EXEMPTION

Application No. H206/2015

The Victorian Civil and Administrative Tribunal has considered an application pursuant to section 89 of the **Equal Opportunity Act 2010** (the Act) by Project Respect Inc. (the applicant). The application for exemption is to enable the applicant to advertise for and employ only women in all roles within the organisation (the exempt conduct).

Upon reading the material filed in support of this application, including the affidavit of Rachel Reilly, the Tribunal is satisfied that it is appropriate to grant an exemption from sections 16, 18, 107 and 182 of the Act to enable the applicant to engage in the exempt conduct.

In granting this exemption the Tribunal noted:

- The applicant is a support service and community for women trafficked for sexual exploitation and women in the sex industry. It provides women with one-on-one support and access to essential services. The services include intensive case management, accommodation in a safe house, job-skills training and social engagement.
- The applicant has eight paid staff all of whom are required to, from time to time, engage with the clients, including in respect of traumatic and personal matters. While some of the roles have more direct contact with

the women clients, as a small organisation, the management and office staff are also required to provide services and assistance.

- I am satisfied it is likely that, where services provided by the applicant are for the benefit of women, those services fall within the meaning of a special needs service as provided for in section 88 of the Act. I am also satisfied that, where staff are dealing directly with women and providing services of that kind, the exception contained in section 28 of the Act is likely to apply as those services are likely to be most effectively provided by other women. However, to the extent that other management and administrative roles have less direct service-related contact, I am not satisfied that those roles can be provided most effectively by women only. Where I am not satisfied that an exemption applies to the whole of the exempt conduct but accept that it is preferable that the women the applicant seeks to assist are likely to best respond to services and assistance from women, it is appropriate that an exemption be granted. In the absence of an exemption the exempt conduct would amount to prohibited discrimination.
- When making decisions about exemptions, the Tribunal is required to give proper consideration to relevant human rights as set out in the **Charter of Human Rights and Responsibilities Act 2006** (Charter). Arguably, this exemption limits the right to equality and in particular the right to equal and effective protection against discrimination of men who would wish to be employed by the applicant. I am satisfied that, in the circumstances discussed above, the limit imposed by this exemption is reasonable and justified under the Charter.

The Tribunal hereby grants an exemption from the operation of sections 16, 18, 107 and 182 of the Act to enable the applicant to engage in the exempt conduct.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 9 December 2020.

Standing Tariffs applicable under section 35 and section 39 of the **Electricity Industry Act 2000**. The following electricity rates apply for deemed contract customers and standing offer customers from 10 January 2016 until such time as the rates are varied.

Applicability of Rates:

Rates subject to confirmation of distribution zone, meter type and configuration, and details of supply address. Guidance regarding applicability is set out below.

Single Rate Tariffs:

These tariffs consist of a fixed daily rate, and then a per kWh energy rate which is the same at all times of the day, 24 hours a day. These tariffs do not have any 'Off Peak' rates but Controlled Load Rates may apply. This tariff is the basic network tariff for general usage for most cases.

Controlled Load Rates:

Rates for time switch controlled hot water services, space heaters and other dedicated loads, generally controlled between 11 pm and 7 am.

Time Of Use Tariffs:

These tariffs consist of a fixed daily rate, and different per kWh energy rates for peak times and off peak times. Peak times are generally between 7 am and 11 pm (Monday to Friday for 5 Day TOU tariffs and all week for 7 Day TOU tariffs), and all other times are off peak.

Flexible Tariffs:

These tariffs include a 'shoulder' per kWh energy rate in addition to peak and off peak rates. For these tariffs, peak times are generally between 3 pm and 9 pm Monday to Friday, off peak times are generally between 10 pm and 7 am all week, and all other times are shoulder times.

Demand Based Tariffs:

If a demand based tariff is applicable pricing will include a demand charge in addition to the daily and c/kWh charges, to reflect applicable distributor charges.

Rates are as set out in the following pages.

Road Safety Act 1986

ROAD SAFETY (DRIVERS) AND (VEHICLES) AMENDMENT
(MISCELLANEOUS FEES) REGULATIONS 2015

Notice of Decision

I, Luke Donnellan, Minister for Roads and Road Safety, and Minister responsible for administering the **Road Safety Act 1986**, give notice under section 12 of the **Subordinate Legislation Act 1994** of my decision to make the proposed Road Safety (Drivers) and (Vehicles) Amendment (Miscellaneous Fees) Regulations 2015.

A regulatory impact statement was prepared in relation to the proposed Regulations. In response to this statement, VicRoads received one enquiry. The enquiry was whether VicRoads intended to introduce any new fees for the transfer of the vehicle registration, for commercial purposes, of vehicles registered in another state or territory. VicRoads' response to the enquiry was that it currently has no plans to change the existing fee arrangements for interstate vehicle transfers, other than as set out in the regulatory impact statement.

There were no other submissions received in response to the regulatory impact statement.

I have decided that the proposed Regulations should be made subject to an amendment to the commencement date from 1 November 2015 to 1 February 2016 and minor and technical amendments only.

Land Tax Regulations 2015

I, Tim Pallas, Treasurer and Minister responsible for administering the **Land Tax Act 2005**, give notice under section 12 of the **Subordinate Legislation Act 1994** of my decision to recommend to the Governor in Council that the proposed Land Tax Regulations 2015 (the proposed Regulations) be made.

The proposed Regulations are made under the **Land Tax Act 2005** and replace the Land Tax Regulations 2005, which expire on 20 December 2015. The proposed Regulations prescribe the fee for an application for a land tax clearance certificate as 1.16 fee units and prescribe various matters relating to the lodging of a Notice of Acquisition.

A Regulatory Impact Statement (RIS) was prepared in relation to the prescribed fee for an application for a land tax clearance certificate. An advertisement was placed in the Government Gazette and The Age on 30 October 2015 inviting public comments on the proposed Regulations and RIS. The proposed Regulations and RIS were made available from the State Revenue Office (SRO) and on the SRO website. An email was also sent to industry representatives and SRO website subscribers inviting comments.

The 28 day public consultation period started on 30 October 2015 and ended on 27 November 2015. No comments or submissions were received during this period. I have therefore decided that the proposed Regulations should be made without amendment.

After the proposed regulations are made, they will become available for download from www.legislation.vic.gov.au

Hard copies can be purchased from SAI Global Bookshop (online), by phoning 13 12 42, or from 85 Buckhurst Street, South Melbourne.
