (a) All references to “distribution determination” in rules 6.8 to 6.11 of the National Electricity Rules are to be read as a reference to an f-factor scheme determination;
 - (b) The framework and approach paper should set out the AER’s likely approach (together with its reasons for that approach) to an f-factor scheme determination;
 - (c) Rules 6.8.1(b), (c) and (ca) do not apply;
 - (d) The “interested stakeholders” in clause 6.8.1(d) include the Minister and the relevant entities;
 - (e) Rule 6.8.2(a) is replaced with –
 - “(a) A *Distribution Network Service Provider* must, at the time required to do so under paragraph (b), submit a *regulatory proposal* to the AER with respect to an f-factor scheme which proposal must comply with the **F- factor Scheme Order in Council 2011**”;
 - (f) Rule 6.8.2(c)(1) to (5) do not apply;
 - (g) The reference to “the Rules” in rule 6.9.1(a) and the second reference to “the Rules” in rule 6.9.3(a) are to be read as references to this Order;
 - (h) Rule 6.9.3(a)(1) is deleted;
 - (i) The references to “proposed *Negotiated Distribution Service Criteria*” in rules 6.9.3(a)(2), 6.9.3(b) and 6.9.3(c) are deleted;
 - (j) References in rules 6.10.2(a)(3) and 6.11.2(3) to the inclusion of the constituent decisions are deleted;
 - (k) Rule 6.12.2(2)(i) is deleted; and
 - (l) All further amendments necessary or consequential on the amendments in paragraphs (a) to (k) of this subclause are made.
