Essential Services Commission Act 2001

THIS MEMORANDUM is made on the 10th day of February 2021

PARTIES:

ESSENTIAL SERVICES COMMISSION ('Commission')

and

DIRECTOR OF CONSUMER AFFAIRS VICTORIA ('Director')

BACKGROUND

- A. The Commission is an independent statutory authority established by the **Essential Services Commission Act 2001** (ESC Act).
- B. The Director is a prescribed body for the purposes of the ESC Act.
- C. The parties have entered into this memorandum of understanding to provide for consultation between the Commission and CAV and the integration and co-ordination of their regulatory and other activities, in accordance with sections 15 and 16 of the ESC Act.
- D. This memorandum is intended to replace the memorandum of understanding dated 3 August 2010.

OPERATIVE PROVISIONS**1. Definitions**

In this memorandum, including the background:

'**Chairperson**' means the Chairperson of the Commission.

'**Commissioner**' means a Commissioner appointed pursuant to s 21 of the ESC Act.

'**ACLFTA**' means the **Australian Consumer Law and Fair Trading Act 2012** (Victoria).

'**ACL**' means the Australian Consumer Law (Schedule 2 of the Competition and Consumer Law (Cth)) which is applied as a law of Victoria by the ACLFTA.

'**CAV**' means Consumer Affairs Victoria, which comprises officers and staff of the Department of Justice and Community Safety which together support the Director in their statutory functions

'**ESC Act**' means the **Essential Services Commission Act 2001**.

'**prescribed body**' has the same meaning as in the ESC Act.

'**regulated industry**' has the same meaning as in the ESC Act.

'**relevant Commission instruments**' means legislation administered by the Commission and any legislative instruments, codes or guidelines made under that legislation.

2. Objectives and purpose of this memorandum

This memorandum seeks to:

- (a) ensure that the regulatory and decision making processes of the parties in relation to regulated industries are closely integrated and better informed;
- (b) avoid overlap or conflict between regulatory schemes (either existing or proposed) affecting regulated industries;
- (c) provide for sharing information between the parties in the context of their respective roles in relation to regulated industries, to the extent permitted under respective legislation, with particular regard to the investigation of compliance with relevant legislation and taking of enforcement action; and
- (d) promote the adoption of a best practice approach to regulation.

3. The role of the Commission

- 3.1 The Commission currently has functions relating to the regulation of the electricity, natural gas, ports, taxi, hire car, tow truck, and water industries. The Commission

also has responsibilities in relation to energy efficiency programs and the provision of advice to Government.

- 3.2 The Commission's primary objective in performing those functions is to promote the long-term interests of Victorian consumers having regard to the price, quality and reliability of essential services.
- 3.3 The Commission must also perform its functions and exercise its powers in such a manner as the Commission considers best achieves any objectives specified in the relevant legislation under which a regulated industry operates.
- 3.4 The Commission's objectives, functions and particular responsibilities under regulatory instruments are the basis of its concern with market conduct of persons it regulates. Its concern is predominantly about systematic misconduct or systemic non-compliance, particularly where it is suggestive of misuse of market power or the absence of effective competition.

4. The role of Consumer Affairs Victoria

- 4.1 CAV's role and functions are to support a fair and competitive marketplace in Victoria where businesses comply with consumer laws and Victorians can exercise their consumer rights.
- 4.2 CAV supports the Director in their regulatory jurisdiction for the ACLFTA, which applies the Australian Consumer Law as a law of Victoria. The ACL is a national, uniform law that operates under a 'one law, multiple regulator model' by the Commonwealth, and all States and Territories. Its concern is predominantly about breaches of the ACL, having regard to the impact of the breach, whether further consumer detriment can be avoided, and whether the business has been the subject of previous enforcement actions.
- 4.3 While CAV is most concerned about serious breaches of the ACL, a broader understanding of breaches of the ACL by a business is important to inform CAV of the most appropriate compliance and enforcement action to take against a trader.
- 4.4 CAV administers over 40 statutes on behalf of the Director. For the purposes of this memorandum, the ACL is the most relevant.

5. How the parties will consult

- 5.1 Where relevant, the Commission will, as early as practicable, consult with CAV:
 - (a) in the making of a determination;
 - (b) in the conduct of an inquiry or investigation, after first consulting with the Minister; and
 - (c) in preparing and reviewing the Commission's Charter of Consultation and Regulatory Practice.
- 5.2 CAV will, if requested in writing by the Commission to do so, consult with the Commission:
 - (a) in relation to any matter specified by the Commission which is relevant to its objectives or functions; and
 - (b) in respect of a matter specified by the Commission which may impact on a regulated industry.
- 5.3 Each party will notify the other of market conduct complaints by persons regulated by the other and will act in relation to them as set out in the Appendix.
- 5.4 Each party having regard to their respective roles in relation to each regulated industry will:
 - (a) consult with the other in the performance of any function that has or is likely to have material implications for the other;

- (b) ensure that such consultation occurs as early as practicable in the parties' regulatory, advisory or decision making processes;
- (c) on request, provide the other with timely advice on regulatory matters for which it is responsible;
- (d) provide the other with timely relevant information on industries or industry issues for which both parties have some responsibility;
- (e) promptly inform the other of any material changes to its role or to the regulatory arrangements it administers;
- (f) exchange details of annual work programs to the extent that they are relevant to the role of the other;
- (g) provide the other with advance notice of its intention to undertake a major review or activity that will or may have material implications for the other;
- (h) identify opportunities to coordinate strategic planning and undertake knowledge sharing initiatives to optimise mutual understanding of roles and strategic directions;
- (i) identify relevant project officers to allow for the coordination of particular regulatory projects; and
- (j) publish this memorandum on its website.

6. How the parties will manage their relationship and resolve disputes

- 6.1 Each party will ensure that, at all times, while this memorandum is in force, at least one meeting is held quarterly between the Director and the Chairperson (or a Commissioner).
- 6.2 Each party will ensure that, at all times, while this memorandum is in force, one of its staff members is designated and known to the other as its contact officer for the purposes of this memorandum.
- 6.3 At the date of this memorandum, the contact officers are:
 - (a) in the case of the Commission, the person holding the position, from time to time, of Senior Regulatory Manager, Enforcement, Energy.
 - (b) in the case of CAV, the person holding the position of General Manager, Investigations.
- 6.4 Each party will ensure that its contact officer:
 - (a) makes themselves (or an alternate) available at all relevant times to address any questions, concerns or disputes arising out of the operation of this memorandum which are raised by either party;
 - (b) instigates periodic (and in any event not less than three yearly) reviews of this memorandum directed, in particular, to the potential for improvement in its terms or operation and to the effect (if any) of regulatory change on its terms, operation or utility; and
 - (c) arranges (in conjunction with the other's contact officer) such meetings of appropriate staff of the parties as and when necessary or desirable to facilitate the efficient and effective operation of this memorandum.
- 6.5 If there is a dispute between the parties as to the terms or operation of this memorandum, each party will ensure that its contact officer endeavours in good faith to resolve that dispute with the other's contact officer. If, however, a contact officer gives notice to the other party's contact officer of the view that the dispute is unlikely to be resolved by discussions between the contact officers, then each party's contact officer must promptly:
 - (a) brief the Chairperson or Director (or a nominee of the party's Chairperson or Director) of details of the relevant dispute; and

- (b) arrange with the other's contact officer for a meeting of the Chairperson and the Director (or their respective nominees), with the objective of settling the dispute amicably.

7. Use and disclosure of information

- 7.1 The capacity of a party to use or disclose information, or take information into account, is or may be (depending on the nature or source of the information) restricted by law.
- 7.2 If a party discloses information to the other party under this memorandum, the disclosing party may place restrictions on the recipient's use or disclosure of that information, being restrictions it believes in good faith are necessary for compliance with binding restrictions on disclosure. A party receiving information will observe any such restriction noting, however, that this requirement does not limit:
 - (a) any other legal obligation of a party relating to the disclosure or use of information; and
 - (b) any right of a party concerning information obtained otherwise than under this memorandum.

3. Ongoing communications

- 3.1 **CAV to Commission** – CAV will promptly notify the Commission about:

- 4.2 In deciding upon a co-ordinated course of action the parties will be guided by the following objectives:
- (a) to achieve the best outcome for the affected customers;
 - (b) to ensure that the regulated person complies with any applicable laws;
 - (c) to achieve the most timely, cost efficient and sustainable outcome possible; and
 - (d) to avoid duplication of investigatory process and effort.
- 4.3 Where appropriate in the circumstances, CAV and the Commission will co-operate in co-ordinated investigations and enforcement actions under their respective legislative remit. If requested, the parties will provide advice on their respective statutory and regulatory frameworks to assist others in any investigation being undertaken.
- 4.4 CAV and the Commission may share legal advice where they share a common interest in a matter that is or may be the subject of co-ordinated enforcement action. Sharing of legal advice where there is a common interest is intended not to result in waiver of privilege in the advice.
