BAY CITY
COUNCIL****Planning and Environment Act 1987
HOBSONS BAY PLANNING SCHEME
Notice of the Preparation of an Amendment
Amendment C116**

The Hobsons Bay City Council has prepared Amendment C116 to the Hobsons Bay Planning Scheme.

The land affected by the Amendment is:

- 430–436 Blackshaws Road, Altona North (formerly Altona Gate Primary School); and
- 122 Woods Street, Newport (formerly Hobsons Bay Kindergarten and Toy Library).

The Amendment proposes to authorise the removal of all restrictive covenants that apply to 430–436 Blackshaws Road, Altona North, and 122 Woods Street, Newport, by changing the Schedule to Clause 52.02.

You may inspect the Amendment, any documents that support the Amendment and the explanatory report about the Amendment, free of charge, at the following locations: during office hours, at the following Council locations: Hobsons Bay City Council Civic Centre, 115 Civic Parade, Altona, Victoria 3018; Altona Library, 123 Queen Street, Altona, Victoria 3018; Altona North Community Library, 180 Millers Road, Altona North, Victoria 3025; Altona Meadows Library, 1–23 Central Avenue, Altona Meadows, Victoria 3028; Newport Community Hub, 13–15 Mason Street, Newport, Victoria 3015; Williamstown Library, 104 Ferguson Street, Williamstown, Victoria 3016; and at the Department of Environment, Land, Water and Planning website, www.delwp.vic.gov.au/public-inspection

Any person who may be affected by the Amendment may make a submission to the planning authority about the Amendment. Submissions must be made in writing giving the submitter's name and contact address, clearly stating the grounds on which the Amendment is supported or opposed and indicating what changes (if any) the submitter wishes to make.

Name and contact details of submitters are required for Council to consider submissions and to notify such persons of the opportunity to attend Council meetings and any public hearing held to consider submissions. The closing date for submissions is 7 September 2018. A submission must be either emailed to: customerservice@hobsonsbay.vic.gov.au or posted to: Kathleen McClusky, Manager Strategy and Advocacy, Hobsons Bay City Council, PO Box 21, Altona, Victoria 3018.

The planning authority must make a copy of every submission available at its office for any person to inspect, free of charge, for two months after the Amendment comes into operation or lapses.

EXEMPTION

Application No. H139/2018

The Victorian Civil and Administrative Tribunal has considered an application pursuant to section 89 of the **Equal Opportunity Act 2010** (the Act) by The Peninsula School (the applicant). The application for exemption is to enable the applicant to advertise for prospective female or male students to enter the school, to structure its waiting lists, allocate student placements, offer enrolments, and offer scholarships to prospective female or male students to promote and maintain a gender balance of the students at the school (the exempt conduct).

Upon reading the material filed in support of this application, including the affidavits of Stuart Johnston and Muriel Bakker, having heard evidence from Ms Bakker, having heard submissions made on behalf of the applicant, and having had regard to submissions made by other persons in response to the advertising of the exemption application, the Tribunal is satisfied that it is appropriate to grant a further exemption from sections 38, 44, 107, and 182 of the Act to enable the applicant to engage in the exempt conduct.

In granting this exemption, the Tribunal noted:

- The applicant is an independent private school in Mt Eliza. It was established in 1961 as a boys-only school and became co-educational in 1994.
- In 2013, the Tribunal granted an exemption for similar conduct. That exemption expired on 16 May 2018. An interim exemption was granted on 14 May 2018.
- Co-education is provided across all levels in the school, from 3-year-old kindergarten to year 12. The evidence before me, which I accept, is that the school intends that co-education promote mutually respectful interactions between male and female students in a safe, secure and rewarding environment.
- According to the evidence in Mr Johnston's affidavit, which I accept, the majority of classes at all year levels in the school are co-educational. Some sporting and physical education activities are segregated by gender. In 2017, the school introduced separate classes for male and female students in Maths and English in years 7 to 9, to counter the effects of the current gender imbalance in those years.
- According to Mr Johnston's evidence, which I accept, since the exemption was first granted in 2013, the school has encouraged female enrolments in the following ways:
 - (a) offering enrolments to female waitlist applicants in priority to male waitlist applicants;
 - (b) offering female waitlist applicants who have a male sibling the opportunity for the male sibling to receive a sibling priority enrolment offer upon the female waitlist applicant accepting an enrolment offer; and
 - (c) in 2017, offering opportunities for female students in the middle school years to participate in a special 'Becoming Me' program.
- The school has also taken steps which did not require an exemption, to encourage gender balance in applications and enrolments. Those steps include, according to Mr Johnston's evidence, introducing some

gender segregated English and Maths classes in years 7 to 9 and expanding female sports programs.

- More time is required for the school to assess the effectiveness of the measures introduced in 2017 in creating gender balance in the applications and enrolments at the school.
- Since the exemption was first granted in 2013, female enrolments have constituted 40 to 42% of total enrolments. This has occurred even though places were offered to female applicants ahead of males. The data provided by Mr Johnston indicated that without the exemption, the gender imbalance would have favoured males even more. Applications for places for male students continue to significantly outnumber applications for female student places.
- The applicant seeks to establish a 50/50 student balance in the school. Mr Johnston's affidavit evidence showed that applications for enrolment exceed the number of places available, so there is no commercial imperative in seeking the exemption.
- No exception applies to the exempt conduct. In the absence of an exemption, the exempt conduct would amount to prohibited discrimination.
- When making decisions about exemptions, the Tribunal is required to consider relevant human rights as set out in the **Charter of Human Rights and Responsibilities Act 2006** (Charter). Arguably, this exemption limits the right of equality and in particular the right to equal and effective protection against discrimination of students who would wish to be offered a place at the school based solely on their place on a waiting list. I am satisfied that, in the circumstances discussed above, the limit imposed by this exemption is reasonable and justified under the Charter.

The Tribunal hereby grants an exemption from the operation of sections 38, 44, 107 and 182 of the Act to enable the applicant to engage in the exempt conduct.

This exemption is to remain in force to 26 July 2023.

BY ORDER OF PARKS VICTORIA

Plant Biosecurity Act 2010

ORDER PROHIBITING OR RESTRICTING THE ENTRY OR IMPORTATION INTO VICTORIA OF MATERIALS WHICH ARE HOSTS OF CITRUS CANCER

I, Nigel Ainsworth, as delegate of the Minister for Agriculture, being of the reasonable suspicion that the exotic pest citrus canker exists within Australia but outside Victoria, make the following Order.

1 Objective

The objective of this Order is to prohibit, restrict and impose conditions upon the entry or importation into Victoria of materials which are hosts of citrus canker.

2 Authorising provision

This Order is made under section 36(1) of the **Plant Biosecurity Act 2010** (the Act).

3 Commencement

This Order comes into force on the day of making.

4 Revocation

The Order entitled 'Order prohibiting or restricting the entry or importation into Victoria of materials which are hosts of citrus canker' made under section 36(1) of the **Plant Biosecurity Act 2010**, and published in Victoria Government Gazette S186 on 20 April 2018 at pages 1–2, is **revoked**.

5 Definitions

In this Order –

‘citrus canker’ means the exotic disease caused by the bacteria *Xanthomonas citri* subsp. *citri*.

‘host material’ means any material capable of being affected or contaminated with citrus canker including citrus canker host plants and agricultural equipment and used packages used in the cultivation, processing, packaging and distribution of citrus canker host plants.

‘citrus canker host plant’ means any plant or plant product belonging to the family *Rutaceae* and species *Lansium domesticum*.

‘citrus fruit’ means fruit from commercially grown *Citrus* spp. plants.

6 Prohibitions, restrictions and conditions

The following prohibitions, restrictions and conditions are specified in relation to the entry or importation of host material.

- (1) The entry or importation into Victoria of any host material is prohibited.
- (2) Sub-clause (1) does not apply if the host material –
 - (i) was grown on, sourced from or last used on a property that is located in a State or Territory or part of a State or Territory for which an area freedom certificate, issued by an officer responsible for agriculture in the State or Territory where the host material was grown, sourced or last used, is currently in force certifying that the State or Territory or part of the State or Territory is known to be free of citrus canker; or
 - (ii) is accompanied by a plant health certificate, assurance certificate or plant health declaration, certifying or declaring that the material has been treated in a manner prescribed in the Schedule of this Order; or
 - (iii) enters Victoria under and in accordance with a permit issued by an inspector and there is compliance with any conditions or requirements set out in the permit.

7 Verification of consignments

Where requested by an inspector, host material imported into Victoria which is required by clause 6(2)(ii) to be accompanied by a certificate or declaration, must be –

- (1) presented to an inspector for inspection; or
- (2) verified by a person accredited to do so by the Department of Economic Development, Jobs, Transport and Resources.

8 Expiry

This Order remains in force for a period of 12 months after the date of making.

Schedule

- (1) Host material that is citrus fruit, must be commercially grown by a registered grower on a property that has been registered by the State or Territory’s department responsible for agriculture in which the property is located; and
- (2) the registered property from which the citrus fruit is sourced must be surveyed prior to harvest by an officer responsible for agriculture in the State or Territory in which the property is located and found to be free of citrus canker; and
- (3) the citrus fruit must be sourced from trees that have been –
 - (a) treated for citrus canker with a copper-based spray in accordance with an approved Australian Pesticides and Veterinary Medicines Authority (APVMA) permit; and
 - (b) monitored for citrus leaf miner *Phyllocnistis citrella*, and treated as required, with an insecticide registered for the control of citrus leaf minor at rates specified on an approved label or in accordance with an approved APVMA permit; and
 - (c) monitored for citrus canker; and

- (4) the citrus fruit must be post-harvest treated –
- (a) as specified on an approved label or in accordance with an approved APVMA permit, using a product containing sodium hypochlorite or calcium hypochlorite to produce a solution of 200 ppm w/v of available chlorine (which is maintained at a pH of 6.0 to 7.5), completely wet fruit either by immersion or continuous spraying. Fruit must remain completely wet with the solution for at least 2 minutes, either through continued immersion or continuous spraying. An appropriate wetting agent/surfactant must be used to achieve maximum contact of the solution with the surface of the fruit; or
 - (b) as specified on an approved label or in accordance with an APVMA permit, using a product containing 950 g/kg sodium ortho-phenylphenate tetrahydrate (SOPP tetrahydrate) to produce a solution of 2 kg SOPP tetrahydrate to 100 L water, completely wetting fruit with the solution and maintaining the solution at a pH of 12.0, for at least:
 - (i) 45 seconds if the solution has sufficient soap or detergent to cause foam to appear; or
 - (ii) 1 minute otherwise, and
 - (c) with no artificial drying or further treatment occurring during treatments specified in Schedule paragraph 4(a) or 4(b); and
- (5) citrus fruit, post-harvest, must –
- (a) be packed in a facility (pack house) that has been registered by the State or Territory's department responsible for agriculture in which the facility is located; and
 - (b) inspected at a rate of 600 units per consignment lot, prior to dispatch and found to be free from symptoms of citrus canker and free from extraneous plant material (except stems that are less than 2.5 cm in length and are attached to the fruit).

Notes

Section 38 of the Act provides that it is an offence for a person to cause, permit or assist any plant, plant product, plant vector, used equipment, used package, earth material or beehive to enter Victoria in contravention of an importation order under section 36. The maximum penalty of 60 penalty units applies in the case of a natural person, and 300 penalty units in the case of a body corporate.

Terms in this Order that are defined in the Act have that meaning.

NOTICE OF DECISION

Aboriginal Heritage Act 2006

As Minister responsible for the **Aboriginal Heritage Act 2006**, I give notice under section 12 of the **Subordinate Legislation Act 1994** that further to public consultation on a regulatory impact statement (RIS), I recommended the making of the Aboriginal Heritage Regulations 2018 to replace the Subordinate Legislation (Aboriginal Heritage Regulations 2007) Extension Regulations 2017, which expired on 25 May 2018.

The RIS for the Aboriginal Heritage Regulations 2018 outlined preferred options for ensuring the **Aboriginal Heritage Act 2006** is supported by the most effective and efficient regulatory framework. The preferred options include new provisions to ensure better protection for Aboriginal cultural heritage and better outcomes for land-users and sponsors.

Aboriginal Victoria received three submissions to the RIS during the public consultation period. The RIS' preferred options included development of amendments to the guidelines and practice notes that support the Regulations, to provide greater clarity to sponsors when preparing Cultural

Heritage Management Plans. Aboriginal Victoria determined matters raised in the submissions to the RIS were most appropriately addressed through amendments to the guidelines and practice notes. Aboriginal Victoria will consult with the relevant parties in making amendments to these guidelines and practice notes.

A copy of the Aboriginal Heritage Regulations 2018 can be obtained by visiting the internet at <http://www.aboriginalvictoria.vic.gov.au>; or telephoning Aboriginal Victoria on (03) 8392 5380.

EXTENSION OF THE GOULBURN–MURRAY IRRIGATION DISTRICT DECLARATION 2018

I, Heidi Matkovich, Acting Executive Director Partnerships and Sector Performance, Department of Environment, Land, Water and Planning, as the delegate of the Minister administering the **Water Act 1989**, make the following Declaration:

1. Citation

This Declaration is called the Extension of the Goulburn–Murray Irrigation District Declaration 2018.

2. Authorising Provision

This Declaration is made under section 122T of the **Water Act 1989**.

3. Commencement

This Declaration of the extension of the district will take effect from the date it is published in the Victoria Government Gazette.

4. Preliminary

Goulburn–Murray Rural Water Corporation submitted a notice of its decision on the proposal for the extension of the Goulburn–Murray Irrigation District to the Minister for Water in June 2018, in accordance with section 122R of the **Water Act 1989**. This proposal was approved by the delegate of the Minister for Water under section 122S of the **Water Act 1989** as dated below.

‘**Rail Safety Worker**’ has the meaning given to that term in section 3 of the **Rail Safety (Local Operations) Act 2006** (Vic.);

‘**Relevant Legislation**’ means the legislation that each party is responsible for administering and enforcing, as set out in clause 3 of this MOU;

‘**Safety Director**’ means the Director, Transport Safety, a statutory office established under section 171 of the **Transport Integration Act 2010** (Vic.), and may include, as the context requires, his delegates and staff members of TSV authorised to act on his behalf;

‘**Serious Electrical Incident**’ means an incident involving electricity which causes or has the potential to cause the death of or injury to a person or significant damage to property or a serious risk to public safety, as defined in section 3 of the **Electricity Safety Act 1998** (Vic.).

‘**TSV**’ or Transport Safety Victoria means the persons employed by the Victorian Department of Economic Development, Jobs, Transport and Resources to assist the Safety Director in the exercise of his or her powers and the performance of his functions;

‘**ESV**’ means Energy Safe Victoria, the independent statutory body responsible for administering various legislation, including but not limited to the **Electricity Safety Act 1998** (Vic.), the Electricity Safety (Installations) Regulations 2009 (Vic.), the **Gas Safety Act 1997** (Vic.) and the **Pipelines Act 2005** (Vic.).

1.2 Purpose

- (a) This MOU provides a framework to promote effective communication, cooperation and coordination between the parties in their statutory, operational and administrative interactions.
- (b) The purposes of this MOU are to:
 - (i) document the working relationship between the parties to enhance and promote a best practice approach to transport safety and energy safety regulation;
 - (ii) promote open communication and reduce duplication of efforts;
 - (iii) influence a reduction in the quantity and severity of Incidents; and
 - (iv) provide consistent safety outcomes for industry.
- (c) To achieve the purposes above, this MOU seeks to:
 - (i) ensure that the parties are aware of each other’s legislative obligations and operating policies and procedures;
 - (ii) clarify the specific working arrangements between the parties in relation to notifying, attendance, investigation and reporting of Incidents that fall under both parties’ remit;
 - (iii) foster ongoing regulatory collaboration and cooperation between the parties;
 - (iv) facilitate the timely and efficient provision of advice and sharing of information between the parties;

- (v) acknowledge the expertise of the parties in their specific spheres of activity;
- (vi) reduce the regulatory burden on regulated persons where both parties are enquiring into the same issue.

1.3 **No legally binding effect**

- (a) While the parties shall, as far as practicable, follow procedures set out in this MOU and take necessary measures to ensure that officers of the parties are aware of and comply with the terms of this MOU, it is not intended to create legally enforceable obligations between the parties.
- (b) Nothing in this MOU should be construed as preventing or inhibiting either party from acting in the proper performance of their statutory or other public functions or restricting the statutory discretions and powers available under legislation administered by either party.

1.4 **Term**

This MOU shall continue in force until terminated under clause 7.3.

2. **OBJECTIVES AND PRINCIPLES**

- 2.1 The Safety Director and ESV each have separate and independent regulatory mandates and roles.
- 2.2 While recognising each party's regulatory mandate and independent role, the parties are committed to a constructive and co-operative relationship in the common pursuit of safety in Victoria.
- 2.3 ESV's objectives include regulating the safety and technical compliance of energy conveyance and supply, installations, appliances and pipelines, and to raise industry and community awareness of electricity, gas and pipeline safety.
- 2.4 The Safety Director's (represented by TSV) statutory object is to independently seek the highest transport safety standards that are reasonably practicable, consistent with the transport system's vision and objectives under the **Transport Integration Act 2010** (Vic.).
- 2.5 The parties share a common vision, values and understanding of the scope of their individual obligations under this MOU.

3. **ROLES AND RESPONSIBILITIES**

Role of ESV

- 3.1 **ESV is responsible for administering a range of safety and technical legislation related to electricity, gas and pipelines. The Director of Energy Safety:**
 - (a) administers the registration and licensing of electrical contractors and electrical workers, respectively;
 - (b) protects underground and underwater structures from the corrosive effects of electrolysis caused by stray currents, such as from the train and tram networks, registers Cathodic Protection Systems;
 - (c) approves or accepts electrical safety management schemes, safety cases, and a variety of plans submitted by energy industry participants;
 - (d) monitors and audits safety systems and safety practices in relation to the design, construction and maintenance of electricity, gas and pipeline networks and installations;
 - (e) controls the safety standards of gas and electrical work;
 - (f) takes enforcement action as appropriate to address safety risks and non-compliance by industry participants.

3.2 Through the administration of relevant legislation, the director of Energy Safety has jurisdiction over:

- (a) persons responsible for carrying out electrical work, including registered electrical contractors and licensed workers and will respond to compliance and safety issues in relation to electrical installation work and electrical installations, including complex installations.
- (b) major electricity companies and specified operators (operators of at-risk electric lines) that must design, construct, operate, maintain and decommission their electricity supply networks or at-risk electric lines, respectively, and implementation of the safety management systems (known as schemes). ESV will respond to safety issues to ensure the public and customers are protected from the hazards and risks arising from gas.
- (c) persons carrying out gasfitting work to ensure it complies with prescribed standards in relation to that work, and gas fitting work on an appliance or gas installation to ensure the appliance or installation (including complex installation) complies with prescribed standards and requirements. ESV will respond to safety issues to ensure the public and customers are protected from the hazards and risks arising from gas.
- (d) licensed gas companies responsible for supply, conveyance or sale of gas are to manage and operate facilities under the implementation of a safety case system. ESV will respond to safety issues to ensure the public and customers are protected from the hazards and risks arising from gas and gas quality.
- (e) licensed pipeline operators and gas company pipeline operators must protect the public from environmental, health and safety risks resulting from the construction and operation of pipelines. ESV will respond to safety issues to ensure public safety is protected.

3.3 The Director of Energy Safety does not have jurisdiction over:

- (a) the licensing and registration of plumbers or gasfitters or of plumbing work under the **Building Act 1993** (Vic.).

Role of the Safety Director

3.4 The Safety Director is responsible for administering a range of transport safety legislation related to bus, maritime and rail transport. The Safety Director:

- (a) licences, registers and accredits operators and other industry participants;
- (b) monitors the transport industries and participants' systems for managing safety risks;
- (c) monitors compliance with transport safety legislation; and
- (d) takes enforcement action as appropriate to promote safety outcomes in Victoria.

3.5 Through the administration of relevant legislation, the Safety Director has jurisdiction over:

- (a) bus safety duty holders, including accredited and registered bus operators captured under the **Bus Safety Act 2009** (Vic.) and its regulations, and will respond to safety issues including in relation to the operation, design, maintenance, and equipment of buses and the safety management systems and policies of bus operators;
- (b) marine safety duty holders, including operators of regulated hire and drive vessels and recreational vessels, port management bodies, local port managers and waterway managers, harbour masters, pilots, pilot exempt masters, and pilotage services providers, captured under the **Marine Safety Act 2010** (Vic.)

and its regulations. The Safety Director will respond to safety issues including in relation to the operation, design, construction and equipment of regulated hire and drive and recreational vessels, the conduct of pilots, pilot exempt masters, pilotage services providers and harbour masters, and issues concerning the safe navigation and operation of relevant vessels on state waters;

- (c) rail safety duty holders, including all light rail transport operators and a number of tourist and heritage rail transport operators captured under the **Rail Safety (Local Operations) Act 2006** (Vic.), and will respond to safety issues relating to the operation, design, maintenance, and equipment of rolling stock and rail infrastructure and the safety management systems and policies of rail transport operators.

3.6 TSV delivers certain regulatory functions on behalf of national regulators. The Safety Director does not have jurisdiction over:

- (a) Domestic Commercial Vessels, with respect to their responsibilities under the **Marine (Domestic Commercial Vessel) National Law Act 2012** (Cth), which are regulated by the Australian Maritime Safety Authority under since 1 July 2013 (with the exception of navigational safety in Victorian waters);
- (b) heavy rail transport operators and some tourist and heritage rail operators, which are regulated by the Office of the National Rail Safety Regulator under the Rail Safety National Law (as applied in Victoria under the **Rail Safety National Law Application Act 2013** (Vic.) since 19 May 2014.

4. CROSS-JURISDICTIONAL ISSUES AND OPERATIONAL ARRANGEMENTS

4.1 Establishing jurisdiction

- (a) The parties agree to establish a protocol within 12 months of entering into this MOU that sets out a jurisdictional matrix with respect to categories of Incidents that may fall within both parties' jurisdiction.
- (b) If there is any doubt over jurisdiction, when contacted, ESV and the Safety Director will respond, and will discuss who the lead agency should be.
- (c) Where either party has responded to an Incident then changes its view that the Incident does or does not fall within its jurisdiction, that party will consult the other party prior to taking any action based on its changed view on jurisdiction. The former party will continue to provide such assistance as required until the investigation is completed.

4.2 Notification of relevant safety issues

- (a) The parties agree:
 - (i) that when a party is contacted regarding a matter, including an Incident, that is also the responsibility of the other party, the party who is contacted must notify the other party as soon as practicable in accordance with the Protocol (if any); and
 - (ii) to notify each other, as soon as is practicable, of any activities conducted by one party under that party's Relevant Legislation that may affect, relate to or otherwise impact on the regulatory functions of the other party;

using the relevant emergency contact number listed in Schedule 1.

4.3 Conduct of investigations

- (a) In the conduct of investigations of Incidents that fall within both parties' jurisdiction, the parties agree to observe and comply with the Protocol (if any).
- (b) If either party decides to take regulatory action arising from the Incident, they must:

- (i) where practicable, notify the other party before taking the action; or
 - (ii) if notification before taking the action is not practicable, notify the other party of the regulatory action taken as soon as practicable after taking the action.
- (c) For the purposes of clause 4.3(b), regulatory action may include (but is not limited to):
- (i) issuing improvement, prohibition or infringement notices;
 - (ii) issuing a direction; or
 - (iii) suspending a licence, accreditation, registration or certification.

4.4 **Provision of expert assistance**

- (a) The parties agree to provide advice and assistance to each other to the best of their ability when requested to do so.
- (b) In particular, in the event of:
- (i) an inspection or investigation being conducted by either party, the other agrees to provide expert opinion as required.
 - (ii) a prosecution being conducted by either party, the other agrees to provide expert witnesses in accordance with its internal policy.

4.5 **Consultation about proposed proceedings**

- (a) The parties agree to consult each other as soon as is practicable in respect of any prosecution action proposed by either party that has, or is likely to have, a direct impact on both transport safety and electrical and/or gas safety.
- (b) In relation to proposed proceedings, where legislation permits, the parties agree to consult with the other party and as far as possible to take into account any views that the other party may have in relation to any such proposed course of action.

4.6 **Legal professional privilege**

Nothing in this MOU:

- (a) entitles or requires a person to disclose information that is the subject of legal professional privilege; or
- (b) affects the law or practice relating to legal professional privilege.

5. **COMMUNICATION AND ADMINISTRATIVE ARRANGEMENTS**

5.1 **Relationship managers**

- (a) Each party must nominate a relationship manager, who will serve as the key point of contact for any issues arising under this MOU, including all notifications and consultation required by clause 4.
- (b) The relationship managers for the parties are as set out in Schedule 1 to this MOU.
- (c) A party may change its nominated relationship manager under this MOU by notice in writing to the other party.

5.2 **Regular meetings**

- (a) The relationship managers will meet at least every six months, or as otherwise agreed, to discuss matters of common interest, including to:
- (i) inform each other about any current or proposed activities that may be of interest to the other party, such as safety investigations, inspections or enforcement activities with both transport and electricity and/or gas safety elements;

- (ii) assess the effectiveness of the operation of the Protocol (once established);
 - (iii) identify opportunities for joint activities, training, opportunities to work collaboratively and/or more efficiently, and/or the sharing of information and expertise;
 - (iv) report on any other developments that may impact on the regulatory functions of the other party, including any known proposals to amend or vary a regulatory provision that, if adopted, may affect the safety of transport systems and/or electricity and/or gas safety in Victoria; and
 - (v) review incident reporting trends and compare incidents reported to each party.
- (b) The relationship managers may meet as necessary to assess the general operation of this MOU and to discuss the ongoing relationship between the parties.

5.3 Information sharing

- (a) The parties recognise the value of sharing information, while recognising that they each have obligations in relation to the protection of information.
- (b) Where appropriate and subject to legislated restrictions on disclosure of information and in accordance with clause 6, the parties will share information that is relevant to the regulatory functions of the parties, including any reports resulting from investigations of Incidents.
- (c) The parties will invite staff to participate in relevant training and workshops conducted by either organisation from time to time.

5.4 Staff awareness of MOU

- (a) Each party will take reasonable steps to ensure that its staff and contractors are fully informed of the content and overall purpose of this MOU at all times.
- (b) All officers involved in the investigation of any matters that relate to this MOU will have a copy of or have access to this MOU.

5.5 Announcements or releases

- (a) A party may not make any public announcements or press releases relating to this MOU without first consulting with, and obtaining consent from, the other party. The parties must reasonably agree on the form and content of any such announcements or releases.

6. PRIVACY AND CONFIDENTIALITY

6.1 Privacy

The parties:

- (a) acknowledge that they will be bound by the Privacy Legislation with respect to any act done or practice engaged in by them under or in connection with this MOU;
- (b) agree to co-operate with any reasonable request of the other relating to the protection of Personal Information or Health Information or the investigation of a complaint about the handling of Personal Information or Health Information; and
- (c) will co-operate to ensure they do not cause any other party to breach any privacy obligations that Party has at law.

6.2 Confidentiality

- (a) A party who has received information under this MOU must not use it except for the purpose, principles and objectives outlined in this MOU.

- (b) Subject to clause 6.2(c), if a party wishes to use or disclose information provided pursuant to this MOU for any other purpose, that party must seek prior written consent of the party who supplied the information. Such consent may be given or withheld in the supplying party's absolute discretion.
- (c) Nothing in this MOU prevents either party from disclosing information:
 - (i) if required to do so by law, including in response to a request made under the **Freedom of Information Act 1982** (Vic.); or
 - (ii) if required to do so in connection with legal proceedings relating to this MOU.
- (d) A party who has received information under this MOU must, on the request of the other party, immediately deliver to that party all documents or other materials containing or referring to that information which are in its possession, power or control or in the possession, power or control of persons who have received information from it under clause 5.3.
- (e) This clause 6.2 shall not apply to information which is:
 - (i) publicly known;
 - (ii) already known to the receiving party; or
 - (iii) permitted under legislation to be disclosed by either ESV or the Safety Director to a third party without restriction.
- (f) This clause 6.2 will survive termination (for whatever reason) of this MOU.

7. AMENDMENT, VARIATION OR MODIFICATION

7.1 Review

- (a) The parties will formally review this MOU three years after the date of execution and subsequent to that, at regular intervals not exceeding three years or as agreed between the parties.
- (b) Either Party may reasonably request a review of this MOU at any time.

7.2 Variation

- (a) Either Party may reasonably request the other party to agree to a variation of this MOU. Where the other Party agrees, the amendments will be set out in writing in a format agreed to by the parties, signed by both parties and annexed to the original MOU.
- (b) In developing the Protocol pursuant to clause 4.1, the parties will amend this MOU as required.
- (c) The date of effect of the variation will be the date on which the amending document is executed or such other date as may be nominated by the parties.

7.3 Termination

- (a) This MOU will remain in force unless terminated by the parties pursuant to this clause 7.3.
- (b) Either party may terminate this MOU by giving 30 days' written notice to the other party.
- (c) Both parties may agree to terminate this MOU immediately by written consent.
- (d) Termination will take effect from the date specified in the written notice.

8. GENERAL**8.1 Dispute Resolution**

The parties agree to co-operate and use all reasonable endeavours to resolve any disputes or differences between them (Disputes). Disputes which remain unresolved for 30 days or more will be referred to the Director, Energy Safety and the Safety Director, or their respective nominees, for binding resolution.

8.2 No Authority

Neither party may enter into any agreement or incur any liabilities on behalf of the other party without that other party's prior written consent and may not represent to any person that it has any authority to do so.

8.3 Counterparts

This MOU may be executed in any number of counterparts.

8.4 Costs and Expenses

Each party will bear its own costs and expenses in relation to the negotiation, preparation, execution, delivery and completion of this MOU and any other related documentation.

8.5 In this MOU, unless expressed to the contrary:

- (a) words importing:
 - (i) the singular include the plural and vice versa; and
 - (ii) any gender includes the other gender;
- (b) if a word or phrase is defined cognate words and phrases have corresponding definitions;
- (c) a reference to:
 - (i) a person includes a firm, unincorporated association, corporation and a government or statutory body or authority;
 - (ii) a person includes its legal personal representatives, successors and assigns;
 - (iii) a statute, ordinance, code or other law includes regulations and other statutory instruments under it and consolidations, amendments, re-enactments or replacements of any of them;
 - (iv) a right includes a benefit, remedy, discretion, authority or power;
 - (v) an obligation includes a warranty or representation and a reference to a failure to observe or perform an obligation includes a breach of warranty or representation; and
 - (vi) a reference to a clause is a reference to a clause of this MOU.
