 - (i) a valid red zone permit (or, if clause 5(6)(a) applies, a valid green zone permit and if clause 6(6)(a) applies, a valid orange zone permit); and
 - (ii) subject to subclauses (iii) and (iv), photographic personal identification and evidence of the current address where the person ordinarily resides (unless the person is under the age of 18); and
 - Example: photographic personal identification includes a driver's licence issued by any State, Territory or Green Zone Country or a passport issued by Australia or a Green Zone Country. Evidence of the current address where the person ordinarily resides includes a driver's licence or any other document issued by any State, Territory or Green Zone Country or any municipal district, local government area, unincorporated local government area (not including Lord Howe Island) or local authority, including a rates notice.*
 - (iii) if the person is unable to provide photographic personal identification in accordance with subclause (ii), two forms of documentary evidence satisfactory to the authorised officer, Victoria Police member or Protective Services Officer (or other person under such person's direction) to prove the person's identity (unless the person is under the age of 18); and
 - Example: documentary evidence includes Medicare card, Australian, State, Territory or Green Zone Country government correspondence, credit card or utility bill.*
 - (iv) if the person is unable to provide evidence of the current address where the person ordinarily resides in accordance with subclause (ii), other documentary evidence satisfactory to the authorised officer, Victoria Police member or Protective Services Officer (or other person under such person's direction) of the person's address (unless the person is under the age of 18); and
 - Example: a letter from an Indigenous community leader or community services provider confirming the person's identity and confirming the person's address or other place of residence arrangements.*

- (b) wear a face covering during each flight to Victoria unless, in accordance with the Directions currently in force, an exception from the requirement to wear a face covering applies to the person; and
- (c) travel immediately and directly to, and self-quarantine at, the premises at which the person ordinarily resides or another premises that is suitable for the person to reside in for the purpose of self-quarantine for 14 days (subject to subclauses (g) and (h)(ii)); and
- (d) reside at the premises described in subclause (c) and not leave the premises except:
 - (i) to obtain medical care or medical supplies; or
 - (ii) to get tested for SARS-CoV-2; or
 - (iii) in an emergency situation; or
 - (iv) if required to do so by law; or
 - (v) to leave Victoria,
 during the period of self-quarantine under subclause (c); and
- (e) get tested for SARS-CoV-2 within 72 hours of:
 - (i) the time the person enters Victoria; or
 - (ii) if clause 5(6)(a) applies, the time of notification by the Department; or
 - (iii) if clause 6(6)(a) applies and the person has not been tested in accordance with clause 6(4)(b)(i) since entry to Victoria, the time the person enters Victoria; and
- (f) get tested for SARS-CoV-2:
 - (i) on day 13 during the period of self-quarantine under subclause (c); or
 - (ii) if clause 5(6)(a) or 6(6)(a) applies, on or about the day before the period of self-quarantine under subclause (c) ends; and
- (g) if, during the period of self-quarantine, the person refuses or otherwise fails to take a test for SARS-CoV-2 in accordance with subclause (f), the period of self-quarantine in subclause (c) (as extended under subclause (h)(ii)) is extended for an additional period being the earlier of:
 - (i) an additional 14 days; or
 - (ii) until the person gets tested for SARS-CoV-2 and receives a negative test result; and

Note: any test undertaken in accordance with subclause (4)(e) will not satisfy the requirement in subclause (4)(g)(ii).

Note: persons entering Victoria with a red zone permit will be required to test for SARS-CoV-2 on or around day 13 of their self-quarantine (or the day before the end of self-quarantine), as testing at this time is likely to detect the presence of SARS-CoV-2, even if a person has not yet developed symptoms. As a person may be infectious for up to 14 days after the 14 day incubation period, if this test does not occur, an additional 14 days of quarantine is required to prevent a person who develops SARS-CoV-2 towards the end of the 14 day incubation period, even if not symptomatic, transmitting SARS-CoV-2 to the broader community.
- (h) if, during the period of self-quarantine:
 - (i) the person is tested for SARS-CoV-2; and
 - (ii) subject to subclause (iii), the period for which the person is required to self-quarantine under subclause (c) expires during the period in which the person is awaiting the result of that test, the period of self-quarantine is extended until the person receives a negative SARS-CoV-2 test result; and
 - (iii) if the person receives a negative SARS-CoV-2 test result and:
 - (A) the period for which the person is required to self-quarantine under subclause (c) has not expired, the person must continue to self-quarantine under subclause (c) for the remainder of that period; or

- (B) the period for which the person is required to self-quarantine under subclause (c) (as extended under either or both of subclauses (g) and (h)(ii)) has expired, the person may cease self-quarantining immediately;
- (i) provide documentary evidence that the person has been tested in accordance with subclauses (e) and (f) (including evidence of the person's most recent test) to an authorised officer, a Victoria Police member or a Protective Services Officer (or other person under such person's direction) when requested to do so; and
- (j) minimise contact with other persons in Victoria (except in an emergency); and
- (k) practise physical distancing; and
- (l) wear a face covering in all public places unless, in accordance with the Directions currently in force, an exception from the requirement to wear a face covering applies to the person; and
- (m) monitor for SARS-CoV-2 symptoms and, if experiencing SARS-CoV-2 symptoms:
 - (i) notify the Department; and
 - (ii) immediately get tested for SARS-CoV-2; and
- (n) comply with all Directions currently in force.

Validity and revocation

- (5) A red zone permit:
 - (a) is valid for 14 days from the date the person first enters Victoria (unless revoked earlier); and
 - (b) may only be used once by a person to enter Victoria during the validity period in subclause (a); and
 - (c) is revoked immediately if the person is outside Victoria and:
 - (i) has been at a very high risk exposure site in a State, Territory or Green Zone Country during the very high risk period:
 - (A) prior to delivery of the red zone permit; or
 - (B) after delivery of the red zone permit; or
 - (ii) enters an extreme risk zone in a State, Territory or Green Zone Country after the delivery of the red zone permit but prior to entry to Victoria; or
 - (iii) a determination is made by the Chief Health Officer prior to the person's first entry to Victoria that results in the person having been in an extreme risk zone in a State, Territory or Green Zone Country after the relevant zone commencement time in the 14 days prior to delivery of the red zone permit; or
 - (iv) is or becomes a diagnosed person or a close contact of a diagnosed person (or equivalent) in any State, Territory or Green Zone Country and/or required to self-isolate or self-quarantine (or equivalent) in any State Territory or Green Zone Country:
 - (A) prior to delivery of the red zone permit; or
 - (B) after delivery of the red zone permit.

Note: a person who has entered Victoria with a valid red zone permit and remains in Victoria does not need to apply for nor produce a new red zone permit after the initial red zone permit's validity period has expired.

Change to obligations after entry under red zone permit

(6) If a person has entered Victoria from any other State or Territory in Australia or, after entering Australia, from a Green Zone Country, with a red zone permit and during the red zone permit validity period in subclause (5)(a), the Chief Health Officer determines that:

- (a) all **relevant red zones** and all **relevant extreme risk zones** are orange zones (or a combination of orange zones and green zones) and the person was in only those, or other, orange zones or green zones after the relevant zone commencement time, at a time within the 14 days prior to the person's entry to Victoria, then the lesser, orange zone obligations under clause 6(4)(b) – (g) will apply to the person from the time of notification by the Department for the remainder of the red zone permit validity period in subclause (5)(a); or
- (b) all relevant red zones and all relevant extreme risk zones are green zones and the person was in only those, or other, green zones after the relevant zone commencement time, at a time within the 14 days prior to the person's entry to Victoria, then the lesser, green zone obligations under clause 5(4)(b) – (c) will apply to the person from the time of notification by the Department for the remainder of the red zone permit validity period in subclause (5)(a).

Example: a person arrives in Victoria with a red zone permit which is valid for 14 days from their arrival date. Two days after entering Victoria, all areas that the person was in are determined to be orange zones (or a combination of orange and green zones) and the person was in all of those orange zones or green zones at a time after the relevant zone commencement time. The Department notifies the person that the red zone permit obligations which applied after entering Victoria have changed to align with the lesser, orange zone permit obligations in clause 6(4) for the remaining 12 days of the red zone permit's validity period. This includes requirements for the person to continue self-quarantining until they are tested for SARS-CoV-2 and receive a negative SARS-CoV-2 test result. If the person has already been tested for SARS-CoV-2 in accordance with subclauses (4)(e) or (f) and has received a negative SARS-CoV-2 test result, the person may cease self-quarantining immediately.

 - (A) 14 days; or
 - (B) until the person gets test for SARS-CoV-2 and receives a negative test result; and

Note: a test undertaken pursuant to subclause (5)(b)(i)(A) does not satisfy the requirement in subclause (5)(b)(v)(B).

Note: prohibited persons entering Victoria pursuant to subclause (2) will be required to test for SARS-CoV-2 on or around day 13 of their self-quarantine (or the day before the end of self-quarantine), as testing at this time is likely to detect the presence of SARS-CoV-2, even if a person has not yet developed symptoms. As a person may be infectious for up to 14 days after the 14 day incubation period, if this test does not occur, an additional 14 days of quarantine is required to prevent a person who develops SARS-CoV-2 towards the end of the 14 day incubation period, even if not symptomatic, transmitting SARS-CoV-2 to the broader community.

 - 2. the period for which the person is required to self-quarantine under subclause (iii) (as extended under either or both of subclauses (v) and (vi)(A)) has expired, the person may cease self-quarantining immediately; and
 - (vii) if the person leaves the premises described in subclause (iii) in accordance with subclause (iv) during the period of self-quarantine under subclause (iii), wear a face covering in all:
 - (A) indoor public places; and
 - (B) outdoor public places; and
 - (C) vehicles, if the person is in a vehicle with any other person (unless the other person ordinarily resides with the person),
unless, in accordance with the Directions currently in force, an exception from the requirement to wear a face covering applies to the person.
- (6) A specified worker (other) permit and a specified worker (exclusive outdoor activities) permit:
