NOELENE DUFF

Chief Executive Officer

Planning and Environment Act 1987
HOBSONS BAY PLANNING SCHEME

Notice of Preparation of Amendment

Amendment C87

Authorisation A02148

The Hobsons Bay City Council has prepared Amendment C87 to the Hobsons Bay Planning Scheme.

In accordance with section 8A(3) of the **Planning and Environment Act 1987**, the Minister for Planning authorised the Hobsons Bay City Council as planning authority to prepare the Amendment.

The land affected by the Amendment is 30 metres from the bank on both sides of the Kororoit Creek for the entire length of the Creek as it extends through the municipality except where the Creek runs through a Public Park and Recreation Zone (PPRZ) where the boundary will be extended to align with the zone boundary where this is greater than the 30 metres.

The Amendment proposes to introduce an Environmental Significance Overlay (ESO) and an accompanying Schedule 1 along the length of the Kororoit Creek Corridor. This ESO and schedule will protect the environmental values of the Kororoit Creek and include guidelines for development to ensure consistent guidance for the improvement of the habitat and landscape values along its length.

EXEMPTION

Application No. A353/2011

The Victorian Civil and Administrative Tribunal has considered an application pursuant to section 89 of the **Equal Opportunity Act 2010** (the Act) by Credit Suisse Management (Australia) Pty Ltd (the applicant). The application for exemption is to enable the applicant to

(a) award a Scholarship to one female student in Australia in the penultimate year of a university degree and to advertise the Scholarship. The Scholarship comprises \$10,000 to be paid in two instalments and an opportunity to automatically participate in final round interviews for a paid position in the Applicant's Summer Internship Programme; and

(b) advertise the Scholarship
(the exempt conduct).

Upon reading the material filed in support of this application, including the affidavits of Belinda Jettar and evidence of advertising undertaken as ordered, the Tribunal is satisfied that it is appropriate to grant an exemption from sections 16, 18, 44, 107 and 182 of the Act to enable the applicant to engage in the exempt conduct.

In granting this exemption the Tribunal noted:

- Credit Suisse AG (Credit Suisse) is a financial services provider which operates worldwide providing investment banking, private banking and asset management services. The applicant is a service company which enters into contracts providing employment and administrative services to Credit Suisse companies in Australia.
- The applicant has established the Scholarship in order to encourage women engaged in university study to consider careers within the financial services industry. At present more than half of Australia's financial services industry workforce is female but they are primarily employed in consumer banks. Historically there have been lower rates of females moving into the investment banking and related services sector of the financial services industry.
- Females are under-represented in management and governance positions in the investment banking industry. A report produced by the Financial Services Institute of Australasia in May 2011 says that, while 31% of management positions across the financial services industry are held by females, they tend to be middle management positions. Statistically females are poorly represented in key executive management positions, including Chief Executive Officer roles, and on Boards. In 2010, just 4% of Chief Executive Officers in Australia's financial and insurance industry were female, compared to a workforce average of 11%. This picture is confirmed by the Commonwealth Equal Opportunity for Women in the Workplace Agency 2010 Australian Census of Women in Leadership report.
- Credit Suisse's 2010/2011 Summer Internship Programme attracted 338 female applications (16% of total applications) compared to 1171 male applications (56% of the total) with 587 applications (28%) not disclosing gender. The 2012 Graduate Programme attracted 296 female applicants (21% of total applicants) and 1021 male applicants (72% of the total) with 96 (7%) not disclosing gender. The Scholarship is designed to address this imbalance arising

from the fact that female students are less likely to consider a career path within a global investment banking environment. The Scholarship will benefit and educate one female student each year.

- Credit Suisse has in the past sought to encourage females to commence careers within its workforce including by establishing an Australian Women's Committee which runs education sessions, networking events and speakers series; highlighting its policies and benefits which may attract females; proactively measuring the levels of female talent by rank and seniority; and becoming members of female industry groups such as Women in Banking & Finance. Those measures have not materially increased the numbers of females applying for internships and graduate programmes. The applicant believes the Scholarship is one way to target recruitment and lead to greater engagement with females who are completing their studies and making career choices.
- Credit Suisse's goals include encouraging gender diversity, achieving better gender balance in its workforce at all levels of seniority and participation and educating female students about a career in investment banking. The Scholarship will contribute to meeting those goals.
- Male students will continue to have access to all Credit Suisse internship and graduate programmes.
- A copy of the application for exemption was sent to the Victorian Equal Opportunity and Human Rights Commission and it did not seek leave to intervene in the application. No submissions were received by the Tribunal or the applicant following the advertising undertaken by the applicant.
- No exception or current exemption already applies to the exempt conduct and in the absence of an exemption the exempt conduct would amount to prohibited discrimination.
- When making decisions about exemptions, the Tribunal is required to give proper consideration to relevant human rights as set out in the **Charter of Human Rights and Responsibilities Act 2006** (Charter). Arguably, this exemption limits the right to equality and in particular the right to

equal and effective protection against discrimination of male students who would wish to be considered for a scholarship of this kind. I am satisfied that, in the circumstances discussed above, the limit imposed by this exemption is reasonable and justified under the Charter.

The Tribunal hereby grants an exemption from the operation of sections 16, 18, 44, 107 and 182 of the Act to enable the applicant to engage in the exempt conduct.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 28 February 2017.

EXEMPTION

Application No. A342/2011

The Victorian Civil and Administrative Tribunal has considered an application pursuant to section 89 of the **Equal Opportunity Act 2010** (the Act) by Women's Liberation Halfway House Domestic Violence Service (the applicant). The application for exemption is to enable the applicant to:

- advertise for and employ only females to run the women's refuge service and
- provide services and accommodation to women only and their children, including boys aged up to 17 years

(the exempt conduct).

Upon reading the material filed in support of this application, including the affidavit of Kathy Russell, the Tribunal is satisfied that it is appropriate to grant an exemption from the operation of from sections 16, 44, 52, 107 and 182 of the Act to enable the applicant to engage in the exempt conduct.

In granting this exemption the Tribunal noted:

- The applicant provides high security crisis accommodation and other support services to women and to their children, including boys aged to 17 years. The women and their children have experienced domestic violence. It is funded by the Department of Human Services to provide these services and has been since 1975.

- Given the services offered to women who have experienced violence, usually by men, it is appropriate that accommodation and services are offered to women only and that the staff providing the services are only women.
- Previous exemptions have been granted by the Tribunal in respect of the exempt conduct in June 2000, November 2005 and December 2008. An interim exemption was granted on 30 November 2011 to allow for consideration of this application. That interim exemption is due to expire on 7 March 2012. The circumstances of this application are the same as those which formed the basis of the previous applications. No exception applies to the exempt conduct and in the absence of an exemption, after 7 March 2012, the exempt conduct would amount to prohibited discrimination.
- When making decisions about exemptions, the Tribunal is required to give proper consideration to relevant human rights as set out in the **Charter of Human Rights and Responsibilities Act 2006** (Charter). Arguably, this exemption limits the right to equal and effective protection against discrimination of men who may seek employment with the applicant or seek crisis accommodation and other services from the applicant. I am satisfied that, in the circumstances discussed above, the limit imposed by this exemption is reasonable and justified under the Charter.

This exemption is to remain in force from 8 March 2012 to 7 March 2017.

- 2.2 You agree to supply and sell to Diamond (or to another party at Diamond's direction), and Diamond agrees to purchase, the Export Electricity produced by your Qualifying Solar Energy Generating Facility and supplied to the Distribution Network from the Supply Address in accordance with your Agreement.
- 2.3 You and Diamond agree that these Feed-In Terms and Conditions only apply in respect of Export Electricity produced by the Qualifying Solar Energy Generating Facility installed and connected at the Supply Address, which is supplied to the Distribution Network.
- 2.4 To the extent that they are applicable or relevant, all the terms of the Retail Agreement will apply to the sale of Export Electricity under your Agreement. If there is any discrepancy between these Feed-In Terms and Conditions and the Retail Agreement, these Terms and Conditions will take precedence. However, nothing in this Feed-In Agreement varies the Retail Agreement.
- 2.5 Diamond will credit you with the Transitional Feed in Credit against the charges payable by you to Diamond under the Retail Agreement in the same Billing Period.
- 2.6 If your Transitional Feed in Credit in a Billing Period exceeds the Rates payable under your Retail Agreement for that Billing Period, the excess Transitional Feed in Credit will be carried forward to the next Billing Period and credited towards the Rates payable by you for that Billing Period and will be included in your bill for that Billing Period.
- 2.7 Any Transitional Feed in Credit will be extinguished when the Retail Agreement ends or when the Transitional Feed in Tariff Period ends, whichever occurs first.
- 2.8 Diamond will not extinguish a Transitional Feed in Tariff Credit where it is not based on an actual meter reading and/or where the bill for the Billing Period that the credit is associated with has not been issued to you.

- 3.1 Your Agreement will commence when you have given explicit informed consent to your Agreement, and when the Qualifying Solar Energy Generating Facility has been connected to the Distribution Network and the appropriate network tariff code applied. Your Agreement is also conditional on you giving Diamond details of your principal place of residence.

The Qualifying Solar Energy Generating Facility must also have been installed by a person who, at the time of the installation, had a Grid-connect Design & Install accreditation from the Clean Energy Council.

- 6.1 Unless you give Diamond explicit informed consent, Diamond will base your Transitional Feed in Credit on a reading of the NEM-compliant meter that records the supply of Export Electricity to the Distribution Network, and in any event, Diamond will use its best endeavours to ensure that the meter is read at least once in any 12 month period. If Diamond is not able to reasonably or reliably base a Transitional Feed in Credit on a reading of the meter, Diamond will not give a credit unless the Distribution Network Service Provider estimates the Export Electricity in accordance with applicable regulatory instruments.
- 6.2 You must allow Diamond (or its representative) safe, convenient and unhindered access to the Supply Address and to the meter that records the supply of Export Electricity to the Distribution Network for the purpose of reading the meter and for connection, disconnection, reconnection, maintenance and repair. - 9.3 If Diamond has underpaid or under-credited you for Export Electricity, Diamond will credit the amount on your next bill. If the underpaid amount is more than \$50 Diamond Energy will advise you of this in writing.

10. Termination by You

- 10.1 You may terminate your Agreement at any time, without terminating your Retail Agreement with us. You may terminate your Agreement without notice and if your Agreement is a fixed term contract or an evergreen contract, Diamond may impose an early termination fee in the manner specified in clause 24.1(d) of the Code.
