## AUTHORISATION AND PUBLICATION PURSUANT TO SECTION 14

## The Institute of Public Accountants Professional Standards Scheme

I, Martin Pakula MP, Attorney-General, pursuant to section 14 of the **Professional Standards Act 2003** (the Act), authorise the publication of the Institute of Public Accountants Professional Standards Scheme (the Scheme) submitted to me by the Professional Standards Council of Victoria. The Scheme is published with this authorisation and will commence in accordance with section 15 of the Act.

Dated 2 October 2018

THE HON. MARTIN PAKULA MP  
Attorney-General

**Professional Standards Act 2003 (Vic.)**THE INSTITUTE OF PUBLIC ACCOUNTANTS  
PROFESSIONAL STANDARDS SCHEME**PREAMBLE**

- A. The Institute of Public Accountants Ltd ('IPA') is an occupational association.
- B. The IPA has made an application to the Professional Standards Council ('Council'), appointed under the **Professional Standards Act 2003** ('Act'), for a scheme under the Act in Victoria.
- C. The scheme is prepared by the IPA for the purposes of limiting occupational liability<sup>1</sup> to the extent to which such liability may be limited under the Act; improving occupational standards of professional persons; and protecting consumers of their services, per the objects of the Act.
- D. The scheme is to apply to all members of the IPA who are ordinarily residents in Australia and who hold a current Professional Practice Certificate<sup>2</sup> ('PPC'), and who are not otherwise exempted or excluded.
- E. The scheme does not affect damages which are below the monetary ceiling specified in the scheme for each person to whom the scheme applies. The scheme limits liability for damages to the monetary ceiling specified for that person, provided that the person has insurance as required under section 23 of the Act.
- F. The IPA has furnished the Council with a detailed list of the risk management strategies<sup>3</sup> in respect of its members and the means by which those strategies will be implemented.
- G. The IPA will report annually to the Council on the implementation and monitoring of its risk management strategies, the effect of those strategies, and any changes proposed to be made to them.
- H. The IPA will report to the Council on such other matters as the Council may require pursuant to section 47 of the Act.
- I. The scheme is intended to commence on 1 January 2019 and remain in force for two (2) years from its commencement unless, prior to that time, it is revoked, its operation ceases, or it is extended.
- J. The scheme is intended to apply in all Australian states and territories.

<sup>1</sup> Occupational liability has the same meaning as it has in the Act

<sup>2</sup> A Professional Practice Certificate (PPC) is a certification, issued by the IPA to eligible members, which allows IPA members to offer professional accounting and/or related services to the public. The application and approval process of obtaining a PPC is governed by the IPA By-Laws Chapter 9 which can be found at <https://www.publicaccountants.org.au/media/1517245/MASTER-By-Laws-V-25-rebrand.pdf>

<sup>3</sup> These risk management strategies are detailed in the application submitted by the IPA to the Council (Application). The Application includes sections on continuing occupational education, code of ethics / practice, complaints and discipline system, quality assurance and audit, and risk management

- K. All participating members referred to in clause 2 of the scheme are subject disciplinary measures under the Constitution and By-Laws of the IPA and are also subject to the professional indemnity insurance requirements under the By-Laws of the IPA.

## THE INSTITUTE OF PUBLIC ACCOUNTANTS PROFESSIONAL STANDARDS SCHEME

### 1. Occupational association

- 1.1 The Institute of Public Accountants Professional Standards Scheme ('scheme') is a scheme under the Act, prepared by the IPA whose business address is: Level 6, 555 Lonsdale Street, Melbourne, Victoria 3000.

### 2. Persons to Whom the Scheme Applies

- 2.1 The scheme applies to:
- a) all IPA members who hold a current PPC issued by the IPA other than such members who are, or at the time of any act giving rise to occupational liability were:
    - i. holders of an Australian Financial Services Licence granted in accordance with section 913B of the **Corporations Act 2001** (Cth) ('AFS licence holder'), not being a Limited Licence<sup>4</sup>; and
    - ii. Representatives<sup>5</sup> of an AFS licence holder, not being a Limited Licence; and
  - b) All persons to whom the scheme applies, by virtue of the Act<sup>6</sup> and the corresponding provisions of the Acts of other jurisdictions in which the Scheme applies.  
Each such participating member and person is referred to in the Scheme as a 'participating member'

- 2.2 This scheme also applies to all persons to whom the scheme applied under either clause 2.1 at the time of any act or omission giving rise to occupational liability.
- 2.3 This scheme also applies to all persons to whom the scheme applies by virtue of sections 20, 21 and 22 of the Act and the relevant provisions of the corresponding laws.

### 3. Exemption

- 3.1 No member to whom the scheme applies may be exempted from the scheme other than a member who, on application to the IPA Board of Directors<sup>7</sup>, is able to satisfy the Board that the member is also a participating member of another occupational association of accountants that is covered by a professional standards scheme, and has not been exempted from that scheme.

### 4. Jurisdiction

- 4.1 The scheme applies in Victoria in accordance with the Act.
- 4.2 In addition to Victoria, the scheme is intended to operate in the Australian Capital Territory, New South Wales, the Northern Territory, Queensland, South Australia, Tasmania, and Western Australia, in accordance with the professional standards legislation of those states and territories and subject to the requirements of that legislation, so that references to a provision of the Act, the application of the scheme to a liability, the limit of a liability under the Act or what constitutes Occupational Liability are intended to pick up the relevant provisions of the corresponding laws, applied *mutatis mutandis*, to the extent that is necessary for the application of the scheme in any of those jurisdictions as an interstate scheme.

<sup>4</sup> Limited Licence means a licence to provide only limited financial services as defined in regulations 7.8.12A and 7.8.14B of the Corporations Regulations 2001 (Cth), as amended from time to time ('Limited Licence')

<sup>5</sup> The term 'Representatives' has the meaning that it has in section 910A of the **Corporations Act 2001** (Cth).

<sup>6</sup> Sections 18 and 19 of the Act

<sup>7</sup> Details on how the IPA Board of Directors manages membership can be found in Chapter 3 of the IPA's Constitution, Chapter 3 of the IPA's By-Laws, and various IPA Membership policies

- 4.3 Notwithstanding anything to the contrary contained in this scheme if, in particular circumstances giving rise to occupational liability, the liability of any person who is subject to this scheme is capped both by this scheme and also by any other scheme under professional standards legislation (whether of this jurisdiction or under the law of any other Australian state or territory) and, if the amount of such caps should differ, then the cap on the liability of such person arising from such circumstances which is higher shall be the applicable cap.

## **5 Limitation of liability**

- 5.1 Pursuant to section 26 of the Act, and the relevant provisions of the corresponding laws, this scheme only affects the liability for damages arising from a single cause of action to the extent to which the liability results in damages<sup>8</sup> exceeding \$2,000,000 (the monetary ceiling).
- 5.2 If a member who was at the time of the act or omission giving rise to occupational liability, a member to whom or to which the scheme applied, against whom a proceeding relating to occupational liability is brought, is able to satisfy the Court or tribunal that such member has the benefit of an insurance policy:
- (a) of a kind which complies with the IPA's requirements<sup>9</sup>;
  - (b) which insures the member against that occupational liability; and
  - (c) under which the amount payable in respect of that occupational liability is not less than the relevant monetary ceiling specified in this scheme.

then the member is not liable for damages in relation to that cause of action above the monetary ceiling defined in this scheme.

- 5.3 This scheme limits the occupational liability in respect of a cause of action founded on an act or omission occurring during the period when the scheme was in force with respect to any member to whom the scheme applied at the time the act or omission occurred.

## **6 Conferral of Discretionary Amount**

- 6.1 Pursuant to section 24 of the Act this scheme confers on the IPA a discretionary authority to specify, on application by a member to whom the scheme applies, a higher monetary ceiling (maximum amount of liability) not exceeding \$20 million in relation to that member either in all cases or in any specified case or class of case.

## **7 Duration**

- 7.1 This scheme will be in force for a period of two (2) years from the date of commencement.

## **8 Commencement**

- 8.1 In Victoria, this scheme will commence:
- (a) on 1 January 2019, if the scheme is published in the Government Gazette by or on 31 October 2018; or
  - (b) on the first day two months after the scheme is published in the Government Gazette in any other case.
- 8.2 In New South Wales, the Northern Territory, Queensland, Tasmania and Western Australia, the scheme will commence:
- (a) on 1 January 2019, if the scheme is published in the Government Gazette by or on 31 December 2018; or
  - (b) on the day immediately following the date of the scheme's publication in the Government Gazette in any other case.

<sup>8</sup> Damages has the same meaning as it has in the Act

<sup>9</sup> The IPA requirements on insurance cover can be found in IPA By-Law 9 and the relevant IPA membership policies

- 8.3 In the Australian Capital Territory and in South Australia, the scheme will commence:
- (a) on the date provided for in the Minister's notice in relation to the scheme, if a date is provided; or
  - (b) on the first day two months after the day on which notice was given in any other case.
- 8.4 Clauses 8.1, 8.2 and 8.3 are subject to the provisions of the Act and the relevant provisions of the corresponding laws.

#### Labour Hire Licensing Regulations 2018

I, Natalie Hutchins, Minister for Industrial Relations and Minister responsible for administering the **Labour Hire Licensing Act 2018**, give notice under section 12 of the **Subordinate Legislation Act 1994** (the Act) of my decision to recommend to the Governor in Council that the proposed Labour Hire Licensing Regulations 2018 be made.

The objectives of the proposed Regulations are to prescribe matters for the purposes of the Act such as persons who are exempted from the operation of the Act; circumstances where the Act is taken to apply; the form of notices under the Act; requirements relating to a labour hire licence, including application and renewal requirements, fees, licence conditions and reporting requirements; and recognising corresponding laws and schemes which may be relied on by the Authority.

A Regulatory Impact Statement (RIS) was prepared in relation to the proposed Regulations. The RIS was advertised on 7 August 2018 seeking public comment and 39 submissions were received.

After consideration of these submissions in accordance with section 11 of the Act, I have further considered the proposed Regulations and I give notice of my intention to proceed with the making of the Regulations with amendments as follows –

- The exemption proposed for secondees from being a worker was amended to clarify that it does not apply where the provider is predominantly in the business of providing labour hire services.
- Amendments were made to further clarify the cleaning and horticulture workers that are taken to be performing work as part of the business or undertaking of the host.
- The requirement for an application for a licence by a partnership to always include proof of identity documents for each partner was modified so that where there is a Board, an executive committee or senior partners proof of identity documents are only required for these members.
- Reference to the recognised scheme under which Group Training Organisations are recognised was amended to better reflect the operation of the scheme.

## 1. Commencement

1.1 This instrument commences on 30 September 2018.

## 2. Authority

2.1 The Identity Verification Standards (the Standards) are a legislative instrument made by the Special Minister of State (the Minister) under section 41 of the **Service Victoria Act 2018** (the Act).

2.2 These Standards should be read together with the Act and any other regulations or standards made under the Act.

2.3 Section 57 of the Act provides for independent review of the operation of the Act after three years.

2.4 The Minister has the discretion to review and update these Standards at any time.

2.5 Section 56 of the Act provides that the Minister may require an audit of compliance with the Act, which would include these Standards, be undertaken by an independent auditor.

## 3. Overview

3.1 The Standards establish a consistent and secure identity verification framework for individuals transacting with the Victorian government on the Service Victoria digital platform.

3.2 The Standards determine:

- a) digital and non-digital processes
- b) the level of assurance (LOA) required for transactions
- c) identity information required for each LOA
- d) the process for applying any exceptions if an individual's identity cannot be readily identified, and
- e) terms and conditions that apply to the issue and renewal of an electronic identity credential (EIC).

3.3 Except where otherwise specified, these Standards adopt the definitions of terms contained in section 3 of the Act.

## 4. Audience

4.1 These Standards use the following conventions:

- a) **MUST** indicates something that is required in order to meet these Standards
- b) **SHOULD** indicates something that is recommended but not required in order to meet these Standards (i.e. these recommendations should be implemented unless it is unreasonable to do so, or an alternative process which provides an equivalent LOA is used).
- c) **MAY** indicates something that may be done or considered when under a service transition arrangement but is not required under these Standards.
- d) **SHOULD NOT** indicates something that is not recommended under these Standards, unless circumstances make other approaches unfeasible.

4.2 The audience for these Standards is intended to include:

- a) Service Victoria
- b) the Victorian Civil and Administrative Tribunal.

### *Service Victoria*

4.3 The Act requires the Service Victoria Chief Executive Officer (Service Victoria CEO) to comply with these Standards when performing identity verification functions. The Service Victoria CEO must use the Standards when deciding whether to issue, refuse, renew, suspend or cancel an EIC, and to determine assurance levels for those credentials.

- 4.4 The Service Victoria CEO must adhere to the objectives and specific requirements outlined in sections 7 to 15 of these Standards.

***The Victorian Civil and Administrative Tribunal***

- 4.5 The Victorian Civil and Administrative Tribunal (VCAT) should refer to these Standards when reviewing decisions made by the Service Victoria CEO.

**5. Non-digital methods**

- 5.1 Where considered reasonable and practicable in the circumstances, the CEO can use non-digital methods to verify an individual's identity. The non-digital methods employed must provide a reasonably equivalent degree of confidence at each level of assurance to the processes that are set out in sections 9 to 12 of these Standards.

**6. Guiding principles**

- 6.1 The guiding principles for making, using and applying these Standards are set out in section 42 of the Act as follows:

- a) ***User choice*** – individuals may choose whether to have a temporary electronic identity credential or an ongoing electronic identity credential
- b) ***Minimal data is to be requested and stored*** – individuals must not be asked to provide more information than necessary in order for Service Victoria to verify the individual's identity and personal information can only be stored with the individual's consent, unless required by law
- c) ***Risk-based approach to identity verification*** – consistent and evidence-based approach is to be employed to determine the level of assurance of identity required for transactions
- d) ***Security, transparency and accountability*** – Service Victoria, and any external service providers engaged to provide identity verification services, are to be regularly audited by an independent entity to ensure compliance with privacy and data security requirements
- e) ***Flexibility*** – the Standards must, to the extent practicable, be able to adapt to new technologies or methods of identity verification
- f) ***National consistency*** – the Standards must, to the extent practicable, align to national requirements, as set out in any relevant national framework or guidelines as in force from time to time.

- 6.2 These Standards apply to Service Victoria's digital service and digital support offering.

**7. Service Victoria Levels of assurance**

- 7.1 The **definition** of what an LOA is depends on its context –

- a) in relation to an EIC, an LOA is the degree of confidence in an individual's identity that a credential is taken to provide
- b) in relation to an identity verification function, the LOA is the degree of confidence that is required for the purposes of that function.

- 7.2 LOA is a way of describing the degree of confidence that has been achieved that an individual is who they say they are. The LOA that is required will depend on the particular transaction.

- 7.3 There are four LOAs –

- a) Service Victoria LOA 1: requires basic level of assurance in the individual's identity
- b) Service Victoria LOA 2: requires medium level of assurance in the individual's identity
- c) Service Victoria LOA 3: requires high level of assurance in the individual's identity
- d) Service Victoria LOA 4: requires very high level of assurance in the individual's identity.

- 7.4 The LOA of a transaction is determined through risk assessment.
- 7.5 Before a transaction is transferred to Service Victoria, an LOA assessment on that transaction must be undertaken and an LOA assigned to that transaction. This risk assessment must be jointly completed by the transferring agency and Service Victoria.
- 7.6 An EIC must include a record of the LOA that the individual's identity has been verified to.
- 7.7 The LOA of the EIC must be the same as, or higher, than the LOA required for the transaction. If the individual's EIC has a lower LOA than is needed for the transaction, the individual will need to apply to obtain an EIC at a higher level.

## **8. Identity documents**

- 8.1 This section outlines the requirements for identity documents that will be used by the Service Victoria CEO to verify identity.
- 8.2 The documents required by the Service Victoria CEO should:
- a) be obtained with the consent of the individual
  - b) be consistent with the LOA of the transaction
  - c) achieve identity verification objectives using the minimum information needed
  - d) be validated by a document verification service, at document source or through other service providers, to check that the information provided by the individual is legitimate.
- 8.3 There are three purposes of identity verification –
- a) Commencement of Identity: to confirm the individual's identity has been legitimately created in Australia
  - b) Use in the Community: to confirm that an individual's identity has been active in the community over time, to safeguard against the creation of fictitious identities
  - c) Photo bind: to confirm that the person presenting the documents is the legitimate owner by checking that the photo on the identity document matches the individual's face.
- 8.4 The Service Victoria CEO may require a minimum number of identity documents, as well as specific types of documents in specific combinations, in order to fulfil one or more of these purposes.
- 8.5 An identity document may fulfil multiple purposes.
- 8.6 Documents should come from high-integrity and known sources, that have robust, risk assessed identity verification practices attached to the issuing of the document.

## **9. Identity verification for Service Victoria LOA 1**

- 9.1 Service Victoria does not verify an identity for LOA 1 transactions, as this is defined as customer service information.

## **10. Identity verification for Service Victoria LOA 2**

- 10.1 To verify an identity for LOA 2, an individual must provide two identity documents from the list set out at paragraphs 11.7 and 11.8, and (if applicable) a change of name document as set out in paragraph 11.9.
- 10.2 In addition to the requirements of paragraph 10.1, the Service Victoria CEO must require that each document be successfully verified through Document Verification Service.
- 10.3 Service Victoria does not currently verify an identity for LOA 2 as none of the transactions currently offered have been assessed as LOA 2 transactions.

## **11. Identity verification for Service Victoria LOA 3**

- 11.1 The acceptable number and type of identity documents for LOA 3 is outlined in this section.

- 11.2 To be satisfied that an individual is who they say they are at LOA 3, the Service Victoria CEO must be satisfied that the claimed identity:
- a) is legitimate
  - b) has been active in the community over time, and
  - c) there is a link between the claimed identity and the individual claiming that identity.
- 11.3 To satisfy the Service Victoria CEO of the requirements of paragraph 11.2, the individual must provide the following two identity documents:
- a) A Commencement of Identity document listed in paragraph 11.7; and
  - b) A Use in the Community document listed in paragraph 11.8.
- 11.4 In addition to the requirements of paragraph 11.3, the Service Victoria CEO must require:
- a) one of these documents to include a photo that can be used to bind to the individual
  - b) each document be successfully verified through Document Verification Service, and
  - c) each document to be in the individual's current, full name.
- 11.5 If one of the documents is in the individual's former name, the individual must provide one difference of name document listed in paragraph 11.9, to demonstrate the link between their current and former name and the names shown on the Commencement of Identity document and Use in the Community Document. This difference of name document must successfully be verified through Document Verification Service.
- 11.6 Service Victoria must accept the identity documents listed below to verify an individual's identity to LOA 3, in accordance with the objectives set out above.
- 11.7 **Commencement of Identity documents:**
- a) a full Australian birth certificate in the individual's name or former name issued by a state or territory registry of Births, Deaths and Marriages (does not include photo). Birth extracts or birth cards cannot be accepted.
  - b) an Australian passport in the individual's name or former name which is current or has expired within the last three years (includes photo).
  - c) a foreign passport with a valid Australian Visa in the individual's name or former name (includes photo).
  - d) an ImmiCard issued in the individual's name or former name by the Department of Home Affairs (includes photo).
- 11.8 **Use in the Community documents:**
- a) an Australian driver's licence issued by the Victorian Roads Corporation established under the **Transport Integration Act 2010** or a comparable authority (includes photo).
  - b) a Medicare card issued by the Commonwealth Department of Human Services (does not include photo).
- 11.9 **Difference of name document (if required):**
- a) a Change of Name Certificate issued by a state or territory registry of Births, Deaths and Marriages.
  - b) a Marriage Certificate issued by a state or territory registry of Births, Deaths and Marriages.
- 11.10 **Confirmation of photo bind**
- a) photo bind between an individual and a photo document will be established through:
    - i. comparison of a photo on an identity document to the individual, and
    - ii. a liveness and likeness check to match a live video or image of the individual to a photo identity document.

**11.11 Additional checks:**

- a) where identity is unable to be verified using the above documents and processes, the Service Victoria CEO may request further information or conduct additional checks to be satisfied to the required level of confidence that the individual is who they say they are, in accordance with the exceptions process set out at section 14 below.

**12. Identity verification for Service Victoria LOA 4**

- 12.1 To verify an identity for LOA 4, an individual must satisfy the requirements of LOA 3 that are set out in section 11 of these Standards and must also complete an in-person biometric check.
- 12.2 Service Victoria does not currently verify an identity for LOA 4 and does not offer these transactions.

**13. Difference in name**

- 13.1 An individual's true and correct name must be checked when verifying an individual's identity, to ensure that services are provided to the right person.
- 13.2 Individuals must provide evidence to support any name change. This includes providing evidence that an individual's documents have not been updated to reflect their new name. A difference in name occurs where an individual's first, middle and/or last names are not exactly the same on multiple documents.
- 13.3 Before issuing an individual an EIC, the Service Victoria CEO must be able to confidently establish a link between the name on the commencement document and the additional identity information provided to support the verification of an individual's identity.
- 13.4 The difference in name will fall into two categories:
  - a) A minor difference, and
  - b) A material difference.
- 13.5 A minor difference must be one of the following circumstances:
  - i) Where the first and last names are an exact match, and the middle name (if available) is represented by an initial that is consistent with the correct full name.
  - ii) Where the first, (middle, if available) and last names feature inconsistently applied or missing punctuation that is minor (e.g. hyphens or apostrophes) and the names are otherwise an exact match.
- 13.6 A material difference occurs when the names on the provided documents are not an exact match and cannot be explained as a minor difference.
- 13.7 Where the Service Victoria CEO determines there is a material difference in name, the individual must provide an accepted linking document (as set out at paragraph 11.9) to explain the difference in name.

**14. Exceptions**

- 14.1 This section outlines the options available to individuals who cannot verify their identity in accordance with these Standards.
- 14.2 The Service Victoria CEO may use an exceptions process for dealing with individuals who have difficulty having their identity verified under these Standards.
- 14.3 The Service Victoria CEO must be satisfied that it is reasonable in the circumstances and does not substantially reduce the reliability of the identity verification process.
- 14.4 The exceptions process may involve the use of alternative methods to gather necessary information to verify an individual's identity, including –
  - a) interviews, or
  - b) information provided by referees or other responsible persons, or
  - c) other information provided by the individual.

- 14.5 Where possible, information provided by individuals or referees should be checked with a records checking agency or other appropriate people or organisations.
- 14.6 An individual having trouble verifying their identity can access the Service Victoria digital support channel to help guide them through the process.
- 14.7 Where an individual cannot provide one of the documents required in paragraph(s) 11.6–11.11 above, they will be directed to the relevant issuing authority to obtain one.
- 14.8 Once the required document has been obtained from the issuing authority, the individual will be able to return to the identity verification process.
- 14.9 Individuals may also have the option to complete transactions through existing digital and/or non-digital service delivery channels with service agencies.
- 15. Reviewable decisions**
- 15.1 These Standards are intended to be used by the Service Victoria CEO in making identity verification decisions under the Act. These Standards may also be used by VCAT when reviewing decisions made by the Service Victoria CEO under the Act.
- 15.2 Only the following decisions listed in section 40(1) of the Act are reviewable:
- a) to refuse to issue an EIC;
  - b) to cancel an EIC;
  - c) to refuse to renew an ongoing EIC; or
  - d) to refuse to increase the LOA of an ongoing EIC.
- 15.3 Not all outcomes on the Service Victoria platform are reviewable decisions. Where an individual drops out of the identity verification process due to technical reasons, that outcome is not a decision.
- 15.4 Where there is an identity verification decision, an individual must be provided with basic information, such as the time and reasons for the refusal, and information about the individual's rights for review.
