Governance (Miscellaneous Amendment)
Local Law 2012

Council, at its meeting held on 17 July 2012, resolved to make the Governance (Miscellaneous Amendment) Local Law 2012.

The Local Law commences on the following day on which public notice of the making of the Local Law is published in the Victoria Government Gazette.

Purpose of the proposed Local Law

The purpose of the proposed Local Law is to:

- amend Council's Governance Local Law No. 1; and
- reflect legislative changes to the General Election date to assist in the election of the Mayor process.

General purport of the proposed Local Law

The Local Law amends Council's Governance Local Law No. 1 by:

- deleting clause 7(1)(b) of the Governance Local Law; and
- substituting with a new clause 7(1)(b) to reflect the legislative change to the General Election to take place on fourth Saturday in October.

A copy of the Local Law may be inspected at the Corporate Centre, 76 Royal Avenue, Sandringham, during office hours or viewed on Council's website.

HUME PLANNING SCHEME

Notice of Preparation of an Amendment to a Planning Scheme

Amendment C154

Authorisation A01217

The Growth Areas Authority has prepared Amendment C154 to the Hume Planning Scheme.

In accordance with section 9(1) of the **Planning and Environment Act 1987**, the Minister for Planning has authorised the Growth Areas Authority as planning authority to prepare the Amendment.

The land affected by the Amendment is 236 hectares of land that is situated on two land areas centred on Mickleham Road and Somerton Road. The northern area is bound by Aitken College to the north, Greenvale Reservoir Park to the east, Somerton Road to the south and Mickleham Road to the west; the southern area is bound by Mickleham Road to the east, Somerton Road to the north and the Urban Growth Boundary to the west and south.

The Amendment proposes a number of changes to the Planning Scheme to facilitate the development and use of land within the Urban Growth Zone (Schedule 6).

Specifically the Amendment proposes to:

- Incorporate the following three documents into the Planning Scheme:
 - Greenvale Central Precinct Structure Plan (Greenvale Central PSP);
 - Greenvale Central Development Contributions Plan (Greenvale Central DCP); and
 - Greenvale Central Native Vegetation Precinct Plan (Greenvale Central NVPP).
- Introduce and apply Schedule 6 to the Urban Growth Zone (UGZ6) to land in the Amendment area. This zone sets out the land use and development controls for the precinct and requires land use and development to be generally in accordance with the incorporated 'Greenvale Central Precinct Structure Plan'.
- Introduce and apply Schedule 6 to the Development Contributions Plan Overlay (DCPO6) to the land in the Amendment area. The overlay requires that development within the Amendment area is subject to the provisions of the incorporated 'Greenvale Central Development Contributions Plan'.
- Introduce and apply Schedule 2 to the Incorporated Plan Overlay to part of the land in the Amendment area.
- Introduce an Environmental Audit Overlay on property 85 Hillview Road, Greenvale (Lot 32 LP53814).
- Rezone Rural Living Zone to Rural Conservation Zone part of the land at properties 65 Hillview Road, Greenvale (Lot 31 LP53814), 85 Hillview Road,

Greenvale (Lot 32 LP53814), 80 Brendan Road, Greenvale (Lot 1 TP868662), 70 Brendan Road, Greenvale (Lot 16 LP53814) and 50 Brendan Road, Greenvale (Lot 15 LP53814).

- Rezone the remainder of the precinct land from Rural Living Zone to UGZ6.
- Provide for public open space contributions for land in the 'Greenvale Central Precinct Structure Plan' area when land is subdivided by amending the Schedule to Clause 52.01.
- Update the Schedule to Clause 52.02 to remove a restrictive covenant contained in Instrument of Transfer No. F862814 from the following properties; 120 Section Road, Greenvale (Lot 1 LP115075), 110 Section Road, Greenvale (Lot 2 LP115075), 75 Carroll Lane, Greenvale (Lot 3 LP115075), 45 Carroll Lane, Greenvale (Lot 4 LP115075), 35 Carroll Lane, Greenvale (Lot 5 LP115075), 40 Providence Road, Greenvale (Lot 6 LP115075), 695 Mickleham Road, Greenvale (Lot 7 LP115075), 715 Mickleham Road, Greenvale (Lot 8 LP115075), 725 Mickleham Road, Greenvale (Lot 9 LP115075), 735 Mickleham Road, Greenvale (Lot 10 LP115075), 745 Mickleham Road, Greenvale (Lot 11 LP115075), 30 Carroll Lane, Greenvale (Lot 12 LP115075), 50 Carroll Lane, Greenvale (Lot 13 LP115075) and 80 Carroll Lane, Greenvale (Lot 14 LP115075).
- List the 'Greenvale Central Native Vegetation Precinct Plan' (NVPP) in the Schedule to Clause 52.16 to provide for the protection, management and removal of native vegetation in accordance with the NVPP within the Amendment area.
- Update the Schedule to Clause 61.03 to reflect the planning scheme map changes.
- Update the Schedule to Clause 81.01 to reflect inclusion to incorporated documents.

You may inspect the Amendment, any documents that support the Amendment and the explanatory report about the Amendment, free of charge, at the following locations: during office hours, at the office of the Planning Authority, the Growth Areas Authority, Level 29, 35 Collins Street, Melbourne, or www.gaa.vic.gov.au; during office hours at the office of the Hume City Council, 1079 Pascoe Vale Road,

Broadmeadows, or www.hume.vic.gov.au; and at the Department of Planning and Community Development website, www.dpcd.vic.gov.au/planning/publicinspection

Any person who may be affected by the Amendment may make a submission to the planning authority.

The closing date for submissions is Monday 27 August 2012. A submission must be made in writing and sent to the Growth Areas Authority, Submission to Amendment C154, Level 29, 35 Collins Street, Melbourne 3000, or via email to amendments@gaa.vic.gov.au

Road Safety Act 1986**PARTIAL EXEMPTION FROM ROAD RULES AND PROVISIONS OF
THE ROAD SAFETY ACT 1986 FOR PARTICIPANTS IN
CASTERTON STREET DRAGS 2012****Purpose**

- 1 The purpose of this notice is to exempt participants in the Casterton Street Drag Races ('The Event') from certain provisions of the **Road Safety Act 1986** and certain provisions of the Road Rules.

Authorising provision

- 2 This notice is issued and published under section 99B(4) of the **Road Safety Act 1986** on the application of the Casterton and District Drag Racing Club Inc. ('The Event Organiser') which proposes to conduct the Event as a non-road activity on the Portland–Casterton Road, Casterton.

Background

- 3 The Event involves a series of drag races over an eighth mile course and other social activities in the township of Casterton on Saturday 17 November 2012.
- 4 The Event Organiser is conducting the Event which it has held annually since 1994 under the auspices of The Australian National Drag Racing Association Inc. (ANDRA).
- 5 The Event Organiser has applied for a declaration under section 99B(4) of the Act to exempt participants in the event from certain provisions of the **Road Safety Act 1986** and certain provisions of the Road Rules. In particular, the Event Organiser has applied for exemptions from the provisions specified in this notice in relation to –
- (a) part of the Portland–Casterton Road; and
 - (b) the period – specified in the notice.

Declaration of Exemptions with respect to the Events

- 6 I, Steve Brown, Executive Director – Regional Services, VicRoads delegate for the Minister for Roads, on the application of the Event Organiser, by this notice declare that, subject to the limitations and conditions specified in this notice, the provisions of the **Road Safety Act 1986** specified in column one of Schedule 1 and the Road Rules (other than the provisions specified in column one of Schedule 2) do not apply to the Event to be conducted on the part of the Portland–Casterton Road specified in Schedule 3 during the period specified in Schedule 4.
- 7 The descriptions in column two of Schedules 1 and 2 of the provisions specified in column one of those Schedules are for information purposes only and do not extend or limit the extent of, or otherwise affect, an exemption under this notice.

Limitations

- 8 The exemptions declared by this notice apply only to a person who is a participant whilst that person is actually participating in the Event.

Conditions

- 9 The following conditions apply to the conduct of the Event by the Event Organiser.
- (a) The part of the highway used for the non-road activity is closed to traffic during the times when the activity is actually being carried out, which may not be the full period specified in Schedule 4.
 - (b) The Event Organiser has obtained all permits required in respect of the relevant non-road activity by the responsible road authority under section 99B(1) of the **Road Safety Act 1986**, and the Event is conducted in accordance with such permits and all other authorities.

- (c) That all applicable provisions of relevant legislation are complied with, including (without limitation), relevant provisions of the **Road Safety Act 1986**, the **Road Management Act 2004** and the **Occupational Health and Safety Act 2004** and any regulations under those Acts including the Road Rules (other than the provisions of the **Road Safety Act 1986** and the Road Rules which do not apply by force of this notice).
- (d) That a copy of this notice is produced on demand by the officer of the Event Organiser who is in charge of the Event to any member of the police force or to any person who is an authorised officer of VicRoads under section 71 of the **Road Management Act 2004**.
- 10 An exemption under this notice does not cease to apply only because of a failure to comply with a condition in clause 10 (other than the condition in clause 10(b)).

TEMPORARY RESERVATION OF CROWN LANDS

Order in Council

The Governor in Council under section 4(1) of the **Crown Land (Reserves) Act 1978** temporarily reserves the following Crown lands which in his opinion are required for the purposes mentioned:–

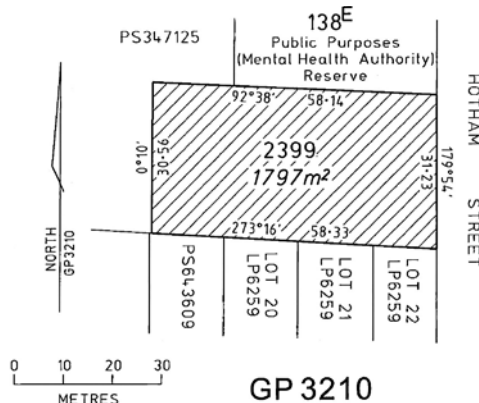

MUNICIPAL DISTRICT OF THE CITY OF WARRNAMBOOL

WARRNAMBOOL – Public purposes (Mental Health Services); area 886 square metres, being Crown Allotment 172A, Township of Warrnambool, Parish of Warrnambool as indicated by hatching on plan GP3227 hereunder. – (GP3227) – (032019897)

MUNICIPAL DISTRICT OF THE CITY OF DAREBIN

JIKA JIKA – Public purposes (Mental Health Services), area 1797 square metres, being Crown Allotment 2399, Parish of Jika Jika as indicated by hatching on plan GP3210 hereunder. – (GP3210) – (1204880)

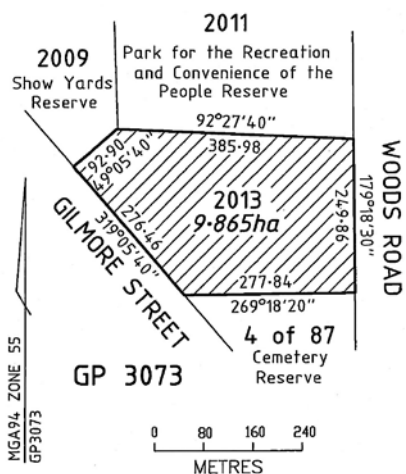

MUNICIPAL DISTRICT OF THE MORNINGTON PENINSULA SHIRE COUNCIL

KANGERONG – Public Recreation, area 1.083 hectares, being Crown Allotment 2022, Parish of Kangerong as indicated by hatching on plan GP3224 hereunder. – (GP3224) – (2016418)

MUNICIPAL DISTRICT OF THE MOIRA SHIRE COUNCIL

YARRAWONGA – Education purposes; area 9.865 hectares, Crown Allotment 2013, Township of Yarrowonga, Parish of Yarrowonga as indicated by hatching on plan GP3073 hereunder. – (GP3073) – (Rs 4816)

MUNICIPAL DISTRICT OF THE SWAN HILL RURAL CITY COUNCIL
 KUNAT KUNAT & BOGA – Water Supply purposes; being Crown Allotment 2022, Parish of Kunat Kunat [area 1.0 hectare, more or less] as shown hatched on Plan No. LEGL./11-076 lodged in the Central Plan Office of the Department of Sustainability and Environment AND Crown Allotment 2014, Parish of Boga [area 1.1 hectares, more or less] as indicated by hatching on plan GP3025 hereunder. – (GP3025) – (0102798)

MUNICIPAL DISTRICT OF THE CARDINIA SHIRE COUNCIL
 GEMBROOK – Public purposes; total area 1.6 hectares, more or less, being Crown Allotments 2040, 2041, 2042, 2043, 2044, 2045 & 2046, Parish of Gembrook as shown hatched on Plan No. LEGL./10-229 lodged in the Central Plan Office of the Department of Sustainability and Environment. – (1203505)

SCHEDULE A – LIST 1: WASTE CATEGORIES**SCHEDULE A – LIST 2: CHARACTERISTICS OF CONTROLLED WASTES****SCHEDULE B****PART 1 – PRELIMINARY****1. Title**

This Order may be cited as the Waste Management Policy (Movement of Controlled Waste between States and Territories).

2. Commencement

This Policy will come into operation upon publication in the Government Gazette.

3. Revocation of Industrial waste management policy (Movement of Controlled Waste between States and Territories)

The Industrial waste management policy (Movement of Controlled Waste between States and Territories), as published in the Government Gazette dated 6 December 2001, is revoked.

4. Definitions

In this Policy, unless the contrary intention appears:

agency means a body or bodies of a participating State or a participating Territory which that State or Territory has nominated for the purposes of this Policy. In Victoria the nominated agency is the Authority;

Agreement means the Intergovernmental Agreement on the Environment made on 1 May 1992 between the Commonwealth, the States, the Australian Capital Territory, the Northern Territory and the Australian Local Government Association, a copy of which is set out in the Schedule to the **National Environment Protection Council (Victoria) Act 1995**;

approved extended producer responsibility scheme means a scheme approved by the affected participating jurisdictions;

approved recycling scheme means a scheme approved by the affected participating jurisdictions;

Authority means the Environment Protection Authority established under the **Environment Protection Act 1970**;

consignment authorisation means an approval which includes a unique identifier granted by an agency or a facility delegated by an agency in the jurisdiction of destination to allow the movement of controlled waste;

controlled waste means any waste in List 1 provided that the waste possesses one or more of the characteristics in List 2. Unless otherwise demonstrated to the satisfaction of the nominated agency in the jurisdiction of destination, wastes in List 1 are considered to possess one or more characteristics in List 2;

Council means the National Environment Protection Council established by section 8 of the **National Environment Protection Council (Victoria) Act 1995** and the equivalent provisions of the corresponding Acts of the Commonwealth and participating States or Territories;

facility means an approved place where controlled wastes are received;

facility operator means a person in charge of a facility;

jurisdiction of origin in relation to a particular consignment of waste means the State or Territory from which the waste is generated or transported;

jurisdiction of destination in relation to a particular consignment of waste means the State or Territory in which the facility is located to which the waste is intended to be transported;

jurisdiction of transit in relation to a particular consignment of waste means any State or Territory through which the waste is transported to another State or Territory;

licence means a licence, authorisation, permit, notice or approval granted by an agency in relation to a vehicle for the purpose of moving controlled wastes, and includes a permit to transport prescribed waste issued under Part IXA of the **Environment Protection Act 1970**;

National environment protection measure means a measure made under section 14(1) of the **National Environment Protection Council (Victoria) Act 1995** and the equivalent provisions of the corresponding Acts of the Commonwealth and each participating State or Territory;

participating jurisdiction means the Commonwealth, a participating State or a participating Territory;

participating State means a State:

- (a) that is a party to the Agreement; and
- (b) in which an Act that corresponds to the **National Environment Protection Council (Victoria) Act 1995** is in force in accordance with the Agreement;

participating Territory means a Territory:

- (a) that is a party to the Agreement; and
- (b) in which an Act that corresponds to the **National Environment Protection Council (Victoria) Act 1995** is in force in accordance with the Agreement;

Policy means this Waste Management Policy (Movement of Controlled Waste between States and Territories);

producer means a person who produces or consigns controlled waste or a person, authorised by an agency in the jurisdiction where the controlled waste is produced, to act on behalf of the producer;

transporter means a person responsible for moving controlled wastes either from one participating State or Territory to another or through participating States or Territories;

vehicle means a conveyance that is designed to be propelled or drawn by any means which is used for the movement of controlled wastes by land, air or water and includes trailer, railway locomotive or rolling stock, ship, boat or aircraft used for such purpose; and

waste means any:

- (a) discarded, rejected, unwanted, surplus or abandoned matter; or
- (b) otherwise discarded, rejected, unwanted, surplus or abandoned matter intended for:
 - (i) recycling, reprocessing, recovery, reuse, or purification by a separate operation from that which produced the matter; or
 - (ii) sale, whether of any value or not.

PART 2 – POLICY FRAMEWORK

5. Policy Objectives

The objectives of this Policy are to:

- (a) implement the National Environment Protection (Movement of Controlled Waste between States and Territories) Measure within the State of Victoria; and
- (b) assist in minimising the potential for adverse impacts associated with the movement of controlled waste on the environment and human health.

6. Policy Intent

- (1) This Policy will implement a nationally consistent statutory framework in Victoria for the management of the movement of controlled wastes between Victoria and other States and Territories originating from commercial, trade, industrial or business activities.
- (2) Tracking systems will be implemented which will provide information to assist the Authority, and emergency services, and will ensure that controlled wastes are directed to and reach appropriate facilities.
- (3) Prior notification systems will be implemented which will provide the Authority with access to information to assess the appropriateness of proposed movements of controlled wastes in terms of transportation and facility selection.
- (4) Transporters, producers and facilities will be regulated so that tracking and notification functions are compatible with Victorian requirements.

7. Policy Principles

This Policy is guided by the principles of environment protection set out in sections 1B-1L of the **Environment Protection Act 1970**.

8. Schedules

- (1) Schedule A to this Policy identifies and lists:
 - (a) all categories of matter for the purposes of the definition of ‘controlled waste’ in clause 4 of this Policy; and
 - (b) characteristics of controlled wastes for the purpose of the definition in clause 4 of this Policy.
- (2) Schedule B to this Policy identifies the information to accompany the movement of controlled wastes and for reporting as required by this Policy. Schedule B consists of three parts:
 - (a) Part 1 identifies information to be provided by producers;
 - (b) Part 2 identifies information to be provided by transporters; and
 - (c) Part 3 identifies information to be provided by facilities.

9. Exclusions

This Policy does not apply to:

- (a) the intrastate movement of controlled wastes;
- (b) a movement of controlled waste, which for logistical reasons (for example, closer proximity), and as agreed to between another jurisdiction and the State of Victoria, enters Victoria prior to returning to a facility for disposal in the jurisdiction of origin;
- (c) the movement of controlled wastes or other wastes in accordance with the **Hazardous Waste (Regulation of Exports and Imports) Act 1989** of the Commonwealth;
- (d) an emergency which requires urgent action to protect human life, the environment and/or property;
- (e) controlled wastes:
 - (i) to be used in analysis for waste categorisation;
 - (ii) to be used in research subject to approval by an agency in the jurisdiction of destination;
- (f) the movement of controlled wastes by pipeline;
- (g) containers destined for direct refilling with the same substance in which there remains small amounts of residues of a substance on List 1 in Schedule A;

- (h) the movement of unwanted farm chemicals by a farmer or property owner, without fee or reward, for the purposes of delivering such chemicals to a designated collection place under a collection scheme approved by the Authority and any other affected jurisdictions; or
- (i) the movement of controlled wastes subject to product recall approved by the Australian Pesticides and Veterinary Medicines Authority, Food Standards Australia New Zealand, or Therapeutic Goods Administration.

10. Exemptions

(1) *Geographical exemption*

The movement of a specified controlled waste stream from a defined geographic area in Victoria to a defined geographic area or facility in another jurisdiction, or from a defined geographic area in another jurisdiction to a defined geographic area or facility in Victoria may be exempted from one or more of clauses 11(3), 11(4), 11(5) and 11(7) of the policy.

(2) *Direct reuse exemption*

Controlled waste which is destined for direct reuse without prior treatment or processing as an input into the manufacture of a product whether or not for sale may be exempted from one or more of clauses 11(3), 11(4), 11(5), 11(7)(c), 11(7)(d), and 11(7)(e) of this Policy.

(3) *Extended producer responsibility exemption*

Controlled waste which is subject to an approved extended producer responsibility scheme may be exempted from one or more of clauses 11(3), 11(4), 11(5), 11(7)(c), 11(7)(d) and 11(7)(e) of this Policy.

(4) *Approved recycling scheme exemption*

Controlled waste which is subject to an approved recycling scheme may be exempted from one or more of clauses 11(3), 11(4), 11(5), 11(7)(c), 11(7)(d) and 11(7)(e) of this Policy.

(5) Exemptions under 10(1), 10(2), 10(3) and 10(4) may only be given if:

- (a) such an exemption is formalised through written agreement by the Authority and other affected jurisdictions;
- (b) the written agreement is provided as part of the public reporting obligations of Victoria and all other affected jurisdictions; and
- (c) the Authority and all other affected jurisdictions consider that the exemption does not derogate from the objectives, and intent of this Policy.

PART 3 – ATTAINMENT PROGRAM

11. Features for the establishment of a system for the movement of controlled wastes

Licensing and mutual recognition

- (1) Where Victoria is the jurisdiction of origin, the Authority will ensure that the movement of controlled waste from Victoria to or through another participating State or Territory is subject to a licence having sufficient control over the carriage of that waste to enable agreement to mutual recognition between participating States or Territories.
- (2) The Authority will recognise a licence issued by another jurisdiction where a transporter is established for business purposes, for the sole purpose of the movement of controlled waste between Victoria and that jurisdiction.

Prior Notification and Consignment Authorisations

- (3) A producer intending to move controlled wastes to Victoria must obtain a consignment authorisation from the Authority, prior to the movement of such wastes.

- (4) The Authority will ensure that, prior to a consignment authorisation being issued, consultation is undertaken, wherever necessary, with other affected States and Territories, to determine the appropriateness of issuing a consignment authorisation.
- (5) In considering a completed application for a consignment authorisation, the Authority will take certain matters into consideration. These will include, but not be limited to:
 - (a) whether the facility to which the controlled wastes are directed is appropriately licensed or approved by the Authority to receive the controlled waste;
 - (b) relevant environment protection policies, statutory policies and legislation of Victoria or other participating jurisdictions relating to the generation, transport, treatment or disposal of controlled waste; and
 - (c) consistency with the requirements of the Environment Protection (Industrial Waste Resource) Regulations 2009 and other relevant policies and legislation.
- (6) The Authority may refuse to issue a consignment authorisation for:
 - (a) controlled waste intended for disposal in Victoria, where there is an appropriate facility for the re-use, recycling, treatment or disposal of that kind of waste in the jurisdiction of origin;
 - (b) controlled waste intended for treatment in Victoria, where there is an appropriate facility for the re-use, recycling, or treatment of that kind of waste in the jurisdiction of origin; or
 - (c) the unnecessary transportation of controlled waste into Victoria for temporary storage.

Obligations

- (7)
 - (a) The producer must provide relevant information as set out in Part 1 of Schedule B.
 - (b) The transporter must provide the information set out in Part 2 of Schedule B and must carry the information as described in Parts 1 and 2 of Schedule B when transporting controlled waste.
 - (c) The Victorian facility operator must provide the information described in Part 3 of Schedule B upon acceptance of the waste.
 - (d) The Authority will, where Victoria is the jurisdiction of destination, issue or refuse to issue, a consignment authorisation within 5 working days following the receipt of a completed application.
 - (e) The Authority will provide an explanation to the applicant of the reason for refusal of a consignment authorisation consistent with its obligations under relevant Victorian legislation and policies.

Maintenance of records

- (8) The Authority will ensure that records of the data generated by the tracking system in relation to requirements which are contained in Schedule B, are kept for a period of not less than 12 months.

Furnishing of information to Council

- (9) The Minister administering the **National Environment Protection Council (Victoria) Act 1995** will provide collated summary information on the:
 - (a) movement of controlled waste into Victoria, indicating jurisdiction of origin, waste code and quantity of waste;
 - (b) level of discrepancies (eg non-arrival of a consignment) as a percentage of total authorised controlled waste movements; and
 - (c) benefits arising from the implementation of the policy;to the Council on an annual basis.

12. Failure to provide information, or giving false or misleading information

Where a producer, transporter or facility operator does not furnish required information to the Authority or provides false or misleading information, enforcement action will be taken by the Authority in accordance with the following:

- (a) the nature of the offence, including the intent of the offender and whether it is a repeat occurrence;
- (b) the effectiveness in achieving objectives and intent of this Policy; and
- (c) the Authority's Compliance and Enforcement Policy.

13. Confidentiality

- (1) The Authority will respect commercial confidentiality of facility operators, transporters, and producers, and will endeavour to apply the following principles to any claim for confidentiality:
 - (a) claims will only be considered if they involve either commercially sensitive information or issues of national security; and
 - (b) the onus of substantiating a claim for confidentiality will rest with the producer, transporter, or facility operator.
- (2) Claims for confidentiality will be assessed on the grounds of commercial sensitivity, in accordance with the laws of the State of Victoria.

SCHEDULE A - LIST 1: WASTE CATEGORIES

Waste stream or wastes having as constituents:
Acidic solutions or acids in solid form
Animal effluent and residues (abattoir effluent, poultry and fish processing waste)
Antimony; antimony compounds
Arsenic; arsenic compounds
Asbestos
Barium compounds (excluding barium sulphate)
Basic solutions or bases in solid form
Beryllium; beryllium compounds
Boron compounds
Cadmium; cadmium compounds
Ceramic-based fibres with physico-chemical characteristics similar to those of asbestos
Chlorates
Chromium compounds (hexavalent and trivalent)
Clinical and related wastes
Cobalt compounds
Containers which are contaminated with residues of substances referred to in this list
Copper compounds
Cyanides (inorganic)
Cyanides (organic) / nitriles
Encapsulated, chemically-fixed, solidified or polymerised wastes referred to in this list
Ethers
Filter cake contaminated with residues of substances referred to in this list
Fire debris and fire washwaters
Fly ash, excluding fly ash generated from Australian coal fired power stations
Grease trap waste
Halogenated organic solvents
Highly odorous organic chemicals (including mercaptans and acrylates)
Inorganic fluorine compounds excluding calcium fluoride
Inorganic sulfides
Isocyanate compounds

Waste stream or wastes having as constituents:
Lead; lead compounds
Mercury; mercury compounds
Metal carbonyls
Nickel compounds
Non toxic salts
Organic phosphorus compounds
Organic solvents excluding halogenated solvents
Organohalogen compounds - other than substances referred to in this list
Oxidising agents
Perchlorates
Phenols, phenol compounds including chlorophenols
Phosphorus compounds excluding mineral phosphates
Polychlorinated dibenzo-furan (any congener)
Polychlorinated dibenzo-p-dioxin (any congener)
Reactive chemicals
Reducing agents
Residues from industrial waste treatment/disposal operations.
Selenium; selenium compounds
Soils contaminated with a controlled waste
Surface active agents (surfactants), containing principally organic constituents and which may contain metals and inorganic materials
Tannery wastes (including leather dust, ash, sludges and flours)
Tellurium, tellurium compounds
Thallium; thallium compounds
Triethylamine catalysts for setting foundry sands
Vanadium compounds
Waste chemical substances arising from research and development or teaching activities including those which are not identified and/or are new and whose effects on human health and/or the environment are not known
Waste containing peroxides other than hydrogen peroxide
Waste from heat treatment and tempering operations containing cyanides
Waste from the manufacture, formulation and use of wood-preserving chemicals

Waste stream or wastes having as constituents:
Waste from the production, formulation and use of biocides and phytopharmaceuticals
Waste from the production, formulation and use of inks, dyes, pigments, paints, lacquers and varnish
Waste from the production, formulation and use of organic solvents
Waste from the production, formulation and use of photographic chemicals and processing materials
Waste from the production, formulation and use of resins, latex, plasticisers, glues and adhesives
Waste from the production and preparation of pharmaceutical products
Waste mineral oils unfit for their original intended use
Waste oil/water, hydrocarbons/water mixtures or emulsions
Waste pharmaceuticals, drugs and medicines
Waste resulting from surface treatment of metals and plastics
Waste tarry residues arising from refining, distillation, and any pyrolytic treatment
Waste, substances and articles containing or contaminated with polychlorinated biphenyls (PCBs), polychlorinated naphthalenes (PCNs), polychlorinated terphenyls (PCTs) and/or polybrominated biphenyls (PBBs)
Waste of an explosive nature not subject to other legislation
Wool scouring waste
Zinc compounds

SCHEDULE A – LIST 2: CHARACTERISTICS OF CONTROLLED WASTES

Dangerous Goods Class (UN Class*)	UN Code	
1	H1	Explosive
		An explosive substance or waste is a solid or liquid substance or waste (or mixture of substances or wastes) which is in itself capable by chemical reaction of producing gas at such a temperature and pressure and at such a speed as to cause damage to the surroundings.
3	H3	Flammable Liquids
		The word 'flammable' has the same meaning as 'inflammable'. Flammable liquids are liquids, or mixtures of liquids, or liquids containing solids in solution or suspension (for example, paints, varnishes, lacquers, etc., but not including substances or wastes otherwise classified on account of their dangerous characteristics) which give off flammable vapour at temperatures of not more than 60.5 degrees Celsius, closed-cup test, or not more than 65.6 degrees Celsius, open-cup test. (Since the results of open-cup tests and of closed cup tests are not strictly comparable and even individual results by the same test are often variable, regulations varying from the above figures to make allowances for such differences would be within the spirit of the definition.)
4.1	H4.1	Flammable solids
		Solids or waste solids, other than those classified as explosives, which under conditions encountered in transport are readily combustible, or may cause or contribute to fire through friction.
4.2	H4.2	Substances or wastes liable to spontaneous combustion
		Substances or wastes which are liable to spontaneous heating under normal conditions encountered in transport, or to heating up in contact with air, and being then liable to catch fire.
4.3	H4.3	Substances or wastes which, in contact with water, emit flammable gases
		Substances or wastes which, by interaction with water, are liable to become spontaneously flammable or to give off flammable gases in dangerous quantities.
5.1	H5.1	Oxidising
		Substances or wastes which, while in themselves not necessarily combustible, may, generally by yielding oxygen, cause or contribute to, the combustion of other materials.
5.2	H5.2	Organic peroxides
		Organic substances or wastes which contain the bivalent-O-O-structure are thermally unstable substances which may undergo exothermic self-accelerating decomposition.

Dangerous Goods Class (UN Class*)	UN Code	
6.1	H6.1	Poisonous (acute)
		Substances or wastes liable either to cause death or serious injury or to harm human health if swallowed or inhaled or by skin contact.
6.2	H6.2	Infectious substances
		Substances or wastes containing viable micro-organisms or their toxins which are known or suspected to cause disease in animals or humans.
8	H8	Corrosives
		Substances or wastes which, by chemical action, will cause severe damage when in contact with living tissue, or in the case of leakage, will materially damage, or even destroy, other goods or the means of transport; they may also cause other hazards.
9	H10	Liberation of toxic gases in contact with air or water
		Substances or wastes which, by liberation with air or water, are liable to give off toxic gases in dangerous quantities.
9	H11	Toxic (delayed or chronic)
		Substances or wastes which, if they are inhaled or ingested or if they penetrate the skin, may involve delayed or chronic effects, including carcinogenicity.
9	H12	Ecotoxic
		Substances or wastes which if released present or may present immediate or delayed adverse impacts to the environment by means of bioaccumulation and/or toxic effects upon biotic systems.
9	H13	Capable of yielding another material which possesses H1-H12
		Capable by any means, after disposal, of yielding another material, e.g., leachate, which possesses any of the characteristics listed above.
		Other Reasons
		Potential to have a significant adverse impact on ambient air quality.
		Potential to have a significant adverse impact on ambient marine, estuarine or fresh water quality.
*UN Class and Code relates to the hazard classification system included in the United Nations Recommendations on the Transport of Dangerous Goods as used in Australia.		

SCHEDULE B

Pursuant to clause 11, all controlled waste transported subject to this Policy must be accompanied by the following information, wherever applicable, in a manner approved by the jurisdiction of origin. In the event of electronic tracking being used, the information required must also accompany the wastes in printed form or in an approved form that provides equivalent access for police, emergency workers or authorised officers.

Part 1: To be supplied by the producer

- Description of the waste(s) [Use proper shipping name/technical name if applicable for Dangerous Goods]
- The physical nature of the waste
- Waste code(s)
- UN Number(s)
- UN Code(s)
- Dangerous Goods Class(es) (UN Class(es)) [and Subsidiary Risk if applicable for Dangerous Goods]
- Packaging Group number
- Amount of waste(s)
- Type of package (eg bulk) [and number of packages of each type if applicable for Dangerous Goods]
- Facility name
- Facility address
- Facility licence number
- State/Territory of destination
- Name of waste producer
- Address of waste source
- Producer's telephone number

Plant Biosecurity Act 2010**ORDER DECLARING A CONTROL AREA IN VICTORIA FOR THE PURPOSE OF
PREVENTING THE ENTRY OF THE PEST GRAPE PHYLLOXERA****Order in Council**

The Governor in Council makes the following Order.

Dated 24 July 2012

Responsible Minister:

PETER WALSH MLA

Minister for Agriculture and Food Security

MATTHEW McBEATH
Clerk of the Executive Council

1 Objective

The objective of this Order is to declare a control area in Victoria for the purposes of preventing the entry of the pest Grape Phylloxera from other parts of Victoria.

2 Authorising Provision

This Order is made under section 19 of the **Plant Biosecurity Act 2010**.

3 Commencement

This Order comes into operation on the day of its publication in the Government Gazette, and expires 12 months from the date of publication.

4 Revocation

The Order, made under section 9 of the **Plant Health and Plant Products Act 1995**, by Governor in Council on 9 August 2011 declaring areas in Victoria to be control areas for the purpose of preventing the entry of Grape Phylloxera as published in Government Gazette G32 on 11 August 2011 is **revoked**.

5 Definitions

grape phylloxera means the pest *Daktulosphaira vitifoliae* (Filch);

host material means any plant, plant part or plant product of the genus *Vitis*, including potted vines, cuttings, rootlings, grapes, grape marc, grape must, juice, germplasm and plant and soil samples for diagnostic purposes;

juice means fresh, unclarified or unfiltered juice, but not juice filtered or otherwise processed so as to achieve a maximum particle size of 50 microns.

6 Control area for preventing the entry of Phylloxera

The area, to be known as the Victoria Phylloxera Exclusion Zone, described in the Schedule is declared to be a control area for the purpose of preventing the entry of the pest Grape Phylloxera.

7 Prohibitions

(1) The entry into the control area of –

- (a) any host material; or
- (b) any agricultural equipment that has been used for the cultivation, harvesting, handling, transport or processing of plants, plant parts or plant products of the genus *Vitis*; or
- (c) any package which has contained any plant, plant part or plant product of the genus *Vitis*; or
- (d) soil originating from a property involved in the cultivation or handling of plants, plant parts or plant products of the genus *Vitis* –

is **prohibited**.

- (2) Subclause (1) does not apply in the case of any –
- (a) host material, equipment, package or soil sourced from, or last used on, a property located in an area of Victoria declared as a control area for preventing the entry of phylloxera; or
 - (b) table grapes treated in a manner approved by the Plant Biosecurity Manager.
