VICTORIAN FARES AND TICKETING MANUAL

(effective 1 January 2017)

#### **CHAPTER 1: LEGAL STATUS**

#### LEGAL STATUS AND APPLICATION

The contents of this manual set out conditions that have been determined under section 220D(1) of the **Transport (Compliance and Miscellaneous) Act 1983**, except for:

- the contents of Chapters 1 to 15 and 17 and 18 that are in green text;
- the contents of Chapter 16.

The conditions in this manual (the Conditions) take effect from and including 1 January 2017.

The Conditions, as in force from time to time, apply to the classes of tickets specified below as set out throughout the manual and govern the entitlement to use the public transport services specified in the Conditions in respect of which those tickets are issued.

In the immediately preceding paragraph, 'entitlement' means an entitlement that is able to be exercised on or after the commencement of the conditions in this manual, including an entitlement that existed, but had not been exercised, before the conditions in this manual were published in the Government Gazette.

The classes of tickets referred to above are:

- mvkis:
- V/Line tickets;
- Regional Bus Tickets;
- Day Passes;
- Student Passes:
- Free Passes and authorities.

Public transport operators must make a copy of this manual available for inspection at their principal office. Copies are available for sale to the public for \$5 at the PTV Hubs at Southern Cross Station and 750 Collins Street, Docklands.

The manual and updates may be downloaded from ptv.vic.gov.au/tickets.

S 401

#### **CHAPTER 2: TICKETING IN VICTORIA**

#### TICKETING IN VICTORIA

#### Introduction

Ticketing in Victoria depends on which service a customer uses:

- myki metropolitan trains, trams and buses, bus route number 684, V/Line commuter trains, V/Line Night Coach network services, V/Line parallel coach services and some regional town buses:
- V/Line paper tickets V/Line coach and long distance train services;
- Day Passes metropolitan trains, trams and buses and some regional town buses;
- Regional Bus Tickets some regional town buses.

Concession eligibility is consistent across all public transport services.

#### myki

A myki is a smartcard that works like an electronic purse, which can be used to pay for travel on public transport including metropolitan bus, tram and train services, V/Line commuter train services and myki enabled regional town bus services.

mykis suit regular or sporadic travellers. The best option for regular commuters is to purchase a myki Pass for 7 or between 28 and 365 consecutive days. Less frequent travellers can use myki Money for one-off trips.

# Metropolitan

Metropolitan Melbourne consists of two zones. Within these zones, mykis can be used to pay for travel on trains, buses or trams.

#### V/Line commuter trains

mykis are valid for travel by train between metropolitan Melbourne and:

- Wendouree;
- Eaglehawk;
- Epsom;
- Seymour;
- Traralgon;
- Waurn Ponds.

## Regional bus

Many regional town buses use mykis. More information about these services is detailed in Chapter 9.

## Combining myki and V/Line tickets

Customers with a myki Pass, who want to travel beyond their pass zone, but still within a myki zone can use myki Money for the additional zones.

If customers travel beyond the myki zones boundary and have a myki Pass, a V/Line ticket will need to be purchased to cover the journey between the last station in a zone for which the myki Pass is valid and their destination.

The combination of myki Money and a V/Line ticket cannot be used as there is no facility to touch on or touch off in the non-myki area.

#### Non-myki – regional town bus

Some regional town buses do not accept myki. Paper tickets must be purchased from the driver to have a valid ticket for travel on these services.

#### **FARES**

A customer who undertakes a journey in a passenger vehicle, or makes an entry to a designated area, for which a fare is required, must pay at least the correct fare in accordance with the conditions contained in this manual for the travel in a passenger vehicle that consists of or includes the journey or for the entry.

If a customer uses myki Money to pay the fare for the whole or part of a journey or for an entry to a designated area, but does not touch off the myki in accordance with the conditions contained in Chapter 8, and a default fare referred to in Chapter 8 is charged, the default fare is deemed to be the correct fare for the journey or part or for the entry, subject to any applicable concession entitlements or daily caps.

# **DESIGNATED AREAS**

The correct fare for travel in a passenger vehicle in a zone or to, from or through a location, at a particular time is deemed to be the correct fare for an entry to a designated area in that zone, or at that location, at that time.

If a ticket is valid for travel in a passenger vehicle in a zone or to, from or through a location, at a particular time, the ticket is valid for an entry to a designated area in that zone, or at that location, at that time.

# VALIDITY OF TICKETS

#### myki

A myki is valid for a journey in a passenger vehicle or an entry to a designated area:

- (a) if the myki has been touched on and touched off in accordance with the conditions contained in Chapter 8; and
- (b) if the myki is being used for a journey in more than two zones, there is recorded on the myki a myki Pass, or a myki Money balance, or a combination of these, in accordance with the applicable conditions set out under the heading 'Minimum requirements for travel' in Chapter 8; and
- (c) if the myki is a concession ticket, it either itself constitutes, or is accompanied by, evidence of a current concession entitlement to rely on that ticket; and
- (d) if the myki is used in accordance with all other conditions for its use.

Despite subparagraph (a) of the immediately preceding paragraph, if a myki has been touched on but has not yet been touched off, and if the myki otherwise complies with the requirements of that paragraph, the myki is to be treated as valid for the relevant journey or entry until such time as the obligation to touch off the myki arises.

Despite the immediately preceding two paragraphs, a myki is not invalid for a journey in a passenger vehicle or an entry to a designated area solely because the myki was not touched off in accordance with the conditions contained in Chapter 8 if:

- (a) the myki was touched on for that journey or entry in accordance with those conditions; and
- (b) after the myki was touched on, there was recorded on the myki either:
  - (i) a myki Pass or other product that authorised that journey or entry; or
  - (ii) a default fare at least equal to the correct fare for that journey or entry.

# **Day Pass**

A Day Pass is valid for a journey in a passenger vehicle or an entry to a designated area if:

- (a) the Day Pass has been hole punched in accordance with the conditions contained in Chapter 12 under the heading 'Day Pass'; and
- (b) the journey or entry is on the day the date of which has been hole punched on the Day Pass; and
- (c) the Day Pass is used in accordance with all other conditions for its use.

#### Other tickets

A ticket (other than a myki or a Day Pass) is valid for a journey in a passenger vehicle or an entry to a designated area if:

S 401

- (a) any fare for the journey or entry has been paid; and
- (b) the whole of the journey or the entry is authorised on the face of the ticket; and
- (c) in the case of a concession ticket, it either itself constitutes, or is accompanied by, evidence of a current concession entitlement to rely on that ticket; and
- (d) it is used in accordance with all other conditions for its use applicable in respect of that class of ticket.

# USE OF TICKETS

The conditions in the paragraphs under this heading set out who, subject to compliance with all other applicable conditions in this manual, is entitled to use a ticket for a journey or an entry to a designated area. A ticket that is used for a journey or an entry to a designated area in contravention of those conditions is invalid for that journey or entry.

# myki

If a myki has been issued with a free travel pass loaded on it, only the person in respect of whom the myki was issued is entitled to use it for a journey or an entry to a designated area.

If a registered myki (other than a myki issued with a free pass loaded on it) does not have a myki Pass loaded on it, only –

- (a) the person who is registered as the cardholder in respect of the myki; and
- (b) any other person who has the consent of the person registered as the account holder in respect of the myki –

is entitled to use the myki for a journey or an entry to a designated area.

If a registered myki (other than a myki issued with a free pass loaded on it) does have a myki Pass loaded on it, only whichever of –

- (a) the person who is registered as the cardholder in respect of the myki; or
- (b) another person who has the consent of the person registered as the account holder in respect of the myki –

who first uses the myki for a journey or an entry to a designated area so as to activate the pass is entitled to use the myki for that journey or entry to a designated area and any subsequent journey or entry to a designated area authorised by the myki while the myki Pass is loaded on it.

If a myki that is not registered has a myki Pass loaded on it, only the person who first uses the myki for a journey or an entry to a designated area so as to activate the pass is entitled to use the myki for that journey or entry to a designated area and any subsequent journey or entry to a designated area authorised by the myki while the myki Pass is loaded on it.

If a myki that is not registered does not have a myki Pass loaded, any person lawfully in possession of the myki may use it for a journey or an entry to a designated area.

A myki may be used by more than one person but must be used by only one such person for the whole of any journey and any related entries to a designated area or for the whole of any other entry to a designated area.

#### **Day Pass**

A Day Pass may only be used by the person for whom it is issued.

## Other tickets

Unless otherwise specified in another chapter in this manual, only the person who first uses a ticket (other than a myki or a Day Pass) for a journey or an entry to a designated area is entitled to use that ticket for that journey or entry and any subsequent journey or entry to a designated area authorised by the ticket.

## Damaged tickets and concessions

A ticket is invalid if:

- (a) it has been altered, defaced or mutilated in any material particular; or
- (b) it becomes, or has been made, illegible in any material particular; or
- (c) information stored in or on the ticket in an electronic chip has been altered or destroyed or made inaccessible in any material particular.

Evidence of a concession entitlement is invalid if the card or other document which constitutes that evidence (other than a ticket):

- (a) has been altered, defaced or mutilated in any material particular; or
- (b) becomes, or has been made, illegible in any material particular.

## V/LINE PICK UP AND SET DOWN RESTRICTIONS

A customer may only board a V/Line train at a metropolitan railway station if the V/Line train service ends at a railway station that is not a metropolitan railway station.

A customer may only alight from a V/Line train at a metropolitan railway station if the V/Line train service ends at a railway station that is a metropolitan railway station or with the permission of an authorised person.

If a customer boards, or alights from, a V/Line train at a metropolitan railway station in contravention of either of the two immediately preceding paragraphs, any ticket held by the customer is not, or ceases to be, valid for the customer's journey that consists of, or includes, the customer's travel in that V/Line train or for any entry to a designated area associated with that journey.

In the three immediately preceding paragraphs, 'metropolitan railway station' means a railway station shown on the Melbourne Train Network Map in Chapter 9 (other than Ardeer, Caroline Springs, Deer Park, Rockbank, Melton, Sunbury and Pakenham railway stations).

Failure to comply with the above restrictions may constitute an offence against the Transport (Compliance and Miscellaneous) (Conduct on Public Transport) Regulations 2015.

In addition to the above restrictions, V/Line may impose pick up and set down restrictions at other railway stations, including the railway stations excluded from the definition of 'metropolitan railway station' above. Failure to comply with these restrictions may also constitute an offence against the Transport (Compliance and Miscellaneous) (Conduct on Public Transport) Regulations 2015.

#### UNACCOMPANIED CHILDREN

Parents and guardians are responsible for the safety of children travelling alone on metropolitan and regional services. Public transport staff cannot accept responsibility for unaccompanied children.

On V/Line services, children under 10 years old cannot travel alone. They must travel with a responsible person, except when travelling with other children to and from school. In circumstances where a child under 10 years of age is found travelling alone, V/Line staff or coach drivers will escort the child to the next staffed V/Line station and transfer them to station staff who will contact the police to have the child returned to their parent or guardian.

Children aged 10–15 years may travel alone on V/Line services but the sole responsibility for the safety of the child remains with the parent or guardian who has care of the child.

#### OWNERSHIP OF TICKETS

A ticket issued by or on behalf of an operator remains the property of the operator at all times. A ticket issued by or on behalf of the Public Transport Ticketing Body or Public Transport Victoria is and remains the property of Public Transport Victoria.

#### DELAYED/DISRUPTED/REPLACED SERVICES

When replacement vehicles are provided, tickets are valid on the alternative services to the same extent as they applied on the original service.

#### OVERLAND SERVICES

Where V/Line tickets are accepted on the Overland train service, V/Line fares will apply, but the relevant operator's ticketing conditions will apply. Reservations are required.

#### CONTRACT BETWEEN PASSENGERS AND OPERATORS

A ticket issued by or on behalf of one or more operators is evidence of a contract between the passenger who holds the ticket and each operator whose passenger services the passenger is entitled by the ticket to use.

#### REFERENCES ON TICKETS

A reference on a ticket to 'Ticketing Conditions' is a reference to the conditions in this manual.

#### LIABILITY OF OPERATORS

An operator whose passenger services are entitled to be used by a customer is not responsible to that customer for any loss, damage or delay caused by any failure by another operator in the provision of passenger services.

An operator shall not, in respect of any customer, be liable for any loss, damage or delay caused by or arising from an act of God or inevitable accident, riot, civil commotion, strike, lock-out, stoppage or restraint of labour, regardless of the cause and whether partial or general.

An operator may use any mode of transport to carry customers and may substitute the mode of transport used at any time, including during a journey.

An operator is not liable to a customer for:

- (a) any consequences arising from any variation in the time of arrival at or departure from any station or stop of any passenger vehicle; or
- (b) any loss or damage as a result of a cancellation of a passenger service or any variation of the time of arrival at or departure from any station or stop of any passenger vehicle.

An operator may cancel wholly or in part the scheduled passenger services shown in the operator's timetables or may vary the point at which passenger services will pick up and set down customers.

An operator does not guarantee the time of arrival or departure of its passenger services at the times published in its timetable.

A ticket which an operator is required to accept is subject to any alteration which the operator may make to any customer service to which that ticket relates during the currency of the ticket and the customer is not entitled to any allowance or compensation due to any change in the time of the service or any reduction in the service.

# NEW CONDITIONS FOR, AND ABOLITION OF, TICKET TYPES

If a type of ticket specified in the conditions contained in this manual is included in a class of tickets specified in conditions (in this and the next succeeding paragraph called 'replacement conditions') which are determined and published in accordance with section 220D of the **Transport** (Compliance and Miscellaneous) Act 1983 and which replace the conditions contained in this manual, any ticket of that type that, immediately before the replacement conditions take effect –

- (a) has been issued but not used; or
- (b) has been used and is still able to be validly used –

may be used or continue to be used (as the case requires) after the replacement conditions take effect, subject to the replacement conditions.

If a type of ticket specified in the conditions contained in this manual is not included in a class of tickets specified in replacement conditions, any ticket of that type ceases to be valid in any way for travel or entry to a designated area when the replacement conditions take effect.

Any refund in relation to any unused travel to which the customer of that type would otherwise be entitled must be applied for in writing to the relevant operator, enclosing the relevant ticket, no later than three months after the replacement conditions take effect or such longer period as Public Transport Victoria may specify in a notice published in the Government Gazette in relation to that type of ticket.

#### **CHAPTER 3: CONCESSIONS AND FREE TRAVEL**

#### **CONCESSION FARES**

Concession fares apply throughout Victoria.

Only a customer who is eligible for concession may use a concession ticket.

Children under 4 travel free on all public transport services in Victoria, but they must be accompanied by a responsible person. From 30 January 2017, this condition applies to children under 5.

The following customers are eligible to travel using a concession ticket:

- asylum seekers;
- Australian Pensioner Concession Card holders;
- children 16 years and under;
- from 30 January 2017, persons aged 17 and 18 years and under;
- eligible primary, secondary and tertiary students;
- holders of a Health Care Card with a Victorian address:
- Victorian and interstate Seniors Card holders;
- war veterans/war widows.

In the case of Pensioner Concession Cards and Health Care Cards with a Victorian address, a customer will be taken to hold the relevant card if, instead of, or as well as, holding a physical card, they have access to an electronic representation of the card approved and provided by Centrelink.

Customers aged 17 years and over using a concession ticket must carry appropriate proof of concession entitlement. In the circumstances outlined in the immediately preceding paragraph, it will be accepted as appropriate proof of concession entitlement if the customer accesses and displays on a mobile device a valid electronic representation of a current card of the relevant type.

The table on the following pages lists the concession categories, the benefits and the documentation required to be eligible for a concession fare. Forms are available online at **ptv.vic.gov.au**.

# **CONCESSION MYKI**

Only a customer who is eligible for concession may use a Concession myki which must be encoded with a customer category that reflects the customer's eligibility. A Concession myki automatically calculates fares at the concession rate when customers touch on and off.

If a customer changes concession category, such as from Asylum Seeker to Victorian Health Care Card or to full fare, then the customer must purchase the correct myki.

If a customer's entitlement to concession expires they will no longer be allowed to travel using a Concession myki and must obtain a Full Fare myki to travel. For this reason it is recommended that customers do not purchase a myki Pass with an expiry date beyond the expiry date of their concession entitlement.

Where a change in a customer's circumstance results in a requirement to carry a different myki card type (for example, a child changes to a Health Care Card holder, or a Health Care Card holder changes to a Victorian senior), the customer must obtain a new myki. A refund of any remaining balance on the old myki is available at no charge (see Chapter 13).

## Free travel pass expiry

If entitlement to a free travel pass expires, the myki will be blocked and is no longer valid for travel.

In many cases, free travel entitlement does not expire. However, customers will still be required to obtain a new myki when the card expires. PTV will contact pass holders before the expiry date to advise of the free travel pass renewal process.

#### FREE TRAM ZONE

Travel on metropolitan trams wholly within the free tram zone is free. For journeys on a tram that are wholly within the free tram zone, a ticket is not required. Customers using a myki whose journeys commence in and extend beyond the free tram zone must touch on their myki before the tram leaves the free tram zone (see Chapter 8).

### COMPANION CARD

The Companion Card is issued by the Department of Health and Human Services to people who require the assistance of a companion.

It provides **free travel for the carer/companion** of the card holder on all public transport services.

A Companion Card does not entitle the card holder to concession fares or free travel – the card holder must have a valid ticket or free travel pass.

The carer/companion and the Companion Card holder must travel together and the card holder must show their Companion Card to staff on request and indicate who their carer/companion is for that trip.

The carer/companion to the Companion Card holder must be able to provide all necessary assistance to the card holder (including personal hygiene tasks). Companions who are not capable of assisting the card holder must pay the appropriate fare for the journey.

To use the card on V/Line services, Companion Card holders must ask for a 'Companion Ticket' when buying or reserving their own ticket and show their Companion Card.

Companion Cards issued in other states are accepted in Victoria.

For more information, contact the Department of Health and Human Services on 1800 650 611.

## **CHAPTER 4: MYKI TICKETING**

#### WHAT IS MYKI?

myki is a smartcard that works like an electronic purse, which can be used to pay for travel on public transport including metropolitan bus, tram and train services, V/Line commuter train services and myki enabled regional bus services.

The myki smartcard technology enables a money value and/or a travel pass to be stored on the card

myki Money (see Chapter 5) is suitable for daily or occasional travellers. Customers simply need to top up their myki with money before travelling and then touch on and off for each trip so that myki can automatically calculate the correct fare. The fare will then be deducted from the card balance at the end of each trip.

A myki Pass (see Chapter 6) can be purchased for 7 or between 28 and 365 consecutive days to make travel easier and cheaper for regular travellers. Customers still need to touch on and off for each trip.

myki can store both myki Money and myki passes. The myki Pass covers travel in the zone(s) for which it is valid, and myki Money is charged to pay for any travel outside of the myki Pass zone(s).

#### WHERE IS MYKI VALID?

mykis are issued in respect of the public transport services specified in the next succeeding paragraph and may be used on those services subject to all other relevant conditions in this manual.

The public transport services on which a myki can be used are:

- the train services provided by Metro Trains Melbourne Pty Ltd [trading as Metro] (ACN 136 429 948) operating on the railway lines shown as being in Metropolitan fare zones 1 and 2 on the Melbourne train network map in Chapter 9.
- the tram services provided by KDR Victoria Pty Ltd [trading as Yarra Trams] (ACN 138 066 074) operating on the tramways depicted as Zone 1 or Zone 2 on the Melbourne tram network map in Chapter 9.
- the bus services operating on the bus routes specified in the paragraphs and tables under the headings 'Melbourne bus zones', 'Metropolitan bus routes extending outside the Melbourne metropolitan area', 'Other bus routes' and 'Night Bus network routes' in Chapter 9.
- the V/Line commuter train services operating on the railway lines depicted as myki zones on the Regional train myki zones map in Chapter 9.
- V/Line parallel coach services operating between railway stations on the railway lines depicted as myki zones on the Regional train myki zones map in Chapter 9.
- Night Coach network services operating between railway stations on the railway lines depicted as myki zones on the Regional train myki zones map in Chapter 9.
- bus services operating on the bus routes depicted on a map under the heading 'myki on the regional town bus network' in Chapter 9, including:

Bacchus Marsh
 Ballarat
 Bellarine
 Bendigo
 Geelong
 Kilmore
 Moe
 Wallan
 Warragul.

– Churchill – Morwell

#### HOW TO USE A MYKI

Once a myki is purchased and topped up with myki Money or a myki Pass, to use the myki, customers only need to touch on to a myki reader at a railway station or on a bus or a tram and touch off as required.

A successful touch on or touch off is indicated by the myki reader showing a green light.

A myki must be touched on in order for it to be valid for a journey or entry to a designated area. A myki must be touched off in accordance with the conditions in Chapter 8.

Also, using myki Money, failure to touch off will result in a default fare being applied, which may be higher than the fare that would have been paid had touch off occurred. More information on default fares can be found in Chapter 8.

For travel in three zones or more, customers who are using myki Money, either on its own or in conjunction with a valid myki Pass, must ensure that they have sufficient myki Money to pay the fare for all of the journey that is to be covered by myki Money.

# WHERE TO BUY A MYKI

Even when purchased, mykis remain the property of PTV (see Chapters 2 and 17).

Customers are strongly advised to purchase mykis only as set out in this chapter to ensure the purchase is authorised and to avoid risk of fraud.

- staffed metropolitan railway stations;
- myki enabled staffed V/Line railway stations;
- 7-Eleven and other myki retailers;

## WHERE TO TOP UP A MYKI

For maximum convenience, customers are encouraged to use auto top up for myki Money. mykis can also be topped up:

- at staffed metropolitan railway stations;
- at staffed myki enabled V/Line railway stations;
- at 7-Eleven stores, other myki retailers and V/Line myki agents;
- at myki machines at railway stations, selected tram and bus stops and the PTV Hubs at Southern Cross Station and 750 Collins Street, Docklands;
- online at ptv.vic.gov.au;
- by calling 1800 800 007; and
- on board myki enabled buses\*^
- PTV Hubs.
- \* except for Doncaster Park and Ride and on bus routes 401 and 601.
- ^ \$50 notes and \$100 notes not accepted.

#### Auto top up

Registered account holders can choose to set an automatic top up of any amount between \$10 and \$250 onto their myki from a nominated bank account or credit card when the myki Money balance falls to or below a minimum threshold.

The minimum threshold is selectable, and can be any amount from \$10 to \$250. Auto top up cannot be used to top up a myki Pass.

Auto top up is only available for registered mykis and must be set up online at **ptv.vic.gov.au** or through the PTV call centre on **1800 800 007**.

When an auto top up is initially set up, \$1 will be deducted from the customer's bank account or credit card and credited to the myki Money balance regardless of the balance on the myki. After this time the myki is topped up by the chosen amount as soon as the myki Money balance falls to or below the specified level and is generally deducted from the customer's bank account or credit card overnight.

If sufficient funds are not available in the bank account or credit card to cover the auto top up, the amount credited to the myki Money balance will be deducted from the balance and the auto top up cancelled.

Customers are advised to update their auto top up settings in the event their bank account or credit card details change.

If a myki has a negative myki balance and an auto top up does not take the balance up to the applicable minimum balance required for travel (see Chapter 8), the myki is not valid for travel or entry to a designated area until the balance has been topped up to at least that level.

Note that customers using auto top up and travelling in more than two zones (for example, on V/Line commuter train services) need to ensure they have enough myki Money to pay for the fare for their trip before travelling in order to have a valid ticket. Customers may choose to set the auto top up threshold at an amount at least equal to the fare for the most expensive trip they take in order to ensure they always have a valid ticket.

#### TIME TAKEN TO CREDIT MYKI BALANCE

### Instant top up

When customers top up myki Money or load a myki Pass at a myki machine, staffed railway station, PTV Hubs, 7-Eleven or other myki retailer, V/Line myki agent or on board a bus, the value or pass is recorded on the myki immediately.

### Website and call centre

When customers top up myki Money or load a myki Pass via the myki website or PTV call centre, the amount to be topped up or pass to be loaded is downloaded to myki equipment so it can be recorded on the customer's myki when it is next presented to a myki machine or myki reader.

Customers are advised it may take up to 24 hours for online and call centre top ups to process and be downloaded to equipment. The value will be added to the customer's myki when they next touch on or use a myki machine.

If a myki is not used within 90 days, the funds will be sent to archive. To retrieve funds from archive, a myki must be touched on or topped up at a myki machine, retailer or myki enabled railway station. Archived funds will take 24 hours to be reallocated to the myki.

# **BPay**

Top ups via BPay must first be processed by the customer's bank and may take up to five days for the value to be able to be recorded on the myki.

# Auto top up

An auto top up amount is credited to a customer's myki immediately the first time a customer touches on or uses a myki machine after the myki Money balance falls to or below the specified threshold level.

#### mvki balance

Unless the value of a top up is recorded on the myki, it does not form part of the card's myki Money balance. Unless a myki Pass is recorded on the myki, the pass cannot be used for travel.

If a customer finds there is insufficient myki Money balance to travel, or that a myki Pass has not been recorded, they must top up at a myki machine, staffed railway station, retail agent or on board a bus.

# REGISTERED MYKI

Customers may apply to register their myki at any time. Customers can register immediately at **ptv.vic.gov.au** or by calling the PTV call centre on **1800 800 007**.

Registration provides balance protection (for myki Money and myki Pass) in the event that the myki is reported as lost or stolen. A lost/stolen myki should be reported to the PTV call centre on **1800 800 007** as soon as possible.

In addition, customers with a registered myki can establish an online account and set up auto top up for added convenience.

Some personal details are required for the registration process.

Registration is recommended for all myki customers, particularly customers who use a myki Pass, so that the value on the myki is protected if lost or stolen.

Registration is free.

#### PERSONALISATION WITH NAME

When applying for a registered myki via the website or PTV call centre, a customer may choose to have their name printed on their myki. This option is free and is only available at the time of purchase.

#### UNREGISTERED MYKI

Customers do not need to supply any details to obtain and use an unregistered myki except to allow the card to be posted if purchased via the website or call centre – personal details will then be removed.

An unregistered myki is not covered for myki Money balance or myki Pass protection if lost or stolen. An unregistered myki can be registered at any time.

# MANAGING A MYKI FOR SOMEONE ELSE

A person may manage a myki on behalf of someone else – for example, a parent/guardian may manage a child's account. This should be set up at the time of applying for a myki.

The account holder can manage up to eight active myki cards (including their own) online and through the PTV call centre on **1800 800 007**.

#### MYKI CARD DESIGNS AND CUSTOMER CATEGORIES

Most mykis are one of six card designs.

All mykis are electronically encoded with a customer category which reflects eligibility for Full Fare, Concession fare or free travel and any other applicable benefits. Only one category can be stored on the myki at any one time and this is used by the system to calculate the correct fare.

myki card designs are shown below. Customer categories which can be loaded are detailed in Chapter 3. (Note that all card designs may be either blue, green or charcoal themed).

A panel is provided on the charcoal myki to allow the cardholder to write identifying information (e.g. the concession type or the name of the cardholder).

#### NIGHT NETWORK

Night Network is a trial of all night public transport on weekends in the metropolitan area which will run to mid 2017. The trial includes all night trains and trams, late night buses, and a 2.00 am coach service to major regional centres. Services will operate every Friday and Saturday night (ie. early Saturday and Sunday morning) regardless of public holidays. Night Network services will not operate on other nights, even when a Saturday holiday timetable is in operation.

Trains run on all lines (except Stony Point and Flemington Racecourse) direct to and from Flinders Street. Southern Cross and City Loop stations are not open all night.

Trams run on routes 19, 67, 75, 86, 96 and 109.

Dedicated Night Bus routes operate and have replaced the previous NightRider routes.

V/Line coaches operate from Southern Cross Station coach terminal to Geelong (Waurn Ponds). Bendigo, Ballarat (Wendouree) and Traralgon.

Although services are provided all night, this does not change the definition of a public transport day as a period commencing at 3am and ending at the following 3 am. Fares for the services that are part of the trial will continue to be calculated on that basis.

Continuation of the services beyond the trial period will depend on the success of the initiative, particularly on patronage.

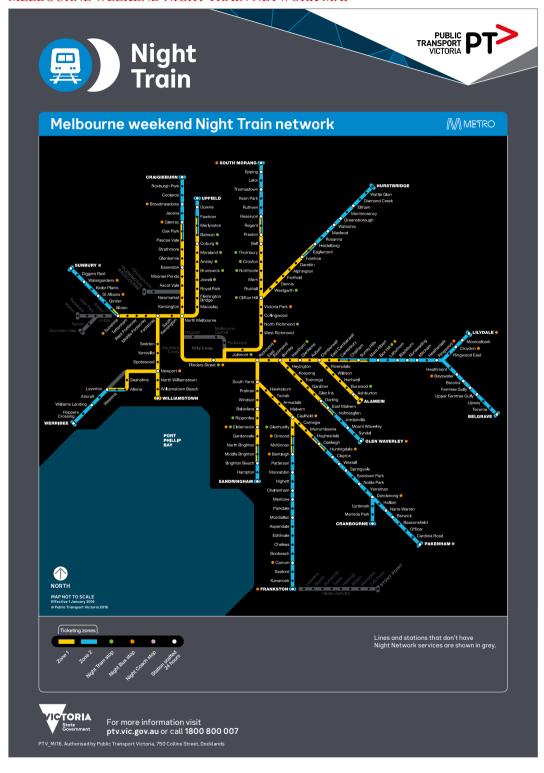

Customers can provide feedback on the trial via Get Involved on the PTV website.

#### PRIVACY AND THE MYKI TICKETING SYSTEM

The State Government understands and respects customers' right to privacy and is committed to privacy protection. Public Transport Authorities are subject to the **Privacy and Data Protection** Act 2014.

The myki ticketing system is managed and operated by PTV. PTV has developed a Privacy Policy to regulate the way that it collects, uses and handles personal information. A summarised privacy statement, and the full policy, may be obtained on request by calling the PTV call centre on **1800 800 007** or viewed at **ptv.vic.gov.au**.

#### **CHAPTER 5: MYKI MONEY**

#### WHAT IS MYKI MONEY?

myki Money is the dollar amount paid to PTV and recorded as value on a myki. In this manual, the process of paying money to PTV and having that amount recorded as value on a myki is called 'topping up' or 'loading' myki Money.

S 401

The value recorded on the myki at any given time forms the myki Money balance and can be used to pay for travel on public transport services.

With myki Money, the correct fare for any journey is automatically calculated after the customer has touched on and touched off public transport.

Fares are calculated according to where and when the customer travels, and are automatically deducted from the myki Money balance when the customer touches off. In addition, daily caps apply for travel.

In order to guarantee the automatic calculation of the lowest fare for a trip, the customer must touch on and touch off their myki as in accordance with the conditions in Chapter 8. Otherwise, a default fare may be charged.

The myki Money balance can be checked at any time at any 7-Eleven and other myki retailers, myki machines, myki checks, the PTV Hubs and staffed railway stations. The remaining balance may be displayed whenever a customer touches on or off.

Customers can also check balances by calling the PTV call centre on **1800 800 007** or, if the myki is registered, at **ptv.vic.gov.au** 

It is the customer's responsibility to maintain sufficient balance to cover all travel made.

#### WHERE TO TOP UP MYKI MONEY

myki Money can be topped up at the locations set out in the following table, using the payment methods shown. The nearest myki outlet can be found by accessing the myki location finder available from **ptv.vic.gov.au**

To avoid delaying buses, customers are encouraged to top up before boarding at a 7-Eleven or other myki retailer, railway station, or bus interchange where top up facilities are available.

Customers who are topping up a myki on a bus must pay in denominations of \$20 or less. \$50 notes and \$100 notes will not be accepted.

Customers who board a bus at the Doncaster Park and Ride are not permitted to purchase or top up a myki on board the bus. mykis are not available for purchase, and mykis are not permitted to be topped up, on metropolitan bus route number 401 or 601.

Customers travelling on V/Line commuter train services must top up prior to boarding as there will be no top up facilities offered by the conductor.

The maximum myki Money balance a customer is permitted to have on their myki is \$999.99.

BPay is available through the customer's bank account.

Auto top up is available for registered mykis only, providing extra convenience and security.

## CALCULATING MYKI MONEY FARES

myki Money fares are calculated automatically when the customer touches on and touches off their myki for each trip. However, should a customer wish to calculate the price to be paid when using myki Money for a single trip, the following steps apply:

- determine the zones required for travel (see Chapter 9);
- determine the full or concession fare based on the 2 hour fare for the zone(s) within which the travel takes place (see Chapters 3 and 7);
- apply any off-peak discounts (in this chapter) (note: if the travel does not include Zone 1 and is in three or more zones, the 2 hour fares shown in the relevant table in Chapter 7 include the off-peak discount);
- modify the fare for any existing products (in this chapter).

Daily travel is capped at a fixed daily price. Once a daily cap has been reached, a customer can make unlimited journeys across all modes of public transport within the applicable zone(s) until the end of the day and pay no more than the daily fare.

For some customers, or on certain days, additional caps may exist which will cap the fare at a lower daily rate than the standard daily cap (in this chapter).

Note that a reference to a day means the period commencing at 3 am and ending at the following 3 am, and a reference to a particular day (e.g. Sunday) means the period commencing at 3 am on that day and ending at 3 am on the following day.

# **AUTOMATIC FARE CALCULATION**

Fares are calculated automatically as a customer travels, and the appropriate deductions from the myki Money balance take place each time a customer touches off.

Where a discount (for example, for concession or off-peak travel) would result in a fare which includes a fraction of a cent, the fare will be rounded to the nearest whole cent.

When customers using myki Money have a valid 2 hour or Daily product for their zone(s) of travel, no further fares are deducted for travel in the relevant zone(s) while the product is valid.

If the deduction of a fare results in a customer's myki Money balance falling below \$0.00, the customer will not be permitted to use myki Money to touch on again until they have topped up the myki to at least \$0.00 (even if they are within a zone for which a current product exists on the myki).

#### Single trip

The maximum fare for a single trip (other than a default fare) is the 2 hour fare for the zone(s) travelled in. When a myki is touched off, a 2 hour 'product' is created on the myki. A 2 hour product authorises unlimited travel in the zone(s) travelled in until two hours after the myki was first touched on, except where the first touch on is made between 6 pm and 12.59 am, in which case the product expires at the end of the day.

Where a trip is entirely within a zone overlap, the fare charged and product created will be for the zone for which the fare is lowest. Where fares are the same, the fare charged and product created will be for the lower numbered zone

To ensure customers are able to complete long journeys on V/Line services and on bus route number 684, where touch off indicates that a journey consisting of travel in at least 3 zones has been made (since the last touch on), the expiry time of the product will be extended by an additional 30 minutes for every multiple of 3 zones travelled in. In these cases, references in this manual to '2 hour products' or '2 hour fares' mean products or fares for 2.5, 3, 3.5 or 4 hours (whichever is applicable).

Number of zones travelled in	Product duration
1 – 2	2 hour
3 – 5	2 hour 30 minutes
6 – 8	3 hour
9 – 11	3 hour 30 minutes
12 – 13	4 hour

Within the zone(s) covered by it, the product authorises travel that extends beyond the time of its expiry, as long as the myki is touched on before that expiry, subject to the conditions in Chapter 8 relating to touching on and touching off a myki.

## Daily capping

This is the maximum fare charged for unlimited travel in the zone(s) in which travel takes place on a single day. The daily cap for Concession mykis is 50 per cent of the full fare daily cap.

myki keeps track of fares paid, and zones travelled in, during a day. When the total paid on a day reaches the daily cap for the zone(s) travelled in on that day, a daily product for the zone(s) is created on the myki.

A daily product is also created after a 2 hour fare is paid for a zone(s) in which a customer has previously travelled that day and for which the daily cap has been reached.

Within the zone(s) covered by it, the product authorises travel that extends beyond the time of its expiry, as long as the myki is touched on before that expiry, subject to the conditions in Chapter 8 relating to touching on and touching off a myki.

Weekend and Public Holiday daily cap

In addition to the normal daily cap, the following caps apply when using myki Money for certain customers or certain days of the week. Where more than one type of cap is applicable on a day, the lowest cap will apply.

Customers using myki to travel entirely within Zones 1 and 2 on a Saturday, Sunday or public holiday will pay no more than \$6.00 full fare or \$3.00 concession per day.

## Off-peak discounts

Fares for all journeys in 3 or more zones receive an off-peak discount, except where touch off occurs within Zone 1 before 8.59 am on a business day or touch on occurs within Zone 1 between 4 pm and 6 pm on a business day.

The discount for off-peak travel is 30 per cent (this is applied after any concession discount). Customers must touch on and touch off in accordance with the conditions in Chapter 8 to receive the applicable off-peak discount. Customers who do not touch on and off in accordance with those conditions will be charged a default fare that is a peak fare.

For customers travelling off-peak, the equivalent peak fare contributes toward the daily cap, even though a reduced fare is paid. For example when a full fare customer travels three zones off-peak, 100 per cent of the standard fare will be counted towards the daily cap even though only 70 per cent of the standard fare has been paid.

#### Free travel

The free travel listed below is applied automatically when a customer touches on and touches off:

• Early Bird travel – all mykis provide free travel for journeys on Melbourne train services between railway stations at which electrified trains stop when touch on and touch off both occur before 7.15 am on a weekday. No product is created on the myki as a result of this travel. The policy intent is to provide free travel for those who touch off before 7.00 am.

However, as trains scheduled to arrive close to 7.00 am may be delayed, an additional 15 minutes is allowed for customers to touch off. Where touch off occurs after 7.15 am, a normal fare will be charged.

- To allow sufficient time to disembark and reach a myki reader to touch off, it is recommended that customers treat a 7.00 am arrival time as the cut off time for early bird:
- free Saturday and Sunday travel customers travelling using Concession mykis coded VS
  (Victorian Seniors Card holders), DSP or CAR (Disability Support Pensioners and Carer
  Payment recipients) receive free travel on Saturdays and Sundays for journeys in only one or
  two consecutive zones. For travel in more than two zones the fare for the entire journey will
  be charged:
- free Sunday travel customers travelling using mykis coded FFS or CFS (DHS Carer Card holders) receive free travel on Sundays for journeys in only one or two consecutive zones. For travel in more than two zones the fare for the entire journey will be charged.

## **Existing products**

Where a product already exists on a customer's myki (a 2 hour product, daily product or a myki Pass) that is valid for a zone(s) and the customer makes a journey that consists of, or includes, travel in a zone(s) for which the existing product is not valid, the fare for the journey is the 2 hour fare for all zones for which the existing product is valid combined with the zone(s) for which the existing product is not valid minus the 2 hour fare for all zones for which the existing product is valid. Where this occurs and the existing product is a 2 hour product, the product on the myki is changed to include the additional zone(s).

## **DEFAULT FARES**

If a customer fails to touch on and touch off in accordance with the conditions in Chapter 8, a default fare may be charged the next time they touch on. This fare assumes the customer took the longest possible trip on the service they used and is calculated according to the same rules as the fare that would have been charged had the customer touched on and touched off in accordance with those conditions.

However, the default fare may be higher than the customer would have otherwise paid if they had touched on and touched off their myki in accordance with those conditions. For more information on default fares, see Chapter 8.

## TELEBUS SURCHARGE

There are eight Telebuses operating bus routes in the Mooroolbark, Lilydale, Croydon Hills, Chirnside Park and Rowville areas.

Customers can use the service in two ways: they may board or leave the bus at one of the fixed stops in the area (and pay the normal fare), or they may be picked up or dropped off at home (and pay a small surcharge).

To book a home pickup or make a permanent booking, phone the Telebus dispatcher on **(03) 9735 3133**. Bus drivers cannot accept bookings. Pickups at bus stops will be within 5 minutes of the time shown on the timetable (to allow for home pickups).

For more information, phone Invicta Bus Services (03) 9735 3400 or go to invictabus.com.au/telebus.html.

	Full fare	Concession
Telebus surcharge	\$1.00	\$0.50

#### **CHAPTER 6: MYKI PASS**

### WHAT IS A MYKI PASS?

A myki Pass is an authority to travel within a zone or range of zones for a specified number of consecutive days. A myki Pass for 7 or between 28 to 365 consecutive days can be purchased.

A myki Pass can only be used if the myki Money balance is \$0.00 or greater.

Once purchased, a myki Pass will be activated the first time the customer uses the myki to travel, or to enter a designated area, within a zone for which the pass is valid and for which there is no other existing product (such as another myki Pass or where travel has been paid for by myki Money) on the myki. The myki Pass will be valid for the number of consecutive days authorised by it, commencing the day of activation.

Note that a public transport day begins at 3 am and ends at the following 3 am. For example, a 28 day myki Pass that is activated on 1 May will expire at 3 am on 29 May. A myki with a myki Pass loaded on it must be touched on and off in the usual way to travel.

A myki Pass must be activated within 12 months of purchase, or the pass will cease to be able to be activated and will expire. However, if it is activated within that period, the pass remains valid as set out in the preceding paragraphs.

Only one pass may be active at a time, although two passes may be stored at any one time on a single myki. For example, a new pass can be purchased before the expiry of an existing pass, and will be activated when the customer touches on and off (in a zone for which the pass is valid) after the expiry of the existing pass.

**Important Note:** No refunds will be given if an unregistered myki is lost or stolen, even if the myki was paid for by credit card or EFTPOS.

Customers using myki passes are encouraged to register their myki to protect against loss. Registering a myki is free and can be done by visiting **ptv.vic.gov.au** or calling the PTV call centre on **1800 800 007**.

## WHERE TO PURCHASE A MYKI PASS

A myki Pass can be loaded at the following locations using the payment methods shown:

	Payment methods

<sup>^</sup> myki Pass will not be loaded onto the card immediately.

S 401

#### Rounding

If a myki Pass fare is shown as, or is calculated to be, an amount ending in a multiple of one cent, that amount may be rounded up to the next 10 cents at the point of sale. In that case, the rounded amount is deemed to be the fare.

#### 7 DAY MYKI PASS

The 7 day myki Pass is valid within the zone(s) programmed on the pass from the day of activation until the end of the day six days after the day it was activated. For example, if a pass is first activated on a Tuesday, it expires at the end of the following Monday (3 am Tuesday).

Concession myki Pass fares are 50 per cent of the full fare.

## 28-365 DAY MYKI PASS

The fare for a 28–365 day myki Pass can be calculated by multiplying the number of days required by the myki Pass daily rate.

When calculating a fare for more than 69 days, use the 70–365 daily rate for all days purchased. In some cases it may be cheaper to purchase 70 days rather than fewer days.

When a myki Pass for 325–365 days is purchased, the fare will be the cost of a 325 day pass (the equivalent of up to 40 days free).

Concession myki Pass fares are 50 per cent of the full fare.

## **Commuter Club**

A Commuter Club scheme is available for employers or other organisations to purchase 365-day myki passes on behalf of the organisation's employees/members/volunteers at a discount rate of 10 per cent. 365-day myki passes (electronic myki code CC) purchased through the Commuter Club are valid for use on metropolitan trains, trams and buses.

It is up to the organisation how they choose to offer employees a Commuter Club myki, for example, salary package, one-off payment etc. It is also at the discretion of the organisation whether they pass on all or part of the discount to their employees; for example, some organisations may choose to deduct a handling fee.

The myki Commuter Club is only available to organisations and is not open to individuals. An organisation requires a minimum of 10 people to register.

For lost or stolen Commuter Club mykis, contact the PTV call centre on 1800 800 007.

For more information on how the myki Commuter Club works or to register an organisation, email commuterclub@ptv.vic.gov.au

## TRAVEL BEYOND MYKI PASS ZONE(S)

If a myki Pass holder wishes to travel outside the zone(s) for which the pass is valid, they should have sufficient myki Money on their myki, prior to travel, to pay for the additional travel.

The cost of the trip is the 2 hour fare for all zones for which the pass is valid combined with the additional zone(s), minus the 2 hour fare for all zones for which the pass is valid.

Daily capping will continue to apply for travel outside the zone(s) for which a myki Pass is valid in the usual way.

Customers travelling on a V/Line commuter train service whose journeys are entirely within the myki zones shown on the Regional train myki zone map in Chapter 9, must use a myki for the entire journey.

Customers travelling on a V/Line commuter train service whose journeys include travel within the myki zones shown on the Regional train myki zone map in Chapter 9, but commence or end beyond those zones, must either:

- (a) have a single valid V/Line ticket for the entire journey; or
- (b) use a myki Pass for all or part of the journey within the myki zones and have a valid Single or Daily V/Line ticket for the remainder of the journey. (Note: myki Money cannot be used for any part of such a journey.)

However, customers using Date-to-Date or Weekly V/Line tickets may extend their journey by purchasing a Single or Daily V/Line ticket for the additional travel to the new location. A myki cannot be used to extend travel on these tickets.

## STUDENT PASSES - MYKI

Student Passes are available to full-time primary or secondary students, who possess a valid PTV School Student ID, for travel on the services specified in the table below.

Student Passes are valid on weekdays and weekends (including school holidays and public holidays).

Prices and travel entitlements vary depending on the student's place of residence, as shown in the table below:

PTV School Student ID forms are available for the next year from the PTV website or staffed stations.

- First half year pass expires on 31 July.
- Second half year pass start on 1 July and expires 28 February the following year.
- Year passes expire on 28 February the following year.

Student Passes are available from staffed railway stations. A Student Pass is valid for unlimited travel on all train, tram and bus services within the zone(s) of validity until the expiry of the pass. The pass is valid for economy class travel only on V/Line train and coach services.

Student Passes are loaded onto a myki electronically coded 'S' and are only valid when used in conjunction with the PTV School Student ID with which they are purchased.

When travelling on a service with myki equipment, the customer must touch on and touch off the Student Pass in the usual way. When travelling on other services, both the Student Pass and the associated PTV School Student ID must be carried and shown on request to an authorised person.

## **International Undergraduate Student Education Pass**

Eligible international undergraduate tertiary students can purchase a 365-day myki Pass at a 50 per cent discount on the full fare. Only certain zones are available.

To be eligible, a student must be enrolled in and studying either a full-time undergraduate course (Bachelor Degree or Associate Degree) or a higher VET course (Advanced Diploma or Diploma), and at a participating institution.

International students who are not studying one of the Australian qualifications above are not eligible for the iUSEpass, except where International students have a Certificate of Enrolment in one of the above qualifications and are concurrently enrolled or studying one of the following Australian qualifications; Certificate I, Certificate III or Certificate IV.

Students eligible for one of the above courses and who first commence English language study may purchase and use an iUSEpass for up to 12 weeks before commencing their eligible qualification.

The pass is loaded onto a personalised Full Fare myki which includes the cardholder's photograph.

Tertiary education institutions are able to opt-in to the scheme through PTV and should contact **iuse.pass@ptv.vic.gov.au** for more details.

International students should contact their tertiary institution to check their eligibility and obtain more details on how to purchase a pass.

## **CHAPTER 8: MYKI GENERAL CONDITIONS**

## TOUCH ON/TOUCH OFF

A myki must be touched on and touched off for each journey in a passenger vehicle or entry to a designated area for which the myki is used, in accordance with the conditions specified in the following paragraphs.

However, if a customer is not able to touch on or touch off the myki as required in those paragraphs because an operational myki reader is not available, the requirements set out in those paragraphs do not apply.

An operational myki reader is to be taken as being not available only if:

- (a) no myki reader near where the customer boards or leaves the vehicle or enters or leaves the designated area (as is applicable) is able to be operated so as to enable the myki to be touched on or touched off and it would be unreasonable to require the customer to touch on or touch off the myki at a myki reader which is able to be so operated; or
- (b) the customer is unable to touch on or touch off the myki because of a physical or intellectual disability and is unable to have the myki touched on or touched off on their behalf by an accompanying person or an authorised person.

The conditions specified in the paragraphs under the headings 'Touch on/touch off – train', 'Touch on/touch off – bus' and 'Touch on/touch off – tram' must be read subject to the conditions specified in the paragraphs under the heading 'Touch on period'.

#### Touch on/touch off - train

For a journey on a train that commences from a platform which is not, or is not part of, a designated area, a customer must touch on the myki before boarding the train.

For a journey on a train that ends at a platform which is not, or is not part of, a designated area, a customer must touch off the myki as soon as there is a reasonable opportunity to do so after leaving the train.

For an entry to a designated area and for a journey on a train that commences from a platform which is, or is part of, that designated area, a customer must touch on the myki before, while or immediately upon, entering the designated area.

For a journey on a train that ends at a platform which is, or is part of, a designated area and for the entry to the designated area that is made when a customer leaves the train, the customer must touch off the myki immediately before leaving, or while leaving, the designated area.

For an entry to a designated area if a customer leaves the designated area without undertaking any travel, the customer must touch off the myki immediately before leaving, or while leaving, the designated area.

If a replacement vehicle is provided for a train service and the replacement vehicle does not have any myki operating equipment on board, customers using a myki for travel must touch on using a myki reader at the departure railway station and touch off using a myki reader at the destination railway station. However, if the replacement vehicle is provided for a V/Line commuter train service and departs from the coach terminal at Southern Cross Railway Station, customers must touch on using the myki readers at that terminal.

## Touch on/touch off - bus

For a journey on a bus (other than a bus used for a Night Coach network service):

- (a) unless subparagraph (b) applies, a customer must touch on the myki immediately upon boarding the bus;
- (b) if it is necessary for a myki to be purchased or for value to be loaded on a myki on board the bus in order for the myki to be able to be touched on, the customer must touch on the myki as soon as possible after the myki has been purchased or value has been loaded;
- (c) a customer must touch off the myki before leaving the bus, but not before the bus leaves the second-last bus stop in that journey.

#### Touch on/touch off - tram

For a journey on a tram:

- (a) unless subparagraph (b) applies, a customer must touch on the myki immediately upon boarding the tram;
- (b) if the journey commences in and extends beyond the free tram zone, the customer must touch on the myki before the tram leaves the last boundary tram stop in that journey;
- (c) the customer is not required to touch off, but if the customer chooses to touch off, they must not do so before the tram leaves the second-last tram stop in that journey.

For a journey entirely within the Zone 1/2 overlap, if the customer does not touch off, the default fare they may subsequently pay may be higher than the fare they would have paid if they had touched off.

## Touch on period

The conditions specified in the paragraphs under this heading apply notwithstanding anything to the contrary in the conditions specified in the paragraphs under the headings 'Touch on/touch off – train', 'Touch on/touch off – bus' and 'Touch on/touch off – tram'.

If a customer using myki Money does not touch off the myki within the product duration (refer to the table under Chapter 5 – Automatic Fare Calculation),\* a default fare may be charged when the myki is next touched to a myki reader. Such a touch will also be treated as a touch on.

If a default fare is charged in these circumstances, the customer will not receive the benefit of any Off-peak discount that would otherwise have been applicable.

To prevent this from happening, a customer may touch off the myki prior to the end of the journey (provided that it is within the product duration), but must then touch the myki on:

- (a) in the case of a journey on a tram or a bus, immediately after the myki was touched off; or
- (b) in the case of a journey on a train, before resuming the journey.

In the case of a journey on a train, if a customer wishes to touch off and touch on a myki in accordance with the immediately preceding paragraph at a railway station with ticket barriers, it is necessary for the customer to exit and re-enter the barriers.

If a myki is touched off, but is not touched on, in accordance with the fourth paragraph under this heading, the myki is no longer valid for the journey and any related entries to a designated area.

If a myki is touched off and touched on in accordance with the fourth paragraph under this heading, the myki must then be touched off in accordance with the conditions specified in the paragraphs under the heading 'Touch on/touch off – train', 'Touch on/touch off – bus' or 'Touch on/touch off – tram' (whichever is applicable).

\* Special arrangements have been made to allow for the length of time it may take to complete a journey on bus route number 684.

## Touch on/touch off - Night Coach network services

For a journey on a bus being used for a Night Coach network service, a customer must touch on the myki:

- (a) if the customer is boarding the bus at the Southern Cross railway station coach terminal, prior to boarding the bus, using the myki readers at that terminal; or
- (b) in all other cases, prior to boarding the bus, using the myki readers at the railway station from which the bus is departing.

However, the immediately preceding paragraph does not apply if arrangements are in place to enable the myki to be touched on near or on board the bus and the myki is touched on accordingly.

For a journey on a bus being used for a Night Coach network service, a customer must touch off the myki, using the myki readers at the railway station where the customer leaves the bus, unless the myki has been touched off by staff onboard the bus.

#### MINIMUM REQUIREMENTS FOR TRAVEL

#### Travel in one or two zones

In order to touch on and commence travel, customers travelling in only one or two zones must have on their myki a myki Money balance of at least \$0.00.

S 401

#### Travel in three or more zones

Except as set out in the next succeeding paragraph, customers travelling in three or more zones must have on their myki prior to travel:

- a myki Pass for their entire journey and a myki Money balance of at least \$0.00; or
- a sufficient myki Money balance to pay for the entire journey; or
- a myki Pass for part of the journey and a sufficient myki Money balance to pay for the remainder of the journey.

The requirements set out in the immediately preceding paragraph do not apply in respect of the initial journey authorised by a myki purchased from a V/Line train conductor in accordance with the conditions under the heading 'V/Line pre-loaded mykis' in Chapter 4.

## Negative myki Money balances

If a customer's myki has a valid myki Pass or other valid product and a negative myki Money balance, the myki is not valid for travel or entry to designated areas in zones for which the myki Pass or other product is valid until the myki Money balance has been topped up to at least \$0.00.

## mykis on V/Line parallel coach services

myki Money cannot be used for any part of a journey on a V/Line parallel coach service.

A myki may be used for a journey on a V/Line parallel coach service only if:

- (a) there is on the myki a myki Pass that has been activated and is valid for all of the zones in which the customer will travel on that service; and
- (b) before the journey, the customer produces the myki to the coach driver for inspection, including electronic reading.

## MYKI READER INDICATORS

When a customer touches on at a myki reader, lights on the reader and an audible tone will alert them to the status of the touch as set out in the table below.

When a myki is presented to a myki reader and no light or tone occurs, the ticket has not been read and is not valid for travel.

## Touch on

For a successful touch on (at any type of myki reader), a myki must have a myki Money balance of at least \$0.00 (including if customers are using a myki Pass).

Single beep – full fare and free travel myki.

Two beeps – Concession myki and Commuter Club.

Light(s)	Tone	Outcome	Reason
Green	Positive	Successful touch on	
Green and orange together	Positive	Successful touch on	low balance – myki Pass has 3 or fewer days remaining; or myki Money balance below \$10; and/or action processed against the card since last touch on (eg auto top up).
Green and red together	Positive	Successful touch on	default fare applied for previous trip (this will occur where a customer failed to touch off at the end of their last trip).
Red	Three negative beeps	Failed touch on	no valid pass for current zone; or blocked myki; or defective myki; or another reason (see 'myki reader messages' below).

## **Newer gates**

Light(s)	Tone	Symbol	Outcome
Green	Positive	Tick	Successful touch on
Red	Negative	Cross	Failed touch on

## Touch off

A successful touch off is indicated by a green light and one or two positive beeps.

A red light and three negative beeps indicates the touch off failed, and a message on the screen will indicate the reason (see "myki reader messages" below).

#### MYKI READER MESSAGES

Where a touch is unsuccessful, the following messages may be displayed by the myki reader:

S 401

Message	Description	Customer action
Already touched on Already touched off	The myki has been touched on/off already within the passback period.	No action necessary.
Declined – contact myki (or PTV) call centre	The myki has been blocked from use or has a fault.	Use another myki. Contact the PTV call centre on <b>1800 800 007</b> .
Multiple cards detected – try again	Multiple cards have been presented to the reader at the same time. Readers can only read a single card at a time.	Present a single myki to the reader.
Please touch again	The myki has been removed from the reader too quickly and has not been read.	Re-present the myki to the reader.
Expired – time to get another myki	The myki has reached the end of its life span and must be replaced.	Use another myki. Have your myki replaced on-the-spot at a staffed station.
Please top up your myki	myki has a negative balance.	Top up myki to access travel.
Missing touch-on	myki was not touched-on.	Seek assistance to pass through the gates at gated stations.

## FAILURE TO TOUCH ON AND TOUCH OFF CORRECTLY

## Default fares - myki Money

In order for the myki ticketing system to calculate the lowest fare, customers must touch on and touch off in accordance with the conditions earlier in this chapter relating to touching on and touching off a myki. If a customer using myki Money does not touch off in accordance with those conditions, then a default fare may be charged to protect against fare evasion. The default fare is the myki Money 2 hour fare for the relevant zone or zones. The concession discount (50 per cent) for customers using a Concession myki is applied.

On V/Line commuter train services the conductor may reset the default fare up to the 2 hour fare for the zones of the entire route of the service in which the customer is travelling.

However, for a rail replacement coach service for any of these services that departs from the coach terminal at Southern Cross Railway Station, when a customer touches on at the myki readers at that terminal, the default fare will be the 2 hour fare for the longest route of those services (Zone 1-13).

Customers who fail to touch off will not receive the benefit of any off-peak discounts that would otherwise have been applicable.

The system will recognise a failure to touch off by the next touch immediately following a touch on being:

- on a different mode of transport from the touch on;
- on a different vehicle (tram or bus) from the touch on;
- after the expiry of the touch on period referred to earlier in this chapter.

Where a customer fails to touch off and a default fare is payable, it will be deducted from the myki Money balance at the next touch on. If this results in a negative balance, the customer will be unable to successfully touch on and must top up their myki Money to a balance of at least \$0.00 to travel.

S 401

Where no product existed for the trip to which the default fare applies, the default fare will create a product for the appropriate zone(s) based on the time of the touch on to which the default fare applies, and permit travel until the expiry of this product.

The amount of any default fare deducted will count towards a daily cap for the day on which the touch on took place.

Notwithstanding anything in the above paragraphs under this heading, if –

- (a) a customer touches on at a railway station and fails to touch off; and
- (b) the customer touches on again on a tram or a bus less than two hours after the original touch on (modified or extended in accordance with the rules in Chapter 5); and
- (c) either touch on occurs in Zone 1 –

a default fare will not be charged for the first journey and the system will perform a normal touch off for that journey based on the location of the second touch on and charge a normal fare for that journey.

In the event that no operational myki reader is available for a customer to touch off, the customer should contact the PTV call centre on **1800 800 007** for a reimbursement of any amount charged in excess of the correct myki Money fare.

## Metropolitan and regional town bus default fares

29 December 2016

Service	Full fare	Concession	2 hour product created on myki
TRAIN			01 0110 011 111 111
Railway stations in Zones 1 or 2	4.10	2.05	Zone 1 + 2
TRAM			
All trams	4.10	2.05	Zone 1
BUS			
Metropolitan and regional town bus	2 hour myki Money fare between where a customer boards and the zone at the end of the service.		All zones between and including the zone where the customer touches on and the zone at the end of the service.

#### V/Line commuter train services default fares

The conductor will reset the default fare for each customer's myki to reflect the end of the commuter train services zone boundary or Zone 1, depending on the direction of travel.

To ensure the customer is charged the lowest fare, they must touch off in accordance with the conditions earlier in this chapter relating to touching off a myki. If the customer does not touch off, the default fare will be applied.

	Maximum default fare		
V/Line commuter train service*	Full fare	Concession	
Ballarat line	20.60	10.30	
Bendigo line	31.20	15.60	
Geelong line	12.60	6.30	
Seymour line	16.60	8.30	
Traralgon line	29.20	14.60	
Town bus	Full fare	Concession	

Town bus	Full fare	Concession
One zone bus route	2.40	1.20
Two zone bus route	3.20	1.60
Three zone bus route	4.80	2.40
Four zone bus route	6.40	3.20

<sup>\*</sup> For a rail replacement coach service for any of these services that departs from the coach terminal at Southern Cross Railway Station, the default fare is \$31.20 (full fare) or \$15.60 (concession).

#### Default fares - myki Pass

Customers using a myki with a myki Pass will not be charged a default fare unless they are commencing their journey outside the zone(s) for which their pass is valid.

Normal myki Money rules apply for travel outside the zone(s) covered by the pass (including default fares).

If the customer wants to travel beyond the zone(s) covered by the myki Pass, they should ensure there is a sufficient myki Money balance recorded on their card to cover the additional travel.

#### Failure to touch on

Where a customer attempts to touch off but did not touch on in accordance with the conditions earlier in this chapter relating to touching on a myki, the touch will be processed by the system as a touch on. In this case a default fare may subsequently be charged.

If a default fare is charged, the customer will not receive the benefit of any off-peak discount that would otherwise have been applicable.

A customer who has not touched on in accordance with the conditions earlier in this chapter relating to touching on a myki will not be able to exit via the ticket barriers at railway stations and must see a member of staff for assistance. A customer who did not touch on in accordance with the conditions earlier in this chapter must, at the request of an authorised person, touch on at the ticket barrier and may subsequently be charged a default fare.

Note: that if a myki is not touched on it is not valid for travel and the customer may be fined.

S 401

## PASSBACK AND CHANGE OF MIND

**Passback** is a time period following touch on or touch off, during which time a myki presented at a myki reader will be rejected. This will prevent a customer inadvertently touching off (or on) again immediately.

- On board trams passback is 5 seconds.
- On board buses passback is 30 seconds.
- At railway stations without ticket barriers passback is 30 seconds.
- At railway stations with ticket barriers passback is 5 seconds.

At a railway station with ticket barriers, a ticket may only be touched off at the paid area side of the barrier. If a customer touches on at a ticket barrier and does not pass through the barrier at the time the ticket is touched on, the customer will not be able to use the myki to touch on or enter through the barrier.

**Change of mind** is a second time period beginning immediately after the end of the passback period (after touch on only). This allows customers using a myki at a railway station to change their mind and touch off within the change of mind period without paying a myki Money fare if they have not actually used a service.

At all railway stations change of mind ends 15 minutes after touch on.

There is no change of mind period on buses and trams.

#### CHAPTER 9: MYKI ZONES

## **ZONES**

For the purposes of the conditions contained in this manual, the routes of public transport services on which mykis can be used are divided into zones, and fares are based on the zones in which travel occurs.

The zones for Melbourne trains are defined by the Melbourne train network map. The zones for trams are indicated by the Melbourne tram network map. These maps are shown in this chapter.

The zones for Melbourne buses are defined in this chapter under the heading 'Melbourne bus zones'.

The zones in regional areas are based on –

- the tables under the headings 'Metropolitan bus routes extending outside the Melbourne (a) metropolitan area' and 'Other bus routes' in this chapter; and
- the maps shown in this chapter under the heading 'myki on the regional town bus network'; (b)
- the map shown in this chapter under the heading 'Regional train myki zones map'. (c)

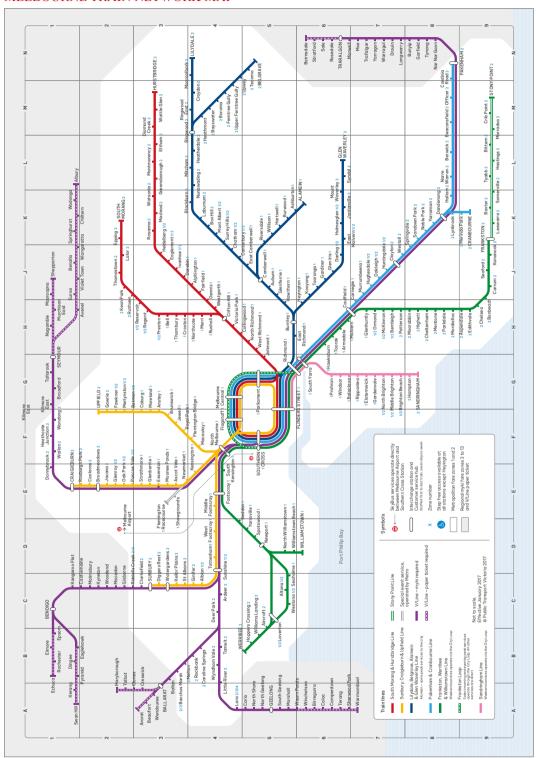

When a customer uses myki Money, zones will automatically be taken into account and the correct fare calculated.

If a customer uses a myki Pass, the pass must be valid for travel in the relevant zone(s).

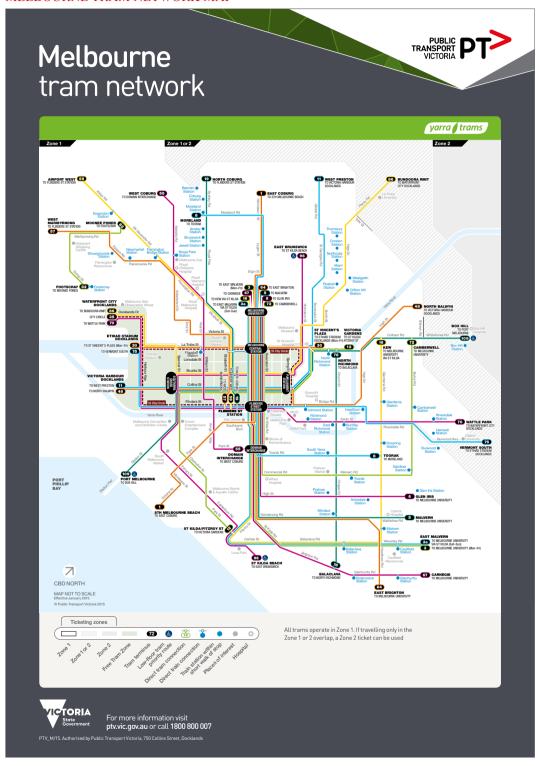

## MELBOURNE TRAIN NETWORK

Currently there are 82 Premium Stations in Melbourne that are staffed from first to last train, seven days a week. Premium stations have a customer service centre, where customers can obtain tickets, timetables, information and change for vending machines. Most Premium Stations have customer facilities such as enclosed waiting areas and toilets.

#### CHAPTER 10: NON-MYKI V/LINE

#### V/LINE TRAVEL

S 401

V/Line provides rail and road coach services in regional Victoria, with train services operating to the regional cities of Albury, Ballarat, Bendigo, Geelong, Seymour and Traralgon and serving other regional centres including Ararat, Echuca, Swan Hill, Sale, Bairnsdale, Warrnambool and Shepparton. V/Line road coaches connect with many rail services at major stations to provide an integrated and coordinated public transport service across Victoria.

#### V/LINE TICKETS

V/Line tickets are issued in respect of, and may be used on, the regional train and coach services specified in this chapter subject to all other relevant conditions in this manual. They also give access to metropolitan trains, trams and buses and local bus services in some regional cities.

At this stage, the myki ticketing system will not be extended to V/Line coach services or V/Line train travel beyond the myki zones shown on the Regional train myki zones map in Chapter 9. V/Net ticketing equipment will remain in service at all locations for the issue of these tickets for services for which they remain valid.

The purchase of a ticket for a V/Line train does not guarantee a seat for all or any part of the journey except where a reservation has been made on a long distance train.

V/Line tickets are either machine-printed or hand written by staff. Samples of these tickets are shown below:

#### WHERE TO BUY V/LINE TICKETS

Customers can purchase V/Line tickets:

- from staffed V/Line stations;
- from V/Line ticket agents;
- from selected metropolitan Premium Stations;
- by telephoning **1800 800 007**;
- online at **vline.com.au**.

V/Line customers who intend to, or who are required to, rely on a V/Line ticket must purchase the ticket before travel where a reasonable opportunity exists to do so. If the location where the customers board a V/Line train or coach has facilities for the purchase of tickets (e.g. a staffed V/Line railway station or a V/Line ticket agent) the customer is deemed to have had a reasonable opportunity to purchase a ticket prior to travel. If a customer boards at an unstaffed V/Line railway station or a roadside coach stop, they may purchase a ticket from the train conductor or coach driver.

V/Line tickets may be checked before, during or after the journey.

It is an offence to travel without a valid ticket and customers who do so risk being fined.

#### CALCULATING V/LINE TICKET FARES

To find out the price of a V/Line ticket the following steps normally apply:

- calculate the number of charging units between the origin and destination;
- choose a ticket type;
- determine the fare based on the ticket type and the number of charging units using the table in this chapter;
- add an upgrade to First class if available.

#### CALCULATING CHARGING UNITS

Ticket prices are based on the shortest route between a customer's origin and destination, unless they choose to take a less direct route.

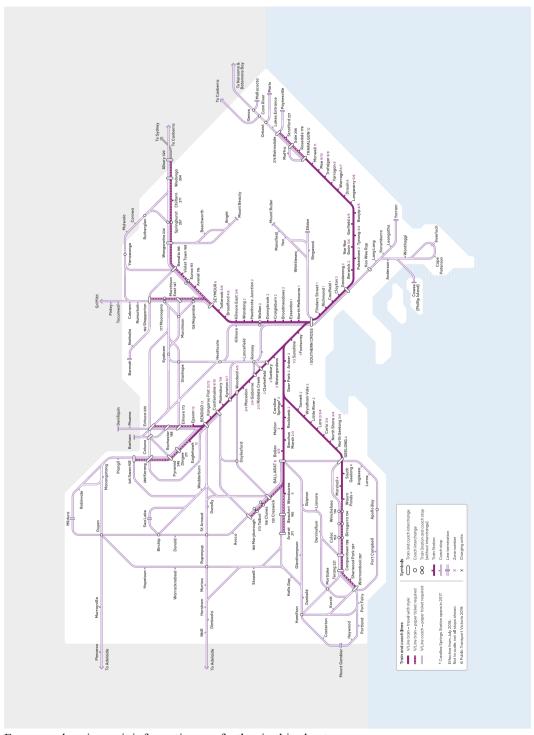

# Regional location to/from Zone 1

For travel between a regional location and Zone 1, look up the letter code for the regional location (see 'Melbourne to' Charging Units table) and look up the fare in the V/Line Fare Table.

<sup>\*</sup> V/Line tickets are not available for purchase for travel entirely within the myki zones.

<sup>\*\*</sup> Visa and Mastercard only.

# V/LINE CHARGING UNITS FOR LONG DISTANCE STATIONS

For more charging unit information see further in this chapter.

#### Regional location to/from Zone 2 (on same line)

For travel between a regional location and a station in Zone 2 before entering Zone 1 on the same line, find the number of charging units for the journey to Melbourne and then subtract 50 charging units.

#### Regional location to/from another regional location (on same line)

The number of charging units between regional locations on the same line can be calculated by subtracting the charging units to Melbourne for the destination location from the charging units to Melbourne of the origin location and rounding up to the next number of charging units in the table (10, 20 or 50 charging units):

Example 1 Echuca to Kyneton

Melbourne to Echuca = 220 charging units

Melbourne to Kyneton = 92 charging units

220 units minus 92 units = 128 charging units

Round up to nearest 10 = 130 charging units

Example 2 Albury to Seymour

Melbourne to Albury = 320 charging units

Melbourne to Seymour = 99 charging units

320 units minus 99 units = 221 charging units

Round up to nearest 20 = 240 charging units

#### Regional location to/from another regional location (on different line)

The number of charging units between regional locations on different lines can be calculated by adding their charging units to Melbourne and rounding up to the next number of charging units in the table (10, 20 or 50 charging units):

Example 3 Bairnsdale to Geelong

Melbourne to Bairnsdale = 274 charging units

Melbourne to Geelong = 73 charging units

274 units plus 73 units = 347 charging units

Round up to the nearest 20 = 360 charging units

Example 4 Wangaratta to Lara

Melbourne to Wangaratta is 234 charging units

As Lara is located in Zone 2, travel between Melbourne and Lara is included in the Wangaratta to Melbourne fare.

#### V/LINE COACH FARES

Fares for travel between Melbourne and a regional location on a single V/Line coach are calculated using the same method as for V/Line rail travel between Melbourne and a regional location (see above).

For coach fares between two regional locations, contact PTV on 1800 800 007 or visit vline.com.au

#### FIRST CLASS TRAVEL

V/Line provides First class seating on selected rail services (see timetable for details), particularly on long distance services. First class seating is not available on coaches.

First class seating is only available on long distance services that travel to and from Albury, Bairnsdale, Shepparton, Swan Hill and Warrnambool and seats must be reserved.

#### **Reserving First class**

S 401

29 December 2016

Customers can reserve First class seats by booking in advance through V/Line stations, V/Line agents and selected metropolitan Premium Stations, or through the PTV call centre on **1800 800 007** or online at vline.com.au

Bookings on long distance services are opened 100 days in advance and remain open until the time of departure. Advance booking is encouraged to ensure a First class seat.

#### First class fares

The First class fare is based on an Economy fare and a First class upgrade fee. First class tickets may be purchased wherever V/Line tickets are sold. Customers can also use a First class 'multi card' to upgrade from Economy to First class.

It is important that customers pay the First class fare before boarding. The upgrade can be bought along with the Economy ticket, or separately before travel. Conductors only sell First class upgrades to customers boarding at unstaffed stations.

#### First class ticket

The First class upgrade fee is the same for all ticket types, and applies to full and concession fares.

## First class upgrades for regular travellers (Multi Cards)

To obtain a discounted first class upgrade fare, regular First class travellers, including people with periodical tickets, can purchase a First class upgrade multi card which includes:

- 10 First class upgrades for journeys that are less than 100 charging units or;
- 5 First class upgrades for journeys that are greater than 100 charging units.

For customer convenience these upgrade cards are undated and are clipped by the conductor on board to validate the First class journey at the time of travel.

Conductors will clip:

- ONE upgrade from the card for customers travelling less than 100 charging units;
- TWO upgrades for customers travelling more than 100 charging units.

2015 charging units	Single trip	10 trip multicard	5 trip multicard
< 100 c/u	4.00	35.00	-
>= 100 c/u	8.00	-	35.00

The first class upgrade is available from stations, and V/Line agents.

#### Refunds on First class upgrades

Refunds on First class tickets can be claimed when First class carriages are not available due to operational changes in trains or the First class carriage is full on short distance services.

Refunds are not available for First class multi cards as the card is not clipped if the service does not run.

Customers can claim refunds from all staffed V/Line stations, V/Line agents if the ticket was sold there, selected metropolitan Premium Stations or by sending the First class upgrade refund slip to:

V/Line Customer Relations

**Please note:** conductors do not provide refunds on board V/Line services.

#### RESERVATIONS

Reservations are compulsory on most coach services, all Link services, all Mildura coach services, and long distance trains travelling to/from Albury, Bairnsdale, Shepparton, Swan Hill and Warrnambool. Reservations may be made wherever V/Line tickets are sold, by calling **1800 800 007** or online at **vline.com.au**.

Reservations for free pass holders and infants may be made free of charge.

#### ADDITIONAL TICKETS

Customers travelling on a V/Line commuter train whose journeys are entirely within the myki zones shown on the Regional train myki zones map in Chapter 9 must use a myki for the entire journey.

Customers travelling on a V/Line commuter train service whose journeys include travel within the myki zones shown on the Regional train myki zones map in Chapter 9, but commence or end beyond those zones, must either –

- (a) have a single valid V/Line ticket for the entire journey; or
- (b) use a myki Pass for all or part of the journey within the myki zones and have a valid Single or Daily V/Line ticket for the remainder of the journey. (Note: myki Money cannot be used for any part of such a journey).

However, customers using weekly, monthly, Date-to-Date or V/Line tickets may extend their journey by purchasing a Single or Daily V/Line extension ticket for the additional travel to the new location. A myki cannot be used to extend travel on these tickets. myki also cannot be used for travel on V/Line coach services.

The Single or Daily V/Line ticket referred to in the immediately preceding paragraph and in subparagraph (b) above must be purchased before the journey. If this is not possible by taking all reasonable steps before the journey, the ticket must be purchased as soon as there is a reasonable opportunity during the journey or, if there is no reasonable opportunity during the journey, at the completion of the journey.

V/Line tickets can be used on any V/Line train or coach service operating between the origin and destination printed on the ticket. A reservation is compulsory on most long distance services.

V/Line ticket holders issued outside the myki boundary with Single and Off-peak Single tickets to/from Melbourne or to/from some regional city stations have one hour of included travel before and after their journey in the metropolitan zone(s) or regional city network printed on their ticket. To access included travel, customers must have their tickets endorsed on arrival at a metropolitan Premium Station or at a staffed V/Line station.

V/Line ticket holders issued outside the myki boundary with Day Return, Off-peak Day Return, Weekly, Monthly and Date-to-Date tickets to/from Melbourne or to/from some regional city stations have included all day travel before and after their V/Line journey within the zone(s) or regional city network printed on their ticket.

Codes printed on V/Line tickets denote the included metropolitan zones or regional city bus networks as follows: Z1 + 2 = metropolitan Zone 1 + 2, Z2 = metropolitan Zone 2; BTS = Ballarat Transit Service, Bendigo Transit, GTS = Geelong Transit, T/Bus = Town Bus (in Moe, Morwell or Translgon).

#### Single

Allows one trip from the origin to the destination on the date printed on the ticket (until 3 am the following day). No stopovers are permitted.

# **Off-peak Single**

Allows one trip from the origin to the destination on the date printed on the ticket on off-peak services (until 3 am the following day). No stopovers are permitted.

#### Daily

Allows unlimited travel between the origin and destination on the date printed on the ticket (until 3 am the following day). For return travel on different days, purchase two Single tickets.

#### Off-peak Daily

Allows unlimited travel between the origin and destination on the date printed on the ticket on off-peak services (until 3 am the following day). For off-peak return travel on different days, purchase two off-peak Single tickets.

#### Peak/Off-peak ticket conditions

Customers with off-peak tickets may not travel on weekday services scheduled to arrive in Melbourne (Southern Cross, Flinders Street, Richmond or Footscray) before 8.59 am, or depart Melbourne between 4 pm and 6 pm.

Customers holding an Off-peak ticket travelling on a Peak service must purchase an 'Off-peak to Peak Upgrade — Single Trip'.

Off-peak Single and full fare off-peak daily tickets are valid (without time restrictions) on weekends.

On public holidays, full fare and concession off-peak tickets are available without time restrictions.

#### Weekly

Weekly tickets allow unlimited travel between the origin and destination printed on the ticket, on seven consecutive days.

The ticket expires seven days from the start date printed on the ticket. For example, a ticket valid from Tuesday will expire at the end of services for the following Monday (3 am on Tuesday).

# **Monthly**

Monthly tickets allow unlimited travel between the origin and destination printed on the ticket, for a month.

The ticket expires one month from the start date printed on the ticket. For example, a ticket valid for travel from 15 June will expire at the end of services for 14 July (3 am on 15 July). A ticket first valid for travel on 30 or 31 January or on 1 February will expire on 29 February in a leap year, or on 28 February otherwise.

#### **Date-to-Date**

Date-to-Date tickets allow unlimited travel between the origin and destination printed on the ticket, for the number of weeks nominated by the customer. The customer may purchase tickets for the following durations:

## • 10 to 52 weeks (Full Fare/Concession/Student).

The price of the ticket is the Date-to-Date weekly rate multiplied by the number of weeks required.

**Family Traveller** 

The Family Traveller ticket allows travel on the same basis as a Single, off-peak Single, Daily or off-peak Daily at the choice of the customer. It can be used by an adult (full fare or concession) travelling with up to two children aged between 4 and 16 or from 30 January 2017, aged between 5 and 18. The fare is the fare for the ticket type chosen. During off-peak times, there is no extra charge for the children. If travelling during peak times, a charge of \$3.80 is added to the adult Single fare, or \$7.60 to the adult Daily fare (whichever applies).

S 401

All customers on the Family Traveller ticket must travel together at all times.

The Family Traveller ticket can be used for any journey on a V/Line service as long as it is not wholly in Zone 1, Zone 2 or Zones 1 + 2.

The Family Traveller ticket is not available if the adult is using a myki, free travel pass, periodical ticket or free travel vouchers and is not valid for the Mansfield to Mt Buller V/Line coach service.

Each adult in a family group who is travelling with up to two children aged between 4 and 16 or from 30 January 2017 aged between 5 and 18 may purchase a Family Traveller ticket.

#### DELAYED/DISRUPTED/REPLACED SERVICES

When replacement vehicles are provided, tickets are valid on the alternative services to the same extent as they applied on the original service.

# V/LINE FARE TABLE

First class fare is a two-tier flat fee upgrade on relevant economy fare. See first-class traveller earlier in this chapter.

### CHAPTER 11: NON-MYKI REGIONAL BUSES

### **REGIONAL BUSES**

This chapter specifies tickets that are issued in respect of, and may be used on, the local bus and some train services in the regional towns and cities specified in this chapter, subject to all other relevant conditions in this manual.

#### 2 Hour

Regional local transport fares in most major towns and cities are based on 2 hour tickets. These allow unlimited travel for at least two hours on local bus (and where shown on the ticket, train) services.

The ticket expires two hours from the next full hour after it was purchased. For example, a ticket purchased at 8.55 am will expire at 11 am and a ticket purchased at 9.05 am will expire at 12 noon. Tickets purchased after 6 pm are valid until 3 am.

A customer may transfer to any local bus (or train) service before their ticket expires, even if the journey extends beyond the ticket's expiry time.

The scheduled departure of the service is relevant rather than the actual departure time. So if a service is running late, the customer may still use the ticket, provided the service was scheduled to leave before the ticket expired. Similarly if a scheduled service that would have left before the ticket expired does not run, the customer may travel on the following service.

#### Daily

A Daily ticket allows unlimited travel on nominated town bus (and where shown on the ticket, train) services on the day of issue until 3 am the next day.

A customer may transfer to any local bus (or train) service in the town bus service area before the ticket expires.

### Weekly

Weekly tickets allow unlimited travel on the nominated services for seven consecutive days.

The ticket expires seven days from the start date printed on the ticket. For example, a ticket valid from Tuesday will expire at the end of services for the following Monday (3 am on Tuesday).

Weekly tickets may be sold on the bus or at the bus depot by some operators. Please contact the local bus operator for more details.

## Monthly

Monthly tickets allow unlimited travel on the nominated services for one month.

The ticket expires at the end of services one month from the start date printed on the ticket. For example, a ticket valid from 15 June will expire at the end of services for 14 July (3 am on 15 July). A ticket valid from 30 or 31 January or on 1 February will expire on 29 February in a leap year or on 28 February otherwise.

Monthly tickets may be sold on the bus or at the bus depot by some operators. Please contact the local bus operator for more details.

### **CHAPTER 12: GROUP AND OTHER TRAVEL**

### **GROUP TRAVEL**

### Metropolitan services and myki enabled regional buses

A Prepaid Travel Authority allows groups of 12 or more people (maximum of 35 on trams and 25 on buses) to travel together at the concession rate. All members of the group must travel together at all times, boarding and alighting at the same locations. Tickets are available from staffed railway stations

The Prepaid Travel Authority is available for 2 hour and Daily fares. The fare charged for the group is the concession fare for the selected zone(s) multiplied by the number of people travelling.

No refund is permitted should the trip be cancelled or the number of travellers be less than paid for.

For more information or to arrange group travel on metropolitan services email ptvhub@ptv.vic.gov.au

Groups of 12–25 customers travelling on regional town buses can arrange a group travel ticket through **ptvhub@ptv.vic.gov.au**.

#### V/Line services

V/Line Group Travel tickets allow a group of 12 or more people to travel together at the concession rate. All members of the group must travel together at all times, boarding and alighting at the same locations. Group travel discounts are available for Single, Day Return, Off-peak Single, and Off-peak Day Return tickets. The fare charged for the group is the concession fare of the selected ticket type multiplied by the number of customers. The conditions applicable to the tickets are the same as those for the selected ticket type.

Group travel for groups of 12 or more on V/Line coaches or 20 or more on V/Line trains, mustbe arranged at least seven days in advance by calling V/Line Group Travel Coordinator on (03) 9619 2338. Groups may not be able to be accommodated on some services at times of peak demand.

Groups of 12 to 19 customers travelling by train only can purchase tickets from any V/Line ticket sales outlet (subject to availability).

Group travel is not available on the Night Network.

### SPECIAL EVENT AND CONFERENCE TICKETING

In some circumstances, organisers of large events and conferences may arrange public transport ticketing for the event's participants (participant means an event or conference participant, attendee, spectator, delegate, member, and includes complimentary tickets) through prior arrangement with PTV.

A fee of \$3.00 per participant, per day for the total number of participants for the total time of the conference or event is charged (including complimentary passes).

Due to the low price of \$3 per day, there is no 'opt in' option. All participants must be paid for, whether the participants use public transport or not. Volunteers may also be included with participants. However, provision of special event ticketing for volunteers only is not available.

For example, a 4 day conference with 1,300 participants would pay \$15,600 (1,300 x \$3 x 4 days) for access to public transport.

The fee provides for unlimited travel on bus, train and tram within Zones 1–2 (approximately 60 km radius from Melbourne CBD – see maps in Chapter 9) on the day/s of the event or conference.

To be eligible, the event or conference must meet the following conditions and be approved by PTV:

- cater for 500 or more participants per day.
- be held in the metropolitan area which is serviced by high capacity public transport (e.g. MCG, Melbourne Olympic Park, Melbourne Convention and Exhibition Centre, Caulfield Race Course, Royal Melbourne Showgrounds etc), and be planned so attendees can attend on public transport.
- the participant pass must display details, and in a form, required by PTV. PTV will provide
  the appropriately PTV branded art work template for organisations to use as their delegate
  pass, which will allow access to public transport.

An initial instalment of 25% of the total cost of the event ticketing is to be paid to PTV at least 10 days prior to the event.

The \$3 fee does not include the cost of providing additional public transport services.

To discuss further details of accessing this ticketing product, email event.notification@ptv.vic.gov.au or contact the PTV call centre on 1800 800 007.

#### **DAY PASS**

A Day Pass is a paper ticket issued:

- (a) on behalf of PTV by a community service organisation or charity authorised to do so by PTV through an employee or volunteer of, or a person engaged by, that organisation or charity; or
- (b) to a person to whom a free travel voucher has been issued (for eligibility see Chapter 3), in exchange for that voucher; or
- (c) on behalf of PTV by the driver of a bus operating on bus route 787 or 788 for a fare of \$4.10 to a customer presenting his or her Victorian Seniors Card.

A Day Pass entitles the holder to -

- (a) unlimited travel during the day for which the Day Pass is valid on any public transport service specified in Chapter 4 other than a train service or coach provided by V/Line; and
- (b) unlimited travel during the day for which the Day Pass is valid in either or both Zone 1 or Zone 2 on any train service provided by V/Line specified in Chapter 4.

A Day Pass is valid for the day the date of which is hole punched on the Day Pass. The relevant day, month and year must be punched by the issuer of the Day Pass. If the day, month and year are not all punched by the issuer of the Day Pass, the Day Pass is not valid. The day for which a Day Pass is valid can be later than the day on which it is issued.

If a Day Pass has more than one day, month or year hole punched, the Day Pass is not valid for any journey or entry to a designated area at any time.

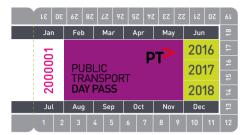

A Day Pass that is correctly hole punched in accordance with the above conditions may, before that date, be exchanged at a Premium Station for another Day Pass that is hole punched with a later date. A Day Pass will not be exchanged on or after the date that is hole punched on the Day Pass.

The holder of a Day Pass who is entering or leaving a designated area through a staffed ticket barrier must produce the Day Pass for inspection by a barrier attendant before entering or leaving that designated area.

The holder of a Day Pass who is relying on the Day Pass for a journey on a bus must, onentering the bus, produce the Day Pass for inspection by the driver of the bus.

The holder of a Day Pass must carry the Day Pass at all times when relying on the Day Pass for a journey or an entry to a designated area.

If a Day Pass is lost or stolen it will not be replaced.

### **MYKI**

The following conditions set out the rules that apply to refunds, replacements and reimbursements for mykis.

If, under these rules, a person is entitled to a refund, or a transfer to a new myki, of the myki Money balance recorded on a myki (the myki), the person is also entitled to a refund or transfer to a new myki (whichever is applicable) of any amount paid to PTV to be recorded as myki Money on the myki, but which had not been so recorded by the time the relevant refund or transfer is made.

#### General rules

Customers with non-operational and expired myki cards can obtain a free on-the-spot replacement at any staffed railway station.

Unregistered mykis which are lost or stolen are not eligible for replacement or reimbursement of myki Money or myki Pass days under any circumstances, including if the transaction can be verified by EFTPOS, credit card or other payment type.

Unregistered myki cards that are lost/stolen cannot be replaced at all.

To obtain a replacement myki at staffed stations or PTV Hubs, customers must provide their expired myki, or myki that has stopped working.

The replacement myki must be the same type as the original card.

A customer can apply to have the value on their myki refunded with the exception of cards that are lost, stolen or surrendered to enforcement staff. Reimbursements may also be available for ticketing equipment faults, occasions of severe service disruption or where special circumstances affect the customer.

A replacement myki will be required where a myki is lost, stolen, or becomes non-operational. A myki will also need to be replaced when the card expires. A myki card will last for at least four years from the day of purchase.

# Non-operational mykis

mykis which are not able to be touched on **are not valid for travel or entry to a station paid area**. A customer with a myki which is not operational must use another myki to travel or enter a station paid area until they obtain a replacement myki.

A myki is defective if it is unable to be electronically read, or if it processes fares incorrectly, and the ticket has not been visibly damaged or electronically interfered with. mykis are warranted against operational defects when correctly used and looked after by the customer. If a myki becomes defective, it will be replaced free of charge.

Defective mykis are exchanged for new mykis – see Replacement mykis on the following page.

#### Damaged mykis

Damaged tickets include those that have become non-operational and/or unreadable as a result of:

- heat damage;
- water damage;
- being bent, punched through, torn, cut or chewed;
- damage that exceeds normal wear and tear.

Damaged mykis will be replaced in the same way as defective mykis.

### Lost or stolen mykis

Only registered mykis are eligible for replacement in the event that the ticket is lost or stolen. Unregistered mykis which are lost or stolen are not eligible for replacement or reimbursement of myki Money or myki Pass days under any circumstances, including if the transaction can be verified by EFTPOS, credit card or other payment type.

A cardholder (or account holder) of a registered myki whose myki has been lost or stolen must report this as soon as possible:

- online at **ptv.vic.gov.au**;
- by calling the PTV call centre on **1800 800 007**;
- by attending a PTV Hub.

The myki will then be blocked and can no longer be used. Any value remaining on the myki is protected from the moment the customer or account holder reports it as lost/stolen, and can be transferred to a replacement card. The account holder remains liable for all transactions that occur on the myki until the time it is reported lost or stolen online or via the call centre as above.

If the customer requires a new myki, lost or stolen registered mykis may be replaced through the PTV call centre when the customer or account holder reports their myki lost/stolen, or by using the replacement process detailed below. The customer will be required to use another myki until a replacement myki is posted to them.

# Replacement mykis

When a myki is damaged, defective or expired, or a registered myki is lost or stolen, the customer can apply for their myki to be replaced free of charge. The customer category (Full Fare or Concession type) of the replacement myki will be the same as the original myki.

mykis which are non-operational, expired or within 60 days of expiry can be replaced on-the-spot at any myki-enabled staffed railway station or at PTV Hubs. The customer must surrender the old myki.

Customers with a personalised myki who want a replacement that is personalised cannot obtain that replacement on-the-spot.

In all cases, the customer can complete a Replace your myki online form to receive a replacement myki, with the exception of unregistered mykis that are lost or stolen. If the myki is damaged or defective, the customer will be required to print out the Replacement Request Receipt upon submitting the online form, and post the request receipt along with their myki they are replacing to the myki mailbox.

## Balance transfer

Any remaining balance on the myki will be transferred to the new myki.

For replacements at a staffed railway station or PTV Hub where a myki can be electronically read (eg, for expired or soon-to-expire mykis), the myki Money balance from the old myki is transferred immediately to the new myki. If the old myki has a negative myki Money balance the customer will need to top up to a balance of at least \$0.00 upon replacement.

For replacements at a staffed railway station or PTV Hub where a myki cannot be read (e.g. for non-operational mykis), balance transfer may take up to seven days. If the customer needs to travel using the replacement myki in the meantime, they must top up.

When a customer lodges a replacement myki form, a replacement myki will be issued and posted to the customer (account holder) including the remaining balance transferred from the old myki. If the customer needs to travel while awaiting the replacement, they must use another myki to travel. In the case of a defective myki, where the customer has purchased another myki to continue travelling, the customer can contact the PTV call centre on **1800 800 007** to receive reimbursement of the card fee when the replacement process is complete.

If the old myki had a myki Pass with days remaining, the remaining days will be transferred to the new myki and the myki Pass reactivated when the customer next touches on and travels in a zone for which the pass is valid.

### Registration

If the customer's old myki was registered, the replacement myki will be automatically registered to their account. The new myki will be visible in their online account approximately 48 hours after replacement. Unregistered mykis that are replaced will remain unregistered.

Auto top up

If the customer's old myki had auto top up set, this will not transfer to the replacement myki and the customer will need to set auto top up again on the new myki. This can be done through their online account or by contacting the PTV call centre on **1800 800 007**.

Student Passes and free weekend travel

Student pass mykis can be replaced on-the-spot, but only at the location at which they were originally purchased.

Customers with myki customer categories DSP and CAR (Disability Support Pensioners and Carer Payment recipients) receive a free weekend travel entitlement. Customers with myki customer categories FFS and CFS (DHS Carer Card holders) receive a free Sunday travel entitlement. If an unreadable myki with one of these codes is replaced at a staffed railway station or a PTV Hub, the entitlement will not be recognised initially on the replacement myki. However, this will be updated to the replacement card within 24 hours.

Non-operational Seniors mykis are replaced with another Seniors myki which includes free weekend travel so seniors can travel free on weekends immediately with the replacement myki.

If a customer travels on a Saturday or Sunday prior to the replacement myki being updated they may be charged a fare. Customers charged for travel on a weekend that they are entitled to receive for free should contact the PTV call centre on **1800 800 007** for a reimbursement.

### Refunds of unused value

A customer can apply to have the remaining value (myki Money balance and any unused myki Pass days) on their myki refunded. The value of the myki card is non-refundable. Unless the myki card is reported as lost or stolen, it must be returned with the application and will be blocked from further use.

If a myki Pass has already been activated, the refund amount is calculated based on the difference between the full purchase price and the amount the customer would have had to pay for travel authorised by the pass on the days for which the pass was active. This latter amount is calculated based, as far as possible, on the applicable myki Pass fares for the relevant days and, to the extent this is not possible, on the applicable myki Money daily cap fare for the zone or zones for which the pass was valid, without the application of any other caps or off-peak discounts.

There are no refunds on expired myki passes.

The refund amount is calculated based on the day the refund application was submitted, not the day the pass was last used.

Refund procedures

myki customers requiring a refund must complete the Apply for Refund form by:

- using the PTV website as an anonymous customer or a registered customer
- contacting the PTV call centre 1800 800 007
- visiting a PTV Hub.

The customer must return the myki they are requiring a refund from by posting to the myki mailbox with the refund form, receipt number or by providing to the PTV Hub.

If a myki is managed by a separate account holder, a refund will be provided to the account holder. (Commuter Club customers may nominate the refund to be sent to the account holder or the Commuter Club organiser).

Except in the case of a myki that the customer or account holder has reported as lost or stolen, refunds can only be considered if the following conditions are met:

- the application form has been completed correctly;
- a claim is submitted no later than five years after the ticket was last used;
- the sale of the ticket can be traced;
- documentary proof of claim is included, if required;
- the myki concerned is attached to the form.

If a registered myki is reported lost/stolen a refund can be obtained (except the cost of the myki) without being replaced. If a replacement myki is required, see replacement mykis in this chapter.

For refund and reimbursements of a Free Travel Pass, please contact the PTV Hub at 750 Collins Street, Docklands on 9027 4930.

Refunds for international visitors

On-the-spot refunds are available at the PTV Hubs at 750 Collins Street, Docklands and at Southern Cross Station where the following eligibility criteria are met:

- the remaining balance on the myki is between \$5.00 and \$50.00;
- the cardholder must produce qualifying photo identification to prove an international address;
- where the myki is registered, registration details must match the name on the international identification.

The minimum refund is \$5.00 and the maximum is capped at \$50.00 for all card types.

International Undergraduate Student Education pass refunds

Students should contact their issuing institution to apply for an iUSE pass refund. Institutions will provide a refund for an unused iUSE pass as per PTVs iUSE pass refund rules and may, at their discretion, apply an administration fee.

### Reimbursements

In the following cases, a customer can apply for a reimbursement for value which has been used. *Severe service disruption* 

In the event of prolonged severe service disruption or industrial action, PTV and/or transport operators will produce special bulletins to advise of reimbursement arrangements. Severe service disruption is where regular services are unable to be provided, and replacement services are not available for an extended period of time.

Eligibility criteria will be determined and published for each event. Affected and eligible customers on these occasions will be identified and compensation amounts will be paid to the accounts of nominated and/or approved mykis. No action is required by affected customers unless specifically advised (per event).

In some cases, customers may be advised to seek a reimbursement by completing the Apply for Reimbursement online form. The myki that the reimbursement is being requested for must have been.

- valid for travel during the stoppage; and
- not used on alternative or replacement services during the stoppage.

Customers affected by service disruptions who use other tickets should apply to the operator under the Compensation Code and Customer Charter.

myki ticketing equipment faults

In case of a myki ticketing system equipment fault, customers should contact the PTV call centre on **1800 800 007** to seek a reimbursement. Customers may also complete a myki website feedback form or the Apply for Reimbursement online form. Customers are requested to provide as much information as possible to assist in processing their claim.

Payment of a reimbursement will be subject to verification by PTV staff. Applications are cross referenced against the central computer system which continually monitors ticketing equipment and records faults.

If a customer is charged a default fare as a result of no operational myki reader being available to touch off, they may contact the PTV call centre on **1800 800 007** to be reimbursed any amount greater than the correct fare.

### Medical conditions

In certain circumstances, reimbursements of all or some of the value of myki Passes may be available for customers who have experienced medical problems.

Reimbursements due to medical conditions will only be allowed if the application meets the following requirements:

- the claim is accompanied by a doctor's certificate for the days claimed (statutory declarations are not accepted as proof);
- the customer has been unable to travel owing to illness for a minimum number of days:
  - for 7-day pass, at least three business days;
  - for 28–69 day pass, at least seven days;
  - for 70–365 day pass, at least seven days plus two days for each 30 days or part thereof in excess of 69; and
- the myki Pass has expired.

A reimbursement based on a medical condition can be claimed for non-consecutive days of illness. However, a certificate must be produced for each period.

### Special consideration

Reimbursements may be provided in unusual circumstances not covered by the above. Applications for reimbursements should be made using the Apply for Reimbursement form online.

Customers are requested to include copies of any documentary evidence that supports their application for special consideration.

### Reimbursement procedures

Most reimbursements need to be made using the Apply for Reimbursement online form or by contacting the PTV call centre on 1800 800 007.

Where a myki is managed by a separate account holder, a reimbursement will be provided to the account holder (except for Commuter Club mykis, where the reimbursement may be sent to the commuter club organisation).

Except in the case of a myki that the customer or account holder has reported as lost or stolen, reimbursements can only be considered if the following conditions are met:

- the application form has been completed correctly;
- a claim is submitted no later than 12 months after date the ticket was last used;
- the sale of the ticket can be traced:
- documentary proof of claim is included, if required (e.g. medical certificate).

### myki Pass conversion

A customer can have the value of the remaining days of a myki Pass on a myki converted to myki Money, provided the value of the myki Money credited does not exceed \$250 and the total myki Money balance on the myki following the conversion does not exceed \$999.99.

Customers must complete the Apply for Reimbursement online form. The customer will be required to print out the Reimbursement Request Receipt upon submitting the online form, and post the request receipt along with their myki they are requesting the pass conversion for to the myki mailbox. The myki will be returned to the customer by post once the pass conversion is completed.

If the value of the myki Money to be credited exceeds \$250 or the total myki Money balance on the myki following the conversion would exceed \$999.99, the full amount of the balance will be paid to the customer by electronic funds transfer and the myki will not be returned.

Customers must use another myki to travel while waiting for the conversion of value to occur.

# Surrendered mykis

The conditions under this heading apply if a ticket is surrendered in compliance with a request made under regulation 19 of the Transport (Ticketing) Regulations 2006.

In the conditions under this heading:

'enforcement activity' means:

- (a) the serving of an official warning; or
- (b) the issue and enforcement of an infringement notice; or
- (c) the bringing and prosecuting of proceedings for an offence; and

'surrendered ticket' means a ticket referred to in the immediately preceding paragraph.

### Receipts

If the holder of a ticket surrenders their ticket in compliance with a request made under regulation 19 of the Transport (Ticketing) Regulations 2006, the customer will be issued with a receipt for that ticket in accordance with that regulation.

### Travel permits

If the holder of a ticket surrenders the ticket to an Authorised Officer, the holder will be issued with a travel permit for, if the ticket is:

- a registered myki that has been deactivated following notification that it has been lost or stolen, the balance of the journey being undertaken by the holder of the ticket;
- a myki that has only myki Money loaded on it, the balance of the journey being undertaken by the holder of the ticket:
- a myki that has a myki Pass loaded on it and the remaining travel authorised by the pass can be ascertained, that travel up to a maximum of seven days travel;
- a myki that has a myki Pass loaded on it and the remaining travel authorised by the pass cannot be ascertained, up to a maximum of seven days travel at the discretion of the Authorised Officer.

### Refunds and replacements

Despite anything else in the conditions in this manual, the refund of any unused value remaining on a surrendered myki will only be made and a surrendered myki will only be replaced:

- if making the refund or replacing the myki would not hinder investigating or considering the need to undertake, or undertaking, any enforcement activity to which the myki is relevant; and
- (b) if the person who has applied for the refund or replacement satisfies the person considering the application that he or she was lawfully in possession of the myki at the time it was surrendered or is otherwise entitled to the refund or replacement.

If a surrendered myki is defective, any replacement of the myki or refund to the extent of any unused value remaining on the myki at the time of surrender will be made in accordance with the conditions under the heading 'Non-operational mykis' earlier in this chapter.

If a surrendered myki is a myki that has been damaged, the myki will be replaced in accordance with the conditions under the heading 'Damaged mykis' earlier in this chapter. If the whole of any unused value remaining on the myki at the time of surrender is not transferred to the replacement myki, that value will be refunded.

If the surrendered myki is a myki that has been lost or stolen, any replacement of the myki or refund to the extent of any unused value remaining on the myki at the time of surrender will be made in accordance with the conditions under the heading 'Lost or stolen mykis' earlier in this chapter.

If the surrendered myki is a Concession myki which has been used by a person who has no entitlement to rely on the Concession myki for travel in a passenger vehicle or entry to a designated area, the amount of any myki Money balance remaining on the myki will be refunded on application, but that myki will not be replaced and no refund will be made, to the extent of the whole or part of any unused value that is not myki Money remaining on the myki at the time of surrender, except as provided in the next succeeding paragraph.

If a person referred to in the immediately preceding paragraph obtains an entitlement to rely on the Concession myki for travel in a passenger vehicle or entry to a designated area and:

- (a) applies for the replacement of the myki and a refund to the extent of the whole of any unused value that is not myki Money remaining on the myki at the time of surrender; and
- (b) presents evidence of the relevant entitlement –

to the Department of Economic Development, Jobs, Transport and Resources within 28 days of obtaining the entitlement, the myki will be replaced and a refund made to the extent of the whole of any unused value that is not myki Money remaining on the myki at the time of surrender.

If the surrendered myki is a myki that was fraudulently or, in some other way, dishonestly obtained or used, the myki will not be replaced and no refund will be made, to the extent of the whole or part of any unused value remaining on the myki at the time of surrender, except as provided in the next succeeding paragraph.

If the original holder of a fraudulently or dishonestly obtained or used myki applies to the Department of Economic Development, Jobs, Transport and Resources for the return of that myki within 28 days of becoming aware that the myki has been surrendered and satisfies the Department of Economic Development, Jobs, Transport and Resources that they are not a party to the deception or dishonesty, the myki will be replaced and a refund made to the extent of the whole of any unused value remaining on the myki at the time of surrender.

### **Customer compensation**

Customers holding a myki Pass valid for at least 28 days may be eligible for compensation if an operator falls below service performance thresholds under their Customer Charters. In this case customers can apply to the operator for compensation. For further details contact the relevant operator (contact information is given on the last page of this manual).

### V/LINE TICKETS

The following conditions set out the rules that apply to refunds and replacement for V/Line tickets and regional transit Student Passes.

#### Unused tickets

A V/Line ticket that has not been used on any service can be exchanged for another date or refunded, provided it is presented at a V/Line booking office prior to the departure date printed on the ticket. No administration fee applies.

The unused portion of a V/Line periodical ticket (Weekly, Monthly and Date-to-Date ticket) can be refunded at a staffed V/Line station. The refund will be calculated from the day the ticket was presented until its expiry date.

### Damaged tickets

A damaged ticket is one that is visibly damaged or has become invalid through:

- heat damage;
- water damage;
- being bent, punched through, torn, cut or chewed;
- being covered in dirt or other foreign substance;
- damage that exceeds normal wear and tear.

Generally, a damaged ticket that is unreadable may be replaced where it is possible to verify the issue of the original ticket with the issuing station and a Declaration Form is completed detailing the circumstances. The damaged ticket must be retained and submitted with a ticket office/agent sales return to verify the replacement ticket.

### Medical or change of travel circumstances

Application for V/Line refunds on medical grounds or because of a change in travel circumstances can be made at the ticket office of staffed V/Line stations. Customers must bring copies of any documentary evidence that supports their application for special consideration.

### Severe service disruption and customer compensation code

In the event of prolonged severe service disruption or industrial action, special bulletins will advise refund arrangements. Severe service disruption is where regular services are unable to be provided, and replacement services are not available for an extended period of time. The following conditions will normally apply:

- the application must be accompanied by the ticket;
- the ticket was valid for travel during the stoppage;
- the ticket was not used on alternative or replacement services during the stoppage;
- the application is submitted within 14 days of the expiry of the ticket.

Refunds that are based on industrial stoppage or severe service disruption do not attract an administration fee. The special bulletin will detail how to apply for the refund.

In the event that V/Line fails to meet its monthly performance targets for punctuality and reliability, V/Line will provide compensation in the form of a complimentary travel ticket to any affected customer holding a valid periodical ticket with durations of one month or more.

V/Line's average performance against targets is published monthly and posted at V/Line stations within 10 working days of the end of most months. V/Line performance figures are also published in its customer magazine, V/Line Voice and on-line at vline.com.au.

All compensation claims must be made in writing to Customer Relations, Reply Paid 5343, Melbourne, Victoria 8060. For further details contact the PTV call centre on **1800 800 007**.

#### Special consideration

Applications can be made at the ticket office of staffed V/Line stations. Customers must bring copies of any evidence that supports the application for special consideration.

#### Lost or stolen tickets

No refunds or replacements are available for lost or stolen tickets, with the exception of Student Passes, reserved V/Line tickets, and date-to-date tickets for which a duplicate ticket (or tickets) may be issued.

Lost or stolen reserved seating tickets will be replaced if reported before the day of travel at any staffed V/Line station on completion of an application form.

A lost or stolen Date-to-Date ticket will be replaced with a duplicate ticket at any staffed V/Line station on completion of an application form.

For Regional Student Passes the customer should return to the location it was purchased from to apply for a replacement.

## Refund procedures

Refunds are available from staffed V/Line stations. An application form is not required, but a refund slip must be signed by the customer.

No refund, allowance or compensation will be granted for:

- changes of timetable, reduction of services or reduction of fares during the period covered by the ticket;
- customers paying full fare who produce a valid concession card after travel has commenced or has been completed;

- disruption of services where V/Line has provided alternative or substitute transport services;
- tickets marked 'departmental';
- tickets issued in exchange for a voucher;
- tickets issued free;
- tickets that were paid for by personal cheque where notification of clearance has not been received;
- any discounted ticket stipulated in the Victorian Fares and Ticketing Manual or associated information alert as non-refundable.

No refunds or adjustments will be made after travel has taken place on the ticket.

For further assistance, phone the Main Booking Office, Southern Cross Station on (03) 9619 2187.

# Compensation

Customers holding a valid date-to-date V/Line ticket outside of the myki commuter area, may be eligible for compensation if an operator falls below service performance under their Customer Charters. For further details, contact the PTV call centre on **1800 800 007**.

### Surrendered tickets

The conditions under this heading apply if a ticket is surrendered in compliance with a request made under regulation 19 of the Transport (Ticketing) Regulations 2006.

In the conditions under this heading, 'enforcement activity' means the issue and enforcement of an infringement notice or the bringing and prosecuting of proceedings for an offence.

If the holder of the ticket surrenders the ticket to an Authorised Officer while travelling on a passenger vehicle, the customer will be issued with a travel permit for the balance of the travel authorised by the ticket up to a maximum of seven days travel.

A surrendered ticket will be retained by the Authorised Officer or the member of the police force to whom the ticket was surrendered, or by the Department of Economic Development, Jobs, Transport and Resources, at least until:

- (a) a decision is taken to not proceed with any enforcement activity to which the ticket is relevant; or
- (b) all enforcement activities to which the ticket is relevant are concluded.

When either of the events referred to in the immediately preceding paragraph occurs, the following conditions apply in respect of the surrendered ticket:

- If the ticket is a concession ticket which has been used by a person who has no entitlement to rely on the concession ticket for travel in a passenger vehicle or entry to a designated area:
  - (a) no replacement tickets will be issued and no refund will be made, to the extent of the whole or part of any unused value remaining on the ticket at the time of surrender; and
  - (b) the ticket will not be returned except as provided in the next succeeding dot point.
- If a person referred to in the immediately preceding dot point obtains an entitlement to rely on the concession ticket for travel in a passenger vehicle or entry to a designated area and
  - (a) applies for the return of the ticket; and
  - (b) presents evidence of the relevant entitlement –

to the Department of Economic Development, Jobs, Transport and Resources within 28 days of a decision to not proceed with any enforcement activity, or of the conclusion of all enforcement activities, to which the ticket is relevant, the ticket will be returned if it has any remaining unused value, but no replacement tickets will be issued, and no refund will be made, to the extent of the whole or part of any unused value remaining on the ticket at the time of surrender.

- If the ticket was fraudulently or, in some other way, dishonestly obtained or used
  - (a) no replacement tickets will be issued and no refund will be made, to the extent of the whole or part of any unused value remaining on the ticket at the time of surrender; and
  - (b) the ticket will not be returned –
  - except as provided in the next succeeding dot point.
- If the original holder of a fraudulently or dishonestly obtained or used ticket applies to the Department of Economic Development, Jobs, Transport and Resources for the return of that ticket within 28 days of the conclusion of all enforcement activities to which the ticket is relevant and satisfies the Department that he or she was not a party to the deception or dishonesty:
  - (a) if the ticket has any remaining unused value, it will be returned to the original holder; and
  - (b) whether or not the ticket is returned under paragraph (a), the original holder is entitled to a replacement ticket or tickets, or a refund, to the extent of the whole of any unused value remaining on the ticket at the time of surrender, less, if the ticket is returned, any remaining unused value as at the date the ticket is returned.
- If the enforcement activities culminated in a successful prosecution of the holder of the ticket, an order may be sought by or on behalf of the informant for the forfeiture of the ticket. If such an order is not made by the Court, the ticket will be returned to the person prosecuted if it has any remaining unused value, but no replacement tickets will be issued, and no refund will be made, to the extent of the whole or part of any unused value remaining on the ticket at the time of surrender.
- If the enforcement activities culminated in the prosecution of the holder of the ticket and that prosecution resulted in the acquittal of the holder of the ticket on the charge or charges and if the holder makes application to the Department of Economic Development, Jobs, Transport and Resources within 28 days of the Court's decision:
  - (a) if the ticket has any remaining unused value, it will be returned to the holder; and
  - (b) whether or not the ticket is returned under paragraph (a), the holder is entitled to a replacement ticket or tickets, or a refund, to the extent of the whole of any unused value remaining on the ticket at the time of surrender, less, if the ticket is returned, any remaining unused value as at the date the ticket is returned.
- If an infringement notice was issued and either
  - (a) the penalty specified in the notice is paid before an enforcement order in respect of the notice is made: or
  - (b) if the notice becomes the subject of an enforcement order, the amount required to be paid under the order is paid –

and if the holder of the ticket makes application to the Department of Economic Development, Jobs, Transport and Resources within 28 days of the payment of the penalty or amount (as the case may be), the ticket will be returned to the holder if it has any remaining unused value, but no replacement tickets will be issued, and no refund will be made, to the extent of the whole or part of any unused value remaining on the ticket at the time of surrender.

- If -
  - (a) an infringement notice was issued; and
  - (b) the notice was lodged with the Infringements Registrar; and
  - (c) the notice was subsequently revoked by a Court; and
  - (d) under section 69 of the **Infringements Act 2006**, the matter is not referred to the Court –

and if the holder of the ticket makes application to the Department of Economic Development, Jobs, Transport and Resources within 28 days of receiving the notice under section 69(3) of the **Infringements Act 2006** from the Infringements Registrar that the matter will not be referred to the Court –

- (e) if the ticket has any remaining unused value, it will be returned to the holder; and
- (f) whether or not the ticket is returned under paragraph (e), the holder is entitled to a replacement ticket or tickets, or a refund, to the extent of the whole of any unused value remaining on the ticket at the time of surrender, less, if the ticket is returned, any remaining unused value as at the date the ticket is returned.
- If an infringement notice was issued, but later withdrawn and either
  - (a) a decision was made to not undertake any other enforcement activity to which the ticket is relevant; or
  - (b) an official warning is given to the holder of the ticket and if the holder of the ticket makes application to the Department of Economic Development, Jobs, Transport and Resources within 28 days of receiving the notice of withdrawal or warning letter (as the case may be) –
  - (c) if the ticket has any remaining unused value, it will be returned to the holder; and
  - (d) whether or not the ticket is returned under paragraph (c), the holder is entitled to a replacement ticket or tickets, or a refund, to the extent of the whole of any unused value remaining on the ticket at the time of surrender, less, if the ticket is returned, any remaining unused value as at the date the ticket is returned.
- Unless the ticket is a ticket referred to in the first dot point above, if a decision was taken to
  not proceed with any enforcement activity to which the ticket is relevant, and if the holder of
  the ticket makes application to the Department of Economic Development, Jobs, Transport
  and Resources
  - (a) if the ticket has any remaining unused value, it will be returned to the holder; and
  - (b) whether or not the ticket is returned under paragraph (a), the holder is entitled to a replacement ticket or tickets, or a refund, to the extent of the whole of any unused value remaining on the ticket at the time of surrender, less, if the ticket is returned, any remaining unused value as at the date the ticket is returned.
- An application under the last preceding dot point must be made no later than 28 days after the holder of the ticket receives advice from the Department of Economic Development, Jobs, Transport and Resources that no enforcement activity to which the ticket is relevant will proceed.

### OTHER TICKETS

No replacements or refunds are available for other tickets.

### **CHAPTER 14: ACCESSIBLE TRANSPORT**

Public transport services in Victoria are progressively being made accessible to people with disabilities, to comply with the provisions of the Commonwealth **Disability Discrimination Act** (1992) and Disability Standards for Accessible Public Transport (2002).

All metropolitan and most V/Line trains are wheelchair accessible, along with most metropolitan and V/Line stations.

New trams and buses are being delivered with low floors for easy access, while an increasing number of tram stops in the Melbourne CBD and elsewhere on the tram network are being renovated into accessible stops.

### ACCESS FOR PEOPLE USING WHEELCHAIRS AND MOBILITY AIDS

# Metropolitan

#### **Trains**

All metropolitan trains are wheelchair accessible via a manual ramp deployed by the driver from the front carriage. Customers who need assistance boarding trains should wait on the platform near the front of the train.

Most metropolitan train stations are wheelchair accessible and Premium stations have wheelchair accessible toilets. Customers should phone the PTV call centre on **1800 800 007** to enquire about particular requirements such as obtaining assistance from station staff at Premium stations or travelling in large groups.

#### Trams

Low-floor trams have two allocated spaces for customers using wheelchairs or mobility aids, directly inside the first set of double doors. They also have a call button so that customers who need assistance getting off the tram can alert the driver to deploy a bridging plate at the door threshold.

People using wheelchairs and scooters can currently access low-floor trams from platform stops on routes 5, 6, 8, 16, 48, 72, 96 and 109. Depending on operational availability, every tram on routes 96 and 109 is a low-floor tram. Routes 5, 6, 8, 11, 16, 48 and 72 are partly serviced by low-floor trams. There are more than 360 accessible platform stops on the Melbourne tram network.

Public Transport Victoria in conjunction with Yarra Trams and local councils are undertaking programs to increase the number of accessible trams stops. Contact the PTV call centre on **1800 800 007** for more information on accessible routes and stop locations.

### Buses

Over 80 per cent of Melbourne's bus services are wheelchair accessible, including SkyBus. The driver deploys a manual ramp from the door at the bus stop kerb.

Customers should contact the relevant operators to find out which services are operated with low-floor buses. Some bus companies' timetables also show which services are operated by low-floor buses.

### Regional

### V/Line trains and coaches

All V/Line stations are wheelchair accessible. All trains are accessible via a portable wheelchair ramp deployed by the conductor on request. Space for customers with disabilities on trains may be limited and customers may be restricted to particular parts of the train.

Conductors and station staff are available on request to further assist customers.

Wheelchair accessible toilets are available on all Sprinter and V/Locity railcars, while limited accessible toilet facilities are available on locomotive-hauled services. Some V/Line coach services are wheelchair accessible.

PTV encourages customers who require accessible travel to plan their journey in advance by calling the PTV call centre on **1800 800 007** at least 24 hours before travel.

### Regional town buses

Certain regional town bus routes are operated with low-floor buses. The driver deploys a manual ramp from the door at the bus stop kerb.

Customers should contact the relevant operator to find out which services are operated with low-floor buses.

# Mobility aids - regional and metropolitan services

A mobility aid (wheelchair, scooter or motorised vehicle) needs to:

- fit within an allocated space of 1300 mm (length) x 800 mm (width);
- be no more than 750mm wide at a height 300mm above the ground to fit between the wheel axles of a bus;
- have anchor points if the journey is on a V/Line coach.

Additionally, the total weight of the mobility aid, its user and any attendants must be less than 300 kg, as this is the maximum load for boarding devices such as ramps.

Mobility aids that exceed these standard wheelchair dimensions (800 mm wide x 1300 mm long) may not be able to be accommodated.

### ASSISTANCE ANIMALS

Guide dogs, guide dogs in training, hearing guide dogs and animals identified by an Assistance Animal Pass or an interstate assistance animal accreditation are permitted to travel on all public transport services. All other animals travel subject to conditions in Chapter 15.

Animals that only provide companionship and support will not qualify for the Assistance Animal Pass.

The Assistance Animal Pass has been developed to assist people with an ongoing disability who are unable to use public transport without an assistance animal.

The Assistance Animal Pass is only issued to people who can demonstrate their animal has been trained as an assistance animal which alleviates the effects of their disability.

Types of assistance animals covered by the Assistance Animal Pass include:

- Mobility Support Animals: trained to help people with physical disabilities who use wheelchairs or have difficulty moving;
- Medical Alert Animals: trained to assist their handlers before and during a medical emergency;
- Psychiatric service animals: trained to provide support to people with psychiatric disabilities. For more information contact the PTV Hub on (03) 9027 4930.

Note: If travelling on V/Line services a seat must be booked for the assistance animal. Assistance animals travel free.

For all other animals, refer to Chapter 15.

Bicycles must not obstruct passageways or doorways and must not inconvenience other customers.

As a courtesy to fellow customers, cyclists are requested to avoid heavily congested carriages.

#### V/Line trains

Bicycles can be carried free on V/Line trains subject to availability of space. On V/Line trains, bicycles must be stowed in the location(s) designated by the conductor. V/Line trains have limited space for bicycles. If a V/Line conductor determines that there is not sufficient room to carry a bicycle on a V/Line train, it will not be able to be carried on that train. Bicycles must not obstruct passageways or doorways and must not inconvenience other customers.

As a courtesy to fellow customers, cyclists are requested to avoid heavily congested carriages.

### V/Line coaches

Bicycles are not permitted on planned disruption services. The exceptions are:

### Trams, metropolitan buses and regional town buses

Bicycles are not permitted on these services, including buses used to replace train services, at any time, with the exception of folding bicycles.

# Bicycle lockers

Some metropolitan and V/Line train stations have bicycle lockers, which can be used to store bicycles, helmets and safety vests.

Customers may obtain lockers for up to 3 months by paying a bond, which will be returned at the end of the period (provided the locker is clean, undamaged and that the locker key is returned in a serviceable condition). This period can be extended beyond 3 months if renewal is applied for on or before the expiry date. Some Premium Stations such as Southern Cross have a self-storage locker system.

Bicycle lockers at unstaffed stations may be reserved at a nearby staffed station.

Items are stored in bicycle lockers at the customer's risk. Operators will not be liable for any loss of or damage to items stored in bicycle lockers.

S 401

### Bicvcle cages

Bicycle cages have been installed at a number of metropolitan and V/Line stations, A bicycle cage allows the storage of over 20 bicycles in a cage secured by a locked door that is opened with an electronic swipe card.

Customers can obtain a parking place in a bicycle cage by contacting Bicycle Network Victoria and by paying a refundable deposit for a swipe card that provides access to the cage.

For further information on bike cage locations and use contact Bicycle Network Victoria on 1800 639 634 or visit by.com.au

Transport operators and Bicycle Network Victoria will not be liable for any loss or damage to items stored in bicycle cages.

Regular bicycles of any size, with or without wheels, are not considered folding bicycles and are subject to the conditions above regarding bicycles on public transport.

Folding bicycles can be carried free on metropolitan trains, trams and buses, V/Line trains and coaches, and regional town bus services at any time.

Folding bicycles must be folded before boarding when using metropolitan bus or tram and V/Line coach.

Customers with surfboards are requested to avoid travelling during peak periods.

Surfboards are not permitted on board metropolitan trams and buses or regional town bus services at any time.

### V/Line

Surfboards can be carried free of charge on V/Line trains, if there is space available. Surf skis, sailboards, canoes and similar items are not permitted on V/Line trains.

However, surfboards and boogie boards may be carried on coach services along coastal routes subject to available space on the day of travel. Customers are to be aware that this applies to both the forward and return journeys.

Call the PTV call centre on 1800 800 007 for further information.

#### LUGGAGE ON V/LINE SERVICES

The luggage allowance on V/Line train and coach services is 30 kg per customer (one item up to 20 kg) plus one item of hand luggage.

On V/Line trains, customers' luggage can be stowed in overhead racks above the seats and in the vestibules at the end of each carriage. On V/Line coaches, luggage can be stowed in overhead racks above the seats or in the luggage space underneath the coach.

Customers are advised to keep their hand luggage with them at all times when travelling and to carry all personal medication, keys and valuables including laptops and electronic devices, in their hand luggage.

Customers with special needs can seek assistance with luggage from station staff, train conductors and coach drivers when boarding, alighting or transferring between services.

### Checked luggage

A checked luggage service is available on board locomotive-hauled V/Line train services. Locomotive-hauled trains operate on the Albury, Bairnsdale, Shepparton, Swan Hill and Warrnambool lines. Checked luggage will only be carried to stations beyond Seymour (Shepparton services), Traralgon (Bairnsdale services), Eaglehawk (Swan Hill services) and Waurn Ponds (Warrnambool services).

Customers must check in their luggage at least 30 minutes before their service is scheduled to depart. Wherever possible, the luggage will travel on the same service (wheelchairs, sporting equipment, prams and similar items must travel on the same service).

Customers must clearly label all luggage with their name and address, their destination and the date and service they are travelling. All previous luggage tags must be removed.

Luggage can only be sent to the customer's destination. If that location is unstaffed, the customer must collect the luggage as soon as it arrives.

Customers who lose their luggage tags must sign a declaration giving a description of the items and indemnifying V/Line against any loss or claim for wrong delivery. V/Line will only return the luggage if sufficient evidence of ownership is provided.

At Southern Cross Station, checked luggage will be delivered to the platform beside the train or beside the coach immediately on arrival. Luggage unclaimed on arrival will be transferred to the luggage hall. At other stations or stops luggage will be delivered on the platform beside the train or on the roadside beside the coach.

Checked luggage will not operate on coaches replacing train services during planned disruptions.

#### Cloakrooms

Limited cloakroom space is available at Bendigo, Geelong and Wodonga stations for storage of items which will not fit in luggage lockers (for example, sporting equipment, wheelchairs and other large items).

To store items in the cloakroom, customers must pay \$3.20 per item per day and will be issued with a separate ticket for each item.

To retrieve an item, customers must present their ticket at the cloakroom and pay any overtime charges due. Staff should ask for a description of the item.

If a customer needs to access an item from the cloakroom, the ticket must be handed in and another ticket issued and paid for when the item is returned to the cloakroom.

Customers who lose their ticket must sign a declaration giving a description of the item. They must pay any outstanding charges.

V/Line is not liable for any loss or damage to items stored in cloakrooms.

### Liability and insurance

V/Line may pay up to \$600 for checked luggage to any customer whose checked luggage is lost, damaged or delayed as a result of negligence by V/Line's employees, agents or contractors but **only** when:

- the items were in a suitcase, bag or other receptacle that was securely locked and clearly labelled with the customer's name, address and destination;
- the luggage was handed to an employee, agent or contractor of V/Line and a luggage tag was
  obtained for each item.

Customers are advised to lock and clearly label all luggage with their name and contact details.

V/Line is not liable for any loss, damage or delay to any luggage on board its trains or coach services (see exception for checked luggage above), including luggage stored in coach luggage compartment and items such as bicycles, surfboards, sporting or camping equipment. Customers who require cover for loss, damage or delay to luggage should obtain appropriate travel insurance.

### CHAPTER 16: TICKETING PROCEDURES AND INFRINGEMENT NOTICE PROCESS

#### **CUSTOMER OBLIGATIONS**

Customers who observe or experience bus drivers, conductors or other staff accepting money without issuing a ticket or topping up a myki are requested to report this to the PTV call centre on **1800 800 007** for further investigation.

### **BUS DRIVER OBLIGATIONS**

Bus drivers are required to sign on with their shift details to the ticketing system, if present, as they leave the depot and sign off at the end of their shift.

Bus drivers are not permitted to accept money without issuing a valid ticket or issuing or topping up a myki. If a customer pays for their ticket and does not take it, the driver must call them back and give it to them. If the customer declines to accept the ticket the driver must leave it in their change tray until the customer leaves the bus, when it can then be discarded.

#### TRAM DRIVER OBLIGATIONS

Tram drivers are responsible for signing onto the ticketing system when they enter the tram. This should occur prior to leaving the depot to ensure the ticketing equipment is operational. Drivers must not sign off prior to arriving at their final destination or depot.

### AUTHORISED OFFICERS

Authorised Officers are persons who have been employed or engaged by an operator or BusVic to perform statutory duties and functions under the **Transport (Compliance and Miscellaneous) Act 1983** (the Act).

Authorised Officers are trained in relevant law and procedures, must pass a stringent probity check and satisfy the qualification requirement prior to being authorised by the Secretary.

Where a person is detected by an Authorised Officer travelling on public transport without a valid ticket, and the person has had a reasonable opportunity to purchase a ticket and/or top up a myki and/or touch on, the Authorised Officer may:

• inform the person that they intend to report the matter to the Department of Economic Development, Jobs, Transport and Resources. If this happens, that the person may receive an infringement notice in the mail.

### REPORT OF NON-COMPLIANCE

To report an offence an Authorised Officer will compile a 'Report of non-compliance', which contains a summary of the non-compliance alleged, the name and address of the person being reported, the location of the occurrence, the time, date, etc. This document, along with any evidence such as a surrendered ticket, is forwarded to the Department of Economic Development, Jobs, Transport and Resources. The documentation is checked for completeness and, if deemed appropriate, an infringement notice is generated and posted to the alleged offender.

Where a person is reported for a ticketing and/or a behavioural offence, the Authorised Officer must inform the person in clear terms what offence the officer believes the person has committed.

Authorised Officers are empowered under section 218B of the Act to request and verify the name and address given by a person who the officer reasonably believes to have committed an offence.

If a person is requested to state their name and address, and the person fails or refuses to give their name and address or gives false details, that person is committing another offence.

The Authorised Officer may also request the person to provide evidence of the correctness of the name and address provided.

### INFRINGEMENT NOTICE PROCEDURES

The Department of Economic Development, Jobs, Transport and Resources undertakes the enforcement functions relating to the Conditions, including the issuing and management of infringements.

Upon receiving an infringement notice a person has 42 days (from the notice date) to deal with the matter. If the penalty amount is paid within 42 days, the matter is finalised and no further action is taken.

If the penalty amount is not paid within 42 days, a Penalty Reminder Notice is generated and sent to the same address to remind the alleged offender of the overdue payment. The Penalty Reminder Notice adds additional administration costs to the penalty. The matter can still be finalised by payment of the penalty (plus administrative costs) within 42 days from the date of the Penalty Reminder Notice.

If a person wishes to pay the penalty but because of genuine financial hardship, cannot afford to pay it in one payment, they are encouraged to contact the Department of Economic Development, Jobs, Transport and Resources who may grant an extension of time to pay. The Department of Economic Development, Jobs, Transport and Resources system does not allow for part payments – the whole amount must be paid to finalise the matter. The telephone number for infringement payment enquiries is 1300 135 066.

Where no contact has been made with the Department of Economic Development, Jobs, Transport and Resources within either of the two 42 day periods mentioned above, and the infringement notice remains unpaid, the matter is transferred to the Infringements Court (a division of the Magistrates' Court) for enforcement.

Once the matter has transferred to the Infringements Court, any enquiries about the matter must be directed to the Infringements Court, not the Department of Economic Development, Jobs, Transport and Resources. The Infringements Court telephone enquiry number is (03) 9094 2000, or visit fines.vic.gov.au. Unpaid infringement notice matters for children are handled by the Children's Court. For enquiries please call (03) 8638 3300.

# Paying a fine

Customers can pay the fine in full:

- in person at any post office;
- by phone on **131 816**;
- online at Post Billpay;
- by mail: detach the payment section of the fine. Send it with a non-negotiable cheque or a money order (do not send cash) to:

Department of Economic Development, Jobs, Transport and Resources GPO Box 2797

Melbourne, Victoria 3001.

#### OBJECTIONS TO INFRINGEMENT NOTICES

If a person wishes to have an infringement notice reviewed, this may be done in writing by letter to:

Department of Economic Development, Jobs, Transport and Resources GPO Box 2797

Melbourne, Victoria 3001

or fax (03) 9655 8855; or by email to tia@transport.vic.gov.au and should include:

- infringement number;
- customer's name;
- customer's address (if changed since the infringement);
- reason for review;
- contact telephone number.

Upon receipt of a request for review, the infringement process is put on hold, which means the 42 day period is suspended until a decision is made whether to uphold or reject the appeal.

If not satisfied with the decision, a person may elect to have the matter taken before a Magistrate. A person may also elect to have the matter dealt with in Court without the appeal process taking place, by notifying the Department of Economic Development, Jobs, Transport and Resources on receipt of the infringement notice.

### **CHAPTER 17: MYKI TERMS OF USE**

### GENERAL CONDITIONS

A myki ('the Card') is issued and must be used subject to the conditions contained in this manual as amended, replaced, consolidated or re-enacted from time to time.

The Card may only be used to obtain or prove an entitlement to use a public transport service to which the conditions in this manual apply ('Public Transport Service'). Subject to all applicable conditions contained in this manual and in the regulations under the **Transport (Compliance and Miscellaneous)** Act 1983, the Card may be used for these purposes by:

- (a) doing one or more of the following:
  - (i) paying money to PTV and having that amount recorded in the account associated with the Card ('Card account') and as stored value ('Value') on the Card for the purpose of using Value to pay for public transport services;
  - (ii) paying directly for a public transport service and having the authority to use the public transport service ('Product') recorded on the Card;
  - (iii) having a free travel pass to which the cardholder is entitled recorded on the Card; and
- (b) touching on and touching off the Card in accordance with the conditions contained in this manual

Where a cardholder makes a payment from Value on the Card in accordance with the conditions contained in this manual, the amount of the payment will be deducted from that Value. Value and Product may only be added to the Card by such means as are specified in this manual.

The Card is and remains the property of PTV. PTV or its authorised representatives may inspect, deactivate, suspend or take possession of the Card or require its return at any time in their discretion without notice to the cardholder or any account holder and the cardholder and any account holder must comply with any directions of PTV or its representatives in this regard. The cardholder and any account holder must not alter, tamper or interfere with the Card or knowingly use a defective Card.

Transactions which would result in the Value on the Card exceeding the maximum amount specified in this manual will be rejected. The Card may not be able to be used if the Value falls below the relevant minimum amount specified in Chapter 8 of this manual.

If PTV, in its absolute discretion, allows the Card to operate with a debit (negative) Value balance, the cardholder or, in the case of a registered myki, the account holder, must pay PTV any debit (negative) balance on the Card upon request by PTV and any Value subsequently added to the Card will be applied first by PTV to any debit (negative) balance.

The cardholder or any account holder, as is applicable, is liable to pay the fees and charges as published in this manual from time to time. The applicable fees and charges may be deducted from the Value on the Card.

Unless the Card is a registered myki, any person presenting the Card may redeem Value on the Card for money (less any amounts owed by the cardholder or any account holder to PTV), subject to complying with any applicable conditions specified in this manual. PTV is entitled to reject an application to redeem Value on a Card if there has been a material breach of the conditions contained in this manual.

Until five years after the last use of the Card or the last activity on the Card Account not initiated by PTV, PTV will hold all money representing Value on the Card unless, prior to that time, the Value is redeemed in accordance with the conditions contained in this manual. After that time, such money, other than amounts the value of which is less than \$20 (or any higher amount prescribed under the **Unclaimed Money Act 2008**) will be 'unclaimed money' for the purposes of that Act and will only be able to be claimed from the Registrar of Unclaimed Money.

Apart from the right to redeem Value in accordance with the conditions contained in this manual, neither the cardholder nor any account holder has any legal, equitable or other right or interest in relation to money representing Value on the Card. No trust or other fiduciary relationship exists between PTV and the cardholder or PTV and any account holder. PTV owns all data and expressions of that data resulting from, or in respect of, transactions generated or processed in relation to use or operation of the Card.

Any complaint about a public transport service must be raised directly with the operator. A complaint in relation to the Card or Card Account may be made by contacting PTV at **ptv.vic.gov.au** or by calling the PTV call centre on **1800 800 007**. If a complaint in relation to the Card is not resolved by contacting PTV, the Public Transport Ombudsman provides a cost-free, independent and accessible dispute resolution scheme. Further information about the Public Transport Ombudsman is available at **ptovic.com.au** or by calling **1800 466 865**.

PTV's records are, in the absence of manifest error, conclusive of the amount of Value on the Card and any other matter in relation to the Card Account or the Card. PTV may adjust the Card Account or Card balance retrospectively if PTV reasonably believes that either of them is incorrect.

If any part of the conditions in this Chapter is invalid, the conditions are invalid only to the extent of such part without invalidating the remaining conditions.

### ADDITIONAL CONDITIONS FOR REGISTRATION AND REGISTERED CARDS

Upon request in the manner required by PTV, PTV will register a Card ('the Registered Card') subject to these Additional Conditions for Registration and Registered Cards.

If there is any inconsistency between these Additional Conditions for Registration and Registered Cards and the conditions in this chapter under the heading 'General Conditions', these Additional Conditions for Registration and Registered Cards will prevail to the extent of that inconsistency.

Each Registered Card must also have a person registered with PTV as an account holder ('the Account Holder'). The Account Holder will manage, and the cardholder will use, the Registered Card in accordance with the rights and obligations given to each of them under the conditions contained in this manual. An Account Holder may manage multiple Card Accounts. PTV is entitled to rely upon any instructions given by the Account Holder in relation to the Registered Card.

The cardholder or Account Holder must advise PTV as soon as possible if a Registered Card is lost or stolen. PTV will deactivate the Registered Card following notification by either the cardholder or the Account Holder that it is lost or stolen. If a Registered Card is lost or stolen, the cardholder or Account Holder has no liability in respect of that Card, or for any costs incurred using that Card, after the time the loss or theft of the Card is notified to PTV, other than any fees which apply.

Where a Registered Card has been lost or stolen, the cardholder or Account Holder may obtain a replacement Registered Card subject to complying with requirements in this manual, which, at PTV's discretion, may involve payment of a fee as specified in this manual.

Where a Registered Card has been replaced, PTV will, after deducting any amounts owed to PTV, transfer the Value and/or Product from the Registered Card which is being replaced to the new Registered Card. Any money payable by PTV in respect of the redemption of Value on a Registered Card will only be payable to the Account Holder.

For the purposes of this manual, the fact that a tramway is not laid entirely in public streets or roads does not prevent a vehicle running on that tramway from being characterised as a tram.

If, in accordance with a provision of this manual, a ticket can be used, and is being used, for part only of a journey, all references to a journey (other than in that provision) or a trip in relation to that use of the ticket are to be taken to be references to that part of the journey.

For the purposes of this manual:

- (a) if a ticket is valid for a person's journey, the ticket authorises that journey; and
- (b) if a ticket is valid for a person's entry to a designated area, the ticket authorises that entry to the designated area.

### Purchasing a myki

In this manual, any reference to purchasing or buying a myki is a reference to purchasing or buying the right to use the myki for the purposes specified in the manual. At all times mykis remain the property of PTV (see Chapters 2 and 17).

#### Public transport day

For the purposes of this manual, in any condition specifying the period of an entitlement to travel in a passenger vehicle or to enter a designated area:

- (a) a reference to a day means the period commencing at 3 am and ending at the following 3 am; and
- (b) a reference to a particular day means the period commencing at 3 am on that day and ending at 3 am on the following day.

### Travelling within a zone or zones

For the purposes of this manual, to 'travel in a zone' or 'travel within a zone':

- (a) in relation to Zone 1 or Zone 2, means to travel in a passenger vehicle along a tramway depicted, or a bus route or part of a bus route specified or from, to or past a railway station specified as being in, respectively, Zone 1 or Zone 2 and includes any entry to a designated area in the relevant zone; or
- (b) in relation to an outer urban bus zone or a regional bus zone, means to travel in a bus along a bus route, or part of a bus route, specified or depicted as being in that zone; or
- (c) in relation to a V/Line commuter train zone, means to undertake a journey in a V/Line train from, to or through a train station that is part of such a zone and includes any entry to a designated area associated with that journey'; and

- (e) in relation to a V/Line commuter train zone, also means to undertake a journey in a V/Line parallel coach service, or a Night Coach network service, from, to or past a railway station that is part of such a zone.

For the purposes of this manual, the number of V/Line commuter train zones in which a customer travels is deemed to be the number derived by subtracting the zone number of the lowest numbered train station that forms part of the relevant journey from the zone number of the highest numbered train station that forms part of the journey and adding one.

### Zone overlaps

For the purposes of this manual, a zone overlap is where the same part of a railway line, tramway or bus route, or a location, is depicted or specified as being in two consecutively numbered zones.

For the purposes of a customer's travel, which zone applies depends on whether the customer is travelling to, or from, or entirely within, the zone overlap.

If the customer has travelled to the zone overlap from, or is travelling from the zone overlap to, the lower numbered zone or zones with a lower number than that zone, the lower numbered zone applies.

If the customer has travelled to the zone overlap from, or is travelling from the zone overlap to, the higher numbered zone or zones with a higher number than that zone, the higher numbered zone applies.

If the customer is travelling entirely within a zone overlap the customer must have a ticket that is valid for at least one of the zones.

### References to chapters

For the avoidance of doubt, for the purposes of this manual, a reference in a condition contained in this manual to a chapter with a number is a reference to the chapter of this manual designated by that number regardless of whether the number in the reference or the number in the relevant chapter heading is expressed in words or figures.
