*Example: photographic personal identification includes a driver's licence issued by any State, Territory or Green Zone Country or a passport issued by Australia or a Green Zone Country. Evidence of the current address where the person ordinarily resides includes a driver's licence or any other document issued by any State, Territory or Green Zone Country or any municipal district, local government area, unincorporated local government area (not including Lord Howe Island) or local authority, including a rates notice.*

- (iii) if the person is unable to provide photographic personal identification in accordance with subclause (ii), two forms of documentary evidence satisfactory to the authorised officer, Victoria Police member or Protective Services Officer (or other person under such person's direction) to prove the person's identity (unless the person is under the age of 18); and

- (iv) if the person is unable to provide evidence of the current address where the person ordinarily resides in accordance with subclause (ii), other documentary evidence satisfactory to the authorised officer, Victoria Police member or Protective Services Officer (or other person under such person's direction) of the person's address (unless the person is under the age of 18); and

- (g) if, during the period of self-quarantine, the person refuses or otherwise fails to take a test for SARS-CoV-2 in accordance with subclause (f), the period of self-quarantine in subclause (c) (as extended under subclause (h)(ii)) is extended for an additional period being the earlier of:
  - (i) an additional 14 days; or
  - (ii) until the person gets tested for SARS-CoV-2 and receives a negative test result; and

*Note: persons entering Victoria with a red zone permit will be required to test for SARS-CoV-2 on or around day 13 of their self-quarantine (or the day before the end of self-quarantine), as testing at this time is likely to detect the presence of SARS-CoV-2, even if a person has not yet developed symptoms. As a person may be infectious for up to 14 days after the 14 day incubation period, if this test does not occur, an additional 14 days of quarantine is required to prevent a person who develops SARS-CoV-2 towards the end of the 14 day incubation period, even if not symptomatic, transmitting SARS-CoV-2 to the broader community.*

- (h) if, during the period of self-quarantine:
  - (i) the person is tested for SARS-CoV-2; and
  - (ii) subject to subclause (iii), the period for which the person is required to self-quarantine under subclause (c) expires during the period in which the person is awaiting the result of that test, the period of self-quarantine is extended until the person receives a negative SARS-CoV-2 test result; and
  - (iii) if the person receives a negative SARS-CoV-2 test result and:

- (i) provide documentary evidence that the person has been tested in accordance with subclauses (e) and (f) (including evidence of the person's most recent test) to an authorised officer, a Victoria Police member or a Protective Services Officer (or other person under such person's direction) when requested to do so; and
- (j) minimise contact with other persons in Victoria (except in an emergency); and

- (m) monitor for SARS-CoV-2 symptoms and, if experiencing SARS-CoV-2 symptoms:
  - (i) notify the Department; and
  - (ii) immediately get tested for SARS-CoV-2; and
- (n) comply with all Directions currently in force.

*Validity and revocation*

- (4) A red zone permit:
  - (a) is valid for 14 days from the date the person first enters Victoria (unless revoked earlier); and
  - (b) may only be used once by a person to enter Victoria during the validity period in subclause (a); and
  - (c) is revoked immediately if the person is outside Victoria and:
    - (i) has been at a very high risk exposure site in an area that is a red zone in a State, Territory or Green Zone Country during the very high risk period:
      - (A) prior to delivery of the red zone permit; or
      - (B) after delivery of the red zone permit; or

- (ii) is or becomes a diagnosed person or a close contact of a diagnosed person (or equivalent) in any State, Territory or Green Zone Country and/or required to self-isolate or self-quarantine (or equivalent) in any State Territory or Green Zone Country:
  - (A) prior to delivery of the red zone permit; or
  - (B) after delivery of the red zone permit.

*Note: a person who has entered Victoria with a valid red zone permit and remains in Victoria does not need to apply for nor produce a new red zone permit after the initial red zone permit's validity period has expired.*

#### *Change to obligations after entry under red zone permit*

- (5) If a person has entered Victoria from any other State or Territory in Australia or, after entering Australia, from a Green Zone Country, with a red zone permit and during the red zone permit validity period in subclause (4)(a), the Chief Health Officer determines that:
  - (a) all **relevant red zones** are orange zones (or a combination of orange zones and green zones) and the person was in only those, or other, orange zones or green zones after the relevant zone commencement time, at a time within the 14 days prior to the person's entry to Victoria, then the lesser, orange zone obligations under clause 6(4)(b) – (g) will apply to the person from the time of notification by the Department for the remainder of the red zone permit validity period in subclause (4)(a); or
  - (b) all relevant red zones are green zones and the person was in only those, or other, green zones after the relevant zone commencement time, at a time within the 14 days prior to the person's entry to Victoria, then the lesser, green zone obligations under clause 5(4)(b) – (c) will apply to the person from the time of notification by the Department for the remainder of the red zone permit validity period in subclause (4)(a).

*Example: a person arrives in Victoria with a red zone permit which is valid for 14 days from their arrival date. Two days after entering Victoria, all areas that the person was in are determined to be orange zones (or a combination of orange and green zones) and the person was in all of those orange zones or green zones at a time after the relevant zone commencement time. The Department notifies the person that the red zone permit obligations which applied after entering Victoria have changed to align with the lesser, orange zone permit obligations in clause 6(4) for the remaining 12 days of the red zone permit's validity period. This includes requirements for the person to continue self-quarantining until they are tested for SARS-CoV-2 and receive a negative SARS-CoV-2 test result. If the person has already been tested for SARS-CoV-2 in accordance with subclauses (3)(e) or (3)(f) and has received a negative SARS-CoV-2 test result, the person may cease self-quarantining immediately.*

  - (ii) a market stall,
- then:
- (iii) the Work Premises must prominently display signage at all points of sale at the Work Premises so that members of the public can record their attendance using the Victorian Government QR code system; and
- Note 1: Work Premises to which subclause (e) applies are required to comply with the signage requirements in subclause (e) in addition to the signage requirements in subclause (c).*
- Note 2: a point of sale includes where a customer pays for goods or services.*
- (iv) staff members who interact with a **member of the public** at a point of service must request that the member of the public record their attendance at the Work Premises; and
- Note: a point of service includes where an employee interacts with a customer other than at a point of sale during their attendance, for example, a waiter attending a table to take an order, or when greeting a customer once they have entered the Work Premises.*
- (f) where a Work Premises is a **food and drink facility**, then:
- (i) the Work Premises must prominently display signage at all points of sale and at all points of service, so that members of the public can record their attendance using the Victorian Government QR code system; and
- Note: Work Premises to which subclause (f) applies are required to comply with the signage requirements in subclause (f) in addition to the signage requirements in subclause (c).*
- (ii) a staff member must request all members of the public attending the Work Premises to record their attendance at:
    - (A) an entrance to the Work Premises; or
    - (B) a point of sale; or
    - (C) a point of service.

*Note: a point of sale includes where a customer pays for goods or services. A point of service includes where an employee interacts with a customer other than at a point of sale during their attendance, for example, a waiter attending a table to take an order, or when greeting a customer once they have entered the Work Premises.*

- (g) where a Work Premises is a supermarket, then:
- (i) the Work Premises must prominently display signage at all points of sale at the Work Premises so that members of the public can record their attendance using the Victorian Government QR code system; and
 

*Note 1: Work Premises to which subclause (g) apply are required to comply with the signage requirements in subclause (g) in addition to the signage requirements in subclause (c).*

*Note 2: a point of sale includes where a customer pays for goods or services.*
  - (ii) staff members who interact with a member of the public at a point of sale must request that the member of the public record their attendance at the Work Premises.
- (8) Where:
- (a) it is not **reasonably practicable** for a person to record an attendance at a Work Premises using the Victorian Government QR code system; or
  - (b) there is an access issue that prevents the Victorian Government QR code system from operating;
- then the employer must use an alternative record-keeping method to comply with the records requirement.
- Example 1: worshippers wishing to attend a synagogue on the Sabbath who are prohibited from using the Victorian Government QR code system during the Sabbath could pre-register details with the synagogue, with the details recorded and stored by the synagogue electronically.*
- Example 2: where a venue has no internet coverage, such as in a remote location, manual records could be kept and stored electronically by the venue.*
- (9) Where a person who attends a Work Premises is unable to check in using the Victorian Government QR code system for the purpose of subclauses (6) or (13), that information may be collected by an employer or an **owner** of a vehicle used as a commercial passenger vehicle service from another person on behalf of the first person using the Victorian Government QR code system for that purpose.
- (10) An employer is not required to comply with the records requirement in subclause (6):
- (a) subject to subclause (13), in relation to **members of the public** using a commercial passenger vehicle service; or
  - (b) in relation to essential support groups and health services if confidentiality is typically required; or
 

*Example: support groups for alcohol and drugs or family violence typically require confidentiality.*
  - (c) in relation to common property areas governed by an owners corporation;
 

*Note: where a common property area is a facility such as a gym, pool, or cinema subject to the **Restricted Activity Directions (Victoria)**, that facility is required to comply with the record-keeping requirements and any other relevant requirements in the applicable Restricted Activity Direction.*
  - (d) in relation to persons receiving contactless ‘click and collect’ services where the transaction does not involve entering any indoor space at a Work Premises; or
 

*Example: attending a retail facility where an employee drops the goods into the boot of a customer’s car whilst the customer remains in the car.*
  - (e) in relation to takeaway food providers in respect of customers attending the premises for the sole purpose of collecting food at a drive-through window; or
  - (f) in relation to service stations in respect of members of the public who do not enter a building and pay using contactless payment methods at the petrol bowser; or
  - (g) in relation to **emergency workers** attending a Work Premises for the purposes of responding to an **emergency** where complying with the records requirement is not practicable in the circumstances; or

- (h) in relation to attendances at a Work Premises for the purposes of police matters (including investigations), and the administration of justice where the person who is the subject of the record requests that their attendance is kept confidential; or
  - (i) in relation to **public transport** or at a stop or station for passenger services of a **public transport service**, except in relation to workers operating or delivering the public transport service; or
  - (j) in relation to employees of intelligence agencies who attend a premises for reasons of national security; or
  - (k) in relation to parents, guardians and carers attending a **school, childcare or early childhood service** or outside school hours care service for the purposes of picking up or dropping off children or students, provided the parent, guardian or carer does not enter an indoor space at the school, childcare or early childhood service or outside school hours care service.
- (11) An employer is not required to comply with subclause (7) in relation to Work Premises that are:
- (a) schools, childcare or early childhood services and outside school hours care services in respect of all students, teachers and other school staff (but not visitors, contractors or other workers); or  
*Note: educational facilities (other than schools and childcare or early childhood services and outside school hours care services) are required to comply with subclause (7).*
  - (b) **care facilities** in respect of residents; or
  - (c) a **health service entity**; or
  - (d) farms in respect of workers and other persons attending for work-related purposes; or
  - (e) premises where pre-ordered goods are being delivered via contactless delivery; or  
*Example: a meal delivery service driver attending a premises to drop a meal ordered via an app at the door is not required to check-in at that premises.*
  - (f) a private residence attended by workers for the purposes of undertaking work; or  
*Note: this excludes common property areas governed by an owners corporation.*
  - (g) a **prison, remand centre, youth residential centre, or youth justice centre**; or
  - (h) a site operated by COVID-19 Quarantine Victoria; or
  - (i) public transport or a stop or station for passenger services of a public transport service or a **tour and charter bus service**; or
  - (j) a site where the use of electronic devices is prohibited due to safety concerns; or  
*Example: petrochemical bulk storage and transport, and other flammable liquids sites.*
  - (k) a **school bus**; or
  - (l) an **early stage land development site**, excluding any site office at that site.  
*Example: workers conducting scoping work on empty land prior to the commencement of construction will not be required to check-in using the Victorian Government QR code system. However, a worker entering a site office on otherwise empty land will need to check-in to that office using the Victorian Government QR code system.*
- (12) An employer to whom clause 14 (**accommodation facilities**) of the **Restricted Activity Directions (Victoria)** applies is only required to comply with subclause (7) in respect of a person who:
- (a) is not registered to stay overnight at the **accommodation facility**; and
  - (b) attends a communal or shared accommodation space.

- (13) Despite subclause (7)(a), an owner of a vehicle used as a commercial passenger vehicle service must make available and clearly visible and accessible in the vehicle, at all times, a sign that allows the drivers and passengers of the vehicle to use the Victorian Government QR code system.
- (14) In handling any information collected under subclause (6):
- (a) an employer who uses or an owner who makes available a system other than the Victorian Government QR code system, must:
- (i) not collect personal information unless:
- (A) the information is necessary to meet the requirements outlined in subclause (6); or
- (B) the information is provided by a driver or passenger using the system made available under subclause (13); and
- (ii) use reasonable endeavours to protect the personal information from use or disclosure, other than in accordance with a request made by an Authorised Officer (or a person assisting an Authorised Officer); and
- Note: information should be collected in a way that protects it from being disclosed to other patrons.*
- Example: where using a paper-based method, a sheet of paper could be placed over previous visitor details on a sheet that records the names.*
- (iii) use reasonable endeavours to notify the person from whom the personal information is being collected that the primary purpose of collection is for SARS-CoV-2 contact tracing, and that their personal information may be collected and stored by the Victorian Government for this purpose; and
- (iv) destroy the information as soon as reasonably practicable following 28 days after the attendance at the Work Premises, unless a statutory requirement permits or requires the personal information to be retained;
- Note: subclause (14)(a) is intended to apply to employers who use or owners who collect information pursuant to subclauses (6) or (13) using a method other than the Victorian Government QR code system, whether or not:*
- (a) the employer also uses or the owner also uses the Victorian Government QR code system to comply with subclauses (6) or (13); or
- (b) the system used by the employer or made available by the owner links to the Victorian Government QR code system.
- (b) **Service Victoria** and/or another operator of the Victorian Government QR code system must destroy the information as soon as reasonably practicable following 28 days after the attendance at the Work Premises, unless a statutory requirement permits or requires the personal information to be retained.

*Additional records requirement (additional records requirement)*

- (15) An employer must keep records to demonstrate compliance with these directions, including (but not limited to):
- (a) all logs created during the time these directions are in place;
- (b) Work Premises rosters;
- (c) time and attendance records;
- (d) payroll data.
- (16) In collecting the information outlined in subclause (15), an employer must:
- (a) use reasonable endeavours to protect the personal information from use or disclosure, other than in accordance with a request made by an Authorised Officer; and
- (b) destroy the information as soon as reasonably practicable, unless another statutory requirement permits or requires the personal information to be retained.

*Density quotient (density quotient)*

- (17) In any shared spaces and publicly accessible areas at the Work Premises, an employer must comply with the density quotient for each shared space and each publicly accessible area.

*Note: in relation to a care facility, shared spaces and publicly accessible spaces include entrance areas, waiting rooms and communal areas where visitors may enter but does not include patient or resident rooms or resident lounges not accessible by visitors.*

- (18) The density quotient in relation to Work Premises in Victoria for the purposes of subclause (17) limits:

- (a) in relation to a shared space, the number of persons who are permitted in a shared space; or
- (b) in relation to a publicly accessible space:
  - (i) where that publicly accessible space is occupied by workers on an ad hoc basis, the number of members of the public; or
  - (ii) where that publicly accessible space is occupied by workers on an ongoing basis, the number of persons,

*Note: the Restricted Activity Directions (Victoria) specifies which facilities should calculate the density quotient by reference to the number of persons in the accessible area or alternatively the number of members of the public in the accessible area.*

at any one time to the number calculated by dividing the total accessible space (measured in square metres) by 2 in relation to any shared space or publicly accessible space and:

- (c) for an indoor space, applies to each single undivided space permitted to operate under these directions; and
- (d) for an indoor zone, applies to each indoor zone within an indoor space permitted to operate under these directions; and
- (e) for an outdoor space, market or retail shopping centre, applies to the total space permitted to operate under these directions; and
- (f) for a hospital, to non-clinical areas of the hospital where practicable.

*Example: if an outdoor space is 8.5 metres long and 4.5 metres wide, its total area is 38.25 square metres. Its density quotient is 19.13, so no more than 19 members of the public would be permitted to be in the outdoor space at the same time.*

- (19) The number of people allowed in a shared space or publicly accessible area may be subject to a separate specified density measure or cap under the **Restricted Activity Directions (Victoria)** and, in those circumstances, the density quotient will not apply.

- (20) Despite subclauses (17), (18) and (19), an employer is not required to comply with the density quotient in respect of:

- (a) any shared spaces in schools, non-school senior secondary providers, childcare or early childhood services, or **higher education services** used by students or children, including classrooms; and
- (b) clinical areas of a hospital; and
- (c) areas of a **court or tribunal** building that are being used for the purpose of a jury trial.

*Note 1: in relation to a school, non-school senior secondary provider, education and care service, childcare or early childhood service, or higher education service, spaces for the purpose of student and children use (such as classrooms, hallways and gymnasiums) are not subject to the density quotient. The density quotient does, however, still apply to office areas including shared spaces that form part of an office area, spaces such as lunchrooms, photocopier room, principal's office, back of reception and resource rooms. The density quotient also applies to any publicly accessible areas (including in relation to a school, non-school senior secondary providers, or childcare or early childhood service, or higher education service), and any such publicly accessible areas that are subject to the **signage requirement** under subclause (21).*

*Note 2: in relation to a school, non-school senior secondary provider, childcare or early childhood service, or higher education service using facilities other than the school, childcare or higher education service premises, the density quotient of the relevant facility and the relevant requirements of the facility's COVIDSafe Plan will apply to the school, non-school senior secondary provider, childcare or early childhood service, or higher education service when using that facility. As an alternative to using the facility's COVIDSafe Plan, the school, non-school senior secondary provider, childcare or early childhood service, or higher education service may apply their own COVIDSafe Plan to the use of the facility, so long as it has been adjusted so that it is fit for purpose taking into account the unique features of the relevant facility.*

*Note 3: in relation to a hospital, clinical areas including emergency department waiting rooms and hospital wards are areas of a hospital that the density quotient does not apply to, however, other non-clinical areas of the hospital are subject to the density quotient where practicable.*

*Note 4: in relation to areas of a court or tribunal building that are being used for the purpose of a jury trial, the exclusion is intended to apply to those areas that are being used for the purposes of conducting the jury trial and does not apply to shared spaces such as a foyer.*

#### Signage requirements (**signage requirement**)

- (21) Where a Work Premises has a publicly accessible space to which the density quotient applies, an employer must display a sign at each public entry to each such space that includes a statement specifying the maximum number of members of the public that may be present in the space at a single time, being the number permitted by the density quotient, rounded down to the nearest whole number.

*Example: if an area is 8.5 metres long and 4.5 metres wide, its total space is 38.25 square metres. Its density quotient is 9.56. The sign should state that the maximum number of members of the public that may be present in the space at a single time is 9.*

- (22) A person who owns, operates or controls a market stall, market or retail shopping centre must:
- (a) limit the number of members of the public permitted by the density quotient as it applies respectively to the market stall, market or the retail shopping centre; and
  - (b) use reasonable endeavours to implement relevant recommendations by the Victorian Government to manage public health risks arising out of the operation of the facility.
- (23) Where any other Directions currently in force require a face covering to be worn in a Work Premises or part of a Work Premises:
- (a) an employer in relation to that Work Premises; or
  - (b) a person who owns, operates or controls that Work Premises,
- must display a sign at each public entry advising that each person entering the Work Premises must wear a face covering, unless an exception under a Direction currently in force applies.

#### Cleaning requirements (**cleaning requirement**)

- (24) An employer must take all reasonable steps to ensure that shared spaces at which work is performed and areas accessible to members of the public at any Work Premises are **cleaned** on a regular basis, including:
- (a) frequently touched surfaces, including toilets and handrails, are cleaned at least twice on any given day;
  - (b) surfaces are cleaned when visibly soiled;
  - (c) if a function is to occur, a reasonable period of time has elapsed since the conclusion of any earlier function to allow for cleaning in between the functions;
  - (d) surfaces accessible to a particular group are cleaned between groups;  
*Example: cleaning surfaces between shifts of workers.*
  - (e) surfaces are cleaned immediately after a spill on the surface.

- (25) To ensure a surface is cleaned for the purposes of these directions, a person must wipe the surface with a disinfectant:
  - (a) the label of which states a claim by the manufacturer that the disinfectant has anti-viral properties; or
  - (b) made by a person according to instructions issued by the Department.
- (26) A person who owns, operates or controls a market stall, market or retail shopping centre must comply with the cleaning requirement respectively for the market stall, market or the common areas of the retail shopping centre.

## 7 Responding to a suspected case of SARS-CoV-2 in a Work Premises

- (1) An employer must not require a worker to perform work at a Work Premises if the worker is displaying one or more **SARS-CoV-2 Symptoms**.
- (2) As soon as practicable after becoming aware of a suspected case in a worker who has attended a Work Premises in the period commencing 48 hours prior to the onset of symptoms, an employer must:
  - (a) advise the worker to **self-isolate** immediately and support the worker in doing so, by either:
    - (i) directing the worker to travel home immediately (and providing support to the worker to do so); or
    - (ii) where the worker is unable to travel home immediately, directing the worker to isolate themselves at the Work Premises and, whilst doing so, to wear a face covering and remain at least 1.5 metres from any other person at the Work Premises, until the worker can return home later that day to self-isolate; and

*Note: the worker should isolate in a separate room from other persons, where possible.*

- (b) advise the worker to be tested for SARS-CoV-2 as soon as practicable, and to self-isolate whilst awaiting the result of that test; and
- (c) take all reasonably practicable steps to manage the risk posed by the suspected case, including but not limited to:
  - (i) cleaning areas of the Work Premises used by the suspected case (including their personal workspace and any areas in the Work Premises frequently used by the suspected case);
  - (ii) cleaning high-touch surfaces at the Work Premises likely to have been frequented by the suspected case; and

*Examples: lift buttons, door handles, washroom facilities, kitchen facilities, water coolers. For further information, see the guidance [www.dhhs.vic.gov.au/coronavirus-cleaning-guidelines-for-workplaces-doc](http://www.dhhs.vic.gov.au/coronavirus-cleaning-guidelines-for-workplaces-doc) as amended or replaced from time to time by the Victorian Government.*

- (d) ensure appropriate records are maintained in accordance with clause 6(6) in order to support contact tracing if the suspected case becomes a confirmed case, particularly from the period commencing 48 hours prior to the onset of symptoms in the suspected case; and

*Note: this will include, for example, rosters and worker details, and details of all visitors to the Work Premises, to ascertain which persons were present at the Work Premises and who they may have come into contact with.*

- (e) inform all workers (including the **health and safety representative**) to be vigilant about the onset of symptoms of SARS-CoV-2 and advise all workers to be tested for SARS-CoV-2 and self-isolate if they become symptomatic.

## 8 Responding to a confirmed case of SARS-CoV-2 in a Work Premises

- (1) In these directions, in respect of a worker who has tested positive to SARS-CoV-2, **Relevant Period** means the period commencing 48 hours prior to:
- the onset of symptoms of SARS-CoV-2 in the worker, if symptomatic; or
  - the worker having been tested for SARS-CoV-2, if asymptomatic, and up to the **diagnosed person** receiving clearance from the Department.
- (2) A worker who has received a positive test result for SARS-CoV-2 must, as soon as practicable, notify the employer of any Work Premises which the worker has attended in the Relevant Period.
- (3) As soon as practicable after becoming aware of a confirmed case who has attended the Work Premises in the Relevant Period, the employer must:
- notify the Department and WorkSafe in accordance with the **Occupational Health and Safety (COVID-19 Incident Notification) Regulations 2020** and the health and safety representative at the Work Premises; and
  - to the extent not already completed, direct the **diagnosed worker** not to attend the Work Premises and advise them to self-isolate in accordance with clause 7(2)(a); and
  - undertake a risk assessment to determine whether the Work Premises (or the relevant part of the Work Premises in which the diagnosed worker worked in the Relevant Period) must be closed to allow cleaning and contact tracing to occur or whether the risk can be managed whilst the Work Premises (or part of it) continues to operate; and
  - undertake a comprehensive clean of the Work Premises (or the relevant part of the Work Premises in which the diagnosed worker worked in the Relevant Period, and any high touch areas likely to have been touched by the diagnosed worker) in accordance with guidelines published by the Department; and

*Note: online guidance from the Department can be obtained from the following link: [www.dhhs.vic.gov.au/coronavirus-cleaning-guidelines-for-workplaces-doc](http://www.dhhs.vic.gov.au/coronavirus-cleaning-guidelines-for-workplaces-doc) as amended or replaced from time to time by the Victorian Government.*

- consult with the diagnosed worker and examine the employer's own records to determine any **close contacts** of the diagnosed worker at the Work Premises within the Relevant Period and, where any close contacts are identified and the employer has the relevant contact details of the close contact:

*Note: for record-keeping obligations to assist with identification of close contacts and contract tracing, see clause 6(6).*

- if the close contact is a worker, direct them to leave the Work Premises and advise them to **self-quarantine**; and
  - if the close contact is not a worker, issue them a written communication to recommend that they self-quarantine in accordance with guidance from the Department; and
- notify all workers when a worker has tested positive to SARS-CoV-2; and
  - inform all workers (including health and safety representatives) to be vigilant about the onset of SARS-CoV-2 Symptoms and advise all workers to be tested for SARS-CoV-2 and self-quarantine if they become symptomatic; and
  - put in place appropriate control and/or risk management measures to reduce the risk of spreading SARS-CoV-2 at the Work Premises; and

*Note: employers are encouraged to ensure that any risks identified from the confirmed case are addressed in these control measures.*

*Examples: increasing the implementation and enforcement of control measures with respect to PPE (such as face coverings) and physical distancing.*

- (i) contact the Department (or other entity nominated by the Department on its website) and:
  - (i) notify it of the actions taken in accordance with subclause (3)(a) to (h); and
  - (ii) provide it with a copy of the risk assessment conducted in accordance with subclause (3)(c); and
  - (iii) provide the Department (or other entity nominated by the Department) with contact details of any close contacts (whether or not workers) identified pursuant to subclause (3)(e); and
  - (iv) comply with any further directions given by the Department or WorkSafe in relation to closure of the Work Premises (or part of the Work Premises) and/or cleaning; and
- (j) where the Work Premises (or part of the Work Premises) is closed, not re-open that Work Premises (or that part of the Work Premises which was closed) until all of the following have occurred:
  - (i) the employer has complied with all of its obligations under subclause (3)(a) to (i); and
  - (ii) the Department has completed all relevant contact tracing; and
  - (iii) the Department has given clearance for the Work Premises to re-open.

*Note: employers must comply with their obligations under occupational health and safety laws, including notifying WorkSafe in accordance with the **Occupational Health and Safety (COVID-19 Incident Notification) Regulations 2020**.*

*Example: rosters.*

- (14) An employer in relation to a Work Premises that is a care facility in Victoria must require care facility workers in relation to a care facility to wear a face covering while working in any indoor space:
- (a) that is accessible by residents of or visitors to the care facility; or

- unless an exception pursuant to clause 5(3)(e), (g) – (j), (r) – (t), (x) – (aa) of the **Stay Safe Directions (Victoria)** applies in respect of a care facility worker in relation to a care facility, then the employer is exempted from requiring that care facility worker to wear a face covering.

- (b) has, in the preceding 14 days, not been in contact with a **confirmed case** (except in the course of their duties while wearing appropriate personal protective equipment); and
  - (c) is not currently required to **self-isolate** or **self-quarantine** under the **Diagnosed Persons and Close Contacts Directions**.
- (17) Despite clause 6(1)(b) of the **Care Facilities Directions**, an employer in relation to a Work Premises that is a care facility in Victoria must not permit an employee or contractor to enter the care facility where:

- (ii) received confirmation that the results of the test undertaken pursuant to (i) were negative; and
- (f) the employee or contractor has provided evidence of the negative test result pursuant to subclause (e) to the employer prior to commencing work at that care facility.

*Note 1: providing the employer with hardcopy or electronic notification confirming the negative test result from a testing provider is sufficient evidence.*

*Note 2: the effect of subclause (17) is that, in the event of an **outbreak** of SARS-CoV-2 at a care facility, an employee or contractor present during the outbreak must only work at that facility, and cannot be permitted to work at other care facilities. Such employees or contractors must wait a minimum period of 14 days from when they last worked a shift while a confirmed case was present at the facility and test negative for SARS-CoV-2, before moving from that care facility to commence work at another care facility. No test is required if it has been 28 days or more since the employee or contractor last worked a shift while a confirmed case was present at the facility.*

- (18) An employer in relation to a Work Premises that is a care facility in Victoria must comply with **personal protective equipment** requirements in accordance with the requirements of the Department.
