A Regulatory Impact Statement (RIS) was prepared in relation to the proposed Water (Resource Management) Regulations 2017. The objectives of the proposed Regulations are to prescribe –

- fees for lodging documents with the Registrar of the water register or making recordings in the water register;
- fees for applications to amend or search the water register;
- persons who may search the water register and the prescribed classes of information or records recorded in the water register they may search for;
- the purpose for which an application for a licence under section 51(1) of the Water Act to take and use water in a declared water system may be made; and
- certain persons and classes of person to be occupiers for the purposes of water-use registration.
