*WorkCover Premiums Order (No. 23) 2015/2016***Workplace Injury Rehabilitation and Compensation Act 2013****WorkCover Premiums Order (No. 23) 2015/2016**

The Governor in Council, on the recommendation of the Victorian WorkCover Authority, under section 448 of the **Workplace Injury Rehabilitation and Compensation Act 2013**, makes the following Order:

Dated 26 May 2015

Responsible Minister:

THE HONOURABLE ROBIN SCOTT MP

Minister for Finance

YVETTE CARISBROOKE
Clerk of the Executive Council

PART 1 – PRELIMINARY**1 Citation**

This Order may be cited as the WorkCover Premiums Order (No. 23) 2015/2016.

2 Application

This Order comes into operation on 1 July 2015.

3 Calculation of Premium

This Order specifies the premiums payable by employers under Part 10 of the Act in respect of the premium period beginning on 1 July 2015 and ending on 30 June 2016.

4 Identifying Defined Terms

- (1) Many of the terms used in this Order are defined. Most defined terms are defined in subclause 5(2), but some are defined in the clause or item in which they are found and others are defined in the Act.
- (2) Most of the terms that are defined in subclause 5(2) are identified by an asterisk appearing at the start of the term: as in “*group”. The footnote with the asterisk contains a signpost to subclause 5(2).
- (3) An asterisk usually identifies the first occurrence of a term in a clause or item (if not divided into subclauses or sub-items), in subclauses or sub-items, or in definitions. Later occurrences of the term in the same provision are not usually identified.
- (4) Terms are not identified in headings, notes, examples, tables, outline provisions or diagrams.
- (5) If a term is not identified, disregard that fact in deciding whether or not to apply to that term a definition or other interpretation provision.
- (6) The following basic terms used throughout the Order are not identified with an asterisk:

- (5) The cost of an individual claim as calculated in accordance with Part 7 is to be rounded to the nearest dollar.
- (6) Remuneration is to be rounded to the nearest dollar.
- (7) Numbers used in a calculation or comparison under this Order may be expressed as or converted to a percentage or a decimal number.

7 Exemption Limit

For the purposes of paragraph (b) of the definition of **exemption limit** in section 3 of the Act, the amount prescribed in respect of the financial year ending 30 June 2016 is \$7,500.

* This term is defined in clause 5(2)

*WorkCover Premiums Order (No. 23) 2015/2016***PART 2 – PREMIUM PAYABLE****SIMPLIFIED OUTLINE OF PART 2:**

The primary factors that determine the premium payable by an employer are its remuneration and the applicable industry rate (see clause 9). Remuneration is defined broadly in the Act so as to include wages, salaries, superannuation and other benefits payable to workers. Industry rates are set by the Authority itself (see clause 29) and reflect the claims experience of the industries in which the employer operates.

If an employer is a small employer or a new employer, its premium is calculated using its remuneration and the applicable industry rate. The premium payable for all other employers is calculated using those employers' remuneration and an experience rated premium rate (see clause 9). If an employer operates in more than one industry, it will be given a weighted industry rate (see clause 13).

Performance rating is the method by which premium rates are adjusted to take into account the actual claims experience of an employer (see clause 12). Performance rating compares the claims experience of an individual employer to the average claims experience within the relevant industry. Employers whose experience is better than the industry average receive a discount against the industry rate. Those whose experience is worse than the industry average receive a loading on top of the industry rate. The larger an employer, the more its own experience impacts on its premium rate.

Employer premium rate increases from year to year are generally capped at 30% (see clauses 9 and 14). Capping generally applies to workplaces that continue from one year to the next and that retain the same industry classification. Capping also applies to the imputed workplaces of labour hire employers.

Other factors that affect the premium payable by an employer are the deductible benefit (see clause 11), the minimum premium (defined in clause 5(2)) and any buy-out premium (see clause 10).

The premium payable is subject to GST, which is applied after the premium is calculated (see clause 8).

8 Premium Payable

The premium payable by an employer is the sum of *WorkCover premium and the *buy-out premium, together with the GST payable in accordance with **A New Tax System (Goods and Services Tax) Act 1999** of the Commonwealth.

9 WorkCover Premium*WorkCover Premium*

- (1) The WorkCover premium of an employer is the greater of:
 - (a) the amount produced by deducting the deductible benefit from the *preliminary premium; and
 - (b) the *minimum premium.

Preliminary Premium

- (2) The preliminary premium is the sum of the amounts produced by applying the following formula to each *period of coverage at each workplace of that employer during the current premium period:

$$R_{\text{COV}}^0 \times \text{applicable premium rate}$$

where:

applicable premium rate, in relation to a *period of coverage at a workplace, is

* This term is defined in clause 5(2)

WorkCover Premiums Order (No. 23) 2015/2016

PART 2 - *continued*

the rate calculated in accordance with subclause (3); and
 R_{cov}^0 is the remuneration for the *period of coverage at the workplace.

Applicable Premium Rate

- (3) The applicable premium rate for a *period of coverage at a workplace is calculated in accordance with this subclause.

Current Risk Period of Coverage

- (a) The applicable premium rate for a period of coverage at a workplace is:
 $EPR \times WIR \times CF$
 if the period of coverage is a *current risk period of coverage.

New Risk Period of Coverage

- (b) The applicable premium rate for a period of coverage at a workplace is:
 $EPR \times IR$
 if the period of coverage is a *new risk period of coverage (other than a period of coverage at an *imputed workplace).

Imputed Workplace

- (c) The applicable premium rate for a period of coverage at a workplace is:
 $EPR \times IR \times CF$
 if the period of coverage is a period of coverage at an imputed workplace.

Definitions

- (4) In this clause:
CF is the capping factor calculated in accordance with clause 14;
deductible benefit is the amount calculated in accordance with clause 11;
EPR is the employer performance rating calculated in accordance with clause 12;
IR is the *industry rate for that workplace for that *period of coverage;
WIR is the employer's weighted industry rate calculated in accordance with clause 13.

10 Buy-out Premium

EXPLANATORY NOTE:

The Authority's obligation to indemnify an employer in respect of the employer's liability to pay compensation and damages in accordance with the Act is subject to an excess in respect of each claim.

An employer may elect to eliminate the excess payable, in which case an additional 10% is added to the employer's WorkCover premium (referred to as the buy-out premium). That election is generally made on registration.

Employers may change their election from time to time. However, for a change to have effect in the current premium period an employer must notify the Authority in writing by 1 August 2015.

Calculating the Buy-out Premium

- (1) The buy-out premium for an employer is zero unless the employer has made a buy-out election.

* This term is defined in clause 5(2)

*WorkCover Premiums Order (No. 23) 2015/2016*PART 2 - *continued*

- (2) If the employer has made a buy-out election then the buy-out premium is calculated in accordance with the following formula:

$$\text{WorkCover premium} \times 0.1$$

where **WorkCover premium** is the amount calculated in accordance with clause 9(1).

Electing to Eliminate Excess on Registration

- (3) An employer makes an election in accordance with this subclause if:
- the employer is an employer to which section 434(3) of the Act applies; and
 - the employer informs the Authority of its buy-out election at the time that it applies for registration under section 434(3) of the Act in the form and manner prescribed by the Authority; and
 - the application for registration is made within the time prescribed by section 434(3) of the Act.

Maintaining a Buy-out Election

- (4) An employer makes an election in accordance with this subclause if:
- prior to the current premium period the employer made an election under section 72(6) of the Act to eliminate the excess under section 72(1) of the Act; and
 - the employer has not revoked its election by notice in writing to the Authority on or before 1 August 2015.

Making a New Buy-out Election

- (5) An employer makes an election in accordance with this subclause if:
- prior to the current premium period the employer had not made an election under section 72(6) of the Act to eliminate the excess under section 72(1) of the Act; and
 - the employer informs the Authority of its election by notice in writing to the Authority on or before 1 August 2015.
- (6) For the avoidance of doubt, an election under section 72(6) of the Act made other than in accordance with subclause (3), (4) or (5) has no effect for the purposes of subclause (2).

Definitions

- (7) In this clause:

buy-out election means an election under section 72(6) of the Act to eliminate the excess under section 72(1) of the Act made in accordance with subclause (3), (4) or (5);

notice in writing includes notice to the Authority provided by using a form provided on the website maintained by the Authority.

11 Deductible Benefit

An employer's deductible benefit shall be calculated in accordance with the following formula:

$$\frac{(\text{preliminary premium}) \times 15,500 \times N}{\text{EMP} R_0 \times 366}$$

where:

$\text{EMP} R_0$ is the remuneration for the employer for the current premium period;

N is the total number of days in the current premium period on which an employer was registered and/or is likely to be required to be registered under Part 10 of the Act;

* This term is defined in clause 5(2)

WorkCover Premiums Order (No. 23) 2015/2016

PART 2 - *continued*

preliminary premium is the amount calculated in accordance with clause 9(2).

12 Employer Performance Rating (EPR)

EXPLANATORY NOTE:

The employer performance rating is a measure of the employer's occupational health and safety performance by reference to claims made against the employer. The calculation takes into account the employer's claims history relative to the employer's industry (referred to as the performance index) and its size (referred to as the size adjustment factor).

The performance index is a comparison of the actual performance of a given employer (referred to as the employer's claims cost rate) with the average performance of the industries in which that employer has been operating during the relevant period (referred to as the employer's industry average claims cost rate).

The size adjustment factor regulates the impact that an employer's performance has on its premium so that the claims history (good or bad) of a larger employer will have more of an impact on its premium than the claims history (good or bad) of a smaller employer.

An employer performance rating of one is considered average. Anything greater than one represents a worse than average performance and anything less than one represents a performance that is better than average.

Employer Performance Rating (EPR) Calculation

- (1) Unless subclause (4) applies, the employer performance rating for an employer is:

$$1 + \text{size adjustment factor} \times (\text{performance index} - 1) \times (T \div 912)$$

where T is the number of days during the period commencing on 1 January 2012 and ending on 30 June 2014 on which a *WorkCover insurance policy was *in force in respect of the employer, a *predecessor employer or a *related employer.

Size Adjustment Factor

- (2) An employer's size adjustment factor is:

$$X^T \div (X^T + 600,000)$$

where X^T is the sum of the amounts produced by applying the formula $IR \times R_{COV}$ to each experience period workplace of the employer for each relevant *period of coverage.

Performance Index

- (3) An employer's performance index is:

$$ECCR \div IACCR$$

where:

ECCR is the employer's claims cost rate, which is:

$$(C - V) \div AR$$

IACCR is the employer's industry average claims cost rate, which is:

$$AP \div AR$$

where:

C is the sum of the *total cost of claims for the *claims reporting period in respect of:

* This term is defined in clause 5(2)

*WorkCover Premiums Order (No. 23) 2015/2016*PART 2 - *continued*

- (a) each workplace which is an experience period workplace in relation to the employer; and
- (b) each workplace (other than an experience period workplace or an *unrelated predecessor workplace) which was a workplace of the employer or any *related employer prior to 1 July 2011;

V in relation to the employer, is the old claim recoveries in relation to the employer.

AP is the sum of the amounts produced by applying the formula $ICCR \times R_{COV}$ to each experience period workplace of the employer for each relevant *period of coverage;

AR is the sum of R_{COV} for each experience period workplace of the employer for each relevant *period of coverage.

Employer Performance Rating is 1 for Certain Employers

- (4) This subclause applies and the employer performance rating for an employer is 1 if:
 - (a) the employer is a *small employer; or
 - (b) the employer is a new employer; or
 - (c) it is not otherwise possible to calculate an employer performance rating.

Definitions

- (5) In this clause:

experience period workplace, in relation to an employer, means:

- (a) a *current workplace of the employer or any *related employer which was a workplace of that employer at any time during the period 1 July 2011 to 30 June 2014;
- (b) any workplace (other than a workplace that has been included under paragraph (a) of this definition) that was a workplace of the employer or any related employer at any time during the period 1 July 2011 to 30 June 2014; and
- (c) any workplace (other than a workplace that has been included under paragraph (a) or (b) above) which was a workplace of another employer at any time during the period 1 July 2011 to 30 June 2014 and which is a *predecessor workplace in relation to:
 - (i) a workplace referred to in (a) or (b) of this definition; or
 - (ii) a current workplace of the employer;

ICCR, in relation to a workplace, is the industry claims cost rate determined in accordance with clause 29 for that workplace for that *period of coverage;

IR is the *industry rate for that workplace for that *period of coverage;

new employer means an employer that:

- (a) was first registered or required to be registered under Part 10 of the Act on or after the first day of the *preceding premium period; and
- (b) was not required by section 7(1) of the *WorkCover Insurance Act to obtain and keep *in force a *WorkCover insurance policy; and
- (c) has no *related employer that held a WorkCover insurance policy; and
- (d) has no workplace that has a *predecessor workplace that was a workplace before the first day of the preceding premium period;

* This term is defined in clause 5(2)

WorkCover Premiums Order (No. 23) 2015/2016

PART 2 - *continued*

old claim recoveries is the amount calculated in accordance with clause 36;

R_{cov} is the remuneration for the *period of coverage at the workplace;

relevant period of coverage means:

- (a) in relation to a workplace referred to in paragraph (a) or (b) of the definition of **experience period workplace**, each *period of coverage at that workplace during the period 1 July 2011 to 30 June 2014 where during that period of coverage the workplace was a workplace of the employer or any *related employer; and
- (b) in relation to a workplace referred to in paragraph (c) of the definition of **experience period workplace**, all periods of coverage at that workplace during the period 1 July 2011 to 30 June 2014 and preceding the date on which that workplace became a *predecessor workplace to a workplace referred to in paragraph (a), (b) or (c)(ii) of the definition of **experience period workplace**.

13 Weighted Industry Rate

EXPLANATORY NOTE:

The Premiums Order calculates a single premium rate for an employer's workplaces where the industry classification has not changed from the preceding premium period (i.e. current risk workplaces). However, some employers have current risk workplaces with different industry classifications. The weighted industry rate is calculated to ensure that the single premium rate takes into account the different industries in which the employer operates.

The weighted industry rate is calculated by reference to the industry rate and remuneration for each current risk workplace. However, if the same industry classification applies to each of the employer's current risk workplaces then the weighted industry rate will be equal to the applicable industry rate.

General Rule

- (1) An employer's weighted industry rate is:

$$X^1 \div A$$

unless subclause (2) applies

where:

X^1 is the sum of the amounts produced by applying the following formula to each relevant workplace in respect of the *last period of coverage at that workplace:

$$IR \times (R_{cov}^{-1} \times 365) \div N_{cov}$$

A is the sum of the amounts produced by applying the following formula to each relevant workplace in respect of the *last period of coverage at that workplace:

$$(R_{cov}^{-1} \times 365) \div N_{cov}$$

Exception for Certain Small Employers

- (2) This clause applies, and an employer's weighted industry rate is the employer's *comparative rate, if:
- (a) the employer is a *small employer; and
 - (b) clause 10(2) of the *2014/2015 Premiums Order applied in relation to the calculation of the employer's premium in the *preceding premium period; and
 - (c) C for the employer has a value of zero; and
 - (d) the employer's comparative rate is less than $X^1 \div A$.

* This term is defined in clause 5(2)

WorkCover Premiums Order (No. 23) 2015/2016

PART 2 - continued

Definitions

(3) In this clause:

C has the meaning given by clause 12(3);

IR is the *industry rate for that workplace for that *period of coverage;

N_{cov} is the number of days in the *last period of coverage at the workplace;

R_{cov}¹ is the remuneration for the *last period of coverage at the workplace;

relevant workplace means a workplace which:

(a) was a workplace of an employer during the *preceding premium period; and

(b) is either:

(i) a *current risk workplace of the employer; or

(ii) a current risk workplace of any *related employer.

14 Capping Factor**EXPLANATORY NOTE:**

The capping factor limits increases in an employer's premium rate for certain workplaces so that an employer's premium rate for those workplaces will not rise by more than 30% from one year to the next. This protects employers from receiving dramatic increases in the amount they have to pay from one year to the next due to an increase in the premium rate.

The capping factor is applied to workplaces where the industry classification has not changed from the preceding premium period (i.e. current risk workplaces) and to imputed workplaces. The capping factor does not apply in relation to workplaces that were not operating in the preceding premium period (i.e. new risk workplaces).

If an employer is paying less than its full premium because of the capping factor, then the premium rate will gradually increase by a maximum of 30% each year until the employer is paying the full, uncapped premium.

(1) The capping factor (CF) for an employer is the lesser of:

(a) 1; and

(b) $(\text{comparative rate} \times 1.3) \div (\text{potential employer rate})$,

but if CF is less than zero then CF is zero,

where:

applicable premium rate, in relation to a *period of coverage at a workplace, is the rate calculated in accordance with clause 9(3);

cappable period of coverage, in relation to an employer, means a *period of coverage in the current premium period which is:

(a) a *current risk period of coverage at a *current workplace of the employer; or

(b) a period of coverage at an *imputed workplace of the employer;

comparative rate is the rate calculated in accordance with clause 15;

potential cappable premium is the sum of the amounts produced by applying the following formula to each cappable period of coverage at a workplace of the employer during the current premium period, where (for the purposes of this definition only) CF is 1:

* This term is defined in clause 5(2)

WorkCover Premiums Order (No. 23) 2015/2016

PART 2 - *continued*

R_{COV} x applicable premium rate;

potential employer rate is:

potential cappable premium $\div R_{PCP}$;

R_{COV} is the remuneration for the *period of coverage at the workplace;

R_{PCP} is the remuneration for all *periods of coverage used in the calculation of the potential cappable premium.

15 Comparative Rate

EXPLANATORY NOTE:

The comparative rate is used in the calculation of the capping factor (see clause 14). In that calculation the premium rate calculated for the current premium period is compared to the comparative rate to ascertain whether the increase in the premium rate from the previous year would be greater than 30%; if it is, then capping may be applied.

For an employer that continues to operate at the same workplaces and in the same industry from one year to the next, the comparative rate will be equal to that employer's "current risk premium rate" from the previous year.

If an employer has imputed workplaces, predecessor workplaces or related employer workplaces, the premiums for those workplaces are also taken into account in the calculation of the comparative rate.

Comparative Rate Calculation

- (1) The comparative rate for an employer is:

$$CP_{SUM} \div R_{SUM}$$

where:

CP_{SUM} is the sum of the calculated premium calculated in accordance with subclause (2) for all periods of comparative coverage; and

R_{SUM} is the sum of all the remuneration for all periods of comparative coverage.

Calculated Premium

- (2) Calculated premium is calculated in accordance with this subclause.

Comparative Current Risk Period of Coverage

- (a) If a period of comparative coverage was a *current risk period of coverage under the *2014/2015 Premiums Order, the calculated premium for the period of comparative coverage is:

$$R_{COV}^1 \times EPR^1 \times IR_1 \times IMCF$$

where:

IMCF is the industry mix and capping factor for the person that was the employer in relation to the workplace during the *period of coverage, calculated in accordance with the following formula:

$$(AP^{R1} \times CR_1) \div U$$

but IMCF is 1 if:

- (i) the *WorkCover premium was \$186 under the 2014/2015 Premiums Order for the person that was the employer in relation to the workplace during the period of comparative coverage; or

* This term is defined in clause 5(2)

*WorkCover Premiums Order (No. 23) 2015/2016*PART 2 - *continued*

- (ii) the value of IMCF is zero or less than zero or cannot be calculated;

U is the sum of the amounts produced by applying the following formula to each *period of coverage used in the calculation of ${}_{CR}R_I$:

$$R_{COV}^1 \times EPR^1 \times IR_1$$

Comparative New Risk Period of Coverage

- (b) If a period of comparative coverage was a *new risk period of coverage under the 2014/2015 Premiums Order and was not a period of coverage at an *imputed workplace, the calculated premium for the period of comparative coverage is:

$$R_{COV}^1 \times EPR^1 \times IR_1$$

Comparative Coverage at an Imputed Workplace

- (c) If a period of comparative coverage was a period of coverage at an imputed workplace, the calculated premium for the period of comparative coverage is:

$$R_{COV}^1 \times EPR^1 \times IR_1 \times CF^1$$

Definitions

- (3) In this clause:

APR^1 is the applicable premium rate in relation to the workplace for the *period of coverage, calculated in accordance with clause 6(3)(a) of the *2014/2015 Premiums Order and by reference to the person that was the employer in relation to the workplace during that period of coverage;

CF^1 is the capping factor (CF) for the person that was the employer in relation to the workplace during that *period of coverage, calculated in accordance with clause 6(4) of the *2014/2015 Premiums Order, but CF^1 is 1 if:

- (a) the *WorkCover premium was \$186 under the 2014/2015 Premiums Order for the person that was the employer in relation to the workplace during the period of comparative coverage; or
- (b) the value of CF^1 is zero or cannot be calculated;

${}_{CR}R_I$ is the amount produced by aggregating the value of R_{COV} for each *current risk period of coverage in the *preceding premium period for the person that was the employer in relation to the workplace during that *period of coverage;

EPR^1 is the employer performance rating for the person that was the employer in relation to the workplace during that *period of coverage, calculated in accordance with clause 9 of the *2014/2015 Premiums Order, but EPR^1 is 1 if:

- (a) the *WorkCover premium was \$186 under the 2014/2015 Premiums Order for the person that was the employer in relation to the workplace during the period of comparative coverage; or
- (b) the value of EPR^1 is zero or less than zero or cannot be calculated;

IR_1 is the *industry rate for the workplace for the *last period of coverage, determined in accordance with item 8 of schedule 1 of the *2014/2015 Premiums Order;

period of comparative coverage means:

- (a) the *last period of coverage for any workplace that is a *current risk workplace of the employer or any *related employer during the current premium period; and

* This term is defined in clause 5(2)

*WorkCover Premiums Order (No. 23) 2015/2016*PART 2 - *continued*

- (b) all *periods of coverage used in the calculation of the *preliminary premium of the employer or a related employer in the *preceding premium period (except any period of coverage included in subclause (a), above) if the employer or any related employer has an *imputed workplace during the current premium period and if that employer or a related employer had an imputed workplace during the preceding premium period;

R_{cov}^I is the remuneration for the *last period of coverage at the workplace.

* This term is defined in clause 5(2)

*WorkCover Premiums Order (No. 23) 2015/2016***PART 3 – EMPLOYERS****16 Small Employer**

When is an Employer a Small Employer?

- (1) An employer is a small employer if the employer's total annualised remuneration for the *preceding premium period calculated in accordance with subclause (2) is less than or equal to \$200,000.

Total Annualised Remuneration

- (2) An employer's total annualised remuneration is:

$$(R^1 \times 365) \div N^1$$

where:

R^1 is the sum of:

- (a) the remuneration of the employer and any *related employer for the *preceding premium period; and
- (b) the remuneration of a *predecessor employer (other than remuneration that is otherwise included in the calculation of R^1 for this premium period for the employer) during the preceding premium period in respect of operations carried out during any *period of coverage at any workplace which:
- (i) is a *current workplace of the employer; or
- (ii) was a workplace of the employer during the preceding premium period;

N^1 means the number of days during the *preceding premium period:

- (a) on which the employer was required to be registered under Part 10 of the Act; and
- (b) on which a *related employer was required to be registered under Part 10 of the Act (other than days that were included under paragraph (a) of this definition); and
- (c) on which the *predecessor employer mentioned in paragraph (b) of the definition of R^1 was the employer in relation to the workplace mentioned in paragraph (b) of the definition of R^1 (other than days that were included under paragraphs (a) or (b) of this definition),

but if N^1 equals zero it is taken to be 1.

17 Application of Grouping Provisions

- (1) The grouping provisions in Part 10 of the Act shall not apply for any of the purposes of this Order, other than clauses 19, 20 and 24(8)(e), unless the Authority makes a determination under subclause (2).
- (2) The *Authority itself may determine that an employer, which is a member of a *group, is a group employer for the purposes of this Order.

18 Predecessor Employer of a Labour Hire Employer

- (1) The *Authority itself may determine that an employer (in this clause called **employer A**) that:
- (a) had *in force a *WorkCover insurance policy; or
- (b) was registered under Part 10 of the Act; or
- (c) was required to be registered but was not registered under Part 10 of the Act,
- is a predecessor employer of another employer (in this clause called **employer B**) that provides or provided *labour hire in the current premium period.

* This term is defined in clause 5(2)

*WorkCover Premiums Order (No. 23) 2015/2016*PART 3 - *continued*

- (2) In making a determination under subclause (1) the Authority may consider any relevant matter, including:
- (a) whether employer A has transferred to employer B any asset of employer A's business;
 - (b) whether the clients of employer B are or were substantially the same as the clients of employer A;
 - (c) whether the staff of employer B are or were substantially the same as the staff of employer A;
 - (d) whether the persons who, or who did, direct or control the operations of employer B are substantially the same as the persons who, or who did, direct or control the operations of employer A; and
 - (e) whether there is a *relationship of control between employer A and employer B, within the meaning of clause 24(8).
- (3) For the avoidance of doubt, the *Authority itself may make a determination under subclause (1) regardless of whether employer A is, or is required to be, registered under Part 10 of the Act.

* This term is defined in clause 5(2)

*WorkCover Premiums Order (No. 23) 2015/2016***PART 4 - WORKPLACES****19 Workplace***General Rule*

- (1) **Workplace**, in relation to an employer, means:
- (a) an area, or two or more *contiguous areas, of land in Victoria occupied by the employer where *workers employed by the employer work, or through which such workers pass in the course of their employment, whether or not workers employed by another employer also work or pass through that area or those areas in the course of their employment (**actual workplace**); and
 - (b) an area, or two or more contiguous areas, of land in Victoria occupied by a *labour hire client of the employer where workers employed by the employer work, or through which such workers pass in the course of their employment, whether or not workers employed by another employer also work or pass through that area or those areas in the course of their employment (**imputed workplace**), unless the Authority makes a determination under subclause (2).

Exception for Employers that Provide Ancillary and Insignificant Labour Hire

- (2) The Authority may make a determination in relation to an employer that the provision of *labour hire by the employer is:
- (a) merely ancillary to the business of the employer; and
 - (b) an insignificant part of the labour hire industry taken as a whole.

Special Rules if Workers Working at a Place That is Not a Workplace of the Employer

- (3) If *workers employed by the employer are working in a place that is not a workplace of that employer within the meaning of subclause (1), those workers shall be deemed to be working at the workplace of the employer from which that work is managed or controlled or, if there is no such workplace, the place determined by the Authority to be the workplace of the employer in respect of that work. However, this subclause does not apply if subclause (5) applies.
- (4) For the avoidance of doubt, the Authority may under subclause (3) determine that an area, or two or more *contiguous areas, of land outside Victoria is a workplace of an employer.
- (5) If *workers employed by the employer which is a member of a *group are not working at a workplace of that employer but are working at a workplace, or place of business, of another member of the group then this subclause applies and the second-mentioned workplace (or place of business, as the case may be) shall be deemed to be the workplace of the employer for the purposes of this Order.

Workplace Includes Predecessor Workplaces

- (6) Any reference to a workplace includes any *predecessor workplace which corresponds to the workplace.

20 Workplaces of Group Employers*When the Authority May Treat Group Workplaces as a Single Workplace*

- (1) If two or more persons (**the relevant persons**) are:
- (a) members of a *group; and
 - (b) carrying out their respective operations at two or more group workplaces (**the**

* This term is defined in clause 5(2)

*WorkCover Premiums Order (No. 23) 2015/2016*PART 4 - *continued*

constituent workplaces) which are *contiguous with each other or occupy (in whole or in part) the same area of land; and

- (c) the Authority is satisfied of one or more of the matters set out in subclause (3),

then the Authority may determine that some or all of the constituent workplaces are to be treated as a single workplace (**the grouped workplace**) for the purpose of determining the *predominant activity of each constituent workplace including (for the purpose of removing any doubt) for the purpose of determining the predominant activity under clause 27.

- (2) For the purposes of subclause (1), **group workplace** means any place of business (whether or not a workplace of an employer) at which any of the relevant persons (whether or not an employer) carries out its operations, and such place shall be treated as a workplace of that person.

Conditions for Treating Group Workplaces as a Single Workplace

- (3) The Authority may only make a determination under subclause (1) if it is satisfied that the operations carried on at the *constituent workplaces are:
- (a) not carried on independently of each other; and/or
 - (b) connected with each other; and/or
 - (c) carried on with an intention either directly or indirectly of minimising the amount of *premium payable by one or other of the relevant persons under this Order.

Effect of Treating Group Workplaces as a Single Workplace

- (4) If the Authority makes a determination under subclause (1), then this Order shall apply as if the *predominant activity and the applicable *industry rate for each *constituent workplace were the same as for the *grouped workplace.

21 Treating One Workplace as Two or More Separate Workplaces*The Authority May Determine One Workplace to be Two or More Separate Workplaces*

- (1) If, at a workplace of an employer that comprises two or more areas of land that are *contiguous (**the contiguous areas**), the *predominant activity carried on at each of those areas is different, the Authority may determine that each of those areas is a separate workplace of that employer for the purposes of this Order.

When the Authority May Not Exercise its Power

- (2) The Authority may not exercise its power under subclause (1) if any of subclauses (3), (4) or (5) applies. However, these exceptions do not apply if subclause (6) applies.
- (3) This subclause applies in relation to an area if the *predominant activity carried on at the area:
- (a) is wholly or mainly dependent on; or
 - (b) occurs wholly or mainly as a consequence of; or
 - (c) is wholly or mainly ancillary to,

the predominant activity carried on at one or more of the other contiguous areas.

- (4) This subclause applies in relation to an area if the goods and/or services produced or provided by the employer from operations carried on in the area are wholly or mainly produced or provided (as the case may be) for the use or purposes of, or to support the

* This term is defined in clause 5(2)

*WorkCover Premiums Order (No. 23) 2015/2016*PART 4 - *continued*

operations carried on in one or more of the other contiguous areas.

- (5) This subclause applies in relation to an area if:
- (a) the *predominant activity carried on at the area comes within one or more of the following categories of services:
 - (i) clerical services;
 - (ii) management services;
 - (iii) administrative services;
 - (iv) sales and marketing services;
 - (v) buying services;
 - (vi) warehousing services associated with manufacturing, wholesaling or retailing;
 - and
 - (b) that activity is carried on wholly or mainly in connection with the operations carried on in one or more of the other contiguous areas.

Special Rule for Corporate Head Office Management Services

- (6) This subclause applies in relation to an area if:
- (a) the *predominant activity for the relevant area directly corresponds to *WorkCover industry classification M69610 - Corporate Head Office Management Services; and
 - (b) at least one of the workplaces of the employer in connection with which the relevant area is engaged in corporate head office management services is not *contiguous with any of the contiguous areas.
- (7) For the purposes of subclause (6)(a), a *predominant activity does not directly correspond to *WorkCover industry classification M69610 - Corporate Head Office Management Services if that is the WorkCover industry classification to which such predominant activity most closely corresponds.
- (8) For the purposes of subclause (6)(b), the expression *workplaces of the employer* includes an area, or two or more contiguous areas, of land outside Victoria but within Australia, not otherwise being a workplace for the purposes of this Order, which would be a workplace if subclause 19(1) applied.

22 Homogenous Workplaces*Authority's Power to Determine that Two or More Workplaces are a Single Workplace*

- (1) Subject to subclauses (2), (3), (4) and (5), any two or more *actual workplaces of an employer (*the homogenous workplaces*) may be determined by the *Authority itself to be a single workplace.

When the Authority May Exercise its Power

- (2) The *Authority itself may only make a determination under subclause (1) if:
- (a) either:
 - (i) each of the homogenous workplaces is classified as a *current risk workplace;
 - or
 - (ii) each of the homogenous workplaces is classified as a *new risk workplace;
 - and

* This term is defined in clause 5(2)

*WorkCover Premiums Order (No. 23) 2015/2016*PART 4 - *continued*

- (b) the *industry classification of each of the homogenous workplaces is or is expected to be the same during any part of the current premium period; and
- (c) the employer's employer performance rating in the *preceding premium period was less than 1.

When the Authority Must Not Exercise its Power

- (3) A workplace must not be the subject of a determination under subclause (1) if:
 - (a) the workplace has been determined by the Authority to be a separate workplace pursuant to clause 21(1); or
 - (b) the workplace has been determined by the Authority to be treated, together with another workplace, as a single workplace pursuant to clause 20(1).
- (4) The *Authority itself must not make a determination under subclause (1) if:
 - (a) the determination would result in the *premium payable by the employer being different from the amount which would have been calculated in accordance with this Order if the determination had not been made; or
 - (b) the employer:
 - (i) was not required to be registered under Part 10 of the Act in the *preceding premium period; or
 - (ii) was required to be registered but was not registered under Part 10 of the Act in the preceding premium period; or
 - (iii) was required to be registered but was not registered under Part 10 of the Act in the current premium period.

23 Labour Hire Homogenous Workplaces

- (1) Subject to subclause (2), two or more *imputed workplaces of an employer may be treated for the purposes of this Order as a single workplace if the *industry classification of each of the imputed workplaces is or is expected to be the same.
- (2) The Authority may determine that one or more *imputed workplaces that have been treated as a single workplace pursuant to subclause (1) shall not be treated as a single workplace for the purposes of this Order.

24 Predecessor Workplace**EXPLANATORY NOTE:**

In certain circumstances, the claims history (including both claims costs and remuneration) of one workplace (referred to as the predecessor workplace) may be used in the calculation of premium for a different workplace. This is referred to as one workplace "inheriting" the claims history of another workplace. Inheritance of claims history may occur whether the predecessor workplace is that of the employer or of a different employer. Inheritance of claims history generally occurs where the predominant activity carried on at the predecessor workplace is now carried on in the new workplace and where there is a relationship of control between the two employers.

General Rule

- (1) Unless subclause (5) applies, a workplace (in this clause called **workplace A**) is a predecessor workplace of another workplace (in this clause called **workplace B**) if:
 - (a) the relevant activity is being carried on, in substance, in workplace B; and

* This term is defined in clause 5(2)

*WorkCover Premiums Order (No. 23) 2015/2016*PART 4 - *continued*

- (b) the relevant activity is being carried on, in substance, in workplace B in succession to the carrying on of that activity in workplace A.
- (2) A workplace may be a predecessor workplace under subclause (1) even if:
- (a) employer B is different from employer A; or
 - (b) the location of workplace B is different from the location of workplace A; or
 - (c) workplace A continues to be a workplace of employer A; or
 - (d) the relevant activity is still being carried on in workplace A; or
 - (e) the relevant activity is not the *predominant activity in workplace B.

Application of General Rule in Relation to Grouped Workplaces

- (3) For the purposes of subclause (1), if the Authority has made a determination under clause 20(1) or item 2(5) of schedule 1 of any earlier Premiums Order in relation to workplace A, then the *predominant activity of workplace A shall be read as a reference to the predominant activity of the workplace ascertained in accordance with clause 27 as if the determination under clause 20(1) or item 2(5), as the case may be, had not been made.
- (4) For the purposes of subclause (1), if:
- (a) the Authority has made a determination under clause 20(1) or item 2(5) of schedule 1 of any earlier Premiums Order in relation to workplace B; and
 - (b) the *predominant activity of workplace B, as a result of the determination under clause 20(1) or item 2(5) of schedule 1 of any earlier Premiums Order, is the same as the predominant activity in workplace A,

then a reference to the activity that is being carried on, in substance, at workplace B shall be read as a reference to the predominant activity in workplace B.

Exception to General Rule

- (5) If:
- (a) employer B is a different *entity from employer A; and
 - (b) the Authority makes a determination under subclause (6),

then subclause (1) does not apply, unless both employer A and employer B are public authorities.

When the Authority May Make a Determination

- (6) The Authority may make a determination that workplace A is not a predecessor workplace of workplace B if the Authority is satisfied that:
- (a) no *relationship of control exists between employer A and employer B or has existed since the commencement of the relevant test period or the combined test period, as the case may be; or
 - (b) no relationship of control between employer A and employer B existed at any time during the relevant test period or the combined test period, as the case may be.

When the Authority May Revoke a Determination

- (7) The Authority may revoke a determination under subclause (6) if the Authority is satisfied that a *relationship of control between employer A and employer B exists or has existed at any time during the relevant test period or the combined test period, as the case may be.

* This term is defined in clause 5(2)

*WorkCover Premiums Order (No. 23) 2015/2016*PART 4 - *continued**When a Relationship of Control is Taken to Exist*

- (8) For the purposes of this clause, a relationship of control shall be taken to exist or to have existed (as the case may be) between employer B and employer A if:
- (a) at any time in the relevant test period employer A has or had a *controlling interest in employer B; or
 - (b) any *entity which at any time in the relevant test period has or had a controlling interest in employer A also has or had at any time in the relevant test period (not necessarily being the same time) a controlling interest in employer B; or
 - (c) any entities acting together which at any time in the relevant test period have or had a controlling interest in employer A also have or had at any time in the relevant test period (not necessarily being the same time) a controlling interest in employer B; or
 - (d) at any time in the relevant test period employer B has or had a controlling interest in employer A; or
 - (e) at any time during the combined test period, employer A and employer B are or were a *group or part of a group.

When the Authority May Disregard a Relationship of Control

- (9) For the purposes of making a determination under subclause (6) or revoking such a determination under subclause (7), the *Authority itself may disregard a *relationship of control which would otherwise be taken to exist or to have existed (as the case may be) between employer B and employer A by reason that an *entity (in this subclause called the **relevant entity**), whether employer A or employer B or another entity, has or had a *controlling interest in an employer of a kind specified in subclause (8), if the Authority itself is satisfied that it would be reasonable to do so having regard to:
- (a) the nature and degree of the relevant entity's independence, if any, from employer A or employer B during the relevant test period;
 - (b) the nature and degree of the relevant entity's ownership interest (whether directly or indirectly) in employer A or employer B during the relevant test period;
 - (c) the nature and degree of any financial interest that the relevant entity has or had (whether directly or indirectly) in or in relation to employer A or employer B during the relevant test period;
 - (d) whether any other entity has or had a controlling interest in employer A or employer B during the relevant test period;
 - (e) the nature of any connection (whether of a business, family or other nature) between the relevant entity and any other entity referred to in paragraph (d); and
 - (f) any other matters that the Authority considers relevant.

Obtaining Information

- (10) In considering whether to make a determination under subclause (6) or revoke such a determination under subclause (7) the Authority may obtain and consider any relevant information and may request information from employer A or employer B and the Authority need not make or revoke a determination if:
- (a) employer A or employer B fails or refuses to provide information to the Authority; or
 - (b) the Authority considers that the information provided to it by employer A or employer B in relation to the existence of a *relationship of control is incorrect; or

* This term is defined in clause 5(2)

*WorkCover Premiums Order (No. 23) 2015/2016*PART 4 - *continued*

- (c) the Authority considers that the information provided to it by employer A or employer B is insufficient to enable it to determine that no relationship of control exists between employer A and employer B.

Definitions

- (11) In this clause:

combined test period means the period beginning one year prior to the commencement of the relevant period and ending one year after the end of the relevant period;

employer A means the *entity that is or was the employer in relation to workplace A at any time during the relevant test period or the combined test period;

employer B means the *entity that is or was the employer in relation to workplace B at any time during the relevant test period or the combined test period;

public authority means a body, whether incorporated or unincorporated, that is established by or under an Act for a public purpose;

relevant activity means the *predominant activity carried on in workplace A;

relevant period means the premium period or *policy period in which the relevant activity commenced in workplace B;

relevant test period means:

- (a) in relation to a *controlling interest in employer B:
the period beginning at the commencement of the relevant period and ending one year after the end of the relevant period; and
- (b) in relation to a controlling interest in employer A:
the period beginning one year prior to the commencement of the relevant period and ending at the end of the relevant period.

25 Controlling Interest

- (1) For the purpose of subclauses 24(8) and (9), an *entity has, or entities acting together have, a controlling interest if any one or more of the following applies:

50% Stake Test – Company

- (a) in the case of a company, the entity, or the entity and its *associates between them, or the entities acting together:
- (i) are able to exercise, or control the exercise of or substantially influence the exercise of, 50% or more of the voting power in the company (either directly, or indirectly through one or more interposed entities); or
- (ii) have the right to receive for their own benefit (either directly, or indirectly through one or more interposed entities) 50% or more of any dividends that the company may pay; or
- (iii) have the right to receive for their own benefit (either directly, or indirectly through one or more interposed entities) 50% or more of any distribution of capital of the company; or

40% Stake Test – Company

- (b) in the case of a company, the entity, or the entity and its associates between them, or the entities acting together (in this paragraph called the **assumed controller**):

* This term is defined in clause 5(2)

*WorkCover Premiums Order (No. 23) 2015/2016*PART 4 - *continued*

- (i) are able to exercise, or control the exercise of or substantially influence the exercise of, 40% or more of the voting power in the company (either directly, or indirectly through one or more interposed entities); or
- (ii) have the right to receive for their own benefit (either directly, or indirectly through one or more interposed entities) 40% or more of any dividends that the company may pay; or
- (iii) have the right to receive for their own benefit (either directly, or indirectly through one or more interposed entities) 40% or more of any distribution of capital of the company;

unless employer A or employer B or the assumed controller satisfies the Authority that an entity (other than the assumed controller) either alone or together with its associates controls the company; or

50% Stake Test – Partnership

- (c) in the case of a partnership, the entity, or the entity and its associates between them, or the entities acting together:
 - (i) owns or own together (whether or not beneficially) 50% or more of the capital of the partnership (either directly, or indirectly through one or more interposed entities); or
 - (ii) is or are together entitled (whether or not beneficially) to 50% or more of any profits of the partnership (either directly, or indirectly through one or more interposed entities); or
 - (iii) are able to exercise, or control the exercise of or substantially influence the exercise of, 50% or more of the voting power in the partnership (either directly, or indirectly through one or more interposed entities); or

40% Stake Test – Partnership

- (d) in the case of a partnership, the entity, or the entity and its associates between them, or the entities acting together (in this paragraph called the ***assumed controller***):
 - (i) owns or own together (whether or not beneficially) (either directly, or indirectly through one or more interposed entities) 40% or more of the capital of the partnership; or
 - (ii) is or are together entitled (whether or not beneficially) (either directly, or indirectly through one or more interposed entities) to 40% or more of any profits of the partnership; or
 - (iii) are able to exercise, or control the exercise of or substantially influence the exercise of, 40% or more of the voting power in the partnership (either directly, or indirectly through one or more interposed entities);

unless employer A or employer B or the assumed controller satisfies the Authority that an entity (other than the assumed controller) either alone or together with its associates controls the partnership; or

50% Stake Test – Trustee

- (e) in the case of a trustee of a trust, the entity, or the entity and its associates between them, or the entities acting together have a beneficial entitlement (either directly, or indirectly through one or more interposed entities) to 50% or more of any distribution of the trust income or the trust capital; or

*WorkCover Premiums Order (No. 23) 2015/2016*PART 4 - *continued**40% Stake Test – Trustee*

- (f) in the case of a trustee of a trust, the entity, or the entity and its associates between them, or the entities acting together (in this paragraph called the **assumed controller**) have a beneficial entitlement (either directly, or indirectly through one or more interposed entities) to 40% or more of any distribution of the trust income or the trust capital unless employer A or employer B or the assumed controller satisfies the Authority that an entity (other than the assumed controller) either alone or together with its associates controls the trust.
- (2) For the purpose of subclause (1)(e), an *entity who, as a result of the exercise of a power or discretion by the trustee of a discretionary trust or by any other entity or by that trustee and any other entity, may benefit either directly, or indirectly through one or more interposed entities under that trust, shall be deemed to have a beneficial entitlement to 50% or more of any distribution of the trust income or the trust capital unless:
- (a) the trust has not made a distribution of corpus or income to that entity in the three years immediately preceding the time referred to in subclause (1)(e); and
- (b) no power of appointment has been exercised in favour of the entity.

Other Tests

- (3) For the purpose of subclauses 24(8) and (9), an *entity, either alone or together with its *associates or other entities, has a controlling interest if:
- (a) the entity, or the entity and its associates between them, or the entities acting together constitute more than 50% of the board of management (by whatever name called) of employer A or employer B, as the case may be; or
- (b) the entity, or the entity and its associates between them, or the entities acting together control the composition of that board; or
- (c) the entity, or the entity and its associates between them, or the entities acting together have the *capacity to substantially influence decision-making, directly or indirectly, in relation to the financial and operating policies of employer A or employer B, as the case may be (whether or not it exercises that capacity); or
- (d) in the case of a company, the directors or a majority of the directors or one or more of the directors, being a director or directors who is or are entitled to exercise a majority of voting power at meetings of the directors, of the company is or are accustomed or under an obligation (whether formal or informal) to act in accordance with the directions, instructions or wishes of that entity or those entities acting together; or
- (e) in the case of a trustee of a trust, the entity, either alone or together with its associates or other entities:
- (i) has the power to obtain the beneficial enjoyment of the trust capital or income (whether or not by exercising its power of appointment or revocation, and whether with or without another entity's consent); or
- (ii) is able to control the application of the trust capital or income in any manner (whether directly or indirectly); or
- (iii) has the capacity to gain the beneficial enjoyment in subclause (c)(i) or the control in subclause (c)(ii); or
- (iv) acting either alone or in concert, can remove or appoint the trustee, or one or more of the trustees, of the trust; or

* This term is defined in clause 5(2)

*WorkCover Premiums Order (No. 23) 2015/2016*PART 4 - *continued*

- (f) in the case of a trustee of a trust, the trustee is accustomed to act, is under an obligation (whether formally or informally) to act, or might reasonably be expected to act, in accordance with the directions, instructions or wishes of the entity or two or more entities, at least one of which is the entity or an associate of the entity.

Direct and Indirect Interests

- (4) For the purpose of determining whether an *entity and its *associates, or entities acting together, have a controlling interest, if an interest is both direct and indirect and (apart from this subclause) would be counted more than once in applying subclause (1), (2) or (3), only the direct interest is to be counted.

26 Associates*Associates of a Natural Person*

- (1) For the purposes of clause 25, the following are associates of an *entity (in this subsection called the **primary entity**) that is a natural person (otherwise than in the *capacity of trustee):
- (a) a *relative of the primary entity;
 - (b) a partnership in which the primary entity is a partner;
 - (c) a trustee of a trust if the primary entity, or another entity that is an associate of the primary entity because of another paragraph of this subclause, benefits under the trust;
 - (d) a company if:
 - (i) the company is sufficiently influenced by:
 - (A) the primary entity; or
 - (B) another entity that is an associate of the primary entity because of another paragraph of this subclause; or
 - (C) another company that is an associate of the primary entity because of another application of this paragraph; or
 - (D) two or more entities covered by the preceding sub-subparagraphs; or
 - (ii) a majority voting interest in the company is held by:
 - (A) the primary entity; or
 - (B) the entities that are associates of the primary entity because of subparagraph (i) and because of the preceding paragraphs of this subclause; or
 - (C) the primary entity and the entities that are associates of the primary entity because of subparagraph (i) and because of the preceding paragraphs of this subclause.

Associates of a Company

- (2) For the purposes of clause 25, the following are associates of a company (in this subclause called the **primary entity**):
- (a) a partnership in which the primary entity is a partner;
 - (b) a trustee of a trust if the primary entity, or another *entity that is an associate of the primary entity because of another paragraph of this subclause, benefits under the trust;
 - (c) another entity (in this paragraph called the **controlling entity**) if:

* This term is defined in clause 5(2)

*WorkCover Premiums Order (No. 23) 2015/2016*PART 4 - *continued*

- (i) the primary entity is sufficiently influenced by:
 - (A) the controlling entity; or
 - (B) the controlling entity and another entity or entities; or
- (ii) a majority voting interest in the primary entity is held by the controlling entity; or
- (iii) a majority voting interest in the primary entity is held by the controlling entity and the entities that, if the controlling entity were the primary entity, would be associates of the controlling entity because of:
 - (A) subclause (1);
 - (B) subparagraph (i) of this subclause;
 - (C) another paragraph of this subclause; or
 - (D) subclause (3);
- (d) another company (in this paragraph called the ***controlled company***) if:
 - (i) the controlled company is sufficiently influenced by:
 - (A) the primary entity; or
 - (B) another entity that is an associate of the primary entity because of another paragraph of this subclause; or
 - (C) a company that is an associate of the primary entity because of another application of this paragraph; or
 - (D) two or more entities covered by the preceding sub-subparagraphs; or
 - (ii) a majority voting interest in the controlled company is held by:
 - (A) the primary entity; or
 - (B) the entities that are associates of the primary entity because of subparagraph (i) of this paragraph and the other paragraphs of this subclause; or
 - (C) the primary entity and the entities that are associates of the primary entity because of subparagraph (i) of this paragraph and the other paragraphs of this subclause;
- (e) any other entity that, if a third entity that is an associate of the primary entity because of paragraph (d) of this subclause were the primary entity, would be an associate of that third entity because of subclause (1), because of another paragraph of this subclause or because of subclause (3).

Associates of a Trustee

- (3) For the purposes of clause 25, the following are associates of a trustee (in this subclause called the ***primary entity***):
 - (a) any *entity that benefits under the trust;
 - (b) if a natural person benefits under the trust – any entity that, if the natural person were the primary entity, would be an associate of that natural person because of subclause (1) or because of this subclause;
 - (c) if a company is an associate of the primary entity because of paragraph (a) or (b) of this subclause – any entity that, if the company were the primary entity, would be an associate of the company because of subclause (2) or because of this subclause.

* This term is defined in clause 5(2)

*WorkCover Premiums Order (No. 23) 2015/2016*PART 4 - *continued**Associates of a Partnership*

- (4) For the purposes of clause 25, the following are associates of a partnership (in this subclause called the **primary entity**):
- (a) a partner in the partnership;
 - (b) if a partner in the partnership is a natural person – any *entity that, if that natural person were the primary entity, would be an associate of that natural person because of subclause (1) or (3);
 - (c) if a partner in the partnership is a company – any entity that, if the company were the primary entity, would be an associate of the company because of subclause (2) or (3).

Interpretation

- (5) For the purposes of this clause:
- (a) a reference to an *entity benefiting under a trust is a reference to the entity benefiting, or being capable (whether by the exercise of a power of appointment or otherwise) of benefiting, under the trust, either directly or through any interposed companies, partnerships or trusts; and
 - (b) a company is sufficiently influenced by an entity or entities if the company, or its directors, are accustomed or under an obligation (whether formal or informal), or might reasonably be expected, to act in accordance with the directions, instructions or wishes of the entity or entities (whether those directions, instructions or wishes are, or might reasonably be expected to be, communicated directly or through interposed companies, partnerships or trusts); and
 - (c) an entity or entities hold a majority voting interest in a company if the entity or entities are in a position to cast, or control the casting of, more than 50% of the maximum number of votes that might be cast at a general meeting of the company.

* This term is defined in clause 5(2)

*WorkCover Premiums Order (No. 23) 2015/2016***PART 5 – CLASSIFICATIONS AND RATES****27 Predominant Activity****EXPLANATORY NOTE:**

This clause is directed to ascertaining the principal activity at a workplace (referred to as the predominant activity), using the value added approach. The value added approach identifies and characterises the predominant activity of a workplace based on an economic measure of its production functions. A production function is the transformation of intermediate inputs, through the application of labour and capital, to produce outputs.

The value added approach is based on the approach to determining the principal activity of a producing unit adopted by the Australian Bureau of Statistics in *Australian System of National Accounts: Concepts, Sources and Methods (2013)*. The ABS defines the “principal activity of a producing unit” as the “activity with value added that exceeds the value added of any other activity carried out by the same unit”. Value added is the difference between output and intermediate consumption for each producing unit and thereby measures the value created by production. Value added represents the contribution of labour and capital to the production process. The method of determining value added will vary as between market and non-market outputs.

- (1) (a) **Predominant activity**, in relation to a *period of coverage at an *actual workplace of an employer, means the activity of the employer which during that period contributes, or is likely to contribute, more than any other activity of the employer to the value of goods and/or services produced or provided by operations carried on in that workplace.
- (b) **Predominant activity**, in relation to a period of coverage at an *imputed workplace of an employer, means the activity of the *labour hire client which during that period contributes, or is likely to contribute, more than any other activity of the client to the value of goods and/or services produced or provided by operations carried on in that workplace.
- (2) In determining the predominant activity in relation to a workplace, regard may be had to, but must not be limited by, measures of activity during the preceding period of 12 months or less consisting of data taken from:
 - (a) a financial statement prepared and signed by a registered company auditor, accountant or tax agent; or
 - (b) if an employer did not engage a registered company auditor, accountant or tax agent during the period to which the information refers, a return by the employer.

28 Industry Classification

- (1) The industry classification of a workplace is the *WorkCover industry classification in schedule 1 to which the *predominant activity at that workplace corresponds or most closely corresponds.
- (2) For the purposes of determining the industry classification in accordance with subclause (1):
 - (a) regard must be had to the introduction to, and all relevant elements of, schedule 1;
 - (b) consideration must be given to the industrial characteristics of the *predominant activity without regard to the risk of injury associated with the predominant activity or with any of the occupations of or functions performed by workers engaged in operations at the workplace; and
 - (c) the predominant activity at a workplace does not correspond or most closely correspond to a *WorkCover industry classification if workplaces predominantly

* This term is defined in clause 5(2)

*WorkCover Premiums Order (No. 23) 2015/2016*PART 5 - *continued*

engaged in that activity are expressly excluded from that classification in any of the elements of schedule 1.

29 Industry Rate / Industry Claims Cost Rate*Industry Rate and Industry Claims Cost Rate Determined by the Authority*

- (1) Subject to subclause (6), the industry rates and the industry claims cost rates for the current premium period for each *industry classification are those rates determined by the *Authority itself and notified in the Government Gazette from time to time.

Industry Rate and Industry Claims Cost Rate for a Workplace

- (2) The industry rate or the industry claims cost rate (as the case may be) for a workplace for a *period of coverage is the rate for the current premium period that corresponds to the *industry classification of that workplace for that period of coverage unless subclauses (3), (4) and/or (5) apply.

Exception to Subclause (2)

- (3) If:
- (a) the 2014/2015 industry classification for a workplace of an employer (the **relevant workplace**) is different from the *industry classification for the relevant workplace under this Premiums Order; and
 - (b) the Authority is satisfied that the *predominant activity carried on at the relevant workplace during the *last period of coverage was the same as the predominant activity carried on at the relevant workplace on 1 July 2015; and
 - (c) application of this subclause would result in a lower employer performance rating for that employer than the employer performance rating calculated in accordance with subclause (2),

then this subclause applies and the industry rate or the industry claims cost rate (as the case may be) for the relevant workplace for a relevant *period of coverage is the rate for the current premium period for the industry classification that corresponds to the 2014/2015 industry classification.

Exceptions to Subclause (2) if Item 8(3) of Schedule 1 of a Previous Premiums Order Applied to a Workplace

- (4) (a) If item 8(3) of schedule 1 of the *2011/2012 Premiums Order was applied in relation to the workplace then this clause applies and the industry rate or the industry claims cost rate (as the case may be) for a workplace for a *period of coverage is the rate for the current premium period for the *industry classification that most closely corresponds to the industry classification that was used to calculate the employer's *WorkCover premium for the 2011/2012 *policy period.
- (b) If item 8(3) of schedule 1 of the *2012/2013 Premiums Order was applied in relation to the workplace then this clause applies and the industry rate or the industry claims cost rate (as the case may be) for a workplace for a period of coverage is the rate for the current premium period for the industry classification that most closely corresponds to the industry classification that was used to calculate the employer's WorkCover premium for the 2012/2013 policy period.
- (c) If item 8(3) of schedule 1 of the *2013/2014 Premiums Order was applied in relation to the workplace then this clause applies and the industry rate or the industry claims cost rate (as the case may be) for a workplace for a period of coverage is the rate

* This term is defined in clause 5(2)

*WorkCover Premiums Order (No. 23) 2015/2016*PART 5 - *continued*

for the current premium period for the industry classification that most closely corresponds to the industry classification that was used to calculate the employer's WorkCover premium for the 2013/2014 policy period.

- (d) If item 8(3) of schedule 1 of the *2014/2015 Premiums Order was applied in relation to the workplace then this clause applies and the industry rate or the industry claims cost rate (as the case may be) for a workplace for a period of coverage is the rate for the current premium period for the industry classification that most closely corresponds to the industry classification that was used to calculate the employer's WorkCover premium for the 2014/2015 premium period.

Exception to Subclause (2) if Employer Fails to Provide Sufficient Information

- (5) If, in the opinion of the Authority, an employer has failed to provide sufficient information to enable the Authority to determine the *industry classification and/or the remuneration for a *period of coverage at a workplace, the industry rate shall be deemed to be the default industry rate and the industry claims cost rate shall be deemed to be the default industry claims cost rate.

Industry Rate and Industry Claims Cost Rate Prior to Publication of Rates

- (6) If the *WorkCover premium is calculated before the publication date and it is not otherwise possible to calculate the *premium payable by the employer then any reference to an industry rate or an industry claims cost rate in the current premium period shall, until the publication date, be construed as a reference to rates as determined by the *Authority itself.
- (7) For the avoidance of doubt, the *premium payable by an employer must be recalculated after the publication date if it was calculated before that date.

Definitions

- (8) In this clause:

2014/2015 industry classification means the *industry classification for a workplace of an employer for the *last period of coverage that was used in the calculation of the employer's *WorkCover premium under the *2014/2015 Premiums Order;

default industry rate is the rate for the current premium period determined by the *Authority itself to be the default industry rate, and notified in the Government Gazette from time to time;

default industry claims cost rate is the rate for the current premium period determined by the *Authority itself to be the default industry claims cost rate, and notified in the Government Gazette from time to time;

publication date means the earliest date at which both the industry rates and industry claims cost rates for the current premium period have been published in the Government Gazette;

relevant period of coverage means:

- (a) the *last period of coverage; and
- (b) any *period of coverage during the period 1 July 2011 to 30 June 2014 where the *predominant activity for that period of coverage used in the calculation of the employer's *WorkCover premium under the relevant Premiums Order was the same as the predominant activity used to determine the 2014/2015 industry classification;

* This term is defined in clause 5(2)

*WorkCover Premiums Order (No. 23) 2015/2016*PART 5 - *continued*

relevant Premiums Order, in relation to a *period of coverage, means the WorkCover Insurance Premiums Order that applied in the period of coverage.

30 Coverage Classification

- (1) Each *period of coverage at a workplace in the current premium period is to be classified in accordance with this clause as either:
- (a) a new risk period of coverage; or
 - (b) a current risk period of coverage.

New Risk Period of Coverage

- (2) Unless subclause (4), (5) or (6) applies then the relevant period is to be classified as a new risk period of coverage.
- (3) For the avoidance of doubt, the relevant period for an *imputed workplace is to be classified as a new risk period of coverage.

Current Risk Period of Coverage

- (4) If:
- (a) during the *last period of coverage the workplace was an *actual workplace; and
 - (b) the remuneration paid or payable to workers during the last period of coverage at the workplace was greater than zero; and
 - (c) the *industry classification of the workplace is the same as it was in the last period of coverage,

then this subclause applies and the relevant period is to be classified as a current risk period of coverage.

- (5) If:
- (a) the activities carried on or to be carried on at the workplace during the relevant period were carried on at two or more workplaces in the *last period of coverage; and
 - (b) the Authority is satisfied that the activities carried on during that last period of coverage (either collectively or individually) are substantially the same as those carried on, or to be carried on, during the relevant period,

then the Authority may determine that this subclause applies and the relevant period is to be classified as a current risk period of coverage.

- (6) If:
- (a) the workplace is a *constituent workplace during the relevant *period of coverage and was not a constituent workplace during the *last period of coverage; and
 - (b) the Authority is satisfied that the activities carried on or to be carried on by the employer at the workplace during the relevant period of coverage are substantially the same as those carried on at that workplace during the last period of coverage,

then the Authority may determine that this subclause applies and the relevant period is to be classified as a current risk period of coverage.

Definition

- (7) In this clause, **relevant period** means the *period of coverage to be classified.

* This term is defined in clause 5(2)

*WorkCover Premiums Order (No. 23) 2015/2016***PART 6 – REMUNERATION****31 Remuneration***Remuneration for Premium Periods*

- (1) The remuneration for a *period of coverage at a workplace of an employer during a premium period is the sum of the *rateable remuneration paid or payable to *workers employed by the employer in respect of operations carried out at that workplace during that period.

Remuneration for Policy Period Ending 30 June 2014

- (1A) The remuneration for a *period of coverage at a workplace of an employer during the *policy period ending 30 June 2014 is the sum of the *rateable remuneration paid or payable to *workers employed by the employer or (if applicable) by a *predecessor employer in respect of operations carried out at that workplace during that period less:
- (a) 20% of the amount of rateable remuneration that is remuneration within the meaning of section 5(9A) of the *Accident Compensation Act; and
 - (b) 20% of the amount that is obtained by subtracting the value of TV in section 5C of the Accident Compensation Act from so much of the rateable remuneration that is remuneration by reason of section 5C of the Accident Compensation Act,
- as applicable.

Remuneration for Policy Period Ending 30 June 2013

- (1B) The remuneration for a *period of coverage at a workplace of an employer during the *policy period ending 30 June 2013 is the sum of the *rateable remuneration paid or payable to *workers employed by the employer or (if applicable) by a *predecessor employer in respect of operations carried out at that workplace during that period less:
- (a) 40% of the amount of rateable remuneration that is remuneration within the meaning of section 5(9A) of the *Accident Compensation Act; and
 - (b) 40% of the amount that is obtained by subtracting the value of TV in section 5C of the Accident Compensation Act from so much of the rateable remuneration that is remuneration by reason of section 5C of the Accident Compensation Act,
- as applicable.

Remuneration for Policy Period Ending 30 June 2012

- (1C) The remuneration for a *period of coverage at a workplace of an employer during the *policy period ending 30 June 2012 is the sum of the *rateable remuneration paid or payable to *workers employed by the employer or (if applicable) by a *predecessor employer in respect of operations carried out at that workplace during that period less:
- (a) 60% of the amount of rateable remuneration that is remuneration within the meaning of section 5(9A) of the *Accident Compensation Act; and
 - (b) 60% of the amount that is obtained by subtracting the value of TV in section 5C of the Accident Compensation Act from so much of the rateable remuneration that is remuneration by reason of section 5C of the Accident Compensation Act,
- as applicable.

*WorkCover Premiums Order (No. 23) 2015/2016*PART 6 - *continued**Remuneration if Worker Working at Two or More Workplaces and Division of Remuneration Not Identified*

- (2) If a worker is engaged in operations at two or more workplaces of an employer and the remuneration paid or payable to the worker in respect of operations in each workplace is not identified, the proportion of the remuneration attributable to each workplace is the same proportion as the number of hours during which the worker is engaged in operations in that workplace bears to the total number of hours during which the worker is or was engaged in operations in those workplaces.
- (3) If an employer has two or more workplaces, and the proportion of remuneration attributable to each workplace is not reasonably ascertainable under subclause (2), the Authority may deem the proportion of remuneration attributable to each workplace and the Authority may, subject to such terms and conditions as it determines, require the employer to pay premium on the basis of the deemed proportions.

32 Use of Estimates by the Authority

- (1) In calculating the *premium payable by an employer the Authority must use:
 - (a) the certified remuneration; or
 - (b) the Authority's estimate of certified remuneration,but if the certified remuneration or the Authority's estimate of the certified remuneration is not available at the time of the calculation of the premium the Authority may use:
 - (c) the employer's estimate of remuneration; or
 - (d) the Authority's estimate of remuneration.

Definitions

- (2) In this clause:
 - Authority's estimate of certified remuneration** means the *rateable remuneration estimated by the Authority pursuant to section 442(3) of the Act or assessed by the Authority pursuant to section 23(4) of the *WorkCover Insurance Act, as the case may be;
 - Authority's estimate of remuneration** means an estimate of *rateable remuneration by the Authority under section 440 of the Act or an estimate or assessment of rateable remuneration by the Authority under section 18 or 24 of the *WorkCover Insurance Act, as the case may be;
 - certified remuneration** means the *rateable remuneration certified by the employer pursuant to section 442(1) of the Act or section 23(3) of the *WorkCover Insurance Act, as the case may be;
 - employer's estimate of remuneration** means an estimate of *rateable remuneration provided by the employer under section 439 or 443 of the Act or section 18 or 20 of the *WorkCover Insurance Act, as the case may be.

* This term is defined in clause 5(2)

*WorkCover Premiums Order (No. 23) 2015/2016***PART 7 – COST OF CLAIMS AND RECOVERIES****33 Cost of an Individual Claim***General Rule*

(1) Unless subclause (2) or (3) applies, the cost of an individual claim is the lesser of:

- (a) \$360,200; and
- (b) the sum of:
 - (i) the payments of compensation, if any, made pursuant to the Act or the *Accident Compensation Act by the Authority in respect of the claim;
 - (ii) the payments, if any, of damages at common law or of amounts paid in settlement of claims or proceedings for such damages in respect of the claim;
 - (iii) costs (excluding legal costs) and expenses, if any, paid by the Authority in relation to the claim;
 - (iv) the amount estimated in accordance with clause 34 (excluding any estimate in relation to legal costs) to be the Authority's outstanding liability to make payments in respect of the claim;
 - (v) the lesser of:
 - (A) the sum of legal costs and estimated legal costs; and
 - (B) \$67,400,

but the amount in (b):

- (vi) shall not include any remuneration paid or payable to relevant *authorised agents in accordance with their agency agreements;
- (vii) shall be reduced by an amount equivalent to the sum of the amounts of all input tax credits and decreasing adjustments within the meaning of **A New Tax System (Goods and Services) Act 1999** of the Commonwealth which have arisen in relation to the payments, costs and expenses referred to in paragraphs (i), (ii) and (iii);
- (viii) shall be reduced by *recoveries made by the Authority in relation to the claim;
- (ix) if the employer elected under section 125A(6) of the Accident Compensation Act or section 72(6) of the Act to eliminate the excess under section 125A(3) of the Accident Compensation Act or under section 72(1) of the Act, as the case may be, does not include payments which would otherwise have been met by the employer under the excess;
- (x) shall not include any payments, costs or expenses to which the worker was not entitled and in relation to which the worker has been found guilty of an offence under section 81, 82, 83 or 83A of the **Crimes Act 1958** or under section 248, 248A(2) or 249 of the Accident Compensation Act or under section 581, 582, 583, 584 or 585 of the Act;
- (xi) shall not include any payments by way of interest required under sections 114D and 114E of the Accident Compensation Act or under section 179 or 193 of the Act in respect of a claim; and
- (xii) shall not include any payment by the Authority to an employer for an amount that was recovered under section 138(6) of the Accident Compensation Act or section 369(7) of the Act that represents the employer's liability to pay compensation under section 125(1)(a) or 125A(3) of the Accident Compensation Act or section 72(1) of the Act, as the case may be.

* This term is defined in clause 5(2)

*WorkCover Premiums Order (No. 23) 2015/2016*PART 7 - *continued**Exception to General Rule*

- (2) If in relation to an individual claim:
- (a) the Authority has, in the course of a review of an objection lodged by the employer under section 114I of the *Accident Compensation Act or section 79 of the Act, set aside the decision to accept the claim for compensation against the employer pursuant to section 114N(1)(b) of the Accident Compensation Act or section 84(1)(b) of the Act; or
 - (b) the Supreme Court has, on an appeal by the employer pursuant to section 114O of the Accident Compensation Act or section 85 of the Act, determined pursuant to section 114Q of the Accident Compensation Act or section 87(2) of the Act that:
 - (i) the alleged worker was not a worker within the meaning of the Act or the Accident Compensation Act; or
 - (ii) the claimed employer was not the correct employer of the worker at the time of the relevant injury or death,

then this clause applies and the cost of the individual claim is zero.

Cost of an Individual Claim Cannot be Less Than Zero

- (3) If the cost of an individual claim derived through the application of subclause (1) is less than zero then the cost of that individual claim is taken to be zero.

Total Cost of Claims

- (4) The total cost of claims, in relation to a workplace of an employer, is the total of the costs of all individual claims calculated in accordance with this clause, other than *excluded claims, received by the Authority during the *claims reporting period in respect of workers engaged in operations at that workplace, being *workers employed by the employer.

34 Estimation of Outstanding Liability

- (1) The estimations referred to in clauses 33 and 37:
- (a) must be made by the *Authority itself and in accordance with procedures determined by the Authority itself; and
 - (b) constitute an estimate of the future cost of claims for the purposes of the definition of estimated future claim cost in section 460 of the Act.
- (2) The estimations must include an amount equivalent to the sum of all amounts, of which the Authority has notice, paid in relation to the claim or in satisfaction or purported satisfaction of the employer's or the Authority's liability or potential liability in respect of the claim (other than any amount paid in satisfaction of the liability of the employer under section 125(1)(a) or 125A(3) of the *Accident Compensation Act or section 72(1) of the Act) which have not been reimbursed to the employer by the *authorised agent or the Authority.

35 Date of Determination of Cost of Claims*General Rule*

- (1) The cost of an individual claim is calculated:
- (a) at a time nominated by the *Authority itself (the *relevant time*); and
 - (b) on the basis of information in the possession of the Authority at the relevant time; unless subclause (2) or (3) applies.

* This term is defined in clause 5(2)

*WorkCover Premiums Order (No. 23) 2015/2016*PART 7 - *continued**Exceptions to General Rule*

- (2) If the *Authority itself is satisfied that the worker to whom the payments, costs and expenses relate has been found guilty of an offence under section 81, 82, 83 or 83A of the **Crimes Act 1958** or under section 248, 248A(2) or 249 of the *Accident Compensation Act or under section 581, 582, 583, 584 or 585 of the Act in relation to those payments, costs or expenses then this subclause applies and the cost of an individual claim must be calculated on the basis of information about payments, costs and expenses that has come into the possession of the Authority after the relevant time.
- (3) If clause 33(2) applies to a claim then this subclause applies and the cost of an individual claim must be calculated on the basis of information about payments, costs and expenses that has come into the possession of the Authority after the relevant time.

36 Recoveries*Definition of Recovery*

- (1) A recovery is an amount of money received by or on behalf of the Authority in relation to a claim from a person other than the employer or any *related employer, but a recovery does not include:
 - (a) in the case of a *TAC claim (other than a *negligent third party TAC claim) any monies received by or on behalf of the Authority from *the TAC;
 - (b) any amount repaid as an overpayment unless the overpayment relates to a claim received in the *claims reporting period;
 - (c) any amount recovered under section 138(6) of the *Accident Compensation Act or section 369(7) of the Act by the Authority from a third party that represents the employer's liability to pay compensation under section 125(1)(a) or 125A(3) of the Accident Compensation Act or section 72(1) of the Act;
 - (d) any amount of money received by or on behalf of the Authority in relation to a claim to which subclause 33(2) applies.

Old Claim Recoveries for the Calculation of V

- (2) Old claim recoveries, in relation to an employer, is the sum of any allowable recoveries in relation to old claims against:
 - (a) the employer; and
 - (b) any *related employer (other than claims made in relation to an *unrelated predecessor workplace and *excluded claims),

where:

allowable recoveries, in relation to a claim, means any *recoveries received between 1 July 2012 and 31 March 2015 less the reduction amount, but if the allowable recoveries are less than zero then the allowable recoveries are taken to be zero;

old claim means a claim received by the Authority or an *authorised agent between 1 July 1993 and 31 December 2011;

reduction amount means the sum of all *recoveries in relation to an old claim less \$360,200, but if the reduction amount is less than zero then the reduction amount is taken to be zero.

* This term is defined in clause 5(2)

*WorkCover Premiums Order (No. 23) 2015/2016*PART 7 - *continued**Time at Which a Recovery Taken to be Made*

- (3) Subject to subclause (4), a *recovery is taken to have been made when the amount of the recovery is received by the Authority.
- (4) If the Authority receives a payment which comprises or includes two or more *recoveries, the amount of each such recovery shall be taken to have been received when the Authority applies that amount to the claim to which it relates.

37 Definitions

In this Part:

estimated legal costs, in relation to a claim, means the amount estimated in accordance with clause 34 to be the Authority's future liability for legal costs, if any, in respect of the claim;

excluded claims means:

- (a) claims in respect of injuries to workers participating in a return to work program funded and operated by the *Authority itself or approved by the Authority itself; and
- (b) *negligent third party TAC claims if the Authority has recovered money from *the TAC in relation to the claim;

internal lawyer means an Australian legal practitioner (as defined in section 1.2.3(a) of the **Legal Profession Act 2004**) who engages in legal practice as an employee of the Authority;

law practice has the same meaning as in section 1.2.1 of the **Legal Profession Act 2004**;

legal costs means:

- (a) amounts that the Authority has been charged by, or is liable to pay, a law practice for the provision of legal services in relation to a claim including disbursements but not including interest; and
- (b) amounts referable to the provision of legal services by an internal lawyer on a claim including disbursements but not including interest;

legal services has the same meaning as in section 1.2.1 of the **Legal Profession Act 2004**;

negligent third party TAC claim means a *TAC claim made in relation to an injury or death, if the Authority has determined that the injury or death was caused under circumstances creating in a person, other than the employer or any *related employer or a person for whose acts or omissions the employer is or may be vicariously liable, a legal liability to pay damages in respect of the injury or death.

* This term is defined in clause 5(2)

*WorkCover Premiums Order (No. 23) 2015/2016***PART 8 – PAYMENT OF PREMIUM AND DISCOUNTS****38 *General Rule: Employer May Elect to Pay Annually or by Instalments***

An employer may elect to pay its premium by monthly or quarterly instalments or by an annual payment unless clause 39 or 40 applies.

39 *Exceptions to General Rule*

Unless clause 40 applies:

- (a) If the *premium payable for an employer is \$1,000 or less the employer shall pay its premium by an annual payment.
- (b) If an employer has failed to make an election under clause 38 and the premium payable for the employer is less than \$50,000 the employer shall pay its premium by quarterly instalments.
- (c) If the employer has failed to make an election under clause 38 and the premium payable is \$50,000 or more an employer shall pay its premium by monthly instalments.
- (d) Notwithstanding anything in this clause, if in the past an employer elected to pay amounts payable as premium by monthly instalments, the employer shall pay its premium by monthly instalments unless and until the employer makes a further election under clause 38.
- (e) Notwithstanding anything in this clause, if in the past an employer elected to pay amounts payable as premium by quarterly instalments, the employer shall pay its premium by quarterly instalments unless and until the employer makes a further election under clause 38.

40 *Authority May Determine Instalments*

The Authority may determine that an employer must pay its premium monthly, quarterly or annually or may determine some other interval for payment. If the Authority makes such a determination then this clause applies and the employer's premium is due in accordance with the Authority's determination.

41 *Due Date for Payment of Premium**Annual Payment of Premium*

- (1) An annual payment of premium is due on 1 November 2015 or such later date as the *Authority itself may determine. For the avoidance of doubt, an annual payment of premium may be made by one or more payments.

Quarterly Payment of Premium

- (2) Quarterly payments of premium are payable in four equal instalments or as varied in accordance with guidelines issued by the *Authority itself and are due on 1 October, 1 December, 1 March and 1 June each year, unless those dates are deferred in accordance with guidelines issued by the Authority itself.

Monthly Payment of Premium

- (3) Monthly payments of premium are payable in equal instalments or as varied in accordance with guidelines issued by the *Authority itself and are due on 1 October 2015 and on the first day of each month thereafter until 1 July 2016 unless those dates are altered in accordance with guidelines issued by the Authority itself.

* This term is defined in clause 5(2)

*WorkCover Premiums Order (No. 23) 2015/2016***PART 8 - continued***Other Payment of Premium*

- (4) Payments of premium other than by monthly, or quarterly instalments or by an annual payment are payable in instalments determined by the Authority and on dates determined by the Authority.

42 5% Discount on Premium

If:

- (a) an employer pays its 5% discounted premium (in full) by the 5% discount date; and
(b) all other premium liabilities of an employer have been paid in full,

then the amount the employer is liable to pay shall be the 5% discounted premium, unless clause 43 or 46 applies.

43 5% Discount on Adjusted Premium

Unless clause 46 applies, if:

- (a) an employer is issued with an adjustment notice on or after the 5% discount date; and
(b) the amount the employer was liable to pay under clause 42 was the 5% discounted premium,

then this clause applies and the amount the employer is liable to pay is the adjusted premium specified in the current adjustment notice less the smaller of:

- (i) the 5% discount amount;
(ii) 5% of the adjusted premium specified in the current adjustment notice; and
(iii) if more than one adjustment notice has been issued to the employer and this clause has previously been applied, the smallest of any previous 5% discount amounts calculated under this clause.

44 3% Discount on Premium

Unless clause 45 applies, if:

- (a) an employer does not pay its 5% discounted premium by the 5% discount date but pays its 3% discounted premium (in full) by the 3% discount date; and
(b) all other premium liabilities of an employer have been paid in full,

then this clause applies and the amount the employer is liable to pay shall be the 3% discounted premium.

45 3% Discount on Adjusted Premium

If:

- (a) the employer is issued with an adjustment notice on or after the 3% discount date; and
(b) the amount an employer was liable to pay under clause 44 was the 3% discounted premium,

then this clause applies and the amount the employer is liable to pay is the adjusted premium specified in the current adjustment notice less the smaller of:

- (i) the 3% discount amount;
(ii) 3% of the adjusted premium specified in the current adjustment notice; and

* This term is defined in clause 5(2)

*WorkCover Premiums Order (No. 23) 2015/2016*PART 8 - *continued*

- (iii) if more than one adjustment notice has been issued to the employer and this clause has previously been applied, the smallest of any previous 3% discount amounts calculated under this clause.

46 *Certain Cases Where 5% Discount May Not Apply*

If:

- (a) an employer makes an application under this clause; and
- (b) the employer paid its 5% discounted premium on or before the 5% discount date; and
- (c) the 5% discount amount is less than the 3% discount amount,

then this clause applies and the amount the employer is liable to pay under this Part is the amount calculated pursuant to clauses 44 and 45 as if the employer had not paid its 5% discounted premium on or before the 5% discount date.

47 *Employer Cannot Receive Two Discounts*

For the avoidance of doubt:

- (a) an employer can only receive either a discount pursuant to clauses 42 and 43 or a discount pursuant to clauses 44 and 45, and not both discounts; and
- (b) if clause 46 applies to an employer then clauses 42 and 43 do not thereafter apply to the employer.

48 *Power of Authority to Determine Payment Intervals if Employer Fails to Pay Premium*

If an employer fails to pay its premium as required by this Part then the Authority may determine the interval and the instalments payable in such interval for the payment of premium by the employer.

49 *Definitions*

In this Part:

3% discount amount means 3% of the most recent notified premium at the 3% discount date;

3% discount date means 1 October 2015 or such later date as the *Authority itself may determine;

3% discounted premium, in relation to an employer, is the most recent notified premium at the 3% discount date, discounted by 3%;

5% discount amount means 5% of the most recent notified premium at the 5% discount date;

5% discount date means 1 August 2015 or such later date as the *Authority itself may determine;

5% discounted premium, in relation to an employer, is the most recent notified premium at the 5% discount date, discounted by 5%;

adjusted premium, in relation to an employer, means the amount specified in an adjustment notice as *premium payable for 2015/2016 by the employer;

adjustment notice means a notice issued under section 451 or section 473 of the Act;

* This term is defined in clause 5(2)

*WorkCover Premiums Order (No. 23) 2015/2016*PART 8 - *continued*

earlier adjustment notice means an adjustment notice issued before the current adjustment notice;

its premium, in relation to an employer, means the *premium payable by the employer for the current premium period;

notified premium, in relation to an employer, means:

- (a) the amount specified in a notice of premium as *premium payable for 2015/2016 by the employer; or
- (b) the adjusted premium specified in an adjustment notice issued to the employer;

other premium liabilities means any one or more of the following:

- (a) an amount payable, or purportedly payable, as premium under the Act, the *Accident Compensation Act or the *WorkCover Insurance Act;
- (b) an amount payable as a default penalty in respect of an amount payable or purportedly payable as premium under the Act, the Accident Compensation Act or the WorkCover Insurance Act; or
- (c) an amount payable as a late payment penalty or interest in respect of an amount payable or purportedly payable as premium or penalty under the Act, the Accident Compensation Act or the WorkCover Insurance Act,

that was due and payable on or before the 5% discount date or the 3% discount date as applicable;

previous 3% discount amount means 3% of the adjusted premium specified in an earlier adjustment notice;

previous 5% discount amount means 5% of the adjusted premium specified in an earlier adjustment notice.

* This term is defined in clause 5(2)

SCHEDULE 1 WORKCOVER INDUSTRY CLASSIFICATION

GENERAL INTRODUCTION

Explanatory Provisions

1. The General Introduction to schedule 1 provides essential information, definitions and instructions that apply across more than one division or across all divisions of schedule 1. These must be considered as part of the process under this schedule for allocating workplaces to specific *WorkCover industry classifications (abbreviated to “classes” within this schedule), based on the workplace’s *predominant activity.
2. In addition, each division has an introduction that provides essential information about the nature of activities included within that division. All definitions and instructions in the introductions must be considered as part of the process for allocating workplaces to specific classes within schedule 1, based on the *predominant activity of the workplace.
3. In accordance with clause 28, the *industry classification to which a workplace is classified for an employer is the *WorkCover industry classification in this schedule to which the *predominant activity at that workplace corresponds or most closely corresponds.
4. Classes, which are denoted by a single letter and a five digit numeric code, are organised within broad divisions (each identified by a single letter), subdivisions (each identified by a two digit code) and groups (each identified by a three digit code). The classes are based on the *Australian and New Zealand Standard Industrial Classification 2006* (ANZSIC) developed by the Australian Bureau of Statistics (ABS) in collaboration with Statistics New Zealand and accessible via the ABS website at www.abs.gov.au.
5. The classification of a workplace to a class is a two step process. The first step is to determine the *predominant activity at the workplace in accordance with clause 27. It is only after that step has been completed that schedule 1 is considered, in step two. Step two is to identify the class in schedule 1 to which the predominant activity corresponds or most closely corresponds as set out in subclause 28(1) and the flow chart in item 38.
6. For this purpose, regard must be had to all elements of this schedule, i.e. the General Introduction, headings, the general provisions, introductions to divisions, industry descriptions, exclusions/references and the listed activities.
7. In addition to general provisions relating to how to classify a workplace, this part of schedule 1 also contains general provisions in relation to the following matters:
 - (a) Definitions and Abbreviations
 - (b) Beneficiation of Minerals
 - (c) Business Formation
 - (d) Installation
 - (e) Manufacturers’ Sales
 - (f) Rental, Hiring and Leasing
 - (g) Repair and Maintenance

Operative Provisions

Operative Provisions and Non-operative Material

8. This schedule contains both operative provisions and non-operative material.
 - (a) The operative provisions are all provisions other than the non-operative material.

* This term is defined in clause 5(2)

Sch. 1 *WorkCover Premiums Order (No. 23) 2015/2016*SCHEDULE 1 - *continued*

- (b) The only parts of this schedule that are non-operative material are:
- (i) explanatory provisions (identified by the heading “Explanatory Provisions”);
 - (ii) provisions that identify a particular classification issue (identified by the heading “Issue”); and
 - (iii) examples (identified by the heading “Example”).
- (c) The only purpose for which the non-operative material is to be used is as guidance, to assist in understanding the way in which the operative provisions of this schedule are to be applied.

Definitions and Abbreviations

9. In this schedule, unless the contrary intention appears:

arm’s length entity, in relation to an employer whose workplace is to be classified, means an *entity that:

- (a) is not a member of the same *group as the employer; or
- (b) would not have a relationship of control with the employer within the meaning of subclause 24(8);

customer, in relation to an employer whose workplace is to be classified, means only a customer that is an arm’s length entity in relation to that employer;

member, in relation to a *group, means an employer who is a member of the group;

n.e.c. means not elsewhere classified;

operational services means day-to-day, regional or divisional services and includes:

- (a) management services; or
 - (b) organisational services; or
 - (c) administrative services; or
 - (d) buying services; or
 - (e) marketing services;
- and which are not high level strategic management services;

predominant industry, in relation to more than one workplace of the employer or *group, means the *predominant activity of the workplaces treated as a single workplace;

WorkCover industry classification is abbreviated to class in this schedule.

10. In this schedule, where the word “include”, “includes” or “including” appears, the matters to which that word refers are intended to be non-exhaustive.

Listed Activities Within a Class

11. (a) Where an activity has been listed under a class, that activity cannot be treated as corresponding or most closely corresponding to a different class.
- (b) An activity can correspond or most closely correspond to a class even if it is not listed as an activity in that class (i.e. the listed activities in a class are examples only and are not exhaustive).

Effect of Exclusion References

12. The *predominant activity at a workplace cannot correspond or most closely correspond to a class if workplaces predominantly engaged in that activity are expressly excluded from that class.

* This term is defined in clause 5(2)

*WorkCover Premiums Order (No. 23) 2015/2016***Sch. 1**SCHEDULE 1 - *continued**Determining When an Activity Most Closely Corresponds to a Class*

13. Even if not expressly excluded from a class, a *predominant activity that appears to most closely correspond to a particular class may most closely correspond to another class.

Example

Where an employer's predominant activity is growing vegetables undercover, this may appear to correspond to A01110 Nursery Production Undercover, which is defined to include growing plants undercover. However, growing vegetables undercover most closely corresponds to A01220 Growing Vegetables Undercover, which is specific to vegetable growing.

14. If a *predominant activity does not appear to correspond to a class, it will be classified to the class with which it most closely corresponds.

Example

Where an employer's predominant activity is providing dog obedience training, there is no class to which this activity corresponds. However, providing dog obedience training most closely corresponds to S95390 Other Personal Services.

Classification Issue: Business Formation*Issue*

15. A large number of new businesses start up in any given period. Before commencing regular operations, some employers need to undertake significant capital and/or other business formation activities ("capital and business formation activities") such as seeking out potential clients, obtaining equipment and premises and purchasing or preparing software. In many instances, these employers may decide to undertake these activities themselves. This raises the issue of whether the relevant workplaces of these employers should be given the classification corresponding to the capital and business formation activity or the classification corresponding to the business *predominant activity for which the capital and business formation activity is being undertaken.

Rule

16. A workplace at which capital and business formation activities are undertaken is classified according to the *predominant activity of the operations that are ultimately conducted at the workplace, or, if such operations have not commenced, the operations that are intended to be conducted at the workplace, rather than to the class corresponding to the capital and business formation activity.

Example

For example, an employer starting a new manufacturing business may undertake the construction of a factory in preparation for the conduct of the business. In those circumstances the workplace will be classified to the appropriate class in Division C - Manufacturing and not to a class in Division E - Construction.

Classification Issue: Installation*Issue*

17. Installation, that is the placement of a product into position for use, including erection, assembly and fixing, can be undertaken in conjunction with other activities (e.g. manufacture or sales) or in isolation. This raises the issue of whether the workplace that undertakes installation activities is to be classified to installation or to some other activity.

* This term is defined in clause 5(2)

Sch. 1 WorkCover Premiums Order (No. 23) 2015/2016SCHEDULE 1 - *continued**Rule*

18. A workplace predominantly engaged in manufacturing or selling its products to other persons and that also installs the products it manufactures or sells at the customer's premises (where installation is ancillary to the *predominant activity) is classified according to the predominant activity undertaken at the workplace, and not to an installation class.

Examples

- (a) An employer selling hot water systems to members of the public may arrange for the installation of the hot water system in the purchaser's dwelling. If the predominant activity of the workplace is selling hot water systems then installation is an ancillary activity and the workplace is classified to the appropriate class in Division G - Retail Trade.
- (b) An employer manufacturing elevators may also arrange for the installation of the elevator. If the predominant activity of the workplace is manufacturing elevators then installation is an ancillary activity and the workplace is classified to the appropriate class in Division C - Manufacturing.
- (c) An employer manufacturing built-in furniture or joinery may arrange for the installation of the furniture or joinery. If the predominant activity of the workplace is manufacturing furniture or joinery then installation is an ancillary activity and the workplace is classified to the appropriate class in Division C - Manufacturing.
- (d) An employer manufacturing commercial or industrial boilers may also arrange for the installation of the boilers. If the predominant activity of the workplace is manufacturing boilers then installation is an ancillary activity and the workplace is classified to the appropriate class in Division C - Manufacturing.
19. A workplace that is predominantly engaged in installation of a product will be classified to the appropriate class corresponding to the installation activity.

Example

Table 1 gives examples of some of the different classes for workplaces predominantly engaged in installation activities.

Classification Issue: Internal Management and Office Administration*Issue*

20. Some workplaces engage in the provision of management, organisational or administrative services to other workplaces of the same employer or *group. These services may be corporate head office management services or may be lower level operational services. This raises the issue of the correct classification of such workplaces.
21. Corporate head office management services are high level strategic management services, including services directed at meeting corporate regulatory requirements, managing the company structure, providing strategic leadership, business and staff development and monitoring the performance of all of the company's workplaces or all of the other workplaces within the business *group. A workplace predominantly engaged in corporate head office management services does not predominantly undertake operational control of, or activities directly integral to, the other workplace activities of the employer or group (including design

* This term is defined in clause 5(2)

Sch. 1 *WorkCover Premiums Order (No. 23) 2015/2016*SCHEDULE 1 - *continued*

of products, marketing, production control, cost accounting, managing contracts, purchases and sales of products etc.). Corporate head office management services are provided to all the workplaces of a large multi-workplace employer or group of employers, not just some of those workplaces.

Rule

22. Workplaces that are predominantly engaged in the provision of operational services to other workplaces of the employer or other workplaces within the same *group as the employer, whether those other workplaces are in the same industry or different industries, are classified according to the predominant industry of the workplaces to which they provide these services.
23. Workplaces that are predominantly engaged in corporate head office management services (and that meet the other requirements set out in the class) are classified to class M69610 Corporate Head Office Management Services.

Example

A workplace that provides day-to-day management services (e.g. accounting, purchasing, payroll and human resource services) to the other workplaces of the employer that are predominantly engaged in footwear manufacturing will be classified to class C13520 Footwear Manufacturing and not to class M69610 Corporate Head Office Management Services.

Classification Issue: Manufacturers' Sales*Issue*

24. Workplaces predominantly engaged in manufacturing products also often sell those products, whether to consumers or other businesses. This raises the issue of whether such workplaces are classified to Division C - Manufacturing or to either Division F - Wholesale Trade or Division G - Retail Trade.

Rule

25. Workplaces that are predominantly engaged in the manufacture of a product, and which also sell that product, are classified to manufacturing.

Example

A bakery that is predominantly engaged in the manufacturing of baked goods and also sells those goods directly to the consumer from the same premises is classified to manufacturing.

26. A workplace that undertakes both the manufacture and the sale of its product and also sells products sourced from other arm's length entities (that is, a retail or wholesale activity) is classified according to its *predominant activity, which may be manufacturing, retailing or wholesaling depending on the circumstances.

Classification Issue: Rental, Hiring and Leasing of Machinery, Plant or Vehicles*Issue*

27. Workplaces that are engaged in renting, hiring and leasing of machinery, plant or vehicles ("equipment") may do so with or without an operator. Other workplaces are involved in leasing equipment to arm's length entities under financial lease arrangements. This raises the issue of the correct classification of such workplaces.

* This term is defined in clause 5(2)

*WorkCover Premiums Order (No. 23) 2015/2016***Sch. 1**SCHEDULE 1 - *continued**Rule*

28. Workplaces predominantly engaged in renting, hiring and leasing equipment without an operator are classified to Division L - Rental, Hiring and Real Estate Services.
29. Workplaces predominantly engaged in renting, hiring or leasing equipment with an operator are classified to the appropriate class within the Division that corresponds to the workplace where the equipment is predominantly used. This is because the output being provided is a particular service, rather than just the provision of equipment for rent, hire or lease.

Examples

When construction machinery is hired in conjunction with the operator, the service being paid for is a construction service and not just for the use of equipment for a period.

Other examples of hire with operator include:

- (a) hire of forestry machinery with operator (class A05100 Forestry Support Services);
 - (b) hire of agricultural machinery (excluding forestry) with operator (class A05290 Other Agriculture and Fishing Support Services);
 - (c) hire of mining machinery with operator (class B10900 Other Mining Support Services);
 - (d) hire of earthmoving machinery with operator (class E32120 Site Preparation Services);
 - (e) crane or construction machinery (except earthmoving) hire with operator (class E32920 Hire of Construction Machinery with Operator);
 - (f) hire of motor vehicles with driver (class I46230 Taxi and Other Road Transport);
 - (g) hire of boats with crew (class I48200 Water Passenger Transport); and
 - (h) hire of aircraft with crew (class I49000 Air and Space Transport).
30. Workplaces predominantly engaged in the leasing of equipment to other arm's length entities under financial lease arrangements are classified to class K62300 Non-Depository Financing, because they are predominantly engaged in providing finance for the purchase of the equipment.
31. Workplaces predominantly engaged in the hire of linen or uniforms are classified to class S95310 Laundry and Dry-Cleaning Services, as the hire is an integral part of a broader laundry service.

Classification Issue: Repair and Maintenance*Explanatory provisions*

32. Repair and maintenance activities, including rebuilding and reconditioning, are carried out on a wide range of items of plant, equipment, household appliances, personal goods, buildings and other structures. The classification of workplaces undertaking these activities is based on the degree to which the processes used are interchangeable between the creation, repair and maintenance of a product.
33. Workplaces predominantly engaged in repair and maintenance are classified to Division C - Manufacturing or Division E - Construction if a similar process is used for the creation, repair and maintenance of a product.

Sch. 1 WorkCover Premiums Order (No. 23) 2015/2016SCHEDULE 1 - *continued**Example*

Workplaces predominantly engaged in repair of installed security systems are classified to E32340 Fire and Security Alarm Installation Services because the processes used to install security systems are highly interchangeable with the repair or maintenance of installed security systems.

34. Workplaces predominantly engaged in repair and maintenance are classified to Division S - Other Services where a different process is used for the creation, repair and maintenance of a product.

Example

Workplaces predominantly engaged in shoe repair are classified to S94910 Clothing and Footwear Repair because the processes used to manufacture shoes are not highly interchangeable with the repair of shoes.

35. Table 2 gives examples of some of the different classes for workplaces predominantly engaged in repair and maintenance activities.

36. Workplaces predominantly engaged in providing cleaning or gardening services or undertaking forestry activities are classified to the relevant classes in Division A - Agriculture, Forestry and Fishing or Division N - Administrative and Support Services.
37. Where repair activities are carried out as an incidental activity by workplaces that are predominantly engaged in some other activity, the workplaces are classified according to their *predominant activity.
38. The process for classifying a workplace to a class is set out in the flow chart below.

WorkCover Premiums Order (No. 23) 2015/2016

Sch. 1

SCHEDULE 1 - *continued***DIVISION A - AGRICULTURE, FORESTRY AND FISHING****INTRODUCTION**

1. The Agriculture, Forestry and Fishing Division includes workplaces predominantly engaged in growing crops, raising animals, growing and harvesting timber, and harvesting fish and other animals from farms or their natural habitats and workplaces predominantly engaged in providing support services to workplaces engaged in production activities.
2. This Division distinguishes between two kinds of activities: production activities and support services to production activities. Production activities include horticulture, livestock production, aquaculture, forestry and logging, and fishing, hunting and trapping.

Definitions

3. In this Division:

agistment means the activity where a workplace takes in all or some livestock owned or leased by an arm's length entity in exchange for a fee for basic care and feed and does not include the activity where an *entity owns land and leases that land to another entity (**the lessee**) to graze the lessee's livestock;

agriculture means the growing and cultivation of horticultural and other crops (excluding forestry) and the controlled breeding, raising or farming of animals (excluding aquaculture);

aquaculture includes the controlled breeding, raising or farming of fish, molluscs and crustaceans;

fishing, hunting and trapping includes gathering or catching marine life such as fish or shellfish, or other animals, from their uncontrolled natural environments in water or on land;

forestry and logging includes growing, maintaining and harvesting forests, gathering forest products and felling, hewing or rough shaping of timber in the forest;

other grain growing means growing cereal or coarse grains or other cereal crops (except rice); and

under cover includes greenhouses, cold frames, cloth houses and lath houses.

Classification Issue: Mixed farming activities involving sheep, beef cattle and/or other grain growing**Issue**

4. Some workplaces are engaged in mixed farming which involves undertaking two or more of the following activities: sheep farming, beef cattle farming or other grain growing ("**mixed farming activities**"). Such workplaces may also be engaged in undertaking other activities in addition to mixed farming ("**non-mixed farming activities**"). This raises the issue of the correct classification of such workplaces.

Rules

5. Workplaces engaged in mixed farming activities must be classified according to one of the following rules, which constitute exceptions to clauses 27 and 28(1) of the Premiums Order.

* This term is defined in clause 5(2)

Sch. 1*WorkCover Premiums Order (No. 23) 2015/2016*SCHEDULE 1 - *continued*

6. Where an individual mixed farming activity:
- a) contributes more than four times each other mixed farming activity to the value of goods produced at a workplace; and
 - b) is the *predominant activity when all the activities at the workplace (including non-mixed farming activities) are considered,
- the workplace is to be classified to one of the following classifications:
- A01410 – Sheep Farming (Specialised)
 - A01420 – Beef Cattle Farming (Specialised)
 - A01490 – Other Grain Growing
7. Where there is no individual mixed farming activity that contributes more than four times each other mixed farming activity to the value of goods produced at the workplace, the workplace is to be classified to:
- a) A01440 Sheep-Beef Cattle Farming where:
 - i. the workplace:
 - (A) is not engaged in other grain growing; or
 - (B) is engaged in other grain growing but the combined activity of sheep and beef cattle farming contributes more than four times the activity of other grain growing to the value of goods produced at the workplace; and
 - ii. the combined activity of sheep and beef cattle farming is the *predominant activity when all the activities at the workplace (including non-mixed farming activities) are considered;
- or
- b) A01450 Grain-Sheep and/or Grain-Beef Cattle Farming where:
 - i. the workplace is engaged in other grain growing and one or both of sheep farming and beef cattle farming; and
 - ii. where the workplace is engaged in all three of other grain growing, sheep farming and beef cattle farming, the combined activity of sheep and beef cattle farming does not contribute more than four times other grain growing to the value of goods produced at the workplace; and
 - iii. the combined activity of other grain growing and one or both of sheep farming and beef cattle farming as applicable is the predominant activity when all activities at the workplace (including non-mixed farming activities) are considered.
8. Where both mixed farming activities and non-mixed farming activities are undertaken at a workplace and where neither item 6 nor item 7 applies, the workplace will be classified according to clauses 27 and 28(1) of the Premiums Order, by reference to the *predominant activity undertaken at the workplace.

Classification Rule: Nursery and floriculture production

9. Nursery and floriculture production and the growing of vegetables are classified according to whether or not they are grown outdoors or under cover.

*WorkCover Premiums Order (No. 23) 2015/2016***Sch. 1**SCHEDULE 1 - *continued***Classification Rule: Agistment**

10. Agistment services are included as activities in the appropriate classes of Subdivision 01 Agriculture, namely horse farming, sheep farming, beef cattle farming and dairy cattle farming. Workplaces that carry out such activities on a fee or contract basis are given the same classification as workplaces that undertake the same activity for their own account and risk.

Exclusions

11. Workplaces excluded from this Division include workplaces predominantly engaged in the following activities:
- a) operating prison farms (these workplaces are included in Division O - Public Administration and Safety);

This class consists of workplaces predominantly engaged in providing support services to forestry. Services include silvicultural services, such as planting, pruning and thinning trees, forest reforestation, forest plantation conservation or maintenance. This class also includes workplaces predominantly engaged in operating forestry planting stock nurseries.

Activities

Forest conservation service	Silvicultural service
Forest nursery operation or service	Timber plantation maintenance
Forest pest control service (except aerial or wild animal control)	Timber tract maintenance
Forest planting	Tree pruning (forest)
Reafforestation service	Tree thinning (forest)

Exclusions/References

Workplaces predominantly engaged in

- a) planting or propagating non-forest nursery stock are included in either class A01110 Nursery Production (Under Cover) or A01120 Nursery Production (Outdoors);
- b) wild animal pest control are included in class A04200 Hunting and Trapping;
- c) aerial pest control services are included in class A05290 Other Agriculture and Fishing Support Services;
- d) forest fire fighting services are included in class O77130 Fire Protection and Other Emergency Services;

SCHEDULE 1 - *continued***DIVISION B - MINING****INTRODUCTION**

1. The Mining Division includes workplaces that are predominantly engaged in either mining or mining support activities.

Definitions

2. In this Division:

mining means all operations necessary for the extraction of natural resources, including:

- a) underground or open cut mining;
- b) dredging;
- c) quarrying;
- d) well operations or evaporation pans;
- e) recovery from ore dumps or tailings;
- f) beneficiation;
- g) iron ore pelletising;
- h) briquetting; and
- i) other preparation work customarily performed at the mine site, or as a part of mining activity, including the removal of overburden;

mining support activities includes the provision of mining support services integral to the mining process on a contract or fee basis and exploration (except geophysical surveying);

natural resources includes:

- a) naturally occurring mineral solids, such as coal and ores;
- b) liquid minerals, such as crude petroleum; and
- c) gases, such as natural gas.

Classification Issue: Beneficiation of Minerals**Issue**

3. Beneficiation is the process whereby mined material is reduced to particles that can be separated into mineral and waste, the former suitable for further processing or direct use. Beneficiation operations are primarily mechanical and involve such processes as grinding, washing and magnetic separation, and centrifugal separation. These activities are generally carried out at or near mine sites as an integral part of mining operations. In contrast, manufacturing operations primarily use chemical and electro-chemical processes, such as electrolysis and distillation to transform mined materials into new products. This raises the issue of the correct classification of a workplace predominantly engaged in beneficiation of minerals.

Rule

4. Workplaces predominantly engaged in beneficiating ores or other minerals are classified to the appropriate class in this Division.

General Provisions

5. Workplaces in this Division are grouped and classified according to the natural resource mined or to be mined.

Sch. 1*WorkCover Premiums Order (No. 23) 2015/2016*SCHEDULE 1 - *continued*

6. The products produced by workplaces classified to the Mining Division involve the minimum amount of processing to produce a marketable product.

Exclusions

7. Workplaces excluded from this Division include workplaces predominantly engaged in refining or smelting of minerals or ores (other than preliminary smelting of gold), or in the manufacture of such products of mineral origin as coke or cement (these workplaces are included in Division C - Manufacturing).

Subdivisions

8. This Division contains the following subdivisions:
- 06 - Coal Mining
 - 07 - Oil and Gas Extraction
 - 08 - Metal Ore Mining
 - 09 - Non-Metallic Mineral Mining and Quarrying
 - 10 - Exploration and Other Mining Support Services

Group 060 COAL MINING**B06000 Coal Mining**

This class consists of workplaces predominantly engaged in open-cut or underground mining of black or brown coal.

Activities

Black coal mining	Lignite mining
Brown coal mining	Peat cutting (except horticultural)

Exclusions/References

Workplaces predominantly engaged in

- a) extraction of horticultural peat are included in class B09900 Other Non-Metallic Mineral Mining and Quarrying; and
- b) peat briquetting, where the peat is purchased and not mined, is included in class C17090 Other Petroleum and Coal Product Manufacturing.

Group Class	Title And Description
-------------	-----------------------

Group 070 OIL AND GAS EXTRACTION**B07000 Oil and Gas Extraction**

This class consists of workplaces predominantly engaged in producing crude oil, natural gas or condensate through the extraction of oil and gas deposits.

Activities

Liquefied natural gas production	Oil shale mining
Natural gas extraction	Petroleum gas extraction

Exclusions/References

Workplaces predominantly engaged in

- a) refining heavy and light component crude oil, manufacturing and/or blending materials into petroleum fuel, and manufacturing fuel from liquefied petroleum gases are included in class C17010 Petroleum Refining and Petroleum Fuel Manufacturing;
- b) operating pipelines for the transport of oil, gas or other materials are included in class I50210 Pipeline Transport; and
- c) processing natural gas or liquid hydrocarbons for the manufacture of fertilisers is included in class C18310 Fertiliser Manufacturing.

Workplaces predominantly engaged in

- a) custom smelting or refining of gold are included in class C21390 Other Basic Non-Ferrous Metal Manufacturing; and
- b) mining or beneficiating copper-gold are included in class B08030 Copper Ore Mining.

B08050 Mineral Sand Mining

This class consists of workplaces predominantly engaged in mining mineral sand (except iron sand).

Activities

Ilmenite sand mining	Rutile sand mining
Leucoxene sand mining	Synthetic rutile production
Mineral sand mining (except iron sand)	Zircon sand mining
Monazite sand mining	

Exclusions/References

Workplaces predominantly engaged in mining iron sand are included in class B08010 Metal Ore Mining.

B08060 Nickel Ore Mining

This class consists of workplaces predominantly engaged in mining nickel ore.

Activities

Nickel ore mining

B08070 Silver-Lead-Zinc Ore Mining

This class consists of workplaces predominantly engaged in mining ores of silver, lead or zinc.

Activities

Lead ore mining	Silver ore mining
Silver-lead-zinc ore mining	Zinc ore mining

Exclusions/References

Workplaces predominantly engaged in roasting of sulphide concentrate or in smelting or refining of silver, lead or zinc are included in class C21330 Copper, Silver, Lead and Zinc Smelting and Refining.

B08090 Other Metal Ore Mining

This class consists of workplaces predominantly engaged in mining metallic mineral ore not elsewhere classified.

Activities

Antimony ore mining	Molybdenite mining
Beryllium ore mining	Platinum group metal mining
Bismuth ore mining	Tantalite mining
Iron pyrite mining	Tin ore mining
Manganese ore mining	Tungsten ore mining
Metallic ore mining n.e.c.	Uranium ore mining

SCHEDULE 1 - *continued***Subdivision 09 - NON-METALLIC MINERAL MINING AND QUARRYING****Group Class Title And Description****Group 091 CONSTRUCTION MATERIAL MINING****B09110 Gravel and Sand Quarrying**

This class consists of workplaces predominantly engaged in quarrying, washing or screening sand or natural gravel.

Activities

Pebble quarrying	Rock, ornamental, gathering
River gravel quarrying, washing or screening	Sand quarrying, washing or screening

Exclusions/References

Workplaces predominantly engaged in

- quarrying, crushing or screening crushed or broken stone are included in class B09190 Other Construction Material Mining;
- quarrying silica for industrial purposes are included in class B09900 Other Non-Metallic Mineral Mining and Quarrying; and
- incidental quarrying of earth soil or filling carried out as part of construction are included in the appropriate classes of Division E - Construction.

B09190 Other Construction Material Mining

This class consists of workplaces predominantly engaged in quarrying, crushing or screening crushed or broken stone or in quarrying dimension stone or construction materials not elsewhere classified. This class also includes the quarrying of clay, marble, granite, limestone, slate or dolomite for use as a manufacturing input.

Activities

Aggregate quarrying	Earth, soil or filling quarrying
Bentonite quarrying	Fullers earth quarrying
Blue metal stone quarrying	Granite quarrying
Brick shale quarrying	Limestone quarrying
Building stone quarrying	Marble quarrying
Cement clay quarrying	Road fill quarrying
Chalk quarrying	Sandstone quarrying
Clay quarrying	Slate quarrying
Construction material crushing or screening	Stone quarrying
Dimension stone quarrying	Tile clay quarrying

Exclusions/References

Workplaces predominantly engaged in

- quarrying river gravel are included in class B09110 Gravel and Sand Quarrying;
- manufacture, within the same workplace, of non-metallic mineral products (such as brick, glass, cement, slate paving, cut and polished ornamental stone) are included in the appropriate classes of Division C - Manufacturing;
- manufacture of products from crushed concrete are included in class C20340 Concrete Product Manufacturing; and
- incidental quarrying of earth soil, crushing of concrete or filling carried out as part of construction are included in the appropriate classes of Division E - Construction.

Activities

Cementing oil and gas well castings

Mining draining and pumping service

Directional drilling and redrilling

Oil and gas field support service n.e.c.

Geological or geophysical surveying services involving drilling or blasting

Exclusions/References

Workplaces predominantly engaged in

- a) carrying out an entire mining operation are classified according to the deposit type;
- b) providing geological or geophysical surveying services, not involving drilling or blasting, on a contract or fee basis are included in class M69220 Surveying and Mapping Services;
- c) providing ore testing, assaying or similar laboratory type services on a contract or fee basis are included in class M69250 Scientific Testing and Analysis Services;

*WorkCover Premiums Order (No. 23) 2015/2016***Sch. 1**SCHEDULE 1 - *continued***DIVISION C - MANUFACTURING****INTRODUCTION**

1. The Manufacturing Division includes:
 - a) workplaces predominantly engaged in the physical or chemical transformation of materials, substances or components that are products of agriculture, forestry, fishing, mining, other manufacturing workplaces, or are recovered from scrap or waste into different products, whether by machine or by hand (except agriculture and construction); and
 - b) workplaces where the activities may not be appropriately described as involving transformation of materials, substances or components but where the activities are appropriately classified to manufacturing.

General provisions

2. Activities that may not be appropriately described as involving transformation of materials, substances or components into different products but that are classified to manufacturing include:
 - a) milk bottling and pasteurising;
 - b) processing and/or canning or bottling;
 - c) fresh fish packaging (including oyster shucking and fish filleting);
 - d) processing fish aboard vessels that also catch fish;
 - e) printing and related support activities;
 - f) ready-mixed concrete production;
 - g) leather tanning and dressing;
 - h) grinding of lenses to prescription;
 - i) wood preserving and treatment;
 - j) electroplating, plating, metal heat treating and polishing;
 - k) fabricating signs and advertising displays;
 - l) tyre retreading;
 - m) ship, boat, railway rolling stock and aircraft repair and maintenance; and
 - n) substantial alteration, renovation or reconstruction of goods such as transport equipment.
3. Assembly of the component parts of manufactured products, either self-produced or purchased from other workplaces, is manufacturing for the purposes of this schedule.

Examples

Assembly of self-manufactured prefabricated components at a construction site is considered manufacturing, as the assembly is incidental to the manufacturing activity. Conversely the on-site assembly of components manufactured by another arm's length entity is considered to be construction.

Exclusions

4. Workplaces excluded from this Division include workplaces predominantly engaged in the following activities:
 - a) logging and production of crops or livestock (these workplaces are included in Division A - Agriculture, Forestry and Fishing);
 - b) hewing or rough shaping of timber in the forest (these workplaces are included in

Division A - Agriculture, Forestry and Fishing);

- c) screening, crushing, dressing or other rudimentary treatment of minerals and construction materials (these workplaces are included in Division B - Mining);
- d) beneficiation (these workplaces are included in Division B - Mining);
- e) sorting and separating waste and scrap without significant transformation (these workplaces are included in Division D – Electricity, Gas, Water and Waste Services);
- f) construction of structures and fabricating operations performed at the site of construction (these workplaces are included in Division E - Construction); and
- g) publishing and the combined activity of publishing and printing (these workplaces are included in Division J - Information Media and Communications).

SCHEDULE 1 - *continued***DIVISION C - MANUFACTURING****Subdivision 11 - FOOD PRODUCT MANUFACTURING****Group Class****Title And Description****Group 111 MEAT AND MEAT PRODUCT MANUFACTURING****C11110 Meat Processing**

This class consists of workplaces predominantly engaged in processing meat, including slaughtering animals (except poultry), boning, cutting, freezing, preserving, packing meat (except poultry) or canning meat (except poultry, seafood, bacon, ham and corned meat). Workplaces predominantly engaged in manufacturing meat from abattoir by-products (except from products of poultry slaughtering) and rendering lard or tallow are also included.

Activities

Abattoir operation (except poultry)	Meat packing (except poultry)
Animal meat packing and freezing	Meat, canned, manufacturing (except poultry, bacon, ham and corned meat)
Animal oil or fat, unrefined, manufacturing	Meat, dehydrated, manufacturing (except poultry)
Lard or tallow rendering	Meat, frozen, manufacturing (except poultry)
Meat extract or essence manufacturing	
Meat manufacturing (except bacon, ham and poultry)	
Meat or bone meal manufacturing (except fish or poultry meal)	

Exclusions/References

Workplaces predominantly engaged in

- slaughtering, dressing, processing and packing poultry are included in class C11120 Poultry Processing;
- manufacturing or canning cured meats are included in class C11130 Cured Meat and Smallgoods Manufacturing;
- manufacturing refined animal oils or fats are included in class C11500 Oil and Fat Manufacturing;

Group 112 SEAFOOD PROCESSING**C11200 Seafood Processing**

This class consists of workplaces predominantly engaged in processing fish or other seafoods. Processes include skinning or shelling, grading, filleting, boning, crumbing, battering and freezing of the seafood. This class also includes workplaces predominantly engaged in operating vessels which gather and process fish or other seafoods.

Activities

Crustacean, processed, manufacturing (including cooked and/or frozen) n.e.c.	Mollusc, processed, manufacturing (including shelled)
Fish cleaning or filleting	Oyster, shelling, freezing or bottling in brine
Fish fillet manufacturing	Scallop, preserved, manufacturing
Fish loaf or cake manufacturing	Seafood, canned, manufacturing
Fish paste manufacturing	Seafood, preserved, manufacturing
Fish pate manufacturing	Whole fin fish freezing

Activities

Chemical preservation of logs (sawn at the same workplace)	Rough sawn timber manufacturing
Log sawmilling	Sawn firewood (from sawmilling)
	Shook manufacturing (for containers)

Exclusions/References

Workplaces predominantly engaged in

- a) hewing or rough shaping timber or cutting firewood in forests are included in class A03020 Logging;
- b) manufacturing softwood or hardwood wood chips are included in class C14120 Wood Chipping;
- c) kiln drying, seasoning or chemically preserving timber (except chemical preservation of logs sawn at the same workplace) are included in class C14130 Timber Resawing and Dressing; and
- d) both cutting and retailing firewood (direct selling) are included in class G43100 Non-Store Retailing.

C14120 Wood Chipping

This class consists of workplaces predominantly engaged in manufacturing softwood or hardwood wood chips.

Activities

Hardwood wood chip manufacturing	Softwood wood chip manufacturing
----------------------------------	----------------------------------

C14130 Timber Resawing and Dressing

This class consists of workplaces predominantly engaged in resawing or dressing timber, timber boards and mouldings. Dressing timber includes seasoning (kiln or air drying) or chemical preservation.

Activities

Air-drying timber	Dressed timber or moulding
Building timber manufacturing	manufacturing
Chemically preserving timber (except chemical preservation of logs sawn at the same workplace)	Kiln drying timber
	Seasoning timber
	Wooden flooring manufacturing (solid timber only)

Exclusions/References

Coal coke manufacturing	Petroleum jelly manufacturing
Coal tar distilling	Petroleum oil blending
Emulsion, bituminous, manufacturing	Petroleum solvent manufacturing
Fuel briquette manufacturing (except charcoal)	Petroleum wax manufacturing
Grinding oil manufacturing	Phenol manufacturing
Hydraulic fluid manufacturing	Recovery of lubricating oil or grease from used petroleum waste products
Lubricating oil and grease manufacturing	Rust arresting compound manufacturing
Mineral turpentine manufacturing	Styrene manufacturing
Motor oil manufacturing	Synthetic motor oil manufacturing
Naphthalene manufacturing	Tar, refined, manufacturing
Paraffin wax manufacturing	Toluene manufacturing
Petroleum coke and petroleum coke product manufacturing	Transmission fluid manufacturing

Exclusions/References

Workplaces predominantly engaged in

- a) collection of used oil and grease stocks are included in class D29190 Other Waste Collection Services;
- b) manufacturing glues and adhesives are included in class C19150 Adhesive Manufacturing;
- c) manufacturing coatings for concrete and masonry are included in class C19160 Paint and Coatings Manufacturing;
- d) charcoal briquettes manufacturing are included in class C18120 Basic Organic Chemical Manufacturing; and
- e) manufacturing hot-mix bituminous paving are included in class E31010 Road and Bridge Construction.

Sch. 1**WorkCover Premiums Order (No. 23) 2015/2016****SCHEDULE 1 - continued****Subdivision 18 - BASIC CHEMICAL AND CHEMICAL PRODUCT MANUFACTURING**

Group Class	Title And Description
--------------------	------------------------------

Group 181 BASIC CHEMICAL MANUFACTURING**C18110 Industrial Gas Manufacturing**

This class consists of workplaces predominantly engaged in manufacturing industrial organic and inorganic gas in compressed, liquid or solid forms.

Activities

Acetylene gas manufacturing	Inorganic gas manufacturing
Ammonia gas manufacturing	Isobutane gas manufacturing
Argon gas manufacturing	Krypton gas manufacturing
Arsine gas manufacturing	Medicinal gas manufacturing
Butane gas manufacturing	Methane manufacturing
Carbon dioxide manufacturing	Neon gas manufacturing
Carbon monoxide manufacturing	Nitrogen (gas and liquid) manufacturing
Chlorine gas manufacturing	Nitrous oxide manufacturing
Deuterium gas manufacturing	Organic gas manufacturing
Dry ice manufacturing	Oxygen manufacturing
Ethane gas manufacturing	Phosphine gas manufacturing
Ethylene gas manufacturing	Propane gas manufacturing
Helium manufacturing	Refrigeration gas manufacturing
Hydrogen chloride gas manufacturing	Sulphur dioxide gas manufacturing
Hydrogen manufacturing	Sulphur hexafluoride gas manufacturing
Hydrogen sulphide gas manufacturing	Silane gas manufacturing
Industrial gas manufacturing n.e.c.	Xenon gas manufacturing

Exclusions/References

Workplaces predominantly engaged in

- liquefying natural gas are included in class B07000 Oil and Gas Extraction;
- manufacturing fuels from the liquefaction of petroleum gases are included in class C17010 Petroleum Refining and Petroleum Fuel Manufacturing; and
- manufacturing mixed cylinder gases formulated for use as a pesticide (e.g. phosfume) are included in class C18320 Pesticide Manufacturing.

C18120 Basic Organic Chemical Manufacturing

This class consists of workplaces predominantly engaged in manufacturing basic organic chemicals, including wood or gum chemicals (e.g. organic tanning extracts and charcoal briquettes); high grade activated charcoal and/or carbon black; organic dyes and pigments. This class also includes workplaces predominantly engaged in manufacturing organic acids and industrial alcohols such as ethanol, methanol, ethylene glycol and ether.

Activities

Acetaldehyde manufacturing	Ethanol manufacturing
Acid, acetic, manufacturing	Ether manufacturing
Acid, organic, manufacturing	Ethylene glycol manufacturing
Activated carbon/charcoal manufacturing	Extraction and/or distillation of wood and gum
Carbon black manufacturing	Formaldehyde manufacturing
Charcoal briquette manufacturing	Glycol manufacturing n.e.c.
Citric acid manufacturing

Group Class	Title And Description
	Gum chemical manufacturing
	Industrial alcohol manufacturing
	Lactic acid manufacturing
	Lake colour manufacturing
	Methanol manufacturing
	Organic dye or pigment manufacturing
	Tall oil manufacturing
	Tanning extract, organic, manufacturing
	Turpentine (except mineral turpentine) manufacturing
	Vinyl chloride manufacturing
	Wood tar manufacturing
Exclusions/References	
Workplaces predominantly engaged in	
a) manufacturing briquettes from petroleum coke other than charcoal are included in class C17090 Other Petroleum and Coal Product Manufacturing;	
b) manufacturing mineral turpentine are included in class C17090 Other Petroleum and Coal Product Manufacturing;	
c) manufacturing electrostatic and photographic toners are included in class C19160 Paint and Coatings Manufacturing;	
d) manufacturing food colourings are included in class C11990 Other Food Product Manufacturing n.e.c.; and	
e) distilling liquors (alcoholic beverages) are included in class C12130 Spirit Manufacturing.	

C18130 Basic Inorganic Chemical Manufacturing

This class consists of workplaces predominantly engaged in manufacturing basic inorganic chemicals, including dyes and pigments; chromium sulphate (used in leather tanning); acids; and salts. This class also includes workplaces predominantly engaged in manufacturing chlorine, sodium hydroxide and other alkali using electrochemical processes.

Activities

Acid, inorganic, manufacturing n.e.c.	Nitric acid manufacturing
Alkaline salt manufacturing n.e.c.	Nitrite manufacturing
Aluminium hydroxide manufacturing	Phosphoric acid manufacturing
Ammonium hydroxide manufacturing	Silicate manufacturing
Calcium chloride (lime) manufacturing	Sodium bicarbonate manufacturing
Chromium sulphate manufacturing (for application in leather tanning)	Sodium carbonate manufacturing
Fluoride manufacturing	Sodium hydroxide manufacturing
Hydrochloric acid manufacturing	Sulphide manufacturing
Hydrofluoric acid manufacturing	Sulphur compound manufacturing
Hydrogen peroxide manufacturing	Sulphuric acid manufacturing (except smelter by-product)
Hypophosphite manufacturing	Zinc oxide manufacturing
Industrial salt manufacturing	Zinc peroxide manufacturing
Inorganic dye or pigment manufacturing	

Exclusions/References

Workplaces predominantly engaged in

- manufacturing bleaches and disinfectants are included in class C18510 Cleaning Compound Manufacturing;
- manufacturing synthetic organic dyes and pigments are included in class C18120 Basic Organic Chemical Manufacturing;
- manufacturing fertilisers are included in class C18310 Fertiliser Manufacturing;
- manufacturing sulphuric acid as a smelter by-product are included in class C21330 Copper, Silver, Lead and Zinc Smelting and Refining;

Sch. 1**WorkCover Premiums Order (No. 23) 2015/2016****SCHEDULE 1 - continued**

Group Class	Title And Description
	e) manufacturing inorganic herbicides, insecticides, fungicides and pesticides are included in class C18320 Pesticide Manufacturing; and
	f) manufacturing photographic chemicals are included in class C18910 Photographic Chemical Product Manufacturing.

Group 182 BASIC POLYMER MANUFACTURING**C18210 Synthetic Resin and Synthetic Rubber Manufacturing**

This class consists of workplaces predominantly engaged in the manufacture of synthetic resins, non-vulcanisable elastomers and mixing and blending of resins and polymeric materials. This class also includes workplaces predominantly engaged in manufacturing synthetic rubbers and blends.

Activities

Cellulosic resin manufacturing	Polyethylene manufacturing
Cresol formaldehyde manufacturing	Polymethacrylate manufacturing
Dendritic polymer (dendrimer) manufacturing	Polypropylene manufacturing
Melamine formaldehyde manufacturing	Polystyrene manufacturing
Non-cellulose resin manufacturing	Polyurethane manufacturing
Non-vulcanisable elastomer manufacturing	Polyvinyl acetate manufacturing
Phenol formaldehyde manufacturing	Polyvinylchloride (PVC) manufacturing
Polyacrylate manufacturing	Synthetic resin manufacturing
Polybutadiene manufacturing	Synthetic rubber composite manufacturing
Polycarbonate manufacturing (except polycarbonate sheet)	Synthetic rubber manufacturing
	Urea formaldehyde manufacturing

Exclusions/References

Workplaces predominantly engaged in

- manufacturing polymer products are included in the appropriate classes of Group 191 Polymer Product Manufacturing;
- manufacturing natural rubber products are included in class C19200 Natural Rubber Product Manufacturing;
- manufacturing polycarbonate sheets are included in class C19120 Rigid and Semi-Rigid Polymer Product Manufacturing;
- custom compounding of resins made elsewhere are included in class C19190 Other Polymer Product Manufacturing;
- manufacturing tyres are included in class C19140 Tyre Manufacturing; and
- manufacturing synthetic resin adhesives or plastic adhesives are included in class C19150 Adhesive Manufacturing.

C18290 Other Basic Polymer Manufacturing

This class consists of workplaces predominantly engaged in manufacturing other basic polymers (except synthetic resins and synthetic rubbers). Included in this class are workplaces predominantly engaged in manufacturing cellulose (e.g. rayon and acetate) and non-cellulose (e.g. nylon, polyolefin and polyester) fibres and filaments.

Activities

Basic polymer manufacturing n.e.c.	Methylstyrene manufacturing
Carbon fibre manufacturing (including kevlar material manufacturing)	Non-cellulose fibre or filament manufacturing n.e.c.
Cellulose acetate manufacturing	Nylon manufacturing
Cellulose fibre or filament manufacturing n.e.c.	Polyester manufacturing
Ethyl cellulose manufacturing	Polyolefin manufacturing
Methyl cellulose manufacturing	Rayon manufacturing
	Synthetic fibre or filament manufacturing

Exclusions/References

Workplaces predominantly engaged in manufacturing textiles using synthetic or artificial fibres through spinning, weaving or further processing are included in class C13130 Synthetic Textile Manufacturing.

Group 183 FERTILISER AND PESTICIDE MANUFACTURING**C18310 Fertiliser Manufacturing**

This class consists of workplaces predominantly engaged in manufacturing and mixing fertilisers.

Activities

Ammonium phosphate manufacturing	Phosphate fertiliser material manufacturing
Ammonium sulphate manufacturing	Plant hormone manufacturing
Animal and vegetable fertiliser manufacturing	Potash fertiliser manufacturing
Bonedust manufacturing	Potassium chloride fertiliser manufacturing
Bonemeal fertiliser manufacturing	Prilled ammonium nitrate manufacturing
Calcium sulphate manufacturing	Sodium nitrate fertiliser manufacturing
Controlled release fertiliser preparation manufacturing	Sulphuric lime manufacturing
Fertiliser manufacturing n.e.c.	Super phosphate manufacturing
Fishmeal fertiliser manufacturing	Urea, fertiliser grade, manufacturing
Humic substance manufacturing	
Nitrogenous fertiliser material manufacturing

- manufacturing solvent cleaners are included in class C17010 Petroleum Refining and Petroleum Fuel Manufacturing;
- manufacturing agents used to tan leather are included in class C18130 Basic Inorganic Chemical Manufacturing; and
- the contract packaging of cleaning compounds are included in class N73200 Packaging Services.

C18520 Cosmetic and Toiletry Preparation Manufacturing

This class consists of workplaces predominantly engaged in manufacturing cosmetic and toiletry preparations.

Activities

After-shave lotion manufacturing	Lipstick manufacturing
Barrier cream manufacturing	Mascara manufacturing
Cosmetic deodorant manufacturing	Nail polish preparation manufacturing
Depilatory manufacturing	Perfume manufacturing
Eye shadow manufacturing	Shaving preparation manufacturing
Face cream and lotion manufacturing	Sunscreen preparation manufacturing
Hair preparation manufacturing	Talcum powder manufacturing
Lip balm manufacturing	Toilet lanolin manufacturing

C18920 Explosive Manufacturing

This class consists of workplaces predominantly engaged in manufacturing explosives.

Activities

Ammonium nitrate, explosive, manufacturing	Gun cotton manufacturing
Blasting powder manufacturing	Match manufacturing
Cellulose nitrate manufacturing	Propellent powder manufacturing
Detonator manufacturing (cap or fuse)	Pyrotechnic goods manufacturing
Dynamite manufacturing	Pyrotechnic manufacturing
Explosive fuse manufacturing	Safety fuse manufacturing
Fireworks manufacturing	Signal flare manufacturing

Exclusions/References

Workplaces predominantly engaged in manufacturing ammunition are included in class C22990 Other Fabricated Metal Product Manufacturing n.e.c.

C18990 Other Basic Chemical Product Manufacturing n.e.c.

This class consists of workplaces predominantly engaged in manufacturing chemical products not elsewhere classified.

Activities

Antifreeze manufacturing	Eucalyptus oil distilling
Beeswax manufacturing	Extraction of essential oils
Concrete additive or masonry surface treatment manufacturing	Flux manufacturing (welding and soldering)
Dry cleaning compound manufacturing	Neatsfoot oil manufacturing
Embalming compound manufacturing (formaldehyde and additives)	Sandalwood oil distilling

This class consists of workplaces predominantly engaged in manufacturing unsupported polymer film or polymer sheet into packaging materials. This includes bubble packaging, bags, coatings or laminates in a variety of forms.

Activities

Adhesive tape, pressure sensitive, manufacturing (except surgical)	Bubble packaging manufacturing
Bag, plastic, manufacturing	Film, plastic, manufacturing
Bag, sack or packet (plastic film or sheeting), manufacturing	Food wrapping, plastic, manufacturing
	Garbage bag, plastic, manufacturing
	Plastic lamination with paper

Exclusions/References

Workplaces predominantly engaged in

- manufacturing adhesive surgical tapes are included in class C13340 Textile Finishing and Other Textile Product Manufacturing;
- manufacturing paper bags are included in class C15220 Paper Bag manufacturing;
- manufacturing bitumen or tar treated paper, felts or foils (including laminated or impregnated) or bituminised building or packaging papers are included in class C17090 Other Petroleum and Coal Product Manufacturing; and
- manufacturing rigid plastic sheeting (including decorative laminated plastic sheeting) are included in class C19120 Rigid and Semi-Rigid Polymer Product Manufacturing.

C19120 Rigid and Semi-Rigid Polymer Product Manufacturing

This class consists of workplaces predominantly engaged in manufacturing rigid or semi-rigid polymer products.

Activities

Badge, plastic, manufacturing	Gutter and spout, plastic, manufacturing
Bathtub, plastic, manufacturing	Light switch and plug, polymer, manufacturing
Bottle, plastic, manufacturing	Pipe fittings, plastic, manufacturing
Bucket, plastic, manufacturing	Pipe, plastic, manufacturing
Clothes peg, plastic, manufacturing	Plastic drinking straw manufacturing
Credit or identification card plastic stock manufacturing	Plastic union manufacturing
Cultured marble surfacing product manufacturing	Plumbing fittings, plastic, manufacturing (including joints, elbows and flanges)
Dinnerware, plastic, manufacturing	Polycarbonate sheet manufacturing
Drinking fountain, plastic, manufacturing	Polymer container manufacturing n.e.c.
Electrical insulation box, polymer, manufacturing	Profile shapes, plastic, manufacturing n.e.c.
Food container, plastic, manufacturing (including microwave safe)	Rod or tube, plastic, manufacturing
Furniture, plastic, manufacturing	Safety goggle, plastic, manufacturing
Garbage bin, rigid or semi-rigid plastic, manufacturing	Shower stall, plastic, manufacturing
	Toilet fixture, plastic, manufacturing
	Toilet, plastic, manufacturing
	Watering can, plastic, manufacturing

This class consists of workplaces predominantly engaged in smelting and/or refining iron ore or iron sands into basic iron products such as ingots, billets and slabs. Also included are workplaces predominantly engaged in manufacturing steel from iron alloyed with other elements (e.g. with carbon to produce carbon steel; with chromium to produce stainless steel); the conversion of basic iron and steel products (generally by hot or cold rolling) into primary shapes such as sheets, bars and rods; and recycling scrap ferrous metals.

Activities

Band, steel, manufacturing	Rail fastening or other rail accessory manufacturing
Bar, iron or steel, manufacturing	Rail, steel, manufacturing
Blank, steel, manufacturing	Roof decking, steel, manufacturing
Direct reduction iron (DRI) manufacturing	Section, steel, manufacturing
Ferro-alloy manufacturing (including, manganese, silicon or chrome)	Semi-finished product, iron or steel, manufacturing

Group 213 BASIC NON-FERROUS METAL MANUFACTURING**C21310 Alumina Production**

This class consists of workplaces predominantly engaged in refining bauxite to form alumina (aluminium oxide).

Activities

Alumina manufacturing	Calcined alumina manufacturing
Bauxite refining	

C21320 Aluminium Smelting

This class consists of workplaces predominantly engaged in smelting alumina to produce aluminium, or recovering aluminium from scrap. The aluminium is cast into basic shapes or may be cast according to customer specifications. Also included in this class are workplaces manufacturing aluminium alloys from primary aluminium smelted at the same workplace.

Activities

Aluminium alloys manufacturing from primary aluminium smelted at the same workplace	Aluminium from scrap recovery Aluminium smelting (from alumina) Electrolytic aluminium manufacturing
Aluminium casting	

Exclusions/References

Workplaces predominantly engaged in aluminium alloy manufacturing (except manufacturing from primary aluminium smelted at the same workplace) are included in class C21390 Other Basic Non-Ferrous Metal Manufacturing.

C21330 Copper, Silver, Lead and Zinc Smelting and Refining

This class consists of workplaces predominantly engaged in primary smelting or refining of copper, silver, lead or zinc (including the by-production of sulphuric acid in conjunction with the smelting of these metals) or in the recovery of these metals from waste or scrap. The metal is cast into ingots or other basic shapes.

Activities

Blister copper manufacturing	Lead smelting or refining
Copper smelting, refining	Silver-lead bullion manufacturing
Copper, silver, lead or zinc from scrap or waste material recovering	Silver smelting, refining Spelter manufacturing
Electrolytic copper manufacturing	Wirebar, copper, manufacturing
Electrolytic zinc manufacturing	Zinc smelting or refining

Exclusions/References

Workplaces predominantly engaged in mining but not smelting ores of copper, silver, lead or zinc are included in the appropriate classes of Group 080 Metal Ore Mining.

This class consists of workplaces predominantly engaged in primary smelting, secondary smelting and refining of other non-ferrous metals, or in the recovery of such metals from drosses, ashes, scrap or other waste material. The metal is cast into ingots or other basic shapes. This class also includes workplaces predominantly engaged in manufacturing non-ferrous metal powders or flakes of molybdenum, tantalum or tungsten.

Activities

Aluminium alloys manufacturing (except from primary aluminium smelted at the same workplace)	Nickel smelting or refining
Antimony, refined, manufacturing	Non-ferrous alloy manufacturing n.e.c.
Bismuth smelting or refining	Non-ferrous metal n.e.c. from waste material recovering
Bronze manufacturing	Non-ferrous metal n.e.c. refining
Can de-tinning	Rare earth metal smelting
Gold refining	Silicon smelting
Molybdenum metal powder or flake manufacturing	Solder manufacturing
Nickel oxide production in association with nickel smelting	Tantalum metal powder manufacturing
	Tin smelting
	Titanium smelting
	Welding rod manufacturing

Exclusions/References

Workplaces predominantly engaged in

- a) manufacturing sheet metal products for building purposes such as downpipes, guttering or ducts are included in class C22240 Metal Roof and Guttering Manufacturing (except Aluminium);
- b) rolling, drawing or extruding aluminium into basic aluminium products (e.g. pipes, rods, bars and tubes) are included in class C21420 Aluminium Rolling, Drawing, Extruding;
- c) manufacturing aluminium blinds or awnings are included in class C22990 Other Fabricated Metal Product Manufacturing n.e.c.;
- d) installing windows or window frames are included in class E32450 Glazing Services;
- e) manufacturing metal shop fronts, except aluminium, are included in class C22290 Other Structural Metal Product Manufacturing;
- f) assembly or installation of aluminium shop fronts manufactured by other workplaces are included in class E32390 Other Building Installation Services; and
- g) on-site fabrication of aluminium shop fronts are included in class E32390 Other Building Installation Services.

C22240 Metal Roof and Guttering Manufacturing (except Aluminium)

This class consists of workplaces predominantly engaged in manufacturing metal roofing components, including guttering, from sheet metal other than aluminium.

Activities

Guttering, metal, manufacturing (except aluminium)	Roofing, metal, manufacturing (except aluminium)
Roofing component, metal, manufacturing (except aluminium)	

Exclusions/References

Workplaces predominantly engaged in the manufacturing of aluminium roofing and guttering are included in class C22230 Architectural Aluminium Product Manufacturing.

C22290 Other Structural Metal Product Manufacturing

This class consists of workplaces predominantly engaged in manufacturing architectural steel, wrought iron or other metal (except aluminium) products such as window frames, doors, stairs or staircases, railings, gates, balustrades or ornamental partitions.

Activities

Architectural metal product manufacturing (except aluminium)	Fascia, metal, manufacturing (except aluminium)
Balcony, metal, manufacturing (except aluminium)	Fire escape, prefabricated metal, manufacturing (except aluminium)
Balustrade, metal, manufacturing (except aluminium)	Fly screen door, metal, manufacturing (except aluminium)

Group 223 METAL CONTAINER MANUFACTURING**C22310 Boiler, Tank and Other Heavy Gauge Metal Container Manufacturing**

This class consists of workplaces predominantly engaged in manufacturing boilers, tanks and other metal containers from heavy gauge metals.

Activities

Boiler, metal, manufacturing	Silo, metal, manufacturing
Farm storage tank, metal, manufacturing	Steam generating boiler manufacturing
Gas cylinder manufacturing	Steam superheater manufacturing
Metal vat or tank manufacturing	Storage tank, metal, manufacturing

Exclusions/References

Workplaces predominantly engaged in

- a) erection, installation (including on-site fabrication) or repair of heavy gauge containers in buildings or other structures are included in Division E - Construction;
- b) manufacturing metal containers (except boilers, tanks and other heavy gauge metal containers) are included in class C22390 Other Metal Container Manufacturing;

Nail manufacturing	Welded link chain manufacturing
Pin manufacturing (except metallic dowel pins)	Wire mesh manufacturing (except reinforcing mesh)
	Wire netting manufacturing
	Wire product manufacturing n.e.c.
	Woven wire product manufacturing (except mattress supports)

Exclusions/References

Workplaces predominantly engaged in

- a) manufacturing coiled steel rod for drawing into wire are included in class C21100 Iron Smelting and Steel Manufacturing;
- b) manufacturing upholstered mattress supports are included in class C25130 Mattress Manufacturing;
- c) manufacturing electric or telephone cable or wire are included in class C24310 Electric Cable and Wire Manufacturing; and
- d) manufacturing sprocket chain are included in class C22990 Other Fabricated Metal Product Manufacturing n.e.c.

C22920 Nut, Bolt, Screw and Rivet Manufacturing

This class consists of workplaces predominantly engaged in manufacturing metal nuts, bolts, screws, rivets, fasteners, metal washers or other precision turned metal items.

Activities

Dowel pin, metal, manufacturing	Rivet, metal, manufacturing
Expansion bolt, metal, manufacturing	Screw, metal, manufacturing
Machine screw, metal, manufacturing	Set screw, metal, manufacturing
Masonry anchor, metal, manufacturing	Turnbuckle, metal, manufacturing

This class also includes workplaces predominantly engaged in metal coating of non-metal products not elsewhere classified.

Activities

Abrasive blasting of metal for metal coating or finishing	Galvanising of client supplied materials
Anodising	Gold plating
Boron nitride coating of machine tool parts	Heat treating metal or metal products
Brass finishing or plating	Metal coating n.e.c.
Cadmium plating	Metal polishing or finishing
Chromium plating	Nickel plating
Copper plating	Painting of manufactured metal products
Enamelling of metal	Plastic coating of metal
Engraving on metal (except process or photographic)	Powder coating of metal and metal products
	Silver plating
	Vitreous enamelling

Exclusions/References

Workplaces predominantly engaged in abrasive blasting as part of repair or maintenance for construction are included in class E32990 Other Construction Services n.e.c.

C22990 Other Fabricated Metal Product Manufacturing n.e.c.

This class consists of workplaces predominantly engaged in manufacturing hand tools (except of wood, pneumatic or power operated), general hardware and other fabricated metal products not elsewhere classified.

Activities

Ammunition manufacturing	Garden tool manufacturing (except power operated)
Awning or blind, metal, manufacturing (including aluminium)	Grease gun manufacturing (except pneumatic or power operated)
Bathroom or toilet fittings, metal, manufacturing	Hand tool manufacturing (except pneumatic or power operated)
Blow torch manufacturing	Handbag frame, metal, manufacturing
Bottle or can opener manufacturing (except power operated)	Key manufacturing
Button, metal, manufacturing	Knife blank manufacturing
Clothes hoist manufacturing	Knife, hand held, manufacturing (except power operated)
Coupling, metal, manufacturing	Livestock yarding equipment, metal, manufacturing
Cutlery manufacturing (except of solid silver or gold)	Lock manufacturing
Door handle, metal, manufacturing	Machine knife or blades manufacturing
Drilling bit manufacturing (except twist drills)	Mast, aluminium, manufacturing
Fabricated metal product manufacturing n.e.c.	Pipe coil manufacturing
Fire sprinkler manufacturing	Pipe fittings, non-ferrous metal, manufacturing
Firearm manufacturing	Platwork n.e.c.
Fittings, steam, gas or water, manufacturing (non-ferrous metal)	Razor or razor blade manufacturing (except power operated)

- b) manufacturing electronic controlling, measuring or testing instruments or equipment are included in class C24190 Other Professional and Scientific Equipment Manufacturing.

C24190 Other Professional and Scientific Equipment Manufacturing

This class consists of workplaces predominantly engaged in manufacturing navigational, measuring or other professional and scientific equipment not elsewhere classified such as control or meteorological or surveying equipment or instruments, or specialised parts for such equipment.

Activities

Clock manufacturing	Parking meter manufacturing
Control equipment, electrical, manufacturing	Professional and scientific equipment manufacturing n.e.c.
Electricity and electric signal testing equipment manufacturing	Radar systems and equipment manufacturing
Electricity meter manufacturing	Radio remote control equipment manufacturing n.e.c.
Gas meter manufacturing	Signalling equipment, electrical, manufacturing n.e.c.

Amusement machine manufacturing	Ironing or pressing machinery, industrial, manufacturing
Bakery machinery manufacturing	Juice extractor, fruit or vegetable, commercial, manufacturing
Bottling machine, food or drink, manufacturing	Knitting machine, industrial, manufacturing
Can making or sealing machinery manufacturing (food or drink processing)	Laundry machinery, industrial, manufacturing
Canning machinery, food or drink, manufacturing	Moulding machine manufacturing n.e.c.
Carnival or fairground equipment, mechanical, manufacturing	Paper making machinery or equipment manufacturing
Cement making machinery manufacturing	Printing machinery or equipment manufacturing
Chemical processing machinery manufacturing	Sewing machine, industrial, manufacturing
Crushing machinery manufacturing (food processing)	Slicing machinery, food, manufacturing
Distilling equipment, beverage, manufacturing	Specialised machinery and equipment manufacturing n.e.c.
Dry-cleaning machinery manufacturing	Textile working machinery manufacturing
Filter manufacturing (food processing machinery)	Toaster, commercial electric, manufacturing
Flour milling machinery manufacturing	Tyre retreading or repairing machinery manufacturing
Food packing machinery manufacturing	Vacuum cleaner, commercial, manufacturing
Food processing machinery, commercial, manufacturing	

Exclusions/References

Workplaces predominantly engaged in

- a) repairing specialised machinery and equipment are included in class S94290 Other Machinery and Equipment Repair and Maintenance;
- b) manufacturing domestic appliances are included in the appropriate classes in Group 244 Domestic Appliance Manufacturing;
- c) manufacturing woodworking or metal working machinery or equipment are included in class C24630 Machine Tool and Parts Manufacturing; and
- d) manufacturing industrial machinery and equipment not elsewhere classified are included in class C24990 Other Machinery and Equipment Manufacturing n.e.c.

Group 249 OTHER MACHINERY AND EQUIPMENT MANUFACTURING**C24910 Lifting and Material Handling Equipment Manufacturing**

This class consists of workplaces predominantly engaged in manufacturing forklift trucks, cranes, winches, hoists or hoisting equipment, conveyors or conveying systems, materials handling equipment not elsewhere classified, or specialised parts for such equipment. This class also includes workplaces predominantly engaged in manufacturing elevators, escalators or lifts, or in manufacturing tractors not elsewhere classified.

SCHEDULE 1 - *continued***Subdivision 25 - FURNITURE AND OTHER MANUFACTURING**

Group Class	Title And Description
-------------	-----------------------

Group 251 FURNITURE MANUFACTURING**C25110 Wooden Furniture and Upholstered Seat Manufacturing**

This class consists of workplaces predominantly engaged in manufacturing furniture of wood or predominantly of wood (except custom-made built-in furniture), complete upholstered seating with wooden or metal frames (including seats convertible into beds) or in upholstering wooden furniture. This class also includes workplaces predominantly engaged in manufacturing upholstered seats with frames of any material for transport equipment.

Activities

Bedroom suite, wooden, manufacturing	Furniture part, wooden, manufacturing
Chair manufacturing (except dental chairs fitted with mechanical devices)	Furniture reupholstering
Dining room furniture, wooden, manufacturing	Lounge suite manufacturing
Disassembled furniture, wooden, manufacturing	Office furniture, wooden, manufacturing
Disassembled kitchen furniture, wooden, manufacturing	Outdoor furniture, wooden, manufacturing
Finishing or French polishing, wooden furniture (except restoration)	Seat, upholstered, manufacturing
	Table, wooden, manufacturing
	Upholstered furniture manufacturing
	Wooden stage or film set scenery, props or furniture manufacturing

Exclusions/References

Workplaces predominantly engaged in

- manufacturing custom made built-in furniture or shop fronts made of wood or joinery n.e.c. are included in class C14920 Wooden Structural Fitting and Component Manufacturing;
- manufacturing furniture predominantly of metal, including sheet metal and tubular metal, are included in class C25120 Metal Furniture Manufacturing;
- manufacturing dental chairs fitted with mechanical devices are included in class C24120 Medical and Surgical Equipment Manufacturing;
- restorative finishing or French polishing of furniture are included in class S94990 Other Repair and Maintenance n.e.c.; and
- on-site fabrication of built-in furniture or other joinery are included in class E32420 Carpentry Services.

C25120 Metal Furniture Manufacturing

This class consists of workplaces predominantly engaged in manufacturing furniture, storage structures, shelving, or parts of furniture predominantly of metal, including sheet metal, tubular metal or other forms of metal.

Activities

Cabinet, metal, manufacturing	Furniture part, metal, manufacturing
Cabinet, radio, radiogram or television, manufacturing (metal framed)	Metal furniture manufacturing n.e.c.
Disassembled furniture, metal, manufacturing	Metal stage or film set scenery, props or furniture manufacturing
Filing cabinet, metal, manufacturing	Screen partition, metal, manufacturing

Activities

Bed base, upholstered, manufacturing	Mattress, plastic, rubber, latex or sponge,
Inner spring mattress manufacturing	manufacturing
Mattress support manufacturing	Mattress, upholstered, manufacturing
	Water mattress manufacturing

Exclusions/References

Workplaces predominantly engaged in

- a) manufacturing wire mattress supports (not upholstered), link mesh or wire spring are included in class C22910 Spring and Wire Product Manufacturing;
- b) manufacturing rubber mattress protectors, pillows or cushions are included in class C19200 Natural Rubber Product Manufacturing; and
- c) manufacturing textile (natural or synthetic) mattress protectors, pillows or cushions are included in class C13330 Cut and Sewn Textile Product Manufacturing.

C25190 Other Furniture Manufacturing

This class consists of workplaces predominantly engaged in manufacturing furniture or parts of furniture from materials not elsewhere classified such as cane, bamboo or rattan.

Activities

Bamboo furniture manufacturing	Rattan furniture manufacturing
Cane furniture manufacturing	Stage or film set scenery, props or
Fibreglass furniture manufacturing	furniture manufacturing (except wooden
Furniture manufacturing n.e.c.	or metal)
Furniture part manufacturing n.e.c.

This class also includes workplaces predominantly engaged in manufacturing custom-made or costume jewellery, trophies, badges or medals, or minting coins.

Activities

Badge manufacturing n.e.c.	Goldsmithing
Coin minting	Lapidary work
Costume jewellery manufacturing	Medal manufacturing
Custom-made jewellery manufacturing	Silverware manufacturing
Diamond cutting	Trophy manufacturing
Gem cutting	

Exclusions/References

Workplaces predominantly engaged in

- a) the production of pearls are included in class A02010 Offshore Longline and Rack Aquaculture;
- b) cutting and polishing headstones and monumental stone are included in class C20900 Other Non-Metallic Mineral Product Manufacturing;
- c) engraving, polishing, treating or plating are included in class C22930 Metal Coating and Finishing;
- d) manufacturing silver or gold plated cutlery are included in class C22990 Other Fabricated Metal Product Manufacturing n.e.c.; and
- e) manufacturing watches, clocks or other timing instruments are included in class C24190 Other Professional and Scientific Equipment Manufacturing.

C25920 Toy, Sporting and Recreational Product Manufacturing

This class consists of workplaces predominantly engaged in manufacturing toys made from all materials except fur or leather and sporting or recreational products (except vehicles, clothing and footwear).

Activities

Archery equipment manufacturing	Playground equipment manufacturing
Billiard, snooker or pool table and equipment manufacturing	Sailboard manufacturing
Cricket set manufacturing	Skateboard manufacturing
Fishing tackle manufacturing	Sports equipment manufacturing n.e.c.
Hang glider manufacturing	Surfboard manufacturing
Kickboards, swimming, manufacturing	Toy manufacturing (except fur or leather)
Lawn bowls equipment manufacturing	Tricycle manufacturing
	Weight training equipment manufacturing

Exclusions/References

Workplaces predominantly engaged in

- a) manufacturing wet suits, life jackets, rucksacks, sports clothing or sports footwear are included in the appropriate classes of subdivision 13 Textile, Leather, Clothing and Footwear Manufacturing;
- b) manufacturing golf buggies or bicycles are included in class C23990 Other Transport Equipment Manufacturing n.e.c.;

*WorkCover Premiums Order (No. 23) 2015/2016***Sch. 1**SCHEDULE 1 - *continued***DIVISION D - ELECTRICITY, GAS, WATER AND WASTE SERVICES****INTRODUCTION**

1. The Electricity, Gas, Water and Waste Services Division includes workplaces predominantly engaged in the supply of electricity, gas through mains systems, water, drainage, and sewage services. This Division also includes workplaces predominantly engaged in the collection, treatment and disposal of waste materials, remediation of contaminated materials (including land), and materials recovery activities.
2. Electricity supply activities include:
 - a) generation, transmission and distribution of electricity; and
 - b) on-selling of electricity via power distribution systems operated by other entities.
3. Gas supply includes the distribution of gas, such as natural gas or liquefied petroleum gas (LPG), through mains systems.
4. Water supply activities include:
 - a) storage, treatment and distribution of water;
 - b) drainage services which include the operation of drainage systems; and
 - c) sewage services which include the collection, treatment and disposal of waste through sewer systems and sewage treatment facilities.

Exclusions

5. Workplaces excluded from this Division include workplaces predominantly engaged in the following activities:
 - a) construction, repair and maintenance of water, gas, sewerage or stormwater drains or mains, electricity or other transmission lines or towers, pipelines, or any other civil engineering projects (these workplaces are included in Division E - Construction);
 - b) trade services such as the installation of electrical wiring or fittings in buildings or other construction projects, or plumbing services (these workplaces are included in Division E - Construction, Group 323 Building Installation Services);
 - c) physical or chemical transformation of materials, substances or components recovered from waste and scrap into different products (these workplaces are included in Division C - Manufacturing); and
 - d) providing waste management consultancy services (these workplaces are included in class M69620 Management Advice and Related Consulting Services).

Subdivisions

6. This division contains the following subdivisions:
 - 26 – Electricity Supply
 - 27 – Gas Supply
 - 28 – Water Supply, Sewerage and Drainage Services
 - 29 – Waste Collection, Treatment and Disposal Services

Group 261 ELECTRICITY GENERATION**D26110 Fossil Fuel Electricity Generation**

This class consists of workplaces predominantly engaged in the generation of electricity using mineral or fossil fuels (e.g. coal or coal derived products, mineral gases, mineral oil or mineral oil derived products) in internal combustion or combustion-turbine conventional steam processes.

Activities

Electricity generation using coal or coal derived products	Electricity generation using mineral oil or mineral oil derived products
Electricity generation using mineral gas including coal gas	Electricity generation using other mineral fuels

Exclusions/References

Workplaces predominantly engaged in

- a) electricity generation using biomass gaseous products such as methane generated from waste products/vegetation are included in class D26190 Other Electricity Generation; and
- b) the construction, repair and maintenance of electricity transmission or distribution lines or electricity transmission towers (and other transmission lines and towers) are included in class E31090 Other Heavy and Civil Engineering Construction.

D26120 Hydro-Electricity Generation

This class consists of workplaces predominantly engaged in the generation of electricity using hydro-electric generation processes. Workplaces that use pumped hydro storage generation processes are included.

Activities

Hydro-electricity generation

Exclusions/References

Workplaces predominantly engaged in

- a) electricity generation using tidal generation processes are included in class D26190 Other Electricity Generation; and
- b) the construction, repair and maintenance of electricity transmission or distribution lines or electricity transmission towers (and other transmission lines and towers) are included in class E31090 Other Heavy and Civil Engineering Construction.

D26190 Other Electricity Generation

This class consists of workplaces predominantly engaged in the generation of electricity using wind, solar, tidal, biomass not elsewhere classified and other methods of electricity generation not elsewhere classified.

Activities

Biomass electricity generation n.e.c.	Solar electricity generation
Electricity generation n.e.c.	Tidal electricity generation
Geothermal electricity generation	Wind electricity generation

Sch. 1**WorkCover Premiums Order (No. 23) 2015/2016**SCHEDULE 1 - *continued***DIVISION E - CONSTRUCTION****INTRODUCTION**

1. The Construction Division includes workplaces predominantly engaged in the construction of buildings and other structures and in additions, alterations, reconstruction, installation, and maintenance and repairs of buildings and other structures.
2. Workplaces engaged in demolition or wrecking of buildings and other structures and clearing of building sites are included in this Division. This Division also includes workplaces engaged in blasting, test drilling, levelling, earthmoving, excavating, land drainage and other land preparation.
3. This Division also includes workplaces predominantly engaged in specialised trade services, that is, activities undertaken to produce a specific component of a construction project that require specialised skills or equipment including (but not limited to) carpentry, bricklaying, concreting, plumbing, plastering, roofing and glazing.
4. Workplaces predominantly engaged in managing or organising construction activities and/or construction projects or parts of such projects (i.e. workplaces predominantly engaged in construction project management) are included in the appropriate classes in this Division. These activities may be provided at the site of construction or from elsewhere with some or all of the construction activities being undertaken by other workplaces of the employer, members of the same *group or arm's length entities.

Example

A workplace that organises the financial, physical and technical resources necessary to construct apartment buildings, where the employer as principal purchases land, contracts arm's length entities to undertake all construction and project management activities, and on-sells the completed apartment buildings, is classified to class E30190 Other Residential Building Construction.

Definitions

5. In this Division:

land subdivision means the division of airspace, buildings and/or land into two or more parts which can be sold separately.

Exclusions

6. Workplaces excluded from this Division include workplaces predominantly engaged in providing architectural services, engineering design or engineering consulting services even though they may provide technical services during construction or installation activities (these workplaces are included in Division M - Professional, Scientific and Technical Services).

Cross-references

7. Refer to the General Introduction for rules about:
 - a) Installation
 - b) Repair and Maintenance

This class consists of workplaces predominantly engaged in:

- (a) the construction of houses (except semi-detached houses) or in carrying out alterations, additions, maintenance, renovations or repairs to houses; or
- (b) managing or organising these activities.

Activities

Construction project management for house construction	House construction, alteration or renovation
Garage construction	House, prefabricated, assembly, erection or installation (on-site)

Exclusions/References

Workplaces predominantly engaged in

- a) off-site production of prefabricated buildings or building components are included in the appropriate classes of Group 222 Structural Metal Product Manufacturing;
- b) providing special trade repair services such as electrical or plumbing repairs are included in the appropriate classes of Group 323 Building Installation Services;
- c) providing architectural services are included in class M69210 Architectural Services; and
- d) providing engineering design or engineering consulting services are included in class M69230 Engineering Design and Engineering Consulting Services.

E30190 Other Residential Building Construction

This class consists of workplaces predominantly engaged in:

- (a) the construction of residential buildings (except free-standing houses) or in carrying out alterations, additions, maintenance, renovations or repairs to such buildings; or
- (b) managing or organising these activities.

Activities

Apartment construction	High-rise flat construction
Construction project management for residential building construction	Renovation or alteration of residential building (except free-standing houses)
Duplex house construction	n.e.c.
Flat construction	Semi-detached house construction

Exclusions/References

Sch. 1**WorkCover Premiums Order (No. 23) 2015/2016****SCHEDULE 1 - continued****DIVISION F - WHOLESALE TRADE****INTRODUCTION**

1. The Wholesale Trade Division includes workplaces predominantly engaged in the purchasing and onselling, commission-based buying, and/or commission-based selling of finished goods, without significant transformation, to or on behalf of businesses.

Nature of workplaces engaged in wholesale trade

2. Workplaces included in the Wholesale Trade Division generally have the following features:
 - a) premises are usually a warehouse or office;
 - b) little or no display of goods;
 - c) large storage facilities;
 - d) not generally located or designed to attract a high proportion of walk-in customers;
 - e) high value and/or bulk volume transactions; and
 - f) customers are generally reached through trade-specific contacts.
3. The Wholesale Trade Division distinguishes between two types of wholesalers:
 - a) wholesalers who have, hold or take title to and physically handle the goods they sell, including import/export merchants; and
 - b) wholesalers who do not have, hold or take title to the goods they sell and do not physically handle the goods and whose *predominant activity is:
 - i. the commission-based buying and/or the commission-based selling of goods;
 - ii. acting as wholesale agents or brokers;
 - iii. operating a business to business electronic market;
 - iv. arranging the sale of goods on behalf of one or more principals for a commission or fee;
or
 - v. the provision of auction services (except real estate auctioning) to business and the general public.

Classification Rule: Non-store wholesalers

4. Workplaces predominantly engaged in purchasing and onselling goods that use non-store wholesaling to business (including the internet) are included in this Division.

Exclusions

5. Workplaces excluded from this Division include workplaces predominantly engaged in providing warehousing and storage services (these workplaces are included in the appropriate classes of Group 53 Warehousing and Storage Services in Division I - Transport, Postal and Warehousing).
6. Workplaces excluded from this Division include workplaces predominantly engaged in buying or marketing goods for use by other workplaces of the employer or one or more members of the same *group as the employer, whether those other workplaces are in the same industry or different industries (these workplaces are classified according to the predominant industry of the workplaces to which they provide these services).

Cross-references

7. Refer to the General Introduction for rules about the distinction between workplaces that produce or manufacture products and workplaces engaged in wholesale trade.

* This term is defined in clause 5(2)

*WorkCover Premiums Order (No. 23) 2015/2016***Sch. 1**SCHEDULE 1 - *continued***DIVISION G - RETAIL TRADE****INTRODUCTION**

1. The Retail Trade Division includes workplaces predominantly engaged in the purchasing and onselling, commission-based buying, and/or commission-based selling of finished goods, without significant transformation, to or on behalf of the general public.

Nature of workplaces engaged in retail trade

2. Workplaces included in the Retail Trade Division generally:
 - a) operate from premises located and designed to attract a high volume of walk-in customers;
 - b) have an extensive display of goods; and/or
 - c) use advertising designed to attract customers from the general public.
3. The display and advertising of goods by a workplace included in the Retail Trade Division may be physical or electronic. Physical display and advertising includes shops, printed catalogues, billboards and print advertisements. Electronic display and advertising includes catalogues, internet websites, television and radio advertisements and infomercials.

Classification Rule: Non-store retailers

4. Workplaces predominantly engaged in purchasing and onselling goods to the general public that use non-store retailing, including the internet, are included in the Retail Trade Division. Workplaces predominantly engaged in internet retailing (other than internet auctions) are classified to class G43100 Non-Store Retailing. Workplaces predominantly engaged in purchasing and onselling goods to the general public that use non-store retailing, including the internet, that have a shopfront or physical retail presence are classified to a retail class other than G43100 Non-Store Retailing even if non-store retailing is the *predominant activity.

Classification Issue: Retailing meat, fish or poultry**Issue**

5. Notwithstanding that workplaces predominantly engaged in selling meat, fish or poultry to the general public may sell products that involve significant transformation, they have the characteristics of a retailer. This raises the issue of the correct classification of such workplaces.

Rule

6. Workplaces predominantly engaged in selling fresh meat, fish or poultry to the general public are deemed to be predominantly engaged in buying finished goods and onselling them without significant transformation and are classified to this Division.

Example

A workplace that is a retail butcher, predominantly engaged in selling meat to the general public may cut meat carcasses into smaller cuts for sale and make hamburgers and sausages at the workplace. Notwithstanding that significant transformation of the goods occurs, the butcher is deemed to be engaged in buying and onselling goods without significant transformation and is classified to this Division, and not to manufacturing.

* This term is defined in clause 5(2)

Sch. 1*WorkCover Premiums Order (No. 23) 2015/2016*SCHEDULE 1 - *continued***Classification Issue: Commission-based retailing**

7. Some workplaces are predominantly engaged in commission-based retailing - that is, they sell goods to the general public on a commission basis. These workplaces have different activities from non-commission-based retail workplaces. This raises the issue of the correct classification of such workplaces.

Rule

8. Workplaces predominantly engaged in commission-based retailing of goods to the general public are classified to class G43200 Retail Commission-Based Buying and/or Selling in this Division.

Exclusions

9. Workplaces excluded from this Division include workplaces predominantly engaged in the following activities:
- a) providing an auction service to business or the general public (including electronic auctions, excluding real estate auctions) (these workplaces are included in class F38000 Commission-Based Wholesaling);
 - b) providing a real estate auction service (these workplaces are included in class L67200 Real Estate Services);
 - c) repairing a range of machinery, electronic equipment, clothing and footwear (these workplaces are included in the relevant class of Division S - Other Services);
 - d) rental or hiring of cars, machinery, video media, furniture etc. (these workplaces are included in the relevant class of Division L - Rental, Hiring and Real Estate Services);
 - e) operating cafes, restaurants and takeaway food services (these workplaces are included in the relevant classes of Division H - Accommodation and Food Services); and
 - f) motor cycle or motor vehicle dismantling (these workplaces are included in class F35050 Motor Vehicle Dismantling and Used Parts Wholesaling).
10. Some products are typically consumed by business rather than the general public and can be sold either to the general public or to other businesses. However, because of their nature, workplaces predominantly engaged in selling these products are excluded from this Division and are always included in the relevant class of Division F - Wholesale Trade.

Examples

Examples of such workplaces are workplaces predominantly engaged in the sale of the following products:

- a) agricultural, construction, earthmoving, excavation, industrial, forestry, mining, professional, or scientific equipment or machinery;
- b) agricultural or industrial chemicals;
- c) commercial vehicles;
- d) metal scrap or non-metal waste or scrap;
- e) office furniture;
- f) used chemicals or used cooking oil;
- g) used glass, metal or plastic containers; and
- h) wool or cereal grains.

Sch. 1**WorkCover Premiums Order (No. 23) 2015/2016****SCHEDULE 1 - continued****DIVISION J - INFORMATION MEDIA AND TELECOMMUNICATIONS****INTRODUCTION**

1. The Information Media and Telecommunications Division includes workplaces predominantly engaged in:
 - a) creating, enhancing and storing information products in media that allows for their dissemination;
 - b) transmitting information products using analogue and digital signals (via electronic, wireless, optical and other means); and
 - c) providing transmission services and/or operating the infrastructure to enable the transmission and storage of information and information products.

Definitions

2. **Publishing** means:
 - a) the creation and dissemination of information; and/or
 - b) owning or having a claim on a copyright and permitting other arm's length entities to use it in exchange for consideration is regarded as a publishing activity.

Classification Issue: Information products**Issue**

3. Information products are products that are not tangible, and, unlike traditional goods, are not associated with a particular form. The value of information products is in their content rather than in the format in which they are distributed. Such products do not usually involve direct contact between the supplier/producer and the consumer, which distinguishes them from distribution activities included in the Wholesale Trade and Retail Trade Divisions. This raises the issue of the correct classification of such workplaces engaged in creating, enhancing and disseminating information products.

Rule

4. Workplaces predominantly engaged in producing, enhancing and disseminating information products are included in this Division, rather than in Division C - Manufacturing, Division - F Wholesale Trade or Division G - Retail Trade.

Example

A movie is an information product. It can be screened at a cinema, telecast on television or copied to video for sale or rental. Its value is in its content, not in the format in which it is distributed. Workplaces predominantly engaged in producing, enhancing or disseminating movies are included in this Division.

Classification Issue: Workplaces that own copyright and distribution rights**Issue**

5. Some workplaces own copyright and distribution rights but do not distribute the works to which they own the rights. This raises the issue of the correct classification of such workplaces.

Rule

6. Workplaces that own copyright and distribution rights are included in this Division, whether or not they distribute the works.

*WorkCover Premiums Order (No. 23) 2015/2016***Sch. 1**SCHEDULE 1 - *continued****Exclusions***

7. Workplaces excluded from this Division include workplaces predominantly engaged in the following activities:
- a) the duplication or reproduction of information products such as printing newspapers, compact discs (CDs), digital versatile discs (DVDs), etc. (these workplaces are included in Division C - Manufacturing);
 - b) purchasing and on-selling information products in their tangible form (these workplaces are included in Division F - Wholesale Trade or Division G - Retail Trade);
 - c) providing specialised computer services such as programming and systems design services, graphic design services and advertising services, as well as gathering, tabulating and presenting marketing and opinion data (these workplaces are included in Division M - Professional, Scientific and Technical Services);
 - d) providing a range of creative artistic activities such as the creation of an artistic original (e.g. a painting), or the provision of a live musical performance by a group or artist (these workplaces are included in Division R - Arts and Recreation Services); and

Classification Issue: Labour hire services**Issue**

4. Some employers are predominantly engaged in *labour hire, that is supplying workers to *labour hire clients. Employers predominantly engaged in supplying labour hire will generally have an *actual workplace from which the labour hire business is administered and *imputed workplaces that are classified according to the *predominant activity of the place where workers of the employer work. This raises the question of the correct classification of these workplaces.

Rule

The employer's actual workplace, that is predominantly engaged in administering the labour hire business, will be classified in this Division.

The employer's imputed workplaces, where the workers of the employer work, will be classified according to the predominant activity at the imputed workplace.

Classification Rule: Packaging

5. All contract packaging is classified to class N73200 Packaging Services, regardless of the commodity being packed. The packaging of the goods can be in a variety of containers and include labelling and/or imprinting on the package. This includes packing fresh fruit and vegetables, groceries and crating goods for transport.

Cross-references

6. Refer to the General Introduction for rules about internal management and office administration (including the provision of buying and marketing services).

1. The Education and Training Division includes workplaces predominantly engaged in the provision of and support for education and training. Education and training services are delivered by teachers or instructors who explain, tell or demonstrate a wide variety of subjects. The labour inputs of teachers and instructors, and their subject matter, knowledge and teaching expertise, uniquely distinguishes this industry from other industries.
2. Education and training may be provided in a range of settings, such as educational institutions, the workplace, or the home. Instruction may be delivered through face-to-face interaction between teachers/instructors and students, and/or by other means and mediums of delivery, for example by correspondence, radio, television or the internet.
3. A workplace predominantly engaged in the provision of and/or support for education and training will be classified to this Division regardless of whether:
 - a) it is privately owned and operated (private sector education) or publicly owned and operated (non-private sector education); and/or
 - b) the provision of or support for education and training is for profit or not for profit.
4. Education support services include a range of support services which assist in the provision of education, such as curriculum setting and examination marking.

Exclusions

5. Workplaces excluded from this Division include workplaces predominantly engaged in the training of animals (e.g. dog obedience training, horse training). Workplaces predominantly engaged in dog or horse racing training are included in Division R - Arts and Recreation Services. Workplaces predominantly engaged in other forms of animal training are included in Division S - Other Services.
