EXEMPTION

Application No. H234/2019

The King David School applied to the Victorian Civil and Administrative Tribunal under to section 89 of the **Equal Opportunity Act 2010** (the Act) for an exemption to enable the applicant to, from time to time, for the purpose of achieving gender balance as far as possible:

- (a) advertise for prospective male or female students to enrol;
- (b) structure its waiting lists so prospective male or female students are favoured;
- (c) allocate student placements so male or female students are favoured; and
- (d) offer bursaries, scholarships and enrolments targeted at prospective and existing male or female students (the exempt conduct).

Upon reading the material filed in support of this application, including the affidavits of enrolments officer Adina Cavallaro and the principal, Marc Light, and hearing their evidence at the hearing, the Tribunal is satisfied that it is appropriate to grant an exemption from sections 38, 44, 107 and 182 of the Act to enable the applicant to engage in the exempt conduct.

In granting this exemption, the Tribunal noted:

- The School has been operating since 1978 and these proceedings represent their first application for an exemption. An interim exemption was granted from 27 August 2019 until 30 November 2019.

- The Applicant has complied with directions issued by the Tribunal to advertise the application in a local and state-wide newspaper and to notify parents of all existing students and persons on the waiting list for admission to the School of the proceedings. No submissions were received from any objectors by either the Applicant or the Tribunal.

- The Victorian Equal Opportunity and Human Rights Commission declined to intervene in the proceedings.

- The School aims to provide a genuine co-educational experience for its students. The witnesses deposed to emerging disbalances in certain cohorts of students which could have an impact on the School's ability to maintain a true co-educational school without intervention as proposed in the exempt conduct.

- The Tribunal is not currently satisfied that an exception applies to the exempt conduct. Accordingly, in the absence of an exemption the exempt conduct would amount to prohibited discrimination.

- When making decisions about exemptions, the Tribunal is required to give proper consideration to relevant human rights as set out in the **Charter of Human Rights and Responsibilities Act 2006** (Charter). If the exemption is granted, students may be selected for admission or for scholarships based on meeting gender equality targets set by the School, meaning some students may be refused a place if they are in the majority gender group for any given year or cohort. This limits the rights of those students refused to equal and effective protection against discrimination. However, I am satisfied that for the purposes of this exemption, the limit imposed by this exemption is reasonable and justified under the Charter and that its purpose (to provide an educational option where male and female students are treated equally) is consistent with the objectives of the **Equal Opportunity Act 2010**.

The Tribunal hereby grants an exemption from the operation of sections 38, 44, 107 and 182 of the Act to enable the applicant to engage in the exempt conduct.

This exemption is to be published in the Gazette on 5 December 2019. This exemption will remain in force from the date of publication until 4 December 2024.

EXEMPTION

Application No. H345/2019

Werribee Bowls Club Inc. ('the club') applied to the Victorian Civil and Administrative Tribunal under to section 89 of the **Equal Opportunity Act 2010** (the Act) for an exemption to enable the applicant to continue to conduct an Italy/Australia Bowls Tournament as an event in which only males compete, to select and admit only male competitors and to advertise the event as an all-male event.

Upon reading the application and the affidavit by club member, Mr Colin Thompson, and hearing his evidence at the hearing, the Tribunal is satisfied that it is appropriate to grant an exemption from sections 44, 65, 71 and 182 of the Act to enable the applicant to engage in the exempt conduct.

In granting this exemption, the Tribunal noted:

- The one-day Italy/Australia Tournament is the only male-only event in the club's calendar. All other competitions are open to persons of either sex.
- The club has conducted the Italy/Australia Bowls tournament for more than 45 of the club's 96 years. Historically, the tournament was born of friendly rivalry between Italian and Australian bowling communities in Werribee and surrounding areas. Traditionally, on this day, the club raises the Australian and Italian flags and the plays each national anthem. It is open to males of all nationalities. The prize is a trophy, not cash. The organisers promote it as a fun, good-will event, rather than a serious sporting occasion, with a view to bringing together people from various cultural backgrounds.

- The tournament encourages male and female spectators. The tournament is important for the generation of club funds from sponsorship, competitor's fees and bar takings. These funds benefit the whole club, including female club members. A stipulation by an historical sponsor (now deceased) was that the sponsorship be directed to a male-only event and his descendants continue that sponsorship and stipulation.
- An exemption was granted on similar terms in 2014 which expired on 26 February 2019.
- The Victorian Equal Opportunity and Human Rights Commission declined to intervene in the proceedings.
- The Tribunal is not currently satisfied that an exception applies to the exempt conduct. Accordingly, in the absence of an exemption the exempt conduct would amount to prohibited discrimination.
- When making decisions about exemptions, the Tribunal is required to give proper consideration to relevant human rights as set out in the **Charter of Human Rights and Responsibilities Act 2006** (Charter). If the exemption is granted, females who wish to participate in the competition may be lawfully excluded. This limits the rights of females wishing to compete to equal and effective protection against discrimination. However, noting all other competition is open competition and that the funds generated have a positive impact on the survival of the club for the benefit of all members, I am satisfied that for the purposes of this exemption, the limit imposed by this exemption is reasonable and justified under the Charter and that its purpose is consistent with the objectives of the **Equal Opportunity Act 2010**.

The Tribunal hereby grants an exemption from the operation of sections 44, 65, 71 and 182 of the Act to enable the applicant to engage in the exempt conduct.

This exemption is to be published in the Gazette on 5 December 2019. This exemption will remain in force from the date of publication until 4 December 2024.
