**Drugs, Poisons and Controlled Substances Act 1981**

PUBLIC HEALTH EMERGENCY ORDER UNDER SECTION 22G

I, Kym Peake, Secretary to the Department of Health and Human Services, pursuant to section 22G of the **Drugs, Poisons and Controlled Substances Act 1981**, extend the public health emergency order (PHEO #2) published in the Victorian Government Gazette on 26 March 2020 in the belief that it is necessary to do so in order to prevent a serious risk to public health and to respond to the public health emergency which is the continued demand on the health work force arising from coronavirus (COVID-19) in Victoria. Direct access to the health workforce to obtain a prescription may be more difficult given that self-isolation for persons impacted by COVID-19 is one mechanism for the prevention, management and treatment of human infection by COVID-19. The purpose of this Order is to enable persons in Victoria to obtain a Schedule 4 poison directly from a pharmacist, in certain circumstances, for the duration of this Order.

By this Order I authorise all pharmacists registered under the **Health Practitioner Regulation National Law (Victoria)** to practise in the pharmacy profession (other than as a student) to sell or supply a Schedule 4 poison without a prescription to a person ('the patient') in an emergency if –

- (a) the pharmacist considers that the sale or supply is necessary to ensure continuity of treatment; and
- (b) the pharmacist is satisfied that –
  - (i) there is an immediate need for the poison and it is impracticable for the patient to obtain a prescription in time to meet that need; and
  - (ii) treatment with the poison has previously been provided for by a prescription issued, or a chart instruction written for the patient by a registered medical practitioner, dentist, nurse practitioner, authorised midwife, authorised optometrist or authorised podiatrist; and
  - (iii) the patient, or an agent of the patient, or a person who has the care of the patient, or a person who is assisting in the care of the patient, is aware of the appropriate dose of that poison for that patient; and
- (c) the quantity of the poison supplied does not exceed –
  - (i) for a poison that is on the Pharmaceutical Benefits Scheme, the standard Pharmaceutical Benefits maximum quantity; or
  - (ii) for a poison that is not on the Pharmaceutical Benefits Scheme, the quantity that is contained in the smallest commercially available pack; and
- (d) the pharmacist records that the sale or supply was made under the COVID-19 public health emergency order.

This Order comes into force on 27 September 2020 and continues in force until 27 March 2021 (dates inclusive) unless earlier revoked.

Department of Health and Human Services

### **Drugs, Poisons and Controlled Substances Act 1981**

#### PUBLIC HEALTH EMERGENCY ORDER UNDER SECTION 22G

I, Kym Peake, Secretary to the Department of Health and Human Services, pursuant to section 22G of the **Drugs, Poisons and Controlled Substances Act 1981** (Act), extend the public health emergency order (PHEO #4 amended) published in the Victoria Government Gazette on 11 May 2020, in the belief that it is necessary to do so to prevent a serious risk to public health arising from the spread of COVID-19 virus.

The purpose of this Order is:

- (1) to facilitate a registered medical practitioner, nurse practitioner, dentist, authorised midwife, authorised optometrist or authorised podiatrist (practitioner) to obtain and possess, use, sell or supply a Schedule 4 poison (other than a drug of dependence) for a patient who in the opinion of the practitioner is at risk of the COVID-19 virus;
- (2) to enable pharmacists in Victoria to sell or supply a Schedule 4 poison (other than a drug of dependence) on an electronically transmitted digital image of an original prescription transmitted directly to the pharmacist from a practitioner;
- (3) to clarify the requirement for the provision of the practitioner's digital handwritten signature on an original prescription transmitted by digital image to a pharmacist and to clarify the process for pharmacists to retain a repeat authorisation form where repeat supply is authorised on a prescription.

For the purposes of this Order a digital image of a prescription means an unaltered photo image and includes an unaltered facsimile image of an original prescription.

By this Order I authorise all pharmacists registered under the **Health Practitioner Regulation National Law (Victoria)** to practise in the pharmacy profession (other than as a student), to sell or supply (including repeats) a Schedule 4 poison (other than a drug of dependence) without an original prescription to a person (patient) if –

- (a) provided with a digital image of the original prescription transmitted directly from the practitioner (or an employee acting in accordance with the instruction of the practitioner) but not via the patient or any other intermediary, or
- (b) the pharmacist records that the sale or supply was made under this public health emergency order, and
- (c) the pharmacist retains a copy of the digital image upon which the supply is made for two years, and
- (d) the pharmacist produces a copy of the digital image required to be retained under paragraph (c) at the request of an authorised officer under the Act.

Where the original prescription includes directions for repeat supply the pharmacist receiving the digital image of the original prescription transmitted directly from the practitioner (or an employee acting in accordance with the instruction of the practitioner) should generate and retain a repeat authorisation form so that the repeat supply can be dispensed at the same pharmacy.

A practitioner who transmits a digital image of an original prescription for the purposes of this Order must –

- (a) record that a digital image of the original prescription was transmitted under this Order, and
- (b) retain the original prescription for two years, and
- (c) produce the original prescription required to be retained under paragraph (a) at the request of an authorised officer under the Act.

For the purposes of this Order an original prescription must include the handwritten signature of the practitioner except where it is not possible for the prescription to include the handwritten signature due to operation of telehealth, the practitioner may –

- (a) include a digital image of their handwritten signature; or
- (b) give access to the digital image of their handwritten signature to an employee, where the employee acts in accordance with the instruction of the practitioner to apply the digital image of the practitioner's signature to the original prescription.

This Order comes into effect on 6 October 2020 and continues in force until 27 March 2021 (dates inclusive), unless earlier revoked.

#### PUBLIC HEALTH EMERGENCY ORDER UNDER SECTION 22G

I, Kym Peake, Secretary to the Department of Health and Human Services, pursuant to section 22G of the **Drugs, Poisons and Controlled Substances Act 1981** (the Act), extend the public health emergency order (PHEO #6) published in the Victorian Government Gazette on 10 June 2020 in the belief that it is necessary to do so in order to respond to the public health emergency which is the continued demand on the workforce of registered medical practitioners and nurse practitioners dealing with prevention and treatment of human infection with coronavirus (COVID-19) in Victoria.

The purpose of this Order is to remove the requirement for a registered medical practitioner or nurse practitioner to apply for a Schedule 8 permit in certain circumstances, for the duration of the Order.

By this Order, I authorise all registered medical practitioners and nurse practitioners registered under the **Health Practitioner Regulation National Law (Victoria)** to practise in their respective profession (other than as a student), to administer, supply or prescribe a Schedule 8 poison in the following circumstances:

Under this Order:

- (a) subject to paragraphs (c) and (d), despite section 34(2) of the Act, a registered medical practitioner or nurse practitioner **is not required** to apply for a Schedule 8 permit for a patient where treatment is for a continuous period greater than 8 weeks and the patient is **not** a drug dependent person;
- (b) a registered medical practitioner or nurse practitioner **is not required** to apply for a special Schedule 8 permit under Division 1 of Part 2 of the Drugs, Poisons and Controlled Substances Regulations 2017;
- (c) paragraphs (a) and (b) are conditional on the requirement that the registered medical practitioner or nurse practitioner **must take all reasonable steps to check the monitored poisons database** (SafeScript) for the patient's Schedule 8 medication history and Schedule 8 permit history **prior** to administering, supplying or prescribing the Schedule 8 poison;
- (d) the registered medical practitioner or nurse practitioner **must record** that the administration, supply or prescription of the Schedule 8 poison was made under accordance with this Order;
- (e) this Order does not affect the requirement that a registered medical practitioner or nurse practitioner must apply for a Schedule 8 permit for a drug-dependent person under section 34(1) of the Act.

This Order comes into force on 27 September 2020 and continues in force until 27 March 2021 (dates inclusive) unless earlier revoked.
