##### Application No. A1/2013

The application is amended so that any reference in the application to provisions of the **Equal Opportunity Act 1995** refer to the corresponding provisions of the **Equal Opportunity Act 2010**.

Accordingly, the Victorian Civil and Administrative Tribunal has considered an application pursuant to section 89 of the **Equal Opportunity Act 2010** (the Act) by Australian Youth Climate Coalition (the applicant). The application for exemption is to enable the applicant to advertise for and employ staff under the age of thirty years (the exempt conduct).

Upon reading the material filed in support of this application, including the affidavit of Anna Rose and the correspondence of Jem Bamford, the Tribunal is satisfied that it is appropriate to grant an exemption from sections 16, 18, 107 and 182 of the Act to enable the applicant to engage in the exempt conduct.

In granting this exemption the Tribunal noted:

- The applicant was founded in 2006 as a coalition of Australia's youth organisations, to build a movement of young people working on the issue of climate change. It aims to educate, inspire, network with and motivate

young people to be a voice on the issue of climate change and to take action locally and nationally. It is a non-profit company limited by guarantee. Its core funding requirements are largely met through grants from philanthropic foundations. Project-based funding is received from other organisations and foundations, and donations.

- The applicant describes its purpose as achieving long term cultural change by engaging young volunteers to work with young people in universities, communities and schools, to educate and inspire them to take action. A core component of the applicant's strategy is that of ensuring that the organisation is run by young people, who offer leadership and inspiration to other young people.
- The applicant runs several projects to meet its aims, including education and mentoring programs in schools, national summits, and non-partisan election campaigns. It meets regularly with government Ministers, Members of Parliament, business leaders and other organisations.
- Ms Bamford stated that the fact that the organisation is entirely youth led and driven, using a peer-to-peer model, is a key reason why it attracts the funding that is vital to its ongoing viability.
- The applicant attached to its correspondence a letter from the Purves Environmental Fund, a major sponsor of the applicant, which states, in part, that the Fund recognises that the young leaders inspire their own generation in a way that older people would not, and that if the applicant did not stand out as a youth-led organisation, it would be less likely to attract financial support from this Fund.
- The applicant, in seeking to employ people of less than thirty years of age, seeks to maintain this unique youth driven model of organisation.
- The Exemption represents a reasonable limitation on the rights in relation to equality in the **Charter of Human Rights and Responsibilities Act 2006**.
- No exception or current exemption already applies to the exempt conduct and in the absence of an exemption the exempt conduct would amount to prohibited discrimination.

- When making decisions about exemptions, the Tribunal is required to give proper consideration to relevant human rights as set out in the **Charter of Human Rights and Responsibilities Act 2006**. Arguably, this exemption limits the right to equality and in particular the right to equal and effective protection against discrimination of persons over the age of thirty years who would wish to be employed by the applicant. I am satisfied that in the circumstances discussed above, the limit imposed by this exemption is reasonable and justified under the Charter.

The Tribunal hereby grants an exemption from the operation of sections 16, 18, 107 and 182 of the **Equal Opportunity Act 2010** to enable the applicant to engage in the exempt conduct.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 27 June 2018.

#### EXEMPTION

Application No. A44/2013

The Victorian Civil and Administrative Tribunal has considered an application pursuant to section 89 of the **Equal Opportunity Act 2010** (the Act) by Express Media Inc. (the applicant). The application for exemption is to enable the applicant to advertise for and employ only persons aged under 25 years as major project staff, project co-ordinators, contractors and contributors and to, from time to time, limit participation in its programs to persons aged under 25 (the exempt conduct).

Upon reading the material filed in support of this application, including the affidavits of Joseph Martin Toohey, the Tribunal is satisfied that it is appropriate to grant an exemption from sections 16, 18, 44, 107 and 182 of the Act to enable the applicant to engage in the exempt conduct.

In granting this exemption the Tribunal noted:

- The applicant was established in 1985, the International Year of Youth. It is a Melbourne based not-for-profit organisation which provides support and development opportunities for young people in writing and media. The applicant is recognised as the peak organisation for young writers in

Australia and it presents an annual artistic program that aims to develop creative skills and build capacity among young people. These aims are achieved through a range of publications, including Voiceworks and The Under Age, awards and events, including the John Marsden Prize for Young Australian Writers, a range of training and development opportunities and resources, such as the Young Writers Innovation Prize.

- The applicant is funded by a combination of grants from Federal and State governments, philanthropic bodies, sponsorship, private donations and magazine sales. The government funding is granted in recognition of the applicant's targeted work for young people.
- The applicant is operated by a core staff of 2.4 equivalent full time staff plus various contractors and volunteers. By limiting the nominated roles to people aged under 25 years, the applicant provides employment, publishing and participation opportunities to young people that they would not otherwise have had. The sole purpose of the applicant is to support young writers, poets, illustrators, editors and project co-coordinators.
- No exception or current exemption already applies to the exempt conduct and in the absence of an exemption the exempt conduct would amount to prohibited discrimination.
- When making decisions about exemptions, the Tribunal is required to give proper consideration to relevant human rights as set out in the **Charter of Human Rights and Responsibilities Act 2006** (Charter). Arguably, this exemption limits the right to equality and in particular the right to equal and effective protection against discrimination of persons aged over 25 who would wish to be employed by the applicant in the above roles or participate in programs offered by the applicant. I am satisfied that, in the circumstances discussed above, the limit imposed by this exemption is reasonable and justified under the Charter.

The Tribunal hereby grants an exemption from the operation of sections 16, 18, 44, 107 and 182 of the Act to enable the applicant to engage in the exempt conduct.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 26 June 2018.

## EXEMPTION

Application No. A83/2013

The Victorian Civil and Administrative Tribunal has considered an application pursuant to section 89 of the **Equal Opportunity Act 2010** (the Act) by the Wangaratta Bowls Club Inc. (the applicant). The application for exemption is to enable the applicant to organise and operate a ladies only lawn bowls tournament, the Wangaratta Invitation Classic/Master Triples, and advertise these matters (the exempt conduct).

Upon reading the material filed in support of this application, including the affidavits of Valerie Merle Marklew, the Tribunal is satisfied that it is appropriate to grant an exemption from sections 44, 71, 107 and 182 of the Act to enable the applicant to engage in the exempt conduct.

In granting this exemption the Tribunal noted:

- A copy of the application was sent by the Tribunal to the Victorian Equal Opportunity and Human Rights Commission (the Commission). The Commission did not seek leave to intervene in the proceeding.
- The applicant has been operating the Wangaratta Invitation Classic/Master Triples (the tournament) for many years. It is believed that it commenced in or around 1982. The eligibility criteria for the tournament is that at least two bowlers of a team must have won either a Ladies Club Championship event, a Ladies Pairs Championship or a Ladies Triples Championship. Personal invitations are sent to all lady bowlers who are the applicant understands meet the criteria. The tournament attracts entries from the local Ovens and Murray Region and also from Mansfield, Seymour, Goulburn Valley, Albury/Wodonga and beyond and brings together many talented bowlers in a high level competition.

- The tournament benefits the applicant by being a major fundraiser and also by showcasing its grass greens which are becoming a rarity in Victoria. It also brings many visitors to the city and so benefits the local economy. The participants benefit from having the opportunity to compete against Champions and Masters and participate in an elite competition.
- The applicant says that, since open bowls competitions commenced, many ladies have departed country bowls. Consequently, the sport of bowls struggles to maintain ladies memberships. The applicant believes that the tournament is one means to ensure that ladies remain active and interested in bowls by bowling with their peers of the same gender.
- The applicant does not operate a current or proposed equivalent men-only tournament.
- The applicant is part of the Ovens & Murray Bowls Region Association and currently has six teams participating in pennant competition. The competition consists of mid-week pennant with one ladies team and one mixed gender team and weekend pennant with four mixed gender teams. The applicant conducted 12 mixed gender competitions in the 2012/2013 bowls season and will continue to run those tournaments for the foreseeable future. The applicant also conducts regular mixed gender social bowling days on Wednesdays and Saturdays throughout the year for members and visitors. The applicant has received no complaints regarding women only events or otherwise about its arrangements as to gender.
- No exception or current exemption already applies to the exempt conduct and in the absence of an exemption the exempt conduct would amount to prohibited discrimination.
- When making decisions about exemptions, the Tribunal is required to give proper consideration to relevant human rights as set out in the **Charter of Human Rights and Responsibilities Act 2006** (Charter). Arguably, this exemption limits the right to equality and in particular the right to equal and effective protection against discrimination of men who would wish to play in the tournament. I am satisfied that, in the circumstances discussed above, the limit imposed by this exemption is reasonable and justified under the Charter.

The Tribunal hereby grants an exemption from the operation of sections 44, 71, 107 and 182 of the Act to enable the applicant to engage in the exempt conduct.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 26 June 2018.

#### INTERIM EXEMPTION

Application No. A96/2013

The Victorian Civil and Administrative Tribunal has considered an application pursuant to section 89 of the **Equal Opportunity Act 2010** (the Act) by St Michael's Grammar School (the applicant). The application for exemption is to enable the applicant to:

- (a) advertise for prospective female students to enter the applicant's school so as to promote an equal gender balance at the school;
  - (b) structure waiting lists, allocate student placements, and offer bursaries, scholarships and enrolments targeted at prospective and existing female students, so as to promote an equal gender balance at the school; and
  - (c) advertise these matters
- (the exempt conduct).

Upon reading the material filed in support of this application, including the affidavit of Simon Gipson and having regard to an earlier exemption which expired on 29 May 2013, the Tribunal is satisfied that it is appropriate to grant an interim exemption from sections 38, 44, 107 and 182 to enable the applicant to engage in the exempt conduct until the application is finally heard and determined.

In granting this exemption, the Tribunal noted:

- The applicant is committed to coeducation and implementing the philosophy of equal opportunity. It seeks to maximise the advantages of coeducation by seeking to establish a 50/50 gender balance. Statistical information shows that, despite the previous exemptions, across the school, female students total less than 50% of the school population.
- Previous exemptions have been granted to the applicant in similar terms, the last of which expired on 29 May 2010. I am not

currently satisfied that an exception applies to the exempt conduct. Accordingly, in the absence of an exemption the exempt conduct would amount to prohibited discrimination.

- When making decisions about exemptions, the Tribunal is required to give proper consideration to relevant human rights as set out in the **Charter of Human Rights and Responsibilities Act 2006** (Charter). Arguably, this exemption limits the right to equality and in particular the right to equal and effective protection against discrimination of male students who would otherwise be offered a place at the school based on the sole basis of their place on a waiting list or be eligible for a bursary or scholarship. I am satisfied that, for the purposes of this interim exemption, the limit imposed by this exemption is reasonable and justified under the Charter.

The Tribunal hereby grants an interim exemption from the operation of sections 38, 44, 107 and 182 of the Act to enable the applicant to engage in the exempt conduct.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 30 September 2013.

**Purpose:** This exemption from compliance with regulations 5.1.20 and 5.1.22, provisions of Part 5.1 (Construction) of the Occupational Health and Safety Regulations 2007 (the Regulations), requiring individuals performing construction work to undertake construction induction training and be registered (have a construction induction card (CI Card)) is granted by the Victorian WorkCover Authority (WorkSafe Victoria) under the provisions of regulation 7.2.2 of the Regulations to employers that are members of the Victorian Thermal Generators (VTG).

**Background:** This exemption represents an extension of previous exemptions granted to the VTG for the periods 1 July 2009 to 30 June 2011 and 1 July 2011 to 30 June 2013.

In 2009 the VTG introduced a Power Industry Induction (PII) Program in recognition that the nature of the working environment, particularly during shutdowns, consists of multiple activities occurring simultaneously, some of which fall under the category of construction work and some that do not. The VTG identified that it would provide greater certainty, particularly for the extensive mobile contractor workforce that operates within their industry, to use a tailored induction training addressing health and safety matters for construction and non-construction work.

WorkSafe Victoria is satisfied that the granting of the exemption will result in a level of health and safety at the relevant workplace that is at least equivalent to that which would be achieved by observance of the relevant provisions if it imposes certain conditions in granting the exemption and those conditions are observed in accordance with regulation 7.2.4 of the Regulations.

**Exemption:** Pursuant to regulation 7.2.1 of the Regulations, the VTG is exempt from complying with regulations 5.1.20 and 5.1.22 of the Regulations in relation to the requirement that persons performing construction work must have undertaken construction induction training and be registered to perform construction work, subject to the conditions herein.

**Conditions:** This exemption is subject to the following conditions:

Each member of the VTG must ensure the following, in relation to their relevant workplace:

1. Prior to a person commencing construction work at the relevant workplace that person successfully completes the PII training course which is delivered by a construction RTO that:
  - 1.1. maintains the CICard Unit of Competency on their Scope of Registration; and
  - 1.2. is subject to the Victorian Registration and Qualifications Authority or the Australian Skills Quality Authority and WorkSafe Victoria audit process on the CICard Unit of Competency; and
  - 1.3. maintains the alignment of the PII training course with any changes to the CICard Unit of Competency to enable the construction statement of attainment to be issued; and
  - 1.4. advises persons attending the PII training course of the process to obtain a construction statement of attainment should they wish to obtain a construction induction card; and
  - 1.5. advises persons attending the PII training course that the PII card is only valid at the relevant workplace(s) set out in this exemption; and
  - 1.6. on request by a person who has satisfactorily completed the PII training course, issues that person a construction statement of attainment against the CICard Unit of Competency; and
  - 1.7. at any time, with 48 hours notice from WorkSafe Victoria, allows auditing of its records of training by WorkSafe Victoria.
2. That records are kept and maintained of all persons working or who have worked at their relevant workplaces who have completed or attempted the PII training course and, at any time with 48 hours notice from WorkSafe Victoria, allow auditing of its records of training by WorkSafe Victoria.

3. That the PII training course continues to operate as the standard VTG prerequisite induction, and the PII card is recognised as evidence of such, covering all relevant workplaces.
4. That WorkSafe Victoria is informed as soon as possible after becoming aware of any circumstances arising that result or may result in non-compliance with the conditions of this exemption.

This exemption commences on and from 1 July 2013 to 30 June 2016. An application for extension of this exemption must be made at least 3 months prior to 30 June 2016. If an extension is granted it may be subject to such conditions as WorkSafe Victoria considers appropriate.

**Water Act 1989**BULK ENTITLEMENT (YARROWEE – WHITE SWAN SYSTEM)  
CONVERSION ORDER 2002 – MINOR AMENDMENT NOTICE

I, Peter Walsh, as Minister administering the **Water Act 1989**, by notice amend the Bulk Entitlement (Yarrowee – White Swan System) Conversion Order 2002.

**1. Citation**

This Notice may be cited as the Bulk Entitlement (Yarrowee – White Swan System) Minor Amendment Notice 2013.

**2. Purpose**

The purpose of this Notice is to amend the Bulk Entitlement (Yarrowee – White Swan System) Conversion Order 2002 (the Bulk Entitlement) to remove a clause restricting use of Gong Gong and Kirks Reservoirs to supply Ballarat. The reservoirs were previously used to supply Lake Wendouree, however alternative supplies for the lake have been developed. Removal of the sub-clause will allow Central Highlands Water to maximise use of local resources for Ballarat's drinking water supply, but water can still be delivered to Lake Wendouree if necessary. The change will not affect other entitlement holders or the environment as it will not increase diversions from the system.

**4. Commencement**

This Notice comes into effect on the day it is published in the Government Gazette.

**5. Amendment to clause 10**
